Independent Auditor's Report

To the Members of Mahindra Electric Automobile Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Electric Automobile Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as

a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 01 April 2026 from 23 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its financial statements - Refer Note 37 to the financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d. (i) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 42 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 42 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant

transactions recorded in the software. Further, we did not come across any instance of audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of Mahindra Electric Automobile Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified once in three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in other parties (mutual funds), in respect of which the requisite information is as below. The Company has not made any investments in companies, firms or limited liability partnership. Accordingly, the provisions of clause 3(iii)(a) and 3(iii)(c) to 3(iii)(f) of the Order are not applicable to the Company.

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made during the year are not prejudicial to the interest of the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products traded by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears

as at 31 March 2026 for a period of more than six months from the date they became payable, except as mentioned below:

Name of the statute	Nature of the dues	Period to which the amount relates	Amount (Rs.)	Due date	Date of payment	Remarks, if any
The Odisha (Orissa) State Tax on Professions, Trades, Callings and Employments Act, 2000	Profession Tax	May 2025	800	30 June 2025	15 April 2026	
Tamil Nadu Tax on Professions, Trades, Callings and Employments Act, 1992	Profession Tax	August 2025	17,500	30 September 2025	21 April 2026	
Tamil Nadu Tax on Professions, Trades, Callings and Employments Act, 1992	Profession Tax	March 2025	2,399	31 March 2025	21 April 2026	

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company, during the year and shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as defined in the regulations made by the Reserve Bank of India) has more than one CIC as part of the Group. The Group has five CICs as part of the Group.

(xvii) The Company has not incurred cash losses in the current financial year. The Company has incurred cash loss of Rs 61.66 crores in the previous financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of Mahindra Electric Automobile Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Electric Automobile Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the financial statements for the year ended 31 March, 2026

1 General information

Mahindra Electric Automobile Limited ('the Company') is a limited company incorporated in India. The address of its registered office is Mahindra Electric Automobile Limited, Mahindra Tower, Pandurang Budhkar Marg, Nr. Doordarshan Kendra, Worli, Mumbai, Maharashtra - 400018. The company is engaged in the business of designing, developing, manufacturing (including contract manufacturing), fabricating, assembling, selling, buying, re-selling, importing, and all kinds of services related to electric vehicles (including parts).

2 Material Accounting Policies

a) Statement of compliance and basis of preparation and presentation

These financial statements of the company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The Companies functional currency is Indian Rupees (INR) and financials statements are round off to nearest crores. These financial statements were approved by the Company's board of directors and authorised for issue on 28th April 2026.

b) Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values.

c) Measurement of fair values

A number of accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

d) Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

i) Useful lives of property, plant and equipment and other intangible assets - refer note 2(e)

The Company reviews the useful lifes of property, plant and equipment and other intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation expense in future periods.

ii) Provision for product warranties - refer note 2 (r)

The Company recognises provision for warranties in respect of the products that it sells. The arrangement for warranty is back to back with the contract manufacturer i.e., Mahindra & Mahindra limited. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

iii) Fair value of financial assets and financial liabilities - refer note 2 (j)

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate about future developments.

iv) Impairment of tangible and intangible assets (including intangible assets under development) - refer note 2(g)

v) Recoverability of deferred tax asset on unabsorbed losses - refer note 2(q)

e) Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less any subsidy on capital assets, accumulated impairment, if any.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related accumulated depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit or loss.

The management's estimate of useful lives are in accordance with Schedule III to the Companies Act, 2013, other than the following asset classes, based on the company's expected usage pattern supported by technical assessment:

Asset Class		Useful lives
i)	Plant and equipment	2-20 years
ii)	Vehicles	5 years

f) Intangible assets

Intangible assets under development

The Company expenses costs incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset.

Intangible assets

Intangible assets are initially recognised at cost.

Subsequent to initial recognition, intangible assets with definite useful lives are amortised on a straight line basis so as to reflect the pattern in which the asset's economic benefits are consumed and are reported at cost less accumulated amortisation and accumulated impairment losses, if any.

The intangible assets are amortised over the estimated period of benefit as below:

Asset Class		Useful lives
i)	Development expenditure	5 years
ii)	Computer Software	3 years

The amortisation period for intangible assets are reviewed annually and changes in expected useful lives are treated as changes in estimates.

Notes to the financial statements for the year ended 31 March, 2026

g) Impairment of Assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets including intangible assets under development to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier.

Intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

h) Inventories

Finished Goods and Spares are carried at cost or net realizable value which ever is lower. Cost is determined on the basis of the weighted average method and comprises of all cost of purchase, and any other costs incurred in bringing the inventories to their present location and condition.

i) Foreign exchange transactions and translation

Transactions in foreign currencies i.e. other than the Company's functional currency of Indian Rupees are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the functional currency using exchange rates prevailing at that date. Non-monetary items measured at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

j) Financial Instruments

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Financial assets: All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

Financial liabilities and equity instruments: Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual agreements and the definitions of a financial liability and a equity instrument.

Equity Instrument: An equity instrument is any contract that evidences a residual interest in assets of an entity after deducting all its liabilities. Equity instrument issued by the company are recognised at the proceeds received, net of issue costs. Repurchase of company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the statement of Profit & Loss on the purchase, sale, issue or cancellation of the company's own equity instruments.

Financial liabilities: All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through Profit & Loss.

k) Derivative financial instruments and hedge accounting

Derivatives are initially recognised at fair value at the date the contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

l) Impairment of financial assets

The Company applies the Expected Credit Loss (ECL) model for recognising impairment loss on financial assets. With respect to trade receivables and loans, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

m) Revenue Recognition

Sale of Goods or services

Revenue from sale of goods are recognised based on consideration specified in the contract upon satisfaction of performance obligation which is at a point in time, generally on delivery of the goods, when control of the goods is transferred to customers.

The Company recognises revenue from sale of goods or services at the amount of transaction price (excluding variable consideration that is constrained), that is allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects it to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of third parties.

An amount of consideration can vary because of discounts, rebates, incentives etc. which are explicitly stated in the contract or are as per customary business practices. The consideration can also vary where the entitlement is contingent on occurrence or non-occurrence of a future event. The Company includes variable consideration as part of transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

Notes to the financial statements for the year ended 31 March, 2026

Payment terms agreed with a customer are as per business practice and the financing component, if significant, is separated from the transaction price and accounted as interest income / expense, as applicable.

n) *Government Grants*

The Company, directly or indirectly through a consortium led by its holding company Mahindra & Mahindra Limited (Mahindra Group companies), is entitled to various incentives from government authorities. Government grants are recognised when there is a reasonable assurance that the same will be received and all attached conditions will be complied with.

Government grants that are revenue in nature, are recognised in profit or loss on a systematic basis over the periods in which the Company recognises the related costs for which the grants are intended to compensate.

Government grants that are capital in nature, are deducted in calculating the carrying amount of the asset against which received and are recognised in profit or loss on a systematic basis over useful life of assets.

o) Other Income

Mutual fund and interest income

Mutual fund income is accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

p) Employee Benefits

Provident Fund

Contributions to Provident Fund are made to regional provident fund commissioners and are charged to profit or loss as incurred.

Gratuity and Long term compensated absences

The liability towards gratuity, post retirement medical benefit are determined by independent actuaries, using the projected unit credit method.

The liability towards long term compensated absences are determined by independent actuaries using the projected unit credit method. The obligation on long term compensated absences and other defined benefit plan are measured at the present value of estimated future cash flows using a discount rate that is determined by reference to the market yields of Indian government securities for the estimated term of the obligations.

Remeasurement gains / losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

q) Income taxes

Current tax

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset, if entity has a legally enforceable right to set off recognised amounts and intends to settle on net basis or to realise the current tax asset and settle the current tax liabilities simultaneously.

Deferred tax

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilised. Deferred tax is also recognized in respect of carried forward tax losses. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities arising from deductible temporary differences are only recognised to the extent that it is probable that there will be sufficient taxable profits to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

r) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of these cash flows (when the effect of the time value of money is material).

Provisions for the expected cost of warranty obligations are recognised at the time of sale of the relevant products, at the best estimate of the expenditure required to settle the Company's obligation. The arrangement for warranty is back to back with the manufacturer i.e., Mahindra & Mahindra limited. The provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

s) Leases

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the future lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company

Notes to the financial statements for the year ended 31 March, 2026

recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

3 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and has disclosed the required details in its financial statements.

Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and require companies to disclose that they have applied the relief. This relief is immediate and applies retrospectively. The amendments also require companies to provide new disclosures to compensate for potential loss of information resulting from the relief. Such disclosures are to be provided for annual reporting periods beginning on or after April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

Standard/amendment issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year, the MCA has issued an amendment for removal of carve-out under Ind AS 1, Presentation of financial statements relating to classification of liabilities subject to covenants breach which is applicable with effect from 01 April 2026. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

4 Property, plant and equipment

Property, plant and equipment comprises of owned and rights of use assets that do not meet the definition of investment property.

Diluted Earnings per share (Rs.)	**0.68**	(0.55)

** since the EPS after considering conversion of CCPS will be anti-dilutive, Basic and Diluted EPS are same.*

32 Employee Benefits

General description of defined benefit plans

Gratuity

There is gratuity plan is covering all employees. The benefit payable is greater of the amount calculated as per the payment of Gratuity Act or the company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Inflation risk

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Life expectancy

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

The Company has assessed the potential financial impact of four new labour codes notified by The Ministry of Labour & Employment in November 2025 and adjustments have been made in Profit & Loss of the current financial year amounting Rs.0.40 crores.

Notes to the financial statements for the year ended 31 March, 2026

Expected benefits for year 9	**0.32**	0.19
Expected benefits for year 10 and above	**2.90**	2.13

The estimate of future salary increases considered in actuarial valuation takes account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

The weighted average duration of the defined benefit obligation is 7.24 years (2024: 7.45 years)

33 Capital management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or convertible shares as may be appropriate.

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. Equity is given in the table below :

Particulars	2026	Rupees crores 2025
Total shareholder's equity as reported in Balance Sheet	**7,134.69**	5,251.74
Less :		
Current investments	**1,752.54**	1,412.52
Cash and Bank Balances	**929.88**	508.72
Total Capital deployed	**4,452.27**	3,330.50

34 Financial instruments

Financial Risk Management Framework

In the course of its business, the Company is exposed to a certain financial risks namely credit risk, market risk & liquidity risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the risk management policy as approved by Board of Directors of the Company.

(a) Market Risk Management

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

Notes to the financial statements for the year ended 31 March, 2026

(b) Currency Risk

The Company's exposure to currency risk relates primarily to the company's operating activities i.e.. Purchases where the transactions are denominated in a currency other than the Company's functional currency.

The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company's hedges its foreign currency risk mainly by way of Forward Covers. Other derivative instruments may be used if deemed appropriate.

The carrying amounts of the company's foreign currency exposure at the end of the reporting period are as follows:

Rupees crores

Particulars	Euro	Pounds	USD Dollar	Total
As at 31 March, 2026				
Financial Liabilities	**10.93**	**11.41**	**93.27**	**115.62**
As at 31st March, 2025				
Financial Liabilities	38.48	16.27	129.58	184.33

The Company's outstanding forward exchange contracts are not accounted as hedges. Notional value of the same is as given below:

Rupees crores

Particulars	2026	2025
Buy currency		
- USD/INR	**–**	99.75
- EUR/INR	**–**	–
- GBP/INR	**–**	4.10

Sensitivity Analysis of unhedged foreign currency exposure

Foreign Currency Sensitivity

The following table demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant

Rupees crores

	Effect on profit before tax			
Particulars	10% Increase - 2026	10% Decrease - 2026	10% Increase - 2025	10% Decrease - 2025
US Dollars	**9.33**	**9.33**	2.98	2.98
Euro	**1.09**	**1.09**	3.85	3.85
Pounds	**1.14**	**1.14**	1.22	1.22

(b) Credit Risk Management

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has dealing with government organisations for subsidy related transaction and for private non-government counterparties, the company have obtained sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored.

(c) Liquidity risk management - Maturity profile of non - derivative financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

Rupees crores

3)	Expense related to variable and short term leases not included in measurement of lease liabilities	**0.17**	0.0
4)	Gain on sale of ROU asset	**(0.02)**	(0.01)

40 The Ministry of Environment, Forest and Climate Change has notified the Environment Protection (End-of-Life Vehicles) Rules, 2025 ("ELV Rules"), which are effective from April 1, 2025. As per these rules, Extended Producer Responsibility (EPR) obligations are imposed on producers ("vehicle manufacturers") for the scrapping of End-of-Life Vehicles and such obligations are to be fulfilled through the purchase of EPR certificates from registered Vehicle Scrapping Facilities via a Centralised Online Portal. The implementation details and operational procedures of the ELV rules including the modalities of the pricing mechanism for the EPR certificates are yet to be developed.

Consequently, the Company is currently unable to reliably estimate a range of possible outcomes and the potential impact of these rules. The Company will continue to assess the ability to measure its obligations pursuant to the ELV Rules, as and when the aforesaid details of implementation framework are available.

Mumbai, 28 April, 2026

INDEPENDENT AUDITOR'S REPORT

To the Members of NBS International Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **NBS International Limited** ('the Company'), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and notes to the Financial Statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as the 'Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key Audit Matter

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Statements for the financial year ended March 31, 2026. There are no Key Audit Matters to be reported during the year.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the preparation of other information. This other information comprises the information included in the Board's Report (including annexures thereto) and Management Discussion and Analysis ("MD&A") (collectively referred to as "Other Information"), but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Management Responsibilities for the Financial Statements

The accompanying Financial Statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to Financial Statements in place and the operating effectiveness of such controls based on our audit;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation; and

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

These Financial Statements include the figures for the year ended March 31, 2025 which were audited by predecessor auditors who expressed an unmodified opinion as relevant on those Financial Statements vide their audit report dated April 17, 2025. Our opinion on the Financial Statements is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its director during the year in accordance with Section 197 read with Schedule V to the Act.
2. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act we give in the Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
3. As required by Section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying Financial Statements;
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ("the Rules");
   c) The Financial Statements dealt with by this report are in agreement with the books of account;
   d) In our opinion, the aforesaid Financial Statements comply with Ind AS specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
   e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of section 164(2) of the Act;
   f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company as on March 31, 2026 and the operating effectiveness of such controls, refer to our separate Report in Annexure II wherein we have expressed an unmodified opinion; and
   g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company has disclosed the impact of pending litigations as at March 31, 2026 in Note No. 30;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2026.
      iv. In respect of Rule 11(e) of the Companies (Audit and Auditors) Rules, 2014,
         a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person or entity, including foreign entities ('the intermediaries'), with the

understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. No dividend has been declared or paid during the year by the Company.

vi. Based on our examination, which included test checks, the Company has used various accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, which have operated throughout the year for all relevant transactions recorded in the software, except that the audit trail was not enabled at the database level to log any direct data changes for one software for the period April 01, 2025 to April 07, 2025 and for logs maintained after April 07, 2025 of direct data changes, the earlier values were not retained. Based on our procedures performed, we did not notice any instance of the audit trail feature being tampered with. In respect of the software, in the absence of audit trail for the said period, the question of our commenting on whether the audit trail was tampered with, does not arise. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE I REFERRED TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE TO THE MEMBERS OF NBS INTERNATIONAL LIMITED ON THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of Right-Of-Use assets.

(B) According to the information and explanations given to us and on the basis of our verification of the records maintained by the Company, the Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular program of physical verification of its Property, Plant and Equipment so as to cover all the assets once every three years. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, Property, Plant and Equipment were physically verified during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company does not have any immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of lessee). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable.

(d) The Company has not revalued any of its Property, Plant and Equipment (including Right- Of- Use assets) and intangible assets during the year and hence reporting under clause 3(i)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.

ii. (a) During the year, the management has carried out physical verification of inventory. In our opinion the frequency of such verification is reasonable and procedures and coverage as followed by the management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) The Company has not been sanctioned working capital limits in excess of Rs. 5 crores by banks and financial institutions, in aggregate on the basis of security of current assets at any point of time during the year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable.

iii. According to the information and explanations given to us, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, reporting under clause 3(iii) of the Order is not applicable.

iv. According to the information and explanations given to us, the Company has not made investments in, provided any guarantee or security to parties covered under section 185 and 186 of the Act during the year.

v. As the Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable.

vii. a. In our opinion, and according to the information and explanations given to us, undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues, as applicable, have been regularly deposited with the appropriate authorities by the Company. According to the information and explanations given to us, no undisputed amounts payable were outstanding, at the year end, for a period of more than six months from the date they became payable.

b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, there were no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961), which have not been recorded in the books of account.

ix. a. According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or other borrowings or in the payment of interest thereon to any lender during the year.

b. According to the information and explanations given to us including representation received from the management of the Company, we report that the Company has not been declared a wilful defaulter by any bank or financial institution or other lender.

c. According to the information and explanations given to us, the Company has not obtained any term loan and there are no unutilized term loans at the beginning of the year. Accordingly, reporting under section 3(ix)(c) of the Order is not applicable.

d. According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, funds raised by the Company on short term basis have not been utilised for long term purposes.

e. According to the information and explanations given to us, the Company did not have any subsidiary or associate or joint ventures during the year. Accordingly, reporting under clause 3(ix)(e) and 3(ix)(f) of the Order are not applicable.

x. a. According to the information and explanation given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

b. According to the information and explanation given to us and as verified by us, the Company has not made any preferential allotment or private placement of shares or convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.

xi. a. During the course of our examination of the books and records of the Company and according to the information and explanations given to us, we report that no fraud by or on the Company has been noticed or reported during the year.

b. According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

c. As confirmed by the management there are no whistleblower complaints received by the Company during the year.

xii. The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.

xiii. According to the information and explanations given to us, transactions with the related parties are in compliance with sections 177 and 188 of the Act and all details have been disclosed in the Financial Statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.

xiv. a. In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

b. We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.

xv. According to the information and explanation given to us, and based on our examination of the records, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, reporting under paragraph 3(xv) of the Order is not applicable.

xvi. a. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clause 3(xvi)(a) of the Order is not applicable.

b. According to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities.

c. According to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the RBI. Accordingly, reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

d. Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) has 4 CICs forming part of the Group.

xvii. According to the information and explanations given to us, the Company has not incurred any cash losses in the financial year as well as the immediately preceding financial year.

xviii. There has been resignation of the statutory auditors during the year and we have taken into consideration the reasons for the resignation.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Financial Statements, our knowledge of the plans of the Board of Directors and management, we are of the opinion that no material uncertainty exists as on the date of the audit report that Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. In our opinion and according to the information and explanations given to us, the Company has spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Act or special account in compliance with Section 135(6) of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

Annexure II to the Independent Auditor's Report of even date to the members of NBS International Limited on the Financial Statements for the year ended March 31, 2026

Report on the internal financial controls with reference to the Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

(Referred to in paragraph 3(f) under 'Report on Other Legal and Regulatory Requirements')

In conjunction with our audit of the Financial Statements of **NBS International Limited** ('the Company') as at and for the year ended **March 31, 2026**, we have audited the internal financial controls with reference to Financial Statements of the Company as at that date.

