Mumbai, April 2, 2026 — Mahindra Last Mile Mobility Limited (MLMML), India's leading electric commercial vehicle manufacturer, continued its strong market leadership in FY'26. MLMML reinforced its position as **India's No.1 electric commercial vehicle manufacturer for the fourth consecutive financial year.** This milestone is a testament to the trust of numerous drivers and fleet owners who have chosen their entrepreneurship journey with MLMML. The Company also **crossed the milestone of 1 Lakh EV sales in a single financial year.** Cumulatively, MLMML has sold more than 3.4 Lakh EVs till date.

MLMML commands a strong presence in the L5 category, with a market share of 39.7%. The Company has achieved several notable milestones in FY'26, including:

- Crossed 1 Lakh EV sales in FY'26, becoming the first commercial vehicle manufacturer to achieve this milestone.

- Completed 6 Billion+ e-kilometre cumulatively, reducing ~240 kilo MT of carbon emissions and supporting India's sustainability goals.

In FY'26, MLMML expanded its product portfolio with the launch of the all-new Mahindra UDO. The UDO has been developed keeping customer insights in mind. It boasts segment- first features like Reverse Throttle, an aerodynamic design and a 200 kilometre real-world driving range. MLMML's continued focus on innovation, reliability, and sustainability positions it at the forefront of India's last-mile electric mobility transformation.
