Pune – September 11th, 2025: – Tech Mahindra (NSE: TECHM), a leading global provider of technology consulting and digital solutions to enterprises across industries, announced it has been recognized as an Emerging Leader in the Gartner® Emerging Market Quadrant for Generative AI Consulting and Implementation Services as of August 26, 2025.

According to Gartner, "Generative AI (GenAI) consulting and implementation services help enterprises deploy tailored GenAI solutions at optimal speed, scale, cost, risk, and value." Tech Mahindra was evaluated for its future potential and features. According to Tech Mahindra, this recognition highlights its commitment to empowering global customers to unlock transformation, drive productivity, accelerate innovation, and ensure assurance in their AI investments through its "AI Delivered Right" strategy.

Kunal Purohit, President – Next Gen Services, Tech Mahindra, said, *"Generative AI is rapidly shaping the next era of enterprise transformation, yet organizations often struggle to scale it responsibly while ensuring tangible impact. At Tech Mahindra, we continue to strengthen our AI strategy and the rigor of our teams in delivering trusted, future-ready solutions. We further believe this recognition by Gartner reinforces our commitment to helping global customers harness GenAI to drive innovation, growth, and competitive advantage."*

Over the past few months, Tech Mahindra has sharpened its AI narrative through focused initiatives, including the launch of TechM Orion, advancements in GenAI and LLMs, and deep collaborations with enterprises to accelerate AI-led transformation. By combining innovation with execution, Tech Mahindra is enabling enterprises to unlock the full potential of GenAI. The organization has embedded consistency and innovation across its AI programs and strategies to meet the evolving market needs.