Board of Director's Responsibilities for Internal Financial Controls

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Financial Statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Financial Statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A Company's internal financial controls with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Financial Statements and such controls were operating effectively as at March 31, 2026, based on the internal financial controls with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the financial statements for the year ended 31 March 2026

1. A) General Information:

NBS International Limited ('the Company'), is a wholly owned subsidiary of Mahindra & Mahindra Limited having its registered office at 10, Stone Building, Opp Chowpatty Sea Face, Mumbai- 400007 The Company is engaged in the business of sales & servicing of motor vehicles.

2. Summary of Material Accounting Policies

1) Statement of compliance and basis for preparation and presentation of financial statements

The financial statements of the Company have been prepared in accordance with and in compliance, in all material aspects, with the Indian Accounting Standards (Ind AS) (i.e the Companies (Indian Accounting Standards) Rules, 2015 as amended) notified under the section 133 of the Companies Act, 2013 (the Act) and is in conformity with the accounting principles generally accepted in India other relevant provisions of the Act.

These financial statements of the Company for the year ended 31st March 2026 were approved by the Company's Board of Directors and authorised for issue on 20th April 2026.

The accounting policies are applied consistently to all the periods presented in the financial statements.

All assets and liabilities have been classified as current or non-current as per the Companies normal operating cycle and other criteria set out in the Division II of Schedule III of the Act. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when:

- It is expected to be realised or intended to be sold or consumed in normal operating cycle
- It is held primarily for the purpose of trading
- It is expected to be realised within twelve months after the reporting period, or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2) Functional and presentation currency

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency. All values are rounded to the nearest lakhs (and decimal thereof), unless otherwise indicated.

3) Basis of measurement

The financial statements have been prepared on accrual basis and in accordance with historical cost convention, except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

4) Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

5) Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In the process of applying the Company's accounting policies, management has made the following judgements, estimates and assumptions which have significant risk of causing a material adjustment to the carrying amounts recognised in the financial statements:

(i) Useful lives of property, plant and equipment and intangible assets

The Company reviews the useful lives of property, plant and equipment and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation expense in future periods.

(ii) Provision for doubtful trade receivables

The Company is not significantly exposed to credit risk. At present, the Company provides for credit loss/ doubtful receivables as required under Ind AS 109 'Financial Instrument' on the basis of ageing of receivables and judgement about recoverability of amount on evaluation of individual receivables.

(iii) Deferred tax assets

Deferred tax assets are recognised to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets in respect of carry forward of unused tax losses or unused tax credit have been recognised to the extent of available taxable temporary differences.

(iv) Defined benefit plans

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increase and mortality rates, etc. Due to complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to change in these assumptions. All assumptions are assumed at each reporting date.

(v) Going Concern

The financial statements of the Company are prepared on a going concern basis for the year ended 31st March 2026.

The management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

6. Property, plant & equipment (PPE)

Property, plant & equipment are carried at cost of acquisition or construction less accumulated depreciation/amortisation and accumulated impairment losses, if any. Cost of acquisition includes the purchase price (including duties & non-refundable taxes), borrowing cost, any directly attributable cost of bringing the asset to its working condition and location for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent expenditure is recognised as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured.

Other repairs and maintenance costs are expensed off as and when incurred.

Advances paid towards the acquisition of PPE (excluding lease improvements) outstanding at each balance sheet date are disclosed separately as 'Capital Advances' under other non-financial assets. Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date and cost of leasehold improvements. Capital work-in-progress is stated at cost, net of impairment loss, if any. On completion of work related to leasehold property improvements, the relevant cost is capitalized and the same is amortized over the lease term.

Depreciation is provided on straight-line basis so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful life, except assets costing less than or equal to Rs. 5,000 which are depreciated fully in the year of purchase.

The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis. The management's estimate of useful lives is in accordance with Schedule II of the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Asset Class		Useful lives
(i)	Certain items of plant and machinery	1 - 15 years
(ii)	Office equipment	1 - 5 years
(iii)	Vehicles	5 years
(iv)	Furniture & Fixtures	1 - 5 years

Leasehold Improvements are amortized over the period of lease or estimated period of useful life of such improvement, whichever is lower.

When an asset is scrapped or otherwise disposed off the cost and relevant accumulated depreciation are removed from the books of accounts and resultant profit or loss, if any, is reflected in statement of profit and loss.

7. Intangible Assets

Intangible assets are stated at cost less accumulated amortization and accumulated impairment loss, if any.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

Intangible assets representing computer software are amortised using the straight-line method over a period of 5 years, which is the Management's estimate of useful life. Amortization methods, useful lives and residual values are reviewed in each financial year, and changes, if any, are accounted for prospectively.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible assets under development".

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

8. Impairment of assets

At the end of each reporting period, the management reviews the carrying amounts of its property, plant & equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the management estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

1. Inventories

Inventories are measured at the lower of cost or net realisable value. The cost of inventory comprise of all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Finished goods (vehicles) cost is determined using specific identification of cost. Spare parts & accessories cost is determined using weighted average cost formula.

2. Revenue from contract with customer

The Company derives revenues primarily from sale and servicing of motor vehicles.

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five-step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;
- Identify the performance obligations;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations; and
- Recognise revenue when or as an entity satisfies performance obligation.

Revenue from contract with customer is recognised when control of the goods or services are transferred to the customer at an amount that reflect the consideration to which the Company expects to be entitled in exchange of the goods and services. Revenue excludes amount collected on behalf of the third parties. Revenue is net of discounts, duties and GST. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

Sales of goods:

The Company recognizes revenue from sale of goods measured at the fair value of the consideration received or receivable, upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods.

Sale of services:

Service income is recognized as per the terms of the contract on satisfaction of performance obligation towards rendering of such services.

Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Other income:

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

3. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 and this may require significant judgement. The Company also uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend or terminate the lease if the Company is reasonably certain based on relevant facts and circumstances that the option to extend or terminate will be exercised. If there is a change in facts and circumstances, the expected lease term is revised accordingly.

The discount rate is generally based on the interest rate specific to the lease being evaluated or if that cannot be easily determined the incremental borrowing rate for similar term is used.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and restoration cost, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. When a lease liability is remeasured, the corresponding adjustment of the lease liability is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

4. Employee Benefits

Short term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. Short-term employee benefit obligations are measured on an undiscounted basis and these are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans – Provident fund, ESIC and Labour welfare fund

The Company's contribution paid/payable during the year to Provident fund, ESIC and Labour welfare fund are recognised in profit or loss.

Defined benefit plan - Gratuity

Company's liability towards gratuity is determined by an independent actuary, using the projected unit credit method. Past services are recognised at the earlier of the plan amendment/curtailment and the recognition of related restructuring costs/termination benefits. Remeasurement of defined benefit plans, comprising of actuarial gains or losses are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

Long - term compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method by an independent actuary and based on the rules as per the leave policy of the Company. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

5. Finance costs

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments which include inter-corporate deposits, bank overdrafts and trade advances.

Finance costs are charged to the Statement of profit and loss.

6. Taxation

Tax expense for the period comprise of current and deferred tax. Tax expense is recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(i) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

7. Provisions and contingent liabilities:

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to

settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

The disclosure of contingent liability is made when there is a possible obligation or present obligation that may, but probably will not, require an outflow of resources.

8. Segment

Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. The Company's business activity primarily falls within a single business segment, i.e., Automative as primarily segment. There is no geographical segment, thus there are no additional disclosures to be provided under Ind AS 108 - "Operating Segments". There have been no other reportable segments identified by chief operating decision makers.

a) Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on 31st March 2026, there is no new standard notified or amendment to any of the existing standards under Companies (Indian Accounting Standards) Rules, 2015 that has an impact on the Company.

(a) Defined contribution plan

The Company's contribution to provident fund aggregating Rs.76.88 lakhs (31 March 2025 : Rs.76.88 lakhs) has been recognised in the statement of profit or loss under the head employee benefits expense.

(b) Defined benefit plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company. There are no minimum funding requirements for a gratuity plan and the Company has chosen not to fund the gratuity liabilities. A provision based on actuarial valuation as at year end using projected unit credit method is accounted. The only regulatory framework which applies to such plans is if the Company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act. The plan is of defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience can result in an increase cost of providing these benefits to employees in future. Since the benefits are lumpsum in nature the plan is not subject to any longevity risks.

Defined benefit plans – as per actuarial valuation as at year end

Note No. 27 - Financial instruments

a) Capital management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of equity and debt as may be appropriate. The Company ensure adequate capital at all time and manage its capital so as to safeguard its ability to continue as a going concern and optimise return to its shareholders. The Board of Directors monitors the return on capital as well as dividend, to shareholders. The Company will take appropriate steps in order to maintain or if necessary adjust its capital structure.

There is no change in the overall capital risk management strategy of the Company compared to last year. Total capital of the company is as under :

c) Financial risk management framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

(i) Market risk

Market risk is the risk that changes in market prices – such as interest rates will affect the entity's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. There has been no significant changes to the entity's exposure to market risk or the methods in which they are managed or measured.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's current debt obligations with floating interest rates.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period.

(Currency: Indian Rupees in Lakhs)

Particulars	Increase / decrease in basis points	Effect on profit / (loss) for the year
31st March, 2026	**+100**	**(3.00)**
	-100	**3.00**
31st March, 2025	+100	(3.00)
	-100	3.00

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

(iii) Credit risk

The Company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date. The Company continuously monitors defaults of customers and the other counter parties, identified either individually or by Company and incorporates this information into its credit risk controls. The Company's management considers that all the financial assets are not impaired for each of the reporting date under review, are of good credit quality, including those that are past due.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. Concentration of credit risk to any counterparty did not exceed 10% of gross monetary assets at any time during the year.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses. In respect of financial assets, the maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of financial asset.

Liquidity Risk

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

(Currency: Indian Rupees in Lakhs)

Particulars	As at 31 March 2026	As at 31 March 2025
	Rs.	Rs.
Unsecured bank overdraft facility		
- Expiring within one year	**3,301.11**	3,356.64
- Expiring beyond one year	**–**	–
	3,301.11	3,356.64

Note No. 28 - Segment information

(a) The Company's business activity falls within a single operating business segment viz. 'Automotive'. This operating segment is reported in a manner consistent with the internal reporting provided to the Whole Time Director of the Company regarded as the Chief Operating Decision Maker ("CODM"). The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segment. The CODM reviews revenue and gross profit as the performance indicator for this segment. All other activities of the Company revolve around this operating segment. Hence there are no separate reportable primary segments. Company deals into trading and servicing of vehicles.

(b) All the non-current assets of the Company are located in India.

(c) Revenue from major products and services

(Currency: Indian Rupees in Lakhs)		
Particulars	**As at 31 March 2026**	As at 31 March 2025
Sale & service of vehicles and other operating income	**97,030.79**	54,292.76

(d) Revenues from transactions with a single external customer does not amount to 10% or more of an entity's revenues during the year ended 31 March 2026 and 31 March 2025.

(e) Since there is single segment there is no difference in measurement of profit & loss and measurement of assets and liabilities.

Note No. 33 - Unhedged Foreign Currency Exposure

There is no unhedged foreign currency exposure as on 31 March 2026 and 31 March 2025.

Note No. 34 - Other Statutory Information

a) The Company does not have any benami property, where any proceeding has been initiated or pending against the Company for holding any benami property.

b) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

c) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:-

i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or -on behalf of the Company (ultimate beneficiaries) or

ii) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

d) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (funding party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party (ultimate beneficiaries) or

ii) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

e) The Company does not have any transaction which is previously not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act,1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.

f) The Company is not declared wilful defaulter by any bank or financials institution or lender during the year.

g) The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

h) The Company does not have any transactions with companies which are struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.

i) The Company has used various accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, which have operated throughout the year for all relevant transactions recorded in the software, except that the audit trail was not enabled at the database level to log any direct data changes for one software for the period April 01, 2025 to April 07, 2025 and for logs maintained after April 07, 2025 of direct data changes, the earlier values were not retained. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Note No. 35 - Corporate social responsibility (CSR)

As per section 135 of the Companies Act, 2013, the Company is required to spend 2% of its average net profit of the immediately three preceding financial years on CSR.

(Currency: Indian Rupees in Lakhs)

Particulars	As at 31 March 2026	As at 31 March 2025
a) Gross amount required to be spent by the Company during the year based on 2% of average net profits of preceeding three financial years.	**14.00**	10.34
b) Amount spent during the year on:		
i) Construction / acquisition of assets held by the Company	**–**	–
ii) On purposes other than above	**14.00**	10.34
c) Unspent amount at the end of the year	**–**	–

Driven by the core purpose and in line with CSR vision, Company continued to focus on investing in education of girls ("Nanhi Kali"). The said amount is paid to K.C. Mahindra Education Trust (Related Party). Amount recognised as expense in statement of profit or loss is Rs. 14 lakhs (31 March 2025: Rs. 10.34 lakhs).

Note No. 36 - Code on Social Security, 2020

The Indian Parliament had approved the Code on Social Security, 2020 which could impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will complete its evaluation once the rules are notified and will give appropriate impact in the financial statements in the period in which the Code and related rules becomes effective. The impact due to past service cost on Gratuity and Leave Encashment is Rs. 32 lakhs. This is on account of new labour code.

INDEPENDENT AUDITOR'S REPORT

To the members of Mahindra Automotive Australia Pty Ltd

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Mahindra Automotive Australia Pty Ltd (the Company), which comprises the statement of financial position as at 31 March 2026, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including material accounting policy information, and the directors' declaration.

In our opinion the accompanying financial report of Mahindra Automotive Australia Pty Ltd, is in accordance with the Corporations Act 2001, including:

(i) Giving a true and fair view of the Company's financial position as at 31 March 2026 and of its financial performance for the year ended on that date; and

(ii) Complying with Australian Accounting Standards – Simplified Disclosures and the Corporations Regulations 2001.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Financial Report section of our report. We are independent of the Company in accordance with the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Directors' report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Simplified Disclosures and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (http://www.auasb.gov.au/Home.aspx) at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf

This description forms part of our auditor's report.

BDO Audit Pty Ltd

Randall Bryson
Director
Brisbane, 14 April 2026

DIRECTORS' DECLARATION FOR 31 MARCH 2026

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, the Australian Accounting Standards-Simplified Disclosures, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the company's financial position as at 31 March 2026 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the directors

Sachin Arolkar
Director
India, 14th April, 2026

Ashutosh Vidwans
Director

AUDITOR'S INDEPENDENCE DECLARATION 31 MARCH 2026

DECLARATION OF INDEPENDENCE BY RANDALL BRYSON TO THE DIRECTORS OF MAHINDRA AUTOMOTIVE AUSTRALIA PTY LTD

As lead auditor of Mahindra Automotive Australia Pty Ltd for the year ended 31 March 2026, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Mahindra Automotive Australia Pty Ltd during the period.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

Note 1. Material accounting policy information

The accounting policies that are material to the company are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

Mahindra Automotive Australia Pty Ltd (the company) has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Basis of preparation

These general purpose financial statements have been prepared in accordance with the Australian Accounting Standards - Simplified Disclosures issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities.

The company does not have 'public accountability' as defined in AASB 1053 Application of Tiers of Australian Accounting Standards and is therefore eligible to apply the 'Tier 2' reporting framework under Australian Accounting Standards.

Revenue recognition

The company recognises revenue as follows:

(i) Sale of goods

Revenue from the sale of agricultural equipment, motor vehicles, parts, and accessories is recognised at the point in time when control of the goods transfers to the customer in accordance with AASB 15.

For certain transactions, including those subject to floor plan or similar financing arrangements, control transfers upon invoicing and settlement where legal title passes and the Company has an unconditional right to payment. Where physical delivery occurs after invoicing, revenue is recognised only when the bill-and-hold criteria under AASB 15 are satisfied. Subsequent delivery does not affect the timing of revenue recognition once control has transferred.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

All other revenue is recognised in accordance with AASB 15 Revenue from contracts with customers (AASB 15), when performance obligation is satisfied and control is transferred. All revenue is stated net of the amount of goods and services tax (GST).

