

## Mahindra contributes towards relief efforts in Haiti

The devastating earthquake in Haiti has resulted in much damage to life and property with thousands rendered homeless. Autoplaza, the Mahindra dealership in Port-au-Prince, has also been badly hit.

As a committed corporate citizen, Mahindra is keen to assist the government in relief and rehabilitation efforts at the earliest. Towards this end, M&M has decided to donate two Mahindra Pik Ups and two Mahindra tractors to the government.

Mr. Reginald Boulos, the Mahindra dealer in Port-au-Prince will hand over the vehicles to the government of Haiti, along with a letter from Mr. Anand Mahindra, Vice Chairman and Managing Director, Mahindra Group, to Mr. Rene Preval, the President of Haiti. The letter conveys his deepest sympathies to him and the people of Haiti, on behalf of Mahindra & Mahindra and expresses his desire to contribute to relief efforts.

**Times Now**, one of the leading electronic channels carried a story on Mahindra's rehabilitation efforts in Haiti post the earthquake. The story talks about the dire situation in Haiti and how the Mahindra dealership, Autoplaza, has been destroyed. It also mentions the relief efforts being carried out by Mahindra.