Income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to be applied when the assets are recovered or liabilities are settled, based on those tax rates that are enacted or substantively enacted, except for:

- When the deferred income tax asset or liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting nor taxable profits; or
- When the taxable temporary difference is associated with interests in subsidiaries, associates or joint ventures, and the timing of the reversal can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Pillar Two income taxes

The company is within the scope of the OECD Pillar Two model rules, and it applies the AASB 112 exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes. The group will incur top-up taxes due to the Pillar Two legislation that became effective 1 January 2025. Under the legislation, the company is liable to pay a top-up tax for the difference between its GloBE effective tax rate in each jurisdiction and the 15% minimum rate.

The company has estimated that the effective tax rates exceed 15% in all jurisdictions in which it operates. Considering the impact of specific adjustments in the Pillar Two legislation, the company does not have a Pillar Two tax liability for the year ended 31 March 2026.

Trade and other receivables

The average credit period on sales of goods is 60 days. No interest is charged on outstanding trade receivables.

The company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

Inventories

New vehicles

New vehicles are valued at the lower of cost and net realisable value on a unit by unit basis.

Spare parts and accessories

Vehicle spare parts and accessories and agriculture equipment are valued at the lower of cost and net realisable value.

Costs for vehicles comprises of purchase and delivery costs, net of rebates and discounts received or receivable.

Stock in transit is stated at the lower of cost and net realisable value. Cost comprises of purchase and delivery costs, net of rebates and discounts received or receivable.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment.

Depreciation is calculated on a straight-line or diminishing value basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Plant and equipment	10-20%
Computer equipment	20-40%
Furniture and fittings	10-20%
Motor vehicles	20-30%

Leasehold improvements are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

Right-of-use assets

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life.

The company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss on a straight line basis.

Trade and other payables

The amounts are unsecured and are usually paid within 30 days of recognition, except for related party payables which are on terms of between 60 and 180 days.

Borrowings

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

cost using the effective interest method.

Loans and borrowings are removed from the statement of financial position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount and any consideration paid is recognised in profit or loss.

Lease liabilities

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Provisions

Provisions are recognised when the company has a present (legal or constructive) obligation as a result of a past event, it is probable the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. If the time value of money is material, provisions are discounted using a current pre-tax rate specific to the liability. The increase in the provision resulting from the passage of time is recognised as a finance cost.

Reclassification of Comparative Balances

During the current financial year, the Company reviewed the presentation of certain line items within the financial statements to ensure consistency with the Company's accounting policies and to enhance the relevance and reliability of the information presented.

As a result of this review, Dealer Incentives previously presented as Advertising has been reclassified to Purchases in the statement of profit or loss and other comprehensive income. This reclassification was made to align the comparative information with the current-year presentation.

The reclassification had no impact on the Company's net assets, profit after tax, or cash flows for the comparative period.

Rounding of amounts

The company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Net realisable value of inventories

The provision for impairment of inventories assessment requires a degree of estimation and judgement. The level of the provision is assessed by taking into account the recent sales experience, the ageing of inventories and other factors that affect inventory obsolescence.

Warranty provision

In determining the level of provision required for warranties the company has made judgements in respect of the expected performance of the vehicles, the number of customers who will actually claim under the warranty and how often, and the costs of fulfilling the conditions of the warranty. The provision is based on estimates made from historical warranty data associated with similar products and services.

Note 3. Revenue

	2026 $	2025 $
Revenue from contracts with customers		
New vehicle sales	**143,754,817**	134,328,377

	8,362,219	4,911,342

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

Vehicle repairs

The provision represents the future repair costs of the inventory on hand, the company has a present obligation arising from past events and it is probable that future repair costs will be incurred. The provision is measured at the estimated expenditure required to repair the inventory.

Roadside assistance

The provision is recognised at the time of vehicle sale for the estimated costs of providing roadside assistance services included as part of the manufacturer-backed sale arrangements. The provision is measured based on historical claims experience and expected utilisation rates and is reviewed at each reporting date to reflect the current best estimate of expenditure required.

Dealer support

The provision represents the present value of the estimated costs that will be incurred with respect to supporting the dealers as per the current dealer agreements. This provision covers a reimbursement to the dealers of registration and third party insurance costs, the estimated costs of signage to be installed at the dealers premises and other general incentives estimated to be payable to the dealers. Each dealer support provision is estimated based on current stock held with the dealers at the end of the period.

Movements in provisions

Movements in each class of provision during the current financial year, other than employee benefits, are set out below:

2026	Warranties $	Vehicle repairs $	Roadside assistance $	Dealer support-registration $	Dealer support-incentives $	Other $
Carrying amount at the start of the year	**227,618**	**–**	**1,255,451**	**2,178,492**	**762,836**	**120,000**
Additional provisions recognised	**–**	**1,529,500**	**3,091,152**	**13,625,866**	**9,129,349**	**752,492**
Amounts used	**–**	**(53,680)**	**(2,102,086)**	**(13,549,758)**	**(7,673,563)**	**(120,000)**
Unused amounts reversed	**(227,618)**	**–**	**(730,424)**	**–**	**(273,060)**	**–**
Carrying amount at the end of the year	**–**	**1,475,820**	**1,514,093**	**2,254,600**	**1,945,562**	**752,492**

Note 17. Issued capital

	2026 Shares	2025 Shares	2026 $	2025 $
Ordinary shares - fully paid	4,575,000	4,575,000	4,575,000	4,575,000

Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the company does not have a limited amount of authorised capital.

Note 18. Dividends

Dividends

There were no dividends paid, recommended or declared during the current or previous financial year.

Franking credits

There were no dividends paid, recommended or declared during the current or previous financial year.

	2026 $	2025 $
Franking credits available for subsequent financial years based on a tax rate of 30%	**4,067,930**	3,317,354

The above amounts represent the balance of the franking account as at the end of the financial year, adjusted for:

- franking credits that will arise from the payment of the amount of the provision for income tax at the reporting date
- franking debits that will arise from the payment of dividends recognised as a liability at the reporting date
- franking credits that will arise from the receipt of dividends recognised as receivables at the reporting date

Note 19. Key management personnel disclosures

Compensation

The aggregate compensation made to members of key management personnel of the company is set out below:

	2026 $	2025 $
Aggregate compensation	**558,010**	477,681

In addition to this other directors and key management of the entity are paid compensation at ultimate parent level.

Note 20. Remuneration of auditors

During the financial year the following fees were paid or payable for services provided by BDO Audit Pty Ltd, the auditor of the company, and its network firms:

	2026 $	2025 $
Audit services - BDO Audit Pty Ltd		
Audit of the financial statements	**69,000**	65,000
Other services - BDO Services Pty Ltd		
Preparation of the financial statements and tax return	**16,500**	12,500
Tax compliance and reviews	**18,850**	17,950
Other accounting and advisory work	**9,295**	1,500
	44,645	31,950

Note 21. Contingent assets

At 31 March 2026, the company has no contingent assets (2025: $Nil).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

Note 22. Contingent liabilities

In the opinion of the directors, the company did not have any contingent liabilities at 31 March 2026 (2025: $Nil).

Note 23. Commitments

At 31 March 2026, the entity had not entered into any contractual capital commitments (2025: $Nil).

Note 24. Related party transactions

Parent entity

Mahindra & Mahindra Limited is the ultimate parent entity, a publically listed company based in Mumbai, India.

Key management personnel

Disclosures relating to key management personnel are set out in note 19.

Transactions with related parties

The following transactions occurred with related parties:

	2026 **$**	2025 $
Payment for goods and services:		
Purchase of goods from controlling entity and it's subsidiaries	**139,066,213**	120,091,198
Payment for other expenses:		
Other expenses paid to other related party	**–**	77,716

Receivable from and payable to related parties

The following balances are outstanding at the reporting date in relation to transactions with related parties:

	2026 **$**	2025 $
Current payables:		
Trade payables to controlling entity and it's subsidiaries	**91,538,914**	57,584,166

Loans to/from related parties

There were no loans to or from related parties at the current and previous reporting date.

Terms and conditions

All transactions were made on normal commercial terms and conditions and at market rates.

Note 25. Events after the reporting period

No matter or circumstance has arisen since 31 March 2026 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS AT 31 MARCH 2025

PURSUANT TO ARTICLE 14 OF LEGISLATIVE DECREE 39/2010

TO THE SHAREHOLDER OF MAHINDRA EUROPE S.R.L.

Report on the audit of the financial statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Europe S.r.l. ("the Company"), which comprises the Balance Sheet as at March 31st, 2026, and the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended.

In our opinion, the annual Financial Statements for the year ended March 31, 2026, taking into account the provisions of the paragraph "Significant uncertainty and loss of continuity of the going concern assumption," provide a true and fair view of the Company's financial position, results of operations, and cash flows for the year then ended in accordance with the Italian regulations governing their preparation.

Basis of opinion

We carried out the audit in accordance with international auditing standards (ISA Italy). Our responsibilities under these standards are further described in the Responsibilities of the independent auditors for auditing the financial statements section of this report. We are independent of the Company in accordance with the rules and principles in matters of ethics and independence applicable in the Italian legal system to the auditing of balance. We believe that we have obtained sufficient appropriate audit evidence upon which to base our opinion.

Significant uncertainty and loss of continuity of the going concern assumption

The automotive market, as set out in Explanatory Note to which reference is made, continues to experience significant change linked to European legislation that continues to favor engines that use renewable energy over traditional fuels. In this context, the Company had already communicated to its sales network, composed of distributors and dealers, the termination of its commercial relationships with 24 months' notice, which expired last year and were renewed for a further year, until March 2026. During the year, Mahindra & Mahindra Ltd. consensually decided to terminate the distribution contract in accordance with the law and requested the identification of third parties for after-sales assistance and distribution of spare parts, in order to fulfill its legal obligations towards its customers. The Company will therefore gradually transfer its operations to new independent operators, both for spare parts management and service, by the first quarter of next year. Based on the findings, we believe that the conditions for maintaining the going concern assumption do not exist, as the uncertainties are numerous and significant, and it is difficult to fully assess their impact on the company's assets. The Company began to realign some of its assets to their actual realizable value as of March 31, 2026, and both the income statement and equity are affected by this write-down activity.

Responsibility of the Directors and of the Statutory auditor for the financial statements

The Directors are responsible for preparing the financial statements that provide a true and fair view in compliance with the Italian regulations governing the accounting criteria, preparation and, within the terms established by law, for that part of the internal control they deem necessary to enable the preparation of financial statements that do not contain material errors due to fraud or unintentional behavior or events. The Directors are responsible for assessing the Company's ability to continue operate as a going concern and, in preparing the financial statements, for the appropriateness of the use of the going concern assumption, as well as for an adequate information on the subject. The Directors use the going concern assumption in preparing the financial statements unless they have assessed that the conditions exist for the liquidation of the Company or for the interruption of the activity or they have no realistic alternatives to such choices.

The Statutory auditor is responsible for supervising, within the terms established by law, the process of preparing the Company's financial information.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to acquire reasonable assurance that the financial statements as a whole do not contain significant errors, due to fraud or unintentional behavior or events, and to issue an audit report that includes our opinion. Reasonable certainty means a high level of certainty which, however, does not provide the guarantee that an audit carried out in accordance with international auditing standards (ISA Italy) will always identify a significant error, if any. Errors may derive from fraud or from unintentional behavior or events and are considered significant if it can reasonably be expected that they, individually or as a whole, are able to influence the economic decisions taken by users on the basis of the financial statements. As part of the audit performed in accordance with international auditing standards (ISA Italy), we exercised professional judgment and maintained professional skepticism throughout the duration of the audit. Furthermore,

- we have identified and assessed the risks of significant errors in the financial statements, due to fraud or unintentional behavior or events; we have designed and performed audit procedures in response to these risks; we have obtained sufficient appropriate audit evidence on which to base our opinion. The risk of not detecting

a material misstatement due to fraud is higher than the risk of not detecting a material misstatement resulting from unintentional behavior or events, as fraud may involve the existence of collusion, forgery, intentional omissions, misrepresentations or overrides of internal control;

- we have acquired an understanding of the internal control relevant for the purposes of the audit in order to define appropriate audit procedures in the circumstances and not to express an opinion on the effectiveness of the Company's internal control;
- we have reached a conclusion on the appropriateness of the use by the directors of the going concern assumption and, based on the audit evidence obtained, on the possible existence of a significant uncertainty regarding events or circumstances that may give rise to significant doubts on the ability of the Company to continue to operate as a going concern. In the presence of a material uncertainty, we are required to draw attention in the audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to reflect this circumstance in the formulation of our opinion. Our conclusions are based on the audit evidence obtained up to the date of this report. However, subsequent events or circumstances may cause the Company to cease to operate as a going concern;
- we have evaluated the presentation, structure and content of the financial statements as a whole, including the information, and whether the financial statements represent the underlying transactions and events in order to provide a correct representation.

We have communicated to those charged with governance, identified at an appropriate level as required by the Italy ISAs, among other matters, the planned scope and timing of the audit and significant findings, including any significant deficiencies in internal control identified in the course of the audit.

Report on other laws and regulations

Judgment pursuant to art. 14, paragraph 2, letter e), of Legislative Decree 39/2010

The Directors of Mahindra Europe S.r.l. are responsible for preparing the management report of Mahindra Europe S.r.l. as at 31 March 2026, including its consistency with the related financial statements and its compliance with the law. We have carried out the procedures indicated in the auditing standard (SA Italia) n° 720B in order to express an opinion on the consistency of the management report with the financial statements of Mahindra Europe S.r.l. as at 31 March 2026 and on its compliance with the law, as well as to issue a statement on any material misstatements.

In our opinion, the management report is consistent with the financial statements of Mahindra Europe S.r.l. as at 31 March 2026 and is drawn up in compliance with the law. With reference to the declaration referred to in Article 14, paragraph 2, letter e), of Legislative Decree 39/2010, issued on the basis of the knowledge and understanding of the company and the related context acquired during the auditing activity, we have nothing to report.

Roberto Mallardo
RB AUDIT Italia - Audit Partner

"EURO amounts are translated for convenience into Indian Rupees at the exchange rate of Rs 108.056 = Euro 1 which is the average of the telegraphic transfer buying

and selling rates quoted by the Mumbai Branch of State Bank of India on 31st March 2026".

A lakh is a unit in the Indian numering system equal to one hundred thousand (100.000).

This Financial Statement is in agreement with results of accountant records.

For The Board of Directors:

Sachin Arolkar

Chairman

Mumbai, 14th April 2026

Notes to the financial statements at 31/03/2026

Indian Rupees at the exchange rate of INR 108,056 = Eur 1

A lakh is a unit in the Indian numeric system equivalent to one hundred thousand (100.000).

Introduction

Dear Quotaholder,

The financial statements for the fiscal year ended 31/03/2026 is submitted for your verification and approval. The fiscal year FY2026 ended with a losses equal to Euro 783.910 / INR 847,06 Lakhs, after depreciation of Euro 25.112/INR 27,14 and amortization for a total of Euro 39.126 / INR 42,28

Area of Business

Mahindra Europe Srl carries out its activities in the sector of distribution of motor vehicles and spare parts, as official importer of Mahindra vehicles in the European markets like Italy, Spain, & other Eastern Europe countries.

Major events occurred during the company's fiscal year

The significant events that occurred during the year are as follows:

In February 2022, the Board of Directors approved a two-year review and restructuring of Mahindra Europe's European business model in response to changing market dynamics and shifts in customer preferences. In accordance with prevailing market practice in Europe, Mahindra Europe gave dealers/distributors two years' notice of termination of the existing relationship.

At the end of the notice period in April 2024, which was subsequently renewed for an additional year, it entered into new commercial agreements with the sales network for the resale of spare parts and after-sales service. At the end of March 2026, the company notified the distribution network that, upon expiration of the existing agreement, it would terminate the commercial relationship with Mahindra Europe.

The company confirmed its commitment to ensuring the continuity and proper fulfillment of all warranty obligations relating to Mahindra-branded products, as well as the supply of original spare parts and accessories and, more generally, the provision of customer support services as required by applicable regulations.

The company received a letter of termination from Mahindra & Mahindra Ltd. terminating the distribution agreement and requiring it to identify a third-party service provider for after-sales service and spare parts distribution, in order to fulfill its customer service obligations.

In this regard, the Mahindra Group is implementing a new operational structure for after-sales and spare parts management in the territories in which it operates. As part of this reorganization, Mahindra Europe will gradually transfer its operations to the new independent operators by the first quarter of the next fiscal year.

Vehicle sales continued until the first quarter of the fiscal year ended March 31, 2026, through individual agreements with rental companies.

Since the company's main operating activities will cease in May 2026, the Board of Directors recommends the shareholder to liquidate the company voluntarily.

Layout criteria

The financial statements submitted to you are prepared in abbreviated form as they meet the requirements of Article 2435-bis, paragraph 1. However, in order to provide more comprehensive and comprehensive information on the company's operating performance, within the scope of its operations, it was deemed appropriate to accompany them with the abbreviated Management Report.

The financial statements figures are expressed in euros by rounding the relevant amounts. Any rounding differences have been reported under the item "Euro rounding reserve" included in the equity items and "roundings from euros" under "extraordinary income and expenses" in the income statement.

Pursuant to Article 2423, paragraph 5, of the Italian Civil Code, the notes to the financial statements have been prepared in euros and, pursuant to the provisions of Article 2435-bis, paragraph 1, of the Italian Civil Code. 2427 bis of the Civil Code, provides the information required by the first paragraph of Article 2427, numbers 1), 2), 6) (for the latter, limited to debts only without indicating the geographical distribution), 8), 9), 13), 15) (for the latter, even omitting the distribution by category), 16), 22-bis), 22-ter), (for the latter, even omitting the information regarding the patrimonial, financial and economic effects), 22-quater), 22-sexies) (for the latter, even omitting the indication of the place where the copy of the consolidated financial statements is available), as well as by the first paragraph of Article 2427-bis, number 1).

In cases where offsetting is permitted by law (offsetting tax receivables and payables, government grants recognized as a reduction in the value of fixed assets, foreign exchange gains and losses reported under item 17-bis of the Income Statement, deferred tax assets and liabilities included under item 20 of the Income Statement), the gross amounts subject to offsetting are indicated in the notes to the financial statements, as required by Article 2423-ter, paragraph 6 of the Italian Civil Code.

The criteria used in the preparation and valuation of the financial statements closed on March 31, 2026, take into account the changes introduced into national law by Legislative Decree 139/2015, which implemented Directive 2013/34/EU. As a result of Legislative Decree 139/2015, the Italian National Accounting Standards (OIC) were amended.

Furthermore, the preparation of the financial statements took into account, where required, the changes made to the accounting principles with the amendments approved in March 2024 to OIC 16/31 (decommissioning and restoration obligations), 25 (OECD Pillar II), 12/15/19 (treatment of discounts on revenues), as well as Interpretative Document 11 regarding "Accounting aspects relating to the valuation of trading securities."

For financial statements for the years ending January 1, 2025, the new accounting principle OIC 34 applies, regarding the recognition and measurement of revenues and the disclosure of information to be provided in the notes to the financial statements.

Valuation criteria

(article 2427(1)(1) of the Civil Code, OIC 12)

The valuation of balance sheet items was based on general principles of prudence and accruals accounting, as it is believed that the current organization and management prospects allow for a business horizon of at least two months and subsequently during any liquidation period. Therefore, despite the adoption of operational criteria, the valuation of the items took into account the fact that the business will only last another two months.

The application of the principle of prudence required the individual valuation of the components of the individual items or items of assets or liabilities, to avoid offsetting between losses that should have been recognized and profits that should not have been recognized because they were unrealized.

In compliance with the accruals accounting principle, the effect of transactions and other events was recognized and attributed to the financial year to which such transactions and events relate, and not to the year in which the related cash movements (receipts and payments) occurred.

The company was not required to apply the materiality principle, as no cases arose in which the recognition, measurement, presentation, and disclosure requirements were not met when compliance would have had an immaterial effect on providing a true and fair view.

The consistent application of the measurement criteria over time is a necessary element for the comparability of the company's financial statements from year to year, with the exception of the following financial statement items, where the principle of prudence was deemed necessary:

- Intangible assets and residual multi-year maintenance expenses were fully amortized in the financial year, as their multi-year usefulness ceased.
- Tangible assets and their portions were recalculated considering the residual useful life of the assets, which is now limited to the period preceding their sale or disposal (maximum 1 year).
- Spare parts inventories, net of the sale of spare parts to the new distributor, take into account the fact that the realizable value may be lower than cost, due to the difficulties in quickly disposing of them, typical of the liquidation phase.
- Multi-year deferrals have been adjusted to the operating life of the company and any potential real estate lease redemption.
- Risk provisions: we have taken into account provisions for contingent liabilities related to future termination (e.g., settlements for early termination of contracts or severance costs).

The recognition and presentation of financial statement items have been made taking into account the substance of the transaction or contract.

Exceptional cases pursuant to art. 2423, fifth paragraph, of the Civil Code

(article 2423 (5) of the Civil Code)

There have been no exceptional cases that have made it necessary to resort to exceptions pursuant to art. 2423 paragraph 5 of the Civil Code.

Changes in accounting principles

The Company has not changed its accounting principles, however, these criteria must inevitably take into account the possible liquidation and cessation of the company.

As regards the application of the national accounting standards OIC 15 (credits) and OIC 19 (debts), relatively

the application of the amortized cost criterion and the discounting of the expected cash flow of the correspondent nominal value of the credit / debit, the company makes use of the relevant presumptions of irrelevance for credits and debts with a maturity of less than twelve months, the effects being irrelevant with respect to the results that would be obtained with the pre-reform criteria, since the sale and purchase transactions are negotiated with deferred payments at market rates and with a negligible amount of transaction costs.

Problems of comparability and adaptation

The valuation criteria adopted in the preparation of the financial statements closed on 31/03/2026 were the same as those used for the preparation of the financial statements of the previous financial year, with the exception of what is reported above, therefore, it was not necessary to calculate the cumulative effect of the change in principle.

Appraisal criteria applied

(Ref. Art. 2426, first paragraph, Civil Code)

Fixed assets

Intangible assets

They are recorded at historical acquisition cost and shown net of depreciation incurred over the years and allocated directly to the individual items.

Multi-year costs (extraordinary maintenance expenses) that will not be useful beyond the remaining two months were fully depreciated during the financial year ending March 31, 2026.

Tangible assets

They are recorded at purchase or production cost and adjusted by the corresponding accumulated depreciation. The carrying amount in the balance sheet takes into account incidental expenses and costs incurred for the use of the asset, reducing the cost by significant trade discounts and cash discounts. Depreciation charges, charged to the income statement, were calculated based on the use, purpose, and useful life of the assets, based on the residual useful life criterion, which we considered well represented by the residual value to be depreciated for one year.

Finance lease transactions

Finance lease transactions are shown in the financial statements using the net asset method, by charging the lease payments to the profit and loss account on an accrual's basis. The additional information required by the law on the representation of finance lease agreements under the financial method is contained in a specific section of the notes.

The Company did not take advantage of the suspension of the payment of leasing fees as provided for in Article 56, paragraph 2, letter c), of Law Decree no. 18/2020 (converted by law no.27 of 24 April 2020), therefore the Company has not rescheduled the duration of the financial lease.

Accounts receivable

The amortised cost method was not applied since its effects are immaterial for the purpose of giving a true and fair view. Therefore, accounts receivables have been recorded at their presumed realisable value, without prejudice for the possibility to apply time discounting. The adjustment of the nominal value of receivables to the assumed realizable value is obtained through a reserve for bad debts, taking into consideration the general and industrial economic conditions and country risk.

Accounts receivable recorded in the financial statements before the fiscal year starting 1 January 2016 have been recorded at their presumed realisable value since, as provided by accounting principle OIC 15, it was decided not to apply the amortised cost method and time discounting.

The nominal value of the accounts receivable was adjusted to the presumed realisable value by a bad debt reserve, having regard also to any indicators of permanent impairment.

Accounts receivable originally due within one year and subsequently transformed into long-term receivables were recorded in the balance sheet among financial assets.

Accounts receivables are written off when the contractual rights to receive the relevant cash flows have been extinguished or when the risks in connection with the payment of the receivables have been transferred.

Accounts payable

The amortised cost method was not applied since its effects are immaterial for the purpose of giving a true and fair view. Therefore, accounts payable have been recorded at their nominal value, without prejudice for the possibility to apply time discounting.

Accounts payable recorded in the financial statements before the fiscal year starting 1 January 2016 have been recorded at their nominal value since, as provided by accounting principle OIC 19, it was decided not to apply the amortised cost method and time discounting.

Accrued income/liabilities – pre payments / deferred income

These have been determined on an accruals basis.

With regard to accrued income / liabilities and prepayments/deferred income of a duration exceeding one year, we checked the conditions for their original entry and adopted any necessary changes.

Inventory

Raw materials, auxiliary materials, and finished goods are recognized at the lower of purchase or production cost and their estimated realizable value based on market trends. Spare parts inventories are adjusted to their net realizable value, if lower than the weighted average cost, taking into account the costs of rapid disposals and agreements with the new independent distributor.

As of March 31, 2026, there are no products in progress and no contract work in progress.

Securities

The company does not hold any securities.

Shareholdings

The company does not hold any shareholdings in subsidiary and affiliated.

The shareholdings included among current assets, which do not represent a long-term investment, have been valued at the lower of purchase cost and realisable value as inferred from market trend.

Treasury shares

The company does not hold any treasury shares.

Derivative financial instruments

The company does not hold any derivative financial instruments.

Provisions for contingent liabilities and charges

These provisions are set aside for the coverage of losses or liabilities that are certain or likely to arise, but whose amount or date of occurrence could not be determined at the year-end.

The provisions have been measured on a prudential and accruals basis and no generic funds without economic justification were created.

Any potential liabilities were carried to the financial statements and recorded in the relevant provisions as they were considered likely to arise and their amount could be reasonably estimated.

Provision for employees' leaving indemnity (TFR)

This consists of the amounts actually accrued in favour of the employees pursuant to the law and the current collective bargaining agreements, taking into account any elements of remuneration paid on a continuous basis.

The provision includes the total payments accrued for employees at the year-end net of any advances paid, and assuming termination of their employment relationship at such date.

The provision does not include any amounts accrued starting from 1 January 2007 that have been paid into complementary pension schemes pursuant to legislative decree no. 252 dated 5 December 2005 (or transferred to the special-purpose fund managed by the Italian social security authority - INPS).

Income taxes

The provision for taxes has been set aside on an accruals basis and includes the following:

- accruals in respect of the taxes paid or to be paid for the year, determined at the current rates and in accordance with the rules in force;
- the amount of deferred tax assets or liabilities in respect of temporary differences which arose or were written off in the year;
- any adjustments to the balance of deferred taxes to account for changes in the tax rates occurred/for the introduction of the new tax during the year.

Deferred IRES assets and liabilities are calculated on the temporary differences between the assets and liabilities determined in accordance with civil code principles and the corresponding tax values, solely with regard to the company.

Current IRAP and any deferred IRAP assets and liabilities are determined solely with regard to the company.

Recognition of income

Proceeds from sales are recognised at the time of the transfer of ownership which usually coincides with the delivery or forwarding of the goods;

Financial income and income from the provision of services is recognised on an accruals basis.

Revenue and proceeds, costs and charges related to transactions in foreign currency are determined at the exchange rate in force at the date when the relevant transaction takes place.

Only the accrued portion of the income and costs related to buy/sell-back transactions, including the difference between the spot price and the forward price, is recognised.

Adjustment criteria

The company not applied the adjustment criteria.

Criteria for the translation of accounts in foreign currency

Accounts payable and receivable denominated in foreign currency and recorded at the exchange rates in force on the date of the transaction, are retranslated at the exchange rates ruling at the year-end as determined by Bank of Italy.

In particular, assets and liabilities which constitute assets and liabilities in foreign currency are recorded at the spot exchange rate ruling at the year-end and the relevant exchange gains and losses have been taken to the Profit and Loss Account under item 17bis “Exchange gains and losses”.

Any net gain deriving from the adjustment of the items in foreign currency to the year-end exchange rates is included in the result for the year and, at the time of the financial statements approval and appropriation of the operating result to the legal reserve, the part which is not offset against the loss for the year, if any, is apportioned to a reserve which is not distributable until the gain is realised.

Non-current assets and liabilities in foreign currency are recorded at the exchange rate ruling at the time of purchase.

No significant effects of the changes to the exchange rates occurred between the year-end and the financial statements preparation date. (article 2427(1)(6-bis) of the Civil Code).

Commitments, guarantees and potential liabilities

Commitments, which are not recorded in the balance sheet, consist of obligations assumed by the company vis-à-vis third parties and arising from legal arrangements with mandatory effects but not yet implemented by either party. Commitments include both commitments in respect of which both the relevant execution and amount is known (for instance, on buy/sell-back transactions) and commitments which are definitely going to be executed but whose amount is unknown (for example, agreement with a price adjustment clause). The amount of the commitments is their nominal value as inferred from the relevant documentation.

The company didn’t provide guarantees include personal guarantees and collaterals.

Retained earnings (losses carried forward)						
Total	**1.961,84**					
Non-distributable share						
Residual distributable share						

(*) A: for capital increase; B: for loss coverage; C: for distribution to shareholders; D: for other obligations imposed by the articles of association

(**) After deduction of the negative reserve for treasury shares, if any, and of tax loss carryovers.

The share capital amounts to Euro 1.421.151 - INR/Lakhs 1.535,64 and is made up of quotas with a nominal value of 1 Euro, held by and fully available to the sole shareholder as no burdens exist on them. At year-end the shares subscribed are paid in as the total amount of the share capital was fully paid-up.

B) Provision for contingent liabilities and charges

(article 2427(1)(4) of the Civil Code)

EUR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
164.772	259.959	(95.187)

INR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
178,05	280,90	(102,86)

EUR

	Provision for pension and similar benefits	Provision for taxes, including deferred taxes	Derivative financial instruments	Other provisions companies	Total
Value at the beginning of the year				259.959	259.959
Changes in the year:					
Increases as a result of changes in the fair value				25.112	25.112
Decreases as a result of changes in the fair value					
Total changes				(95.187)	(95.187)
Value at the end of the year				164.772	164.772

INR

	Provision for pension and similar benefits	Provision for taxes, including deferred taxes	Derivative financial instruments	Other provisions companies	Total
Value at the beginning of the year				280,90	280,90
Changes in the year:				0,00	0,00
Increases as a result of changes in the fair value				27,14	27,14
Decreases as a result of changes in the fair value				0,00	0,00
Total changes				(102,86)	(102,86)
Value at the end of the year				178,05	178,05

The increases relate to accruals for the year totaling €25,112 INR/Lakhs 27,14, estimated for the termination of employment relationships.

The decreases of €120,299 INR/Lakhs 129,99 relate to the utilization during the year of the €130,007 INR/Lakhs 140,48 risk provision previously set aside to cover legal risks arising in the Spanish market and to cover potential claims raised by a former external professional of the company. The company concluded the case out of court, which was subsequently approved by the Court of Madrid.

The accrual to these provisions was justified by the fact that (i) the other provisions were made to the Warranty fund, because it has been considered not adequate to cover contract discrepancies between what has been acknowledged by the Company and what has been received by the Parent company.

During the year, the value of the provision for warranty was reinstated for a value deemed appropriate.

C) Indemnity for Employees leaving the Company
(article 2427(1)(4) of the Civil Code)

EUR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
127.267	140.868	(13.601)

INR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
137,52	152,22	(14,70)

The difference can be described as follows.

EUR

	Indemnity for Employees leaving company
Value at the beginning of the year	**140.868**
Changes in the year:	**15.015**
Decrease for utilization	**(28.616)**
Total changes	**(13.601)**
Value at the end of the year	**127.267**

INR

	Indemnity for Employees leaving company
Value at the beginning of the year	**152,22**
Changes in the year:	**16,22**
Decrease for utilization	**(30,92)**
Total changes	**(14,70)**
Value at the end of the year	**137,52**

The provision consists of the amounts payable at 31/03/2026 to the employees on the company's payroll at that date, net of any advances paid.

This consists of the amounts accrued in favour of the employees pursuant to the law and the current collective bargaining agreements, taking into account any elements of remuneration paid on a continuous basis.

The provision includes the total amounts accrued at 31 December 2006 for employees at the year-end, net of any advances paid, and assuming termination of their employment relationship at such date.

The provision does not include any amounts accrued starting from 1 January 2007 that have been paid into complementary pension schemes pursuant to legislative decree no. 252 dated 5 December 2005 (or transferred to the special-purpose fund managed by the Italian social security authority - INPS).

During the year, the company accrued € 29.183 INR/Lakhs 31,53 for this indemnity, of which € 14.168 INR/Lakhs 15,31 transferred to the complementary pension fund and € 15.015 INR/Lakhs 16,22 to the TFR fund. The use of Euro 28.616 INR/Lakhs 30,92 refers to the liquidation of 3 employees who left the job during the year.

In the year after 31/03/2026 employees are not expected to receive an estimated employees' leaving indemnity as a result of incentivised dismissals and corporate reorganisation plans.

D) Accounts payable
(article 2427(1)(4) of the Civil Code)

EUR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
586.392	6.567.516	(5.981.124)

INR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
633,63	7.096,60	(6.462,96)

The balance can be broken down by due date as follows (article 2427(1)(6) of the Civil Code):

EUR

	Value at the beginning of the year	Changes in the year	Value at the end of the year	Falling due within one year
Accounts payable to banks	1.097	(923)	174	174
Prepaid from Client		200.000	200.000	200.000
Accounts payable to suppliers	756.922	(536.706)	220.216	220.216
Accounts payable to controlling companies	5.358.995	(5.358.995)		
Taxes payable	119.424	(91.558)	27.866	17.866
Accounts payable to social security institutions	34.882	(786)	34.096	34.096
Other accounts payable	296.197	(192.157)	104.040	104.040
Total	**6.567.516**	**(5.981.124)**	**586.392**	**586.392**

INR

	Value at the beginning of the year	Changes in the year	Value at the end of the year	Falling due within one year
Accounts payable to banks	1,19	(1,00)	0,19	0,19
Prepaid from Client	0,00	216,11	216,11	216,11
Accounts payable to suppliers	817,90	(579,94)	237,96	237,96
Accounts payable to controlling companies	6.309,38	(5.790,72)	0,00	0,00
Taxes payable	129,04	(98,93)	30,11	19,31
Accounts payable to social security institutions	37,69	(0,85)	36,84	36,84
Other accounts payable	**320,06**	**(207,64)**	**112,42**	**112,42**

The balance of the accounts payable to banks at 31/03/2026, in an amount of INR/Lakhs 0,19/ Eur 174 total amount debit for credit card, corresponds to the full payable including principal amount, interest and ancillary charges which have come to maturity and can be collected.

The item "Advances" includes any advances from customers on goods and services not yet supplied or rendered; this item includes advance payments, as earnest money or otherwise, received in connection with the sale of tangible, intangible and financial fixed assets.

Accounts payable from suppliers are recognised at their nominal value of net of trade discounts; cash discounts are recorded upon payment. The nominal value of these payables has been adjusted in case of returns or allowances (invoice adjustments) by the corresponding amount agreed with the other party.

The company took advantage of the possibility not to follow the amortised cost method and/or not to time discount accounts payable since 2016.

The company adopted the following accounting policies: no time discounting of accounts payable due within one year; no time discounting of accounts payable if the effective interest rate does not significantly differ from market rate; no adoption of the amortised cost method for accounts payable due

within one year, no adoption of the amortised cost method if transaction costs, commission fees and any other difference between initial value and value on expiry are of negligible amount.

Regarding the accounts payable to controlled companies and undertakings under control by the controlling companies, we note that they refer to vehicles' and spare parts' supplies under normal market conditions.

The item "Tax liabilities" only includes the actual taxes payable, while any likely tax liabilities or tax liabilities whose amount or date of occurrence is doubtful or deferred tax liabilities, are recorded in item B.2 of the liabilities section of the balance sheet (Provision for taxes).

The accounts payable falling due within one year does not include accounts payable backed by covenants.

No significant changes occurred in the amount of Tax liabilities.

In the tax payables item are registered IVA debt Eur 5.008 INR/Lakhs 5,41 and WHT Eur 22.858 INR/Lakhs 24,70.

E) Accrued liabilities/Deferred income

EUR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
5.494	5.468	26

INR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
5,94	5,91	0,03

EUR

	Accrued liabilities	Deferred income	Total
Opening balance	**5.468**		5.468
Changes during the year	**26**		26
Closing balance	**5.494**		5.494

INR

	Accrued liabilities	Deferred income	Total
Opening balance	**5,91**		5,91
Changes during the year	**0,03**		0,03
Closing balance	**5,94**		5,94

They constitute the adjustment to costs and income calculated on an annual basis.

The criteria adopted for the recognition and translation of items in foreign currency have been reported in the first part of these notes. At 31/03/2026, there were no accrued liabilities/deferred income of a duration exceeding five years.

Profit and loss account

The changes in the income statement items compared to the previous year are shown below.

A) Revenue

EUR

Balance at 31/03/2026	Balance at 31/03/2025	Difference
3.743.511	7.234.870	(3.491.359)

Costs of raw materials, subsidiary materials, consumables and goods and costs of services

They are closely related to the information provided in the Directors' report and to point A (Revenue) of the Profit and loss account.

Personnel costs

This item includes all employee costs, including bonuses, promotions, cost-of-living increases, untaken holidays and the provisions made pursuant to the law and the national collective bargaining agreements.

The reduction in personnel costs is due to the leaving of 3 human resources.

Depreciation of tangible assets

Depreciation has been calculated on the basis of the useful life of the assets and their contribution to the production process.

The Company accrued the depreciation related the financial year closed as at 31/03/2026.

Other write-downs of fixed assets

The item is not reflected in the present financial statements.

Write-downs of accounts receivable included among current assets and of liquid assets

The item is not reflected in the present financial statements.

Accruals to provisions for contingent liabilities and charges

The item is not reflected in the current financial statement, amounting to Euro 25,112 INR/Lakhs 27,14 relating to the estimated costs for union conciliations for workers who remain in the workforce.

Other accruals

The item is not reflected in the present financial statements.

Miscellaneous running costs

They refer to taxes other than income tax, subscriptions and other charges.

The company has not entered expenses for exceptional amount or incidence.

Appropriation of the profit for the year

It is proposed that the Quotaholder's meeting cover the losses of €783,910 INR/Lakhs 847,06 through the use of available reserves of €80,188 INR/Lakhs 86,65 from the legal reserve and €314,236 INR/Lakhs 339,55 from the extraordinary reserve, and carry forward the residual loss of €389,486 INR/Lakhs 420,86. Furthermore, it is proposed that the share capital be adjusted at the next extraordinary meeting.

Final considerations

These financial statements, composed of the balance sheet, profit and loss account and notes, are a true and fair view of the company's state of affairs and economic result for the year and are in accordance with the underlying accounting records.

We invite the Quota Holder to approve the financial statements in their current form and all the single items, year.

The Chairman of the Board of Directors
Sachin Arolkar

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Mahindra and Mahindra South Africa Proprietary Limited

Opinion

We have audited the annual financial statements of Mahindra and Mahindra South Africa Proprietary Limited (the company) set out on pages herein 9 to 36 which comprise the statement of financial position as at 31 March 2026 and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the annual financial statements, including material accounting policy information.

In our opinion, the annual financial statements present fairly, in all material respects, the financial position of Mahindra and Mahindra South Africa Proprietary Limited as at 31 March 2026, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and the requirements of the Companies Act of South Africa.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the Independent Regulatory Board for Auditors' *Code of Professional Conduct for Registered Auditors* (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises information included in the document titled "Mahindra and Mahindra South Africa Proprietary Limited Annual Financial Statements for the year ended 31 March 2026", which includes the Director's Report as required by the Companies Act of South Africa. The other information does not include the annual financial statements and our auditor's report thereon.

Our opinion on the annual financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Director for the Annual Financial Statements

The directors are responsible for the preparation and fair presentation of the annual financial statements in accordance with the International Financial Reporting Standards and the requirements of the Companies Act of South Africa, and for such internal control as the directors determines is necessary to enable the preparation of annual financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the annual financial statements, the director is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intends to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Annual Financial Statements

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with the ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The

risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

MATERIAL ACCOUNTING POLICIES

1. Material accounting policies

Management has considered the principles of materiality in IFRS Practice Statement 2 Making Materiality Judgements, and only those accounting policies which are considered material have been presented in these annual financial statements.

1.1 Basis of preparation

The annual financial statements have been prepared on the going concern basis in accordance with, and in compliance with, IFRS Accounting Standards as issued by the International Accounting Standards Board and International Financial Reporting Standards Interpretations Committee ("IFRS IC") interpretations issued and effective at the time of preparing these annual financial statements and the Companies Act of South Africa as amended.

The annual financial statements comply with the requirements of the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and the Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council.

The annual financial statements have been prepared on the historic cost convention, unless otherwise stated in the accounting policies which follow and incorporate the material accounting policies set out below. They are presented in Rands, which is the company's functional currency.

These accounting policies are consistent with the previous period.

1.2 Significant judgements and sources of estimation uncertainty

The preparation of annual financial statements in conformity with IFRS requires management, from time to time, to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Key sources of estimation uncertainty

Impairment testing

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. For details of the key assumptions and inputs used, refer to the individual notes addressing financial assets.

The company reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. When such indicators exist, management determines the recoverable amount by performing value in use and fair value calculations. These calculations require the use of estimates and assumptions.

Useful lives of property, plant and equipment

Management assesses the appropriateness of the useful lives of property, plant and equipment at the end of each reporting period. The useful lives of all assets are determined based on company replacement policies for the various assets. Individual assets within these classes, which have a significant carrying amount are assessed separately to consider whether replacement will be necessary outside of normal replacement parameters.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation method	Average useful life
Computer equipment	Straight line	4 years
Computer software	Straight line	5 years
Furniture and fixtures	Straight line	3 years
Leasehold improvements	Straight line	3 years
Motor vehicles	Straight line	4 years
Motor vehicles - Held for rental	Straight line	4 years
Office equipment	Straight line	6 years
Plant and machinery	Straight line	3 years

Contract liabilities

The fair value of contract liabilities from service plans is management's best estimate of the company's future income and cost based on the estimated service cost that would occur for the selected models over a period of three to five years adjusted for inflation and possible price increases in parts and labour used in the service of the selected model.

Provision for warranties

Warranty provisions are management's best estimate of the company's liability (after the expected reimbursement from the manufacturer) on vehicles under two, three or five year warranties based on the current year warranty claims occurred. The cost per day calculated on those claims is used to estimate the future cost for the remaining warranty days under consideration.

The warranty provision has been discounted to present value and the incremental amount pertaining to the current financial year has been adjusted in cost of sales.

Recoverability of receivables

The company makes use of a provision matrix as a practical expedient to the determination of expected credit losses on trade and other receivables. The provision matrix is based on historic credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current and forecast direction of conditions at the reporting date, including the time value of money, where appropriate.

Determination of net realisable value of inventory

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. The write down is included in cost of sales.

1.3 Financial instruments

Financial instruments are recognised when the company becomes a party to the contractual provisions. They are measured, at initial recognition, at fair value plus transaction costs, if any, except for financial instruments at fair value through profit or loss which exclude transaction costs.

The material accounting policies for each type of financial instrument held by the company are presented below:

Trade and other receivables

Trade and other receivables, excluding, when applicable, VAT and prepayments, are measured, subsequent to initial recognition, at amortised cost. They have been classified in this manner because their contractual terms give rise, on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding, and the entity's business model is to collect the contractual cash flows on trade and other receivables.

The amortised cost is the amount recognised on the receivable initially, minus principal repayments, plus cumulative amortisation (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

The accounting policy for impairment of trade and other receivables is set out in the loss allowances and write offs accounting policy.

Trade and other receivables include amounts which have been denominated in India Rupees and US Dollars, however these are minimal as disclosed in note 28. Foreign exchange gains or losses are recognised in profit or loss.

Gains or losses arising on the derecognition of trade and other receivables are included in profit or loss in derecognition gains (losses) on financial assets at amortised cost, the details of which are included in note 19.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

Impairment - Expected credit losses and write offs

Loss allowances are recognised for expected credit losses on trade and other receivables.

The company measures the loss allowance for trade and other receivables at an amount equal to lifetime expected credit losses (lifetime ECL).

A provision matrix is used as a practical expedient when determining expected credit losses. The provision matrix is based on historic credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current and forecast conditions.

The measurement of expected credit losses incorporates the probability of default, loss given default and the exposure at default, taking the time value of money, historical data and forward-looking information into consideration. The entity has rebutted the assumption that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The movement in credit loss allowance is recognised in profit or loss with a corresponding adjustment to the carrying amount of the instrument through a loss allowance account.

The company writes off an instrument when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Instruments written off may still be subject to enforcement activities under the company's recovery procedures. Any recoveries made are recognised in profit or loss.

Trade and other payables

Trade and other payables, excluding VAT and amounts received in advance, are classified as financial liabilities subsequently measured at amortised cost.

Trade and other payables include amounts which have been denominated in India Rupees and US Dollars, however these are minimal. Foreign exchange gains or losses are recognised in profit or loss.

Cash and cash equivalents

Cash and cash equivalents mainly consists of bank balances and are recognised initially at the transaction price.

Subsequently, these are measured at amortised cost using the effective interest method.

Derecognition

The company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the company retains substantially all the risks and rewards of ownership of a transferred financial asset, the company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

The company derecognises financial liabilities when its obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

1.4 Tax

Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

Current tax liabilities (assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the tax base used for taxation purposes.

A deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The deferred tax rate applied to assets is determined by the expected manner of recovery. Where the expected recovery of the asset is through sale, the capital gains tax rate is applied. The normal tax rate is applied when the expected recovery is through use. A combination of these rates is applied if the recovery is expected to be partly through use and sale.

Deferred tax assets are reviewed at each reporting date and are reduced if it is no longer probable that the related tax benefit will be realised. Such reductions are reversed when the probability of future taxable profits improves. The review by management has not resulted in the reduction of the deferred tax assets.

Tax expenses

The income tax expense consists of current and deferred tax and is recognised in profit or loss.

1.5 Leases

The company assesses whether a contract is, or contains a lease, at the inception of the contract.

No contracts were identified that required specific judgement as to whether they contained leases.

Company as lessee

A lease liability and corresponding right-of-use asset are recognised at the lease commencement date, for all lease agreements for which the company is a lessee, except for short-term leases of 12 months or less, or leases of low value assets. For these leases, the company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability

Lease liabilities are initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect lease payments made. Interest charged on the lease liability is included in finance costs.

Right-of-use assets

Right-of-use assets are presented as a separate line item on the Statement of Financial Position.

They are measured initially at the initial amount of the lease liability plus upfront payments and initial direct costs.

Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated, from commencement date, over the shorter period of lease term and useful life of the underlying asset.

The residual value, useful life and depreciation method of each asset are reviewed at the end of each reporting period. No material changes were made.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

1.6 Inventories

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories is assigned using the weighted average cost formula. The same cost formula is used for all inventories having a similar nature and use to the entity.

Write downs and reversals of write downs of inventories are included as part of the cost of goods sold.

1.7 Impairment of assets

Management assesses, at the end of each reporting period, whether there is any indication that an asset, such as property, plant and equipment, may be impaired. If any such indication exists, then the recoverable amount of the asset is determined.

The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. If the recoverable amount cannot be determined for an individual asset, then it is determined for the cash generating unit to which the asset belongs.

An impairment loss is recognised for an asset (or a cash-generating unit) if the recoverable amount of the asset or cash generating unit is less than the carrying amount. The impairment loss is determined as the difference between the two amounts. For cash generating units, the impairment loss is allocated to reduce the carrying amount of goodwill included in the cash-generating unit and then to the other assets on a pro-rata basis.

Impairment losses are recognised immediately in profit or loss.

1.8 Share capital and equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Ordinary shares are classified as equity.

1.9 Employee benefits

Short-term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

The expected cost of profit sharing and bonus payments is recognised as an expense when there is a legal obligation to make such payments as a result of past performance.

Defined contribution plans

The company contributes to [state plan E.g. MetHealthy medical scheme] which is a defined contribution pension plan.

Payments are charged as an expense as they fall due.

1.10 Provisions and contingencies

Provisions are recognised when:

- the company has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement shall be recognised when, and only when, it is virtually certain that reimbursement will be received if the entity settles the obligation. The reimbursement shall be treated as a separate asset. The amount recognised for the reimbursement shall not exceed the amount of the provision.

Provisions are not recognised for future operating losses.

If an entity has a contract that is onerous, the present obligation under the contract shall be recognised and measured as a provision.

A constructive obligation to restructure arises only when an entity:

- has a detailed formal plan for the restructuring, identifying at least:
  - the business or part of a business concerned;
  - the principal locations affected;
  - the location, function, and approximate number of employees who will be compensated for terminating their services;
  - the expenditures that will be undertaken; and
  - when the plan will be implemented; and
- has raised a valid expectation in those affected that it will carry out the restructuring by starting to implement that plan or announcing its main features to those affected by it.

After their initial recognition contingent liabilities recognised in business combinations that are recognised separately are subsequently measured at the higher of:

- the amount that would be recognised as a provision; and
- the amount initially recognised less cumulative amortisation.

Contingent assets and contingent liabilities are not recognised.

1.11 Revenue from contracts with customers

Revenue comprises consideration received or receivable on contracts entered into with customers for the sale of goods and services in the ordinary course of the entities' activities. The performance obligation is identified as the distinct goods and services as agreed in the contract(s). Revenue is shown net of trade discounts, volume rebates and value added tax and is recognised when the entity satisfies its' performance obligations as set out in the contracts entered into with its customers. Revenue is recognised at the amount of the transaction price that is allocated to each performance obligation and this is determined at the amount as depicted in the contract for the exchange of the goods and services. Where a contract has multiple performance obligations, the transaction price is allocated to the performance obligations in the contract by reference to their relative standalone selling prices.

The principles of IFRS 15 are applied using the following five-step model:

- Identify the contract(s) with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contract
- Recognise revenue when (or as) the entity satisfies a performance obligation.

Revenue streams

- Sale of spares
- Sale of vehicles
- Sale of service plan
- Sale of construction equipment
- Commission income and recoveries

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

The contracts for the sale of goods are identified as one performance obligation. Revenue is recognised at a point in time when the control of the goods is transferred to the customer, generally on delivery of the goods. Payment is normally due within 30 days of delivery.

Revenue is recognised when an entity satisfies a performance obligation as control is passed, either over time or at a point in time. The above revenue is recognised at a point in time, except for Service plans which is recognised over time. Service Plan is recognised by reference to the stage of completion of the transaction at the end of the reporting period.

Contract liabilities relates to Service Plan Revenue and is reflected under Liabilities in the Statement of Financial Position. A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or when consideration is due) from the customer. If a customer pays consideration before the company transfers goods or services to the customer, a contract liability is recognised when the payment is made or when the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the company satisfies the performance obligation.

If the company performs on a contract by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised where the entity satisfies a performance obligation but does not have unconditional right to consideration. Contract assets recognised are reflected under trade and other receivables.

Interest is recognised, in profit or loss, using the effective interest rate method.

1.12 Cost of sales

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value, is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

The related cost of providing services recognised as revenue in the current period is included in cost of sales.

1.13 Translation of foreign currencies

Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in Rands, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are translated at the end of the reporting period using the closing rate.

Cash flows arising from transactions in a foreign currency are recorded in Rands by applying to the foreign currency amount the exchange rate between the Rand and the foreign currency at the date of the cash flow.

Refer to the individual accounting policies for financial instruments for the detailed foreign exchange accounting policies.

1.14 Levies

IFRIC 21 addresses the issue of when to recognise a liability to pay a levy. The Interpretation defines a levy, and specifies that the obligating event that gives rise to the liability is the activity that triggers the payment of the levy, as identified by legislation. The Interpretation provides guidance on how different levy arrangements should be accounted for, in particular, it clarifies that neither economic compulsion nor the going concern basis of financial statements preparation implies that an entity has a present obligation to pay a levy that will be triggered by operating in a future period. The company has inventory stored in a bonded warehouse where duties, levies and taxes are due once the inventory leaves the bonded warehouse, or 24 months, whichever are earlier.

1.15 Finance income (costs)

Finance income comprises interest income on funds invested. Interest income is recognised as it accrues in profit or loss, using the effective interest method.

Finance costs comprises of interest expense on bank overdraft facilities and vehicle purchase credit provided. Interest expense is recognised in profit or loss using the effective interest method.

2. New Standards and Interpretations

2.1 Standards and interpretations effective and adopted in the current year

In the current year, the company has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
• Lack of exchangeability - amendments to IAS 21	01 January 2025	The impact of the amendments is not material.

2.2 Standards and interpretations not yet effective

The company has chosen not to early adopt the following standards and interpretations, which have been published and are mandatory for the company's accounting periods beginning on or after 01 April 2026 or later periods:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
• IFRS 18 Presentation and Disclosure in Financial Statements	01 January 2027	Unlikely there will be a material impact
• Amendments to IFRS 1 First-time Adoption of International Financial Reporting Standards	01 January 2026	Unlikely there will be a material impact
• Amendments to IFRS 7 Financial Instruments: Disclosures	01 January 2026	Unlikely there will be a material impact
• Amendments to IFRS 9 Financial Instruments	01 January 2026	Unlikely there will be a material impact
• Amendments to IAS 7 Statement of Cash flows - Cost Method	01 January 2026	Unlikely there will be a material impact
• Amendments to IFRS 9 and IFRS 7: Amendments to the Classification and Measurement of Financial Instruments	01 January 2026	Unlikely there will be a material impact

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

	39,154,562	51,224,662	(14,124,386)	(12,502,637)	63,752,201

During the year an amount of R37 014 604 (2025: R40 227 866) was included in the vehicle additions, which was transferred from Inventory to Property, Plant and Equipment and is excluded from the cash additions as well as the cash generated from operations in the statement of cash flows.

4. Right-of-use assets

The company leases various buildings as the need arises. Lease contracts are typically made for fixed periods between 3 years to 10 years. Lease contracts are negotiated on an individual basis and contain a wide range of different terms and conditions.

The lease contracts do not impose any covenants.

Details pertaining to leasing arrangements, where the company is lessee are presented below:

	2026			2025		
	Cost or revaluation	Accumulated depreciation	Carrying value	Cost or revaluation	Accumulated depreciation	Carrying value
Buildings and infrastructure	**90,457,559**	**(8,953,714)**	**81,503,845**	9,515,602	(1,518,058)	7,997,544

Reconciliation of right-of-use assets - 2026

	Opening balance	Additions	Other modifications	Depreciation	Total
Buildings and infrastructure	**7,997,544**	**80,915,294**	**26,663**	**(7,435,656)**	**81,503,845**

Reconciliation of right-of-use assets - 2025

	Opening balance	Additions	Terminations	Depreciation	Total
Buildings and infrastructure	977,090	9,392,827	(572,699)	(1,799,674)	7,997,544

5. Deferred tax

Deferred tax asset

	2026	2025
Deferred revenue less Section 24C allowance	**2,469,328**	2,054,027
Lease liabilities	**23,334,186**	2,307,783
Prepaid expenses	**(318,295)**	(2,938,318)
Provisions	**3,405,258**	4,409,279
Right-of-use assets	**(23,535,919)**	(2,159,337)
Total deferred tax asset	**5,354,558**	3,673,434

Reconciliation of deferred tax asset

	2026 R	2025 R
At beginning of year	**3,673,434**	21,200,668
Increases (decrease) in tax loss available for set off against future taxable income-gross of valuation allowance	**–**	(288,425)
Taxable / (deductible) temporary difference on deferred revenue	**415,301**	535,728
Taxable / (deductible) temporary difference on lease liabilities	**21,026,403**	1,852,230
Taxable / (deductible) temporary difference on prepaid expenses	**2,620,023**	(2,527,381)
Taxable / (deductible) temporary difference on provisions	**(1,004,021)**	(15,203,863)
Taxable / (deductible) temporary difference on right-of-use assets	**(21,376,582)**	(1,895,523)
	5,354,558	3,673,434

The deferred tax assets and the deferred tax liability relate to income tax in the same jurisdiction, and the law allows net settlement. Therefore, they have been offset in the statement of financial position.

Management expects sufficient future taxable income in the company to enable the company to realise the deferred tax asset.

6. Retirement benefits

Defined contribution plan

It is the policy of the company to provide retirement benefits to all its employees. A defined contribution provident fund which is subject to the Pensions Fund Act exists for this purpose. The scheme is funded by company and employee contributions only, which are charged to the income statement as they are incurred. The total company contributions to such scheme in 2026 was R4 403,506 (2025: R3 259,654).

The company is under no obligation to cover any unfunded benefits.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

7. Loans receivable

Loans receivable are presented at amortised cost, which is net of loss allowance, if any, as follows:

	2026	2025
	R	R
Makatu Enterprises	2,665,000	2,665,000
Nyk Mangane Projects	900,000	900,000
	3,565,000	3,565,000

The loan is unsecured, interest free and repayable on demand.

Exposure to credit risk

Loans receivable inherently exposes the company to credit risk, being the risk that the company will incur financial loss if counterparties fail to make payments as they fall due.

Fair value of loans receivable

The fair value of loans receivable approximates their carrying amounts.

8. Inventories

	2026	2025
	R	R
Agricultural produce	**621,345**	621,345
Goods in transit	**300,619,459**	335,311,887
Motor vehicles	**522,572,244**	1,061,151,678
Spares	**190,342,262**	157,979,190
	1,014,155,310	1,555,064,100
Provision for write down of inventories to net realisable value - motor vehicles, spares and agricultural produce	**(2,142,073)**	(1,642,073)
	1,012,013,237	1,553,422,027

9. Trade and other receivables

	2026	2025
	R	R
Financial instruments:		
Trade receivables	**111,482,316**	182,544,811
Deposits	**10,256,148**	2,906,762
Non-financial instruments:		
Contract assets	**184,940**	–
Prepayments	**46,408,811**	78,397,031
Total trade and other receivables	**168,332,215**	263,848,604

Financial instrument and non-financial instrument components of trade and other receivables

	2026	2025
	R	R
At amortised cost	**121,738,464**	185,451,573
Non-financial instruments	**46,593,751**	78,397,031
	168,332,215	263,848,604

Exposure to credit risk

Trade receivables inherently expose the company to credit risk, being the risk that the company will incur financial loss if customers fail to make payments as they fall due. Trade receivables are generally considered to be in default when the receivable is 30 days past due on their contractual payments.

In order to mitigate the risk the company deals with reputed banks and customers and also demands bank guarantees or purchase credit insurance where applicable.

There have been no significant changes in the credit risk management policies and processes since the prior reporting period.

The average credit period on trade receivables is 7 days (2025: 13 days). No interest is charged on outstanding trade receivables.

The company makes use of a provision matrix as a practical expedient to the determination of expected credit losses on trade and other receivables. The provision matrix has been applied to appropriate groupings of receivables based on shared credit risk characteristics. There is no material expected credit losses on application of the provision matrix for the businesses.

Furthermore, the company writes off a receivable where there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery. Receivables written off may still be subject to enforcement activities under the company recovery procedure, considering legal advice where appropriate. In the current year receivables amounting to R6 695 425 (2025: R4 203 977) was written-off.

Expected credit loss rate:	2026 Estimated gross carrying amount at default	2026 Loss allowance (Lifetime expected credit loss)	2025 Estimated gross carrying amount at default	2025 Loss allowance (Lifetime expected credit loss)
Not past due	**106,813,845**	**–**	164,530,460	–
Less than 30 days past due	**4,668,471**	**–**	18,014,351	–
Total	**111,482,316**	**–**	182,544,811	–

Fair value of trade and other receivables

The fair value of trade and other receivables approximates their carrying amounts.

10. Cash and cash equivalents

	2026	2025
	R	R
Cash and cash equivalents consist of:		
Cash on hand	**29,039**	240,145
Bank balances	**407,313,306**	65,304,998
Bank overdraft	**(451,546)**	(451,046)
	406,890,799	65,094,097
Current assets	**407,342,382**	65,545,287
Current liabilities	**(451,583)**	(451,190)
	406,890,799	65,094,097

There is a cession amounting to R125 139 (2025: R125 139) relating to the First National Bank Account (Account number: 74865277774). This cession is a guarantee to SARS to cover any defaults in relation to the bonded storage facility of Mahindra South Africa.

The carrying amount of cash and cash equivalents reasonably approximates its fair value.

All cash balances are placed with reputable financial institutions which have positive credit ratings. Therefore, there is no significant credit risk associated with cash and cash equivalents.

11. Share capital

	2026	2025
	R	R
Authorised		
70,000,000 Ordinary shares with no par value	**70,000,000**	70,000,000
Reconciliation of number of shares issued:		
Reported as at beginning of year	**52,000,000**	52,000,000
Issued		
52,000,000 Ordinary shares with no par value	**52,000,000**	52,000,000

12. Foreign currency translation reserve

The Kenya Branch operations in Shilling has been translated to ZAR based on the exchange rate. The foreign currency reserve is a result of the foreign currency translation.

	2026	2025
	R	R
Kenya Branch operations	**(19,245,759)**	(19,245,759)

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

13. Lease liabilities

	2026 R	2025 R
Present value of minimum lease payments due		
- within one year	**4,463,355**	1,427,765
- in second to fifth year inclusive	**28,715,648**	7,119,581
- later than five years	**53,248,243**	–
	86,427,246	8,547,346
The lease liability classification at year end is as follows:		
Non-current liabilities	**81,963,891**	7,119,581
Current liabilities	**4,463,355**	1,427,765
	86,427,246	8,547,346

The lease liability relates to the right-of-use assets disclosed under note 4.

The company leases various buildings as the need arises under operating leases.

Lease contracts are typically made for fixed periods between 3 years and 10 years.

Interest is based on the incremental borrowing rate of 11.75% for the South African Office and the training centre leases; and 9.5% for the parts warehouse lease.

	2026 R	2025 R
Analysis of movement in lease liabilities		
Balance as at beginning of year	**8,547,346**	1,691,571
New leases	**80,915,294**	9,431,099
Terminations	**–**	(1,116,292)
Capital repayments	**(3,035,394)**	(1,459,032)
- Lease payments	**(10,319,018)**	(2,262,873)
- Interest charges	**7,283,624**	803,841
Balance as at end of the year	**86,427,246**	8,547,346

For details of the exposure to liquidity risk related to finance lease liabilities, as well as the maturity analysis of the gross amounts payable, refer to note 28.

14. Contract liabilities

	2026 R	2025 R
Summary of contract liabilities		
Service plans	**457,282,913**	380,375,369
Reconciliation of contract liabilities		
Opening balance	**380,375,369**	281,166,408
Raised in current year	**197,309,421**	212,259,309
Revenue in current year	**(120,401,877)**	(113,050,348)
	457,282,913	380,375,369
Split between non-current and current portions		
Non-current liabilities	**296,555,441**	259,949,093
Current liabilities	**160,727,472**	120,426,276
	457,282,913	380,375,369

Nature: Certain vehicles are sold with a service plan. This service plan then covers certain services for a predetermined number of years and kilometres travelled. The income from these service plans is deferred and recognised as these services are performed.

Assumptions: The fair value of contract liabilities from service plans is management's best estimate of the company's future income and cost based on the estimated service cost that would occur for the selected models over a period of three to five years adjusted for inflation and possible price increases in parts and labour used in the service of the selected model.

15. Provisions

Reconciliation of provisions - 2026

	Opening balance	Additions	Utilised during the year	Total
Provision for warranty claims	**6,675,808**	**148,316,080**	**(151,717,557)**	**3,274,331**

Reconciliation of provisions - 2025

	Opening balance	Additions	Utilised during the year	Change in estimate	Change in discount factor	Total
Provision for warranty claims	66,686,887	10,040,019	(56,211,130)	(22,875,738)	9,035,770	6,675,808

	2026 R	2025 R
Non-current liabilities	**2,511,984**	2,511,984
Current liabilities	**762,347**	4,163,824
	3,274,331	6,675,808

Nature: This provision is raised due to the fact that certain vehicles and tractors sold are sold under a warranty, thus this provision estimates cost that would occur in the future for repairs under warranties.

Assumptions: Warranty provisions are managements best estimate of the company's liability (after the expected reimbursement from the manufacturer) on vehicles under two or three year warranties based on three years actual historical sales and warranty claims occurred. The warranty period for tractors being a twelve month period from date of sale.

Further, the warranty provision has been discounted to present value and the incremental amount pertaining to the current financial year has been adjusted in cost of sales.

Change in estimate:

During the prior period, the company gained more experience which it considered in it's estimate of the warranty provision. This experience resulted in the company being able to determine a reimbursement factor on the total cost per day to reflect the exposure for warranty claims which the company is exposed to which the company was not able to reliably estimate in previous years. This reimbursement factor was determined as the amount which Mahindra & Mahindra Limited reimburses the company on each warranty claim submitted. The provision raised was thus only reflecting the amount which the company expected not to be reimbursed for. This resulted in the once off adjustment in the prior year of R22 875 738.

This did not affect prior periods and was applied prospectively.

16. Trade and other payables

	2026 R	2025 R
Financial instruments:		
Accruals	**82,790,292**	142,382,393
Accrued operating expenses	**106,919,838**	124,251,214
Accrued leave pay	**5,528,647**	4,314,109
Other payables*	**1,445,415**	1,445,415
Sundry payables*	**2,125,999**	3,093,262
Trade payables	**659,231,575**	1,031,482,303
Non-financial instruments:		
VAT	**49,378,481**	21,588,952
	907,420,247	1,328,557,648

* Relates in majority to professional fees and payments for retirement funds.

Fair value of trade and other payables

The fair value of trade and other payables approximates their carrying amounts.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

17. Revenue

	2026	2025
	R	R
Revenue from contracts with customers		
Sale of goods and services	**5,697,545,626**	4,906,703,720
Disaggregation of revenue from contracts with customers		
The company disaggregates revenue from customers as follows:		
The amount included in revenue arising from exchanges of goods or services included in revenue are as follows:		
Sale of spares	**528,486,800**	465,518,539
Sale of vehicles	**5,106,818,474**	4,291,974,071
Sale of service plan	**26,201,887**	113,050,348
Sale of construction equipment	**–**	2,590,000
Sale of farm equipment	**36,038,465**	33,570,762
	5,697,545,626	4,906,703,720
Timing of revenue recognition:		
At a point in time	**5,671,343,739**	4,793,653,372
Over time	**26,201,887**	113,050,348
	5,697,545,626	4,906,703,720

Transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the reporting date

The transaction price which has been allocated to performance obligations which are unsatisfied or partially unsatisfied at the reporting date are presented below, together with the expected timing of satisfying the performance obligations:

2026

	1 year	2 years	3-5 years
Transaction price allocated to:			
Service plans	**160,727,470**	**139,387,274**	**157,168,168**

2025

	1 year	2 years	3-5 years
Transaction price allocated to:			
Service plans	120,426,277	107,868,643	152,080,448

18. Cost of sales

	2026	2025
	R	R
Sale of goods	**5,116,573,076**	4,417,972,692

19. Operating profit (loss)

Operating profit for the year is stated after charging (crediting) the following, amongst others:

Auditor's remuneration - external

	2026	2025
	R	R
Audit fees	**1,314,777**	1,000,000
Tax and secretarial services	**–**	13,415
	1,314,777	1,013,415

Leases

	2026	2025
	R	R
Short-term leases	**1,026,410**	2,187,872
Total lease expenses	**1,026,410**	2,187,872

Other operating gains (losses)

	2026	2025
	R	R
Loss (profit) on exchange differences	**2,150,023**	(1,174,789)
Profit on sale of property, plant and equipment	**(9,343,431)**	(3,940,880)

Expenses by nature

The operating expenses are analysed by nature as follows:

	2026	2025
	R	R
Depreciation	**22,600,552**	13,952,486
Employee costs	**77,286,633**	66,020,222
	99,887,185	79,972,708

20. Investment income

	2026	2025
	R	R
Interest income		
From investments in financial assets:		
Bank	**12,068,458**	5,732,535

21. Interest expense

	2026	2025
	R	R
Bank and other	434,409	873,572
Lease liabilities	928,916	803,841
Vehicle purchase credit	36,086,738	29,635,276
	37,450,063	31,312,689

22. Taxation

Major components of the tax expense

	2026	2025
	R	R
Current		
Local income tax – current period	**18,083,453**	1,480,492
Deferred		
Deferred income tax – current period	**(1,681,124)**	17,527,234
	16,402,329	19,007,726

Reconciliation of the tax expense

Reconciliation between accounting profit and tax expense.

	2026	2025
	R	R
Accounting profit	**67,882,352**	69,166,738
Tax at the applicable tax rate of 27% (2025: 27%)	**18,328,235**	18,675,019

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

	2026 R	2025 R
Tax effect of adjustments on taxable income		
Non-deductible expenses*	(1,925,906)	203,107
Prior year adjustment on deferred tax-assessed loss not allowed	–	129,600
	16,402,329	19,007,726

* Non-deductible expenses relate to donations and depreciation on leasehold improvements.

23. Cash generated from operations

	2026 R	2025 R
Profit before taxation	**67,882,352**	69,166,738
Adjustments for non-cash items:		
Depreciation	**22,600,552**	13,952,486

Capital risk management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial risk management

Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

The company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date.

Liquidity risk

The company manages its liquidity needs by carefully monitoring scheduled debt servicing payments for long-term financial liabilities as well as cash-outflows due in day-to-day business. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as on the basis of a rolling 30-day projection. Short-term liquidity needs for a 120-day or less are identified monthly.

Funding in regard to long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities.

The company has contractual maturities which are summarised below:

31 March 2026	Current	Within 6 months	Within 1 year	2 - 5 years
Trade and other payables	824,629,955	819,101,308	–	–
Lease liabilities	–	–	4,463,355	81,963,891
	824,629,955	819,101,308	4,463,355	81,963,891

At 31 March 2025	Current	Within 6 months	Within 1 year	2 - 5 years
Trade and other payables	1,164,586,323	1,160,703,625	–	–
Lease liabilities	–	–	1,427,766	7,119,581
	1,164,586,323	1,160,703,625	1,427,766	7,119,581

The above contractual maturities reflect the gross cash flows, which may differ to the carrying values of the liabilities at the reporting date.

Foreign currency risk

Most of the company's transactions are carried out in Rands. Exposure to currency exchange rates arise from the company's overseas purchases and sea freight, which are primarily denominated in US Dollars and Indian Rupees.

Foreign currency denominated financial assets and liabilities, translated in Rands at the closing rate, are as follows:

Foreign currency exposure at the end of the reporting period

	2026 R	2025 R
Assets (Included in Trade and other receivables and Cash and cash equivalents)		
Bank balance (2026: USD 90 857; 2025: USD 113 044)	1,559,020	2,283,601
Mahindra and Mahindra Limited (2026: USD 512 140 INDR 516 790; 2025: USD 516 790 INDR 4 279 339)	8,794,762	9,519,272
Liabilities (Included in Trade and other payables)		
Erkunt (2026: Euro 16 007; 2025: Euro 20 028)	315,328	399,759
Mahindra and Mahindra Limited (2026: INR 4 347 083; 2025: USD 11 113 INR 4 279 339)	792,511	1,125,170
Croco Holdings (2026: USD 211 962; 2025: USD 0)	3,427,577	–

Foreign currency sensitivity

The following table illustrates the sensitivity of the net result for the year and equity in regard to the company's financial assets and financial liabilities and the US Dollar Rand exchange rate.

It assumes a +13.54% and -9.51% change of the Rand / US Dollar exchange rate for the year ended 31 March 2026 (2025: +5.56% and -6.14%). This has been determined based on the average market volatility in exchange rates in the previous 12 months. The sensitivity analysis is

NOTES TO THE ANNUAL FINANCIAL STATEMENTS (Contd.)

based on the company's foreign currency financial instruments held at balance sheet date and also takes into account forward exchange contracts that offset effects from changes in currency exchange rates.

If the Rand had weakened against the US Dollar by 9.51% (2025: 6.14%) then this would have had the following impact.

	2026	2025
	R	R
Net results for the year	**832,570**	509,654

If the Rand had strengthened against the US Dollar by 13.54% (2025: 5.56%) then this would have had the following impact:

	2026	2025
	R	R
Net results for the year	**(1,185,383)**	(509,819)

Exposure to foreign exchange rates vary during the year depending on the volumes of overseas transactions. Nonetheless, the analysis above is considered to be representative of the company's exposure to currency risk.

Interest rate risk

The following table illustrates the sensitivity of the net result for the year and equity to a reasonably possible change in interest rates of +2% and -2% (2025: +2% and -2%), with effect from the beginning of the year. These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on the company's financial instruments held at each balance sheet date. All other variables are held constant.

	2026	2026	2025	2025
Net results for the year	**11,584,792**	**(11,584,792)**	5,547,063	(5,547,063)

29. Banking facilities

The company received credit facilities from Citibank which consists of a ZAR facility of R 99.5 million for working capital facilities. The prior year facility was with First National Bank, to the value of R100 mil.

The above facility has no security requirements imposed.

30. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business. The entity has maintained a net asset position and holds sufficient funds to finance future operations. The directors are not aware of any new material changes that may adversely impact the company. The directors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the company.

31. Events after the reporting period

The directors are not aware of any material event which occurred after the reporting date and up to the date of this report.

INDEPENDENT AUDITOR'S REPORT

To the Automobili Pininfarina GmbH, Munich

Audit Opinions

We have audited the annual financial statements of Automobili Pininfarina GmbH, Munich, which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss for the financial year from 1 April 2025 to 31 March 2026, and notes to the financial statements, including the presentation of the recognition and measurement policies. In addition, we have audited the management report of Automobili Pininfarina GmbH, Munich, for the financial year from 1 April 2025 to 31 March 2026. In accordance with the German legal requirements, we have not audited the content of the statement on corporate governance pursuant to section 289f paragraph 4 HGB [Handelsgesetzbuch: German Commercial Code] (disclosures on the quota for women on executive boards).

In our opinion, on the basis of the knowledge obtained in the audit,

- the accompanying annual financial statements comply, in all material respects, with the requirements of German commercial law applicable to business corporations and give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2026 and of its financial performance for the financial year from 1 April 2025 to 31 March 2026 in compliance with German Legally Required Accounting Principles, and
- the accompanying management report as a whole provides an appropriate view of the Company's position. In all material respects, this management report is consistent with the annual financial statements, complies with German legal requirements and appropriately presents the opportunities and risks of future development. Our audit opinion on the management report does not cover the content of the statement on corporate governance referred to above.

Pursuant to section 322 paragraph 3 sentence 1 HGB, we declare that our audit has not led to any reservations relating to the legal compliance of the annual financial statements and of the management report.

Basis for the Audit Opinions

We conducted our audit of the annual financial statements and of the management report in accordance with section 317 HGB and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Our responsibilities under those requirements and principles are further described in the "Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report" section of our auditor's report. We are independent of the Company in accordance with the requirements of German commercial and professional law, and we have fulfilled our other German professional responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions on the annual financial statements and on the management report.

Responsibilities of the Executive Director for the Annual Financial Statements and the Management Report

The executive director is responsible for the preparation of the annual financial statements that comply, in all material respects, with the requirements of German commercial law applicable to business corporations and that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles. In addition, the executive director is responsible for such internal control as they, in accordance with German Legally Required Accounting Principles, have determined necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud (i.e., fraudulent financial reporting and misappropriation of assets) or error.

In preparing the annual financial statements, the executive director is responsible for assessing the Company's ability to continue as a going concern. They also have the responsibility for disclosing, as applicable, matters related to going concern. In addition, they are responsible for financial reporting based on the going concern basis of accounting, provided no actual or legal circumstances conflict therewith.

Furthermore, the executive director is responsible for the preparation of the management report that as a whole provides an appropriate view of the Company's position and is, in all material respects, consistent with the annual financial statements, complies with German legal requirements, and appropriately presents the opportunities and risks of future development. In addition, the executive directors are responsible for such arrangements and measures (systems) as they have considered necessary to enable the preparation of a management report that is in accordance with the applicable German legal requirements, and to be able to provide sufficient appropriate evidence for the assertions in the management report.

Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and whether the management report as a whole provides an appropriate view of the Company's position and, in all material respects, is consistent with the annual financial statements and the knowledge obtained in the audit, complies with the German legal requirements and appropriately presents the opportunities and risks of future development, as well as to issue an auditor's report that includes our audit opinions on the annual financial statements and on the management report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with section 317 HGB and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer (IDW) will always detect a material misstatement. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements and this management report.

We exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements and of the management report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our audit opinions. The risk of not detecting a material misstatement resulting from fraud is higher than the risk of not detecting a material misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit of the annual financial statements and of arrangements and measures relevant to the audit of the management report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of internal control or these arrangements and measures.
- Evaluate the appropriateness of accounting policies used by the executive director and the reasonableness of estimates made by the executive director and related disclosures.
- Conclude on the appropriateness of the executive director' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the annual financial statements and in the management report or, if such disclosures are inadequate, to modify our respective audit opinions. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to be able to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements present the underlying transactions and events in a manner that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles.
- Evaluate the consistency of the management report with the annual financial statements, its conformity with German law, and the view of the Company's position it provides.
- Perform audit procedures on the prospective information presented by the executive director in the management report. On the basis of sufficient appropriate audit evidence we evaluate, in particular, the significant assumptions used by the executive director as a basis for the prospective information, and evaluate the proper derivation of the prospective information from these assumptions. We do not express a separate audit opinion on the prospective information and on the assumptions used as a basis. There is a substantial unavoidable risk that future events will differ materially from the prospective information.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit."

On publication or further submission of the annual financial statements and/or the management report in a form other than that audited by us (including translations into other languages), a further statement will be required from us if our auditor's report is cited or reference is made to our audit; we refer hereby in particular to section 328 HGB.

NOTES TO THE FINANCIAL STATEMENTS

General details relating to the financial statements

The company was formed based on the articles of association dated 05 February 2018.

The financial statements have been prepared in accordance with the provisions of the German Commercial Code [Handelsgesetzbuch - HGB] applicable to business corporations and the Limited Liability Companies Act [GmbH-Gesetz - GmbHG].

According to the size classes defined in Sec. 267 Commercial Code [Handelsgesetzbuch – HGB] the company falls into the category of a medium-sized corporation.

As in the prior year, the statement of profit and loss for the financial year 2025/2026 is prepared according to the nature of expense method pursuant to Section 275 (2) HGB.

The exemption options for medium-sized corporations pursuant to Sections 286 and 288 (2) HGB were exercised in part.

At the end of the financial year, there was a deficit of EUR 27,322,579.02 (prior year: EUR 11,119,938.68) not covered by equity, which is partly compensated by the contributions of EUR 15,000,000.00 (prior year EUR 5,800,000.00) made to implement the resolved capital increase and from future contribution from fresh increase in authorised capital of EUR 25,000,000.00 increased through shareholder's resolution dated 3rd December 2025.

Details relating to the identification of the company according to the Court of Registration

Business name acc. to Court of Registration:	Automobili Pininfarina GmbH
Registered office acc. to Court of Registration:	Munich
Register entry:	Commercial Register
Registrar of Companies:	Munich Local Court
Register number:	HRB 239596

Details relating to accounting policies

Accounting and valuation principles

Purchased intangible fixed assets are recognised at acquisition cost and, if they have a limited life, are amortized subject to straight-line depreciation.

Internally generated assets are valued at manufacturing cost according to Sec. 255 (2a) HGB, i.e. included as assets in the balance sheet with the expenses incurred as of development. After completion and from the beginning of sales, they are amortised over the expected useful life using the straight-line method. The expected useful life is determined based on the sales period of the developed vehicles. The Company did not make use of the option regarding the capitalisation of costs according to Sec. 255 (2) sentence 3 HGB.

The Company does not engage in basic research. Hence, a separation of research and development is not required. Occasionally, feasibility studies are conducted before the development of a vehicle which are not capitalised. After completion of the feasibility study, development costs recorded if the following criteria are fulfilled:

- It is very probable that the planned intangible asset is created
- The development costs can be attributed reliably to the specific intangible asset
- No prohibition within the sense of Sec. 248 (2) sentence 2 HGB

The Company starts capitalising the development costs as soon as these criteria are met.

Property plant and equipment were recognised at acquisition costs subject to straight-line depreciation. Straight-line regular depreciation was applied pro rata temporis in accordance with the expected useful life.

Low-value assets with acquisition costs of up to EUR 800 are expensed as incurred in the year of their acquisition, assuming that it is disposed of in the year of acquisition.

Financial assets were valued at acquisition cost.

If the value of fixed assets as determined based on the principles mentioned above is expected to exceed the fair value as of reporting date permanently, this is taken into account by an impairment.

Inventories were recognised at manufacturing costs in conformity with the lower of cost or market principle.

Receivables and other assets are valued at nominal value and reflect all identifiable risks.

Prepayments and accrued income include expenditures before the reporting date representing costs for a certain time after this date.

The option for recognising an asset for deferred tax assets according to Sec. 274 (1) sentence 2 HGB was not exercised.

Other provisions were created for all identifiable risks and contingent liabilities and are recognised at the settlement amount required, according to prudent commercial judgement.

Deferred income includes income prior to the balance sheet date that represents income for a specified period thereafter.

Assets and liabilities denominated in foreign currencies are translated at the closing rate on the reporting date in accordance with Sec. 256a HGB.

Liabilities were reported at the settlement amount.

NOTES TO THE FINANCIAL STATEMENTS

Notes to the balance sheet

Development of assets for individual fixed assets items.

The depreciation applicable to the individual items for the financial year can be derived from the development of assets.

Research and development

The development expenditure incurred in the financial year was capitalised. It concerns the internally generated intangible assets described in the following. In the financial year, no research costs incurred.

Internally generated intangible assets

Expenses for internally generated intangible assets were capitalised at their manufacturing costs in the amount of EUR 1,651,740.33. The manufacturing costs amount to a total of EUR 122,647,920.78 (prior year: EUR 120,996,180.45).

Due to a permanent impairment within the sense of Sec. 253 (3) sentence 5 HGB as of reporting date an extraordinary amortization of internally generated intangible assets in the amount of EUR 1,651,740.33 (prior year: EUR 197,621.20) were recognised.

Other liabilities - Customer advances

Payments by customers are recognised predominantly as other liabilities. The contributions do not constitute advances within the sense of German Commercial Law as they do not relate to a binding order. Advances made amount to a total of EUR 400,000.00 (prior year: EUR 2,000,000.00).

Share capital

The Company's share capital registered in the Commercial Register and fully paid up as of 31/03/2026 amounts to EUR 235,000,000.00. EUR 15,000,000.00 of an additional capital increase in the past financial year were already paid in but not yet registered into the commercial register.

Authorized capital

The nominal amount of the authorized capital was EUR 25,000,000.00 (resolution of the shareholders' meeting of September 13, 2021; Authorized Capital 2022/I), EUR 5,000,000.00 (resolution of the shareholders' meeting of August 30, 2022; Authorized Capital 2022/II), EUR 25,000,000.00 (resolution of the shareholders' meeting of July 1, 2024; Authorized Capital 2024/I) and EUR 25,000,000.00 (resolution of the shareholders' meeting of December 3, 2025; Authorized Capital 2025/I). As of March 31, 2026, the Authorized Capital 2022/I, 2022/II and 2024/I had been fully utilized, however, EUR 15,000,000.00 which had already been paid in, was still to be registered in the commercial register. The Authorized capital increase 2025/I have not been utilised as on 31st March 2026.

Disclosures and Explanations on Provisions and Deferred Income

Other provisions total EUR 11,589,099.08 (prior year: EUR 5,736,625.36). This primarily includes provisions for outstanding invoices and personnel provisions. Revenues for dependent warranty services have been deferred since the financial year.

Remaining maturities and cross classifications

Liabilities due within one year amount to EUR 3,611,301.78 (prior year: EUR 8,067,543.36). Trade receivables and other assets have a remaining maturity of up to one year EUR 2,699,132.04 (prior year: EUR 6,966,418.02). Trade receivables include receivables from affiliated companies amounting to EUR 591,712.5 (prior year: EUR 581,407.75).

Notes to the income statement

Notes on income and expenses in exceptional amounts or of exceptional incidence

Expenses in exceptional amounts or of exceptional incidence significant within the meaning of Sec. 285 No. 31 HGB include in detail:

- Event expenses in the amount of EUR 534,668.33 (prior year: EUR 1,893,631.58)
- External services in the amount of EUR 1,104,683.59 (prior year: EUR 2,532,823.90)

Income from currency translation is recorded in the statement of profit and loss under "Gross profit" in the amount of EUR 37,430.73, (prior year: EUR 208,773.10). Expenses from currency translation are recorded separately under "Other operating expenses" in the amount of EUR 91,971.22 (prior year: EUR 340,122.15) shown separately. In addition, the item "Other operating expenses" includes expenses relating to other periods in the amount of EUR 36,773.74 (prior year: EUR 111,492.14), while "Gross profit" includes income relating to other periods in the amount of EUR 448,263.37 (prior year: EUR 665,705.00).

Other disclosures

Average number of staff employed in the financial year

The average number of staff employed by the company during the financial year was 71 (prior year: 111).

	2026	2025
DESIGN & ENGINEERING	**35**	54
OTHER DEPARTMENTS	**36**	57

INDEPENDENT AUDITOR'S REPORT

To the Stockholder

Automobili Pininfarina Americas Inc.

Opinion

We have audited the accompanying financial statements of Automobili Pininfarina Americas Inc. (the "Company"), which comprise the balance sheets as of March 31, 2026, and March 31, 2025, and the related statements of income, stockholder's equity and cash flows for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company, as of March 31, 2026 and March 31, 2025, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

(The accompanying notes are an integral part of these financial statements)

Notes to Financial Statements

NOTE A – NATURE OF OPERATIONS

Automobili Pininfarina Americas Inc. (hereinafter referred to as “APA” or “the Company”) was converted to a Delaware corporation on January 23, 2019 through the conversion of a Delaware Limited Liability Company, under the name of Harkey Acquisition, LLC. The Company is a wholly owned subsidiary of Automobili Pininfarina GmbH (hereinafter referred to as “the Parent Company”).

The Parent Company acquired 100% membership interest of Harkey Acquisition, LLC (hereinafter referred to as “the LLC”) on January 15, 2019 from Oakland Standard Co., LLC (“the Seller”). No capital contribution was made by the Seller in the LLC. Post acquisition, a plan of conversion to a Corporation was adopted and the LLC was converted and renamed as “Automobili Pininfarina Americas Inc.”.

The Company is in the start-up phase. The Parent Company plans to manufacture and distribute, directly or indirectly, to retail customers, a luxury vehicle known as the Battista. Distribution of Battista in the United States of America will be through the Company.

Automobili Pininfarina Americas Inc. provides business support services to the Parent Company in form of marketing and other support services.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. *Basis of preparation*

   a) The accompanying financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America (‘US GAAP’) to reflect the financial position, results of operations and cash flows of the Company.

   b) The financial statements are for the years ended March 31, 2026 and March 31, 2025.

   c) All amounts are stated in United States Dollars, unless specified otherwise.

2. *Use of estimates*

   The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The management’s estimates for recognition of deferred tax assets, valuation allowance, warranty provision and accruals at the balance sheet date represent certain of these particularly sensitive estimates. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Any revisions in accounting estimates are recognized prospectively in the current and future periods.

3. *Cash*

   Cash balances in bank accounts are insured by the Federal Deposit Insurance Corporation up to $250,000 for each insured bank for each account per depositor at each financial institution.

4. *Revenue recognition*

   The Company provides business support services to the Parent Company. The Company determines the standalone prices using the expected cost-plus margin approach. Cost includes specific direct costs like professional charges and other charges like bank charges. Margin is computed using data related to historical margins and prevalent market conditions. Revenues from business support services are recognized over a period of time as the services are performed as the customer simultaneously receives and consumes the benefits of the services.

   Under the cost-plus arrangement, the Company is reimbursed for actual costs incurred in providing such services together with a fixed markup, and revenue is recognized accordingly.

   APA subcontracts the work to Automobili Pininfarina GmbH, its Parent Company, which in turn raises an expense charge on APA such that APA retains a mark-up on its operating costs for provision of marketing, business development and customer relationship management services to the Parent Company.

   In subcontracting arrangements where the Company acts as an agent, revenue is recognized on a net basis, representing the margin earned on such transactions.

5. *Accounts receivable and allowance for expected credit losses*

   Accounts receivable from customers are recorded at the original invoiced amounts net of an allowance for doubtful accounts. In accordance with Accounting Standards Codification (ASC) 326, “Financial Instruments—Credit Losses,” accounts receivable are initially recorded at the invoiced amount, net of an allowance for expected credit losses. The Company evaluates the adequacy of the allowance for credit losses on a regular basis, considering various factors such as historical loss experience, current market conditions, the aging of receivables, payment terms, and forward-looking loss expectations.

Notes to Financial Statements

6. *Income taxes*

In accordance with the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 740 "Income Taxes," income taxes are accounted for using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in statements of income in the period that includes the enactment date. The deferred tax asset is reduced by a valuation allowance if it is more likely than not that some portion or all of the asset will not be realized. All deferred tax assets and liabilities, along with any related valuation allowance, are classified as noncurrent on the balance sheets.

7. *Fair value measurements and financial instruments*

Assets and liabilities recorded at fair value in the financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

The Company's financial instruments consist of cash and other current liabilities. The estimated fair value of cash and other current liabilities approximate their carrying amounts due to the short-term nature of these instruments. None of these instruments is held for trading purposes.

8. *Commitments and contingencies*

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

9. *Recently issued accounting standards not yet adopted*

In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures, which enhances the transparency of income tax disclosures by requiring consistent categories and greater disaggregation of information in the effective tax rate reconciliation and income taxes paid, including disaggregation by jurisdiction. The amendments also include other improvements to the effectiveness of income tax disclosures.

The guidance is effective for annual periods beginning after December 15, 2024. Early adoption is permitted. Upon adoption, the guidance may be applied prospectively or retrospectively. The Company does not expect the adoption of this guidance to have a material impact on its financial statements.

In November 2024, the FASB issued ASU No. 2024-03, Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40), which requires expanded disclosure of income statement expenses by category. The guidance is effective for fiscal years beginning after December 15, 2026, and interim periods thereafter. The Company is currently evaluating the impact of this standard on its financial statements.

NOTE C – CASH

Cash include the following:

	As of	
	March 31, 2026	March 31, 2025
Balances with banks	**540,997**	2,025,526
Total	**540,997**	2,025,526

Notes to Financial Statements

NOTE D – ACCOUNTS RECEIVABLE, NET

Accounts receivable include the following:

	As of	
	March 31, 2026	March 31, 2025
Accounts receivable	**–**	461,083
Less: provision for expected credit loss	**–**	–
Total	**–**	461,083

NOTE E – OTHER CURRENT ASSETS

Other current assets comprise the following:

	As of	
	March 31, 2026	March 31, 2025
Advance tax	**1,967**	1,921
Total	**1,967**	1,921

NOTE F – DEFERRED REVENUE

The Company has entered into contracts with multiple customers, wherein the Company will sell Luxury Vehicle Battista ("the vehicle") to the customers. The vehicle will be manufactured by the Parent Company and sold to the Company. The Company in turn will sell the vehicle to the customers through a dealer. Pursuant to the aforesaid arrangement the customer will pay the amount on milestone basis to the Company. As of March 31, 2026, the aggregate amount of deferred revenue received from the customers amounted to $Nil (March 31, 2025: $2,346,700).

NOTE G – OTHER CURRENT LIABILITIES

Other current liabilities include the following:

	As of	
	March 31, 2026	March 31, 2025
Accrued expenses	**12,889**	12,800
Warranty provision	**–**	2,738
Payables for expenses	**–**	217
Total	**12,889**	15,755

NOTE H – INCOME TAXES

The Company will file federal and state tax returns as per regulations applicable to Chapter C corporations in the United States.

The components of the provision for income taxes are as follows:

	For the year ended	
	March 31, 2026	March 31, 2025
Current taxes		
Federal tax	**(333)**	33
State tax	**1,005**	591
Total	**672**	624

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's net deferred income taxes are as follows:

	As of	
	March 31, 2026	March 31, 2025
Deferred tax assets		
Net operating losses	**397**	-
Startup costs	**5,403**	**6,455**
Unrealized forex gain	**1,822**	**2,362**
Total deferred tax assets	**7,622**	8,817
Less: valuation allowance	**(7,622)**	(8,817)
Net deferred tax assets	**–**	–

Realization of net deferred tax assets is dependent upon generation of sufficient taxable income in future years, benefit from the reversal of taxable temporary differences and tax planning strategies. Management assesses the available positive and negative evidence to estimate whether sufficient future taxable income will be generated to permit use of the existing deferred tax assets. The amount of net deferred tax assets considered realizable is subject to adjustment in future periods if estimates of future taxable income change.

Based on the current year and previous year losses, the management believes that it is more likely than not that the deferred tax assets may not be realized during the foreseeable future and accordingly a valuation allowance of $7,622 and $8,817 has been recorded as of March 31, 2026, and March 31, 2025, respectively.

No deferred tax assets were recognized as of March 31, 2026 and March 31, 2025.

Notes to Financial Statements

Accounting for uncertain tax position

The Company recognizes the benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. The Company has no unrecognized tax positions as at March 31, 2026 and March 31, 2025.

The tax years of 2022 through 2024, remain subject to examination by the taxing authorities.

NOTE I – RELATED PARTY TRANSACTIONS

Related parties with whom transactions have taken place during the year:

- Automobili Pininfarina GmbH- the Parent Company

	March 31, 2026	March 31, 2025
Transactions during the year		
Service revenue from Parent Company based on cost-plus arrangement	**30,887**	–
Purchase of the vehicle	**–**	10,290,711
Balances		
Payable to Parent Company*	**518,944**	115,718

*This amount represents purchases of goods, net of receivables arising from services provided to the Parent Company.

NOTE J – COMMON STOCK

Common stock authorized, issued and outstanding

The authorized share capital of the Company consists of 2,000 common shares of par value $25 each as of March 31, 2026 and March 31, 2025.

Common stock issued as of March 31, 2026 and March 31, 2025 was 1,600 shares of $25 each.

Voting

Each holder of common stock is entitled to one vote in respect of each share held as per the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holders of common stock shall be entitled to receive all of the remaining assets of the Company, after distribution of all preferential amounts, if any. Such amounts will be in proportion to the number of equity shares held by the shareholders.

NOTE K – REVENUE

The following table presents revenue disaggregated by source of revenue and classification:

	For the year ended	
	March 31, 2026	March 31, 2025
Revenue from external customers	**–**	10,579,853
Less: purchase of the vehicle from Parent Company *(Refer note I)*	**–**	(10,290,711)
Less: purchase of ancillary items from external parties	**–**	(233,599)
Service revenue from Parent Company based on cost-plus arrangement*	**30,887**	**–**
Revenue	**30,887**	55,543

*During the current year, the Company did not undertake any sale of goods and earned revenue solely from services provided to its related party under a cost-plus arrangement. Accordingly, revenue represents reimbursement of costs incurred in providing such services together with a markup of 5%.

In the prior year, the Company facilitated sale of goods as an agent and accordingly recognized revenue on a net basis, representing the margin earned on such transactions.

Revenue disaggregated by timing of recognition:

	For the year ended	
	March 31, 2026	March 31, 2025
Services transferred over a period of time	**30,887**	55,543
Total revenue by timing of recognition	**30,887**	55,543

Revenue disaggregated based on geographical regions:

The entire revenue is from Parent Company located in Munich, Germany.

NOTE L – FAIR VALUE MEASUREMENTS

Financial assets and liabilities held by the Company are not measured at fair value on a recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature.

Notes to Financial Statements

NOTE M – RISK AND UNCERTAINTIES

The Company operates as a wholly owned subsidiary of Automobili Pininfarina GmbH (the “Parent Company”) and follows a cost-plus service model, under which it provides business support services to the Parent Company. The Company is economically dependent on the Parent Company for revenue generation and financial support.

The Company does not have a formal, legally enforceable agreement with the Parent Company governing continued financial support. Accordingly, the Company’s ability to meet its obligations as they become due is dependent on the Parent Company’s ongoing willingness and ability to provide such support.

The Company has experienced variability in operating cash flows, including negative cash flows from operating activities during the year ended March 31, 2026, primarily due to changes in working capital balances and no revenue from sale of products.

Management monitors the Company’s liquidity and financial position on an ongoing basis and believes that, based on the Parent Company’s historical support and current intentions, the Company will be able to meet its obligations as they become due in the normal course of business.

NOTE N – SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date the financial statements were available to be issued (April 10, 2026). Based on the evaluation, the Company is not aware of any events or transactions that would require recognition or disclosure in the financial statements.

AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MAHINDRA RACING UK LIMITED

Opinion

We have audited the financial statements of Mahindra Racing UK Limited (the 'Company') for the year ended 31 March 2026, which comprise the Statement of comprehensive income, the Balance sheet, the Statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' report thereon. The directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement set out on page herein 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- Enquiry of management and those charged with governance on management's assessment of risk and management's processes for identifying and responding to the risks of fraud in the entity;
- Enquiry of management and those charged with governance around actual and potential litigation and claims;
- Enquiry of entity staff in compliance functions to identify any instances of non-compliance with laws and regulations;
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias;
- Reviewing minutes of meetings of those charged with governance; and
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

1. General Information

Mahindra Racing UK Limited is a private company limited by shares, incorporated in England and Wales within the UK. The address of the registered office and the registration number are given in the company information page of these financial statements.

2. ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The Company's Statement of Financial Position has been adapted and prepared in accordance with Section 4.2A of Financial Reporting Standard 102.

The following principal accounting policies have been applied:

2.2 Financial reporting standard 102 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Mahindra & Mahindra Ltd as at 31 March 2026 and these financial statements may be obtained from Mahindra Towers, Dr. G. M. Bhosale Marg, Worli, Mumbai, 400 018, India.

2.3 Going Concern

The financial statements have been prepared on a going concern basis. The Directors have considered relevant information, including the annual budget, forecast future cash flows and the impact of subsequent events in making their assessment.

The company is currently in a net liabilities position; however, it continues to receive financial support from its parent company. The Directors have a reasonable expectation that such support will continue for the foreseeable future.

Based on these assessments, and having regard to the resources available to the entity, the Directors have concluded that there is no material uncertainty that they can continue to adopt the going concern basis in preparing the annual report and accounts

2.4 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of income within "other operating income".

2.5 Revenue

Sponsorship revenue, apart from that receivable from the parent company, is recognised evenly over each race season in line with the number of races that have taken place prior to the year end, or to the extent that it is probable that the economic benefits will flow to the Company in line with the sponsorship agreement. Sponsorship revenue received from the parent company is recognised when it is due. Value in kind sponsorship is recognised in accordance with fulfillment of conditions per sponsorship agreements. Sponsorship revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

2.6 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to profit or loss on a straight-line basis over the lease term.

2.7 Research and development

Expenditure on development are recognised as an expense when incurred and are not capitalised.

2.8 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.9 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.10 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.11 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Long-term leasehold property	- Lower of lease period and useful life
Plant and machinery	- 33% Straight line
Fixtures and fittings	- 20% Straight line
Office equipment	- 33% Straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.12 Impairment of fixed assets

Assets that are subject to depreciation or amortisation are assessed at each balance sheet date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset is tested for impairment. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

2.13 Stocks

Inventory comprises race components, spare parts and other consumables held for use in the Company's racing and development activities.

Inventory is stated at the lower of cost and net realisable value. Cost includes purchase price and directly attributable costs incurred in bringing the inventory to its present location and condition.

Inventory is recognised as an expense when consumed in the racing season or development activities to which it relates. Where inventory is not expected to be utilised or is no longer recoverable, it is written down to its net realisable value.

2.14 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.15 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.16 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.17 Provisions for Liabilities

Provisions are recognised when an event has taken place that gives rise to a legal or constructive obligation, a transfer of economic benefits is probable and a reliable estimate can be made.

Provisions are measured as the best estimate of the amount required to settle the obligation, taking into account the related risks and uncertainties.

Increases in provisions are generally charged as an expense to profit or loss.

2.18 Financial Instruments

The Company has elected to apply the provisions of Section 11 "Basic Financial Instruments" of FRS102 to all of its financial instruments.

Financial instruments are recognised in the Company's Balance sheet when the Company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously

Basic financial assets

Basic financial assets, which include trade and other debtors, cash and bank balances, are initially measured at their transaction price (adjusted for transaction costs except in the initial measurement of financial assets that are subsequently measured at fair value through profit and loss) and are subsequently carried at their amortised cost using the effective interest method, less any provision for impairment, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, trade and most other debtors due with the operating cycle fall into this category of financial instruments.

Financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after the deduction of all its liabilities

Basic financial liabilities, which include trade and other creditors, bank loans and other loans are initially measured at their transaction price (adjusting for transaction costs except in the initial measurement of financial liabilities that are subsequently measured at fair value through profit and loss). When this constitutes a financing transaction, whereby the debt instrument is measured at the present value of the future payments discounted at a market rate of interest, discounting is omitted where the effect of discounting is immaterial.

Debt instruments are subsequently carried at their amortised cost using the effective interest rate method.

Trade creditors are obligations to pay for goods and services that have been acquired in the ordinary course of business from suppliers. Trade creditors are classified as current liabilities if the payment is due within one year. If not, they represent non-current liabilities. Trade creditors are initially recognised at their transaction price and subsequently are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Dilapidations provision

Dilapidation provision has been recognised on a yearly basis in line with the signed lease contract which will be expiring in 2027.

Depreciation rates

Management apply judgement on the estimated useful life of each class of fixed assets and their useful lives.

4. Turnover

An analysis of turnover by class of business is as follows:

	2026	2025
	£	£
Sponsorship income and race prize monies	**23,154,619**	30,565,318
Sale of goods, services and support to third parties	**–**	310,609
	23,154,619	30,875,927

Analysis of turnover by country of destination:

	2026	2025
	£	£
Europe	**–**	310,609
Rest of the world	**23,154,619**	30,565,318
	23,154,619	30,875,927

5. Other operating income

	2026 £	2025 £
Research & Development grant income	**2,300,598**	1,318,861
	2,300,598	1,318,861

6. Operating loss

The operating loss is stated after charging /(crediting):

	2026 £	2025 £
Research & Development charged as an expense	**2,348,280**	2,198,101
Exchange differences	**312,700**	(27,621)
Other operating lease rentals	**225,602**	262,846
Depreciation	**518,159**	942,938

7. Auditor's remuneration

	2026 £	2025 £
Fees payable to the Company's auditors for the audit of the Company's financial statements	**24,000**	16,000

8. Employees

Staff costs, including directors' remuneration, were as follows:

	2026 £	2025 £
Wages & Salaries	**5,541,713**	5,394,647
Social security costs	**763,243**	727,704
Cost of defined contribution scheme	**312,026**	268,161
	6,616,982	6,390,512

The average monthly number of employees during the year was as follows:

	2026 No.	2025 No.
Racing / Technical	**46**	48
Administrative	**16**	16
	62	**64**

9. Directors' remuneration

	2026 £	2025 £
Directors' emoluments	**880,155**	727,656
Company contributions to defined contribution pension schemes	**48,589**	36,383
	928,744	764,039

During the year retirement benefits were accruing to 2 directors (2025- 2) in respect of defined contribution pension schemes.

The highest paid director received remuneration of £653,904 (2025 - £539,550).

The pension contributions paid in respect of the highest paid director amounted to £32,398 (2025 - £26,977).

10. Interest Receivable

	2026 £	2025 £
Other interest receivable	**66,266**	69,257
	66,266	69,257

11. Interest Payable and Similar expenses

	2026 £	2025 £
Group interest payable	**112,628**	153,533
	112,628	153,533

12. Taxation

Factors affecting tax charge for the year

The tax assessed for the year is lower than (2025 - lower then) the standard rate of corporation tax in the UK of 25% (2024 - 25%).

The differences are explained below:

	2026 £	2025 £
Loss on ordinary activities before tax	**(1,400,816)**	(2,094,392)
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 25% (2025 - 25%)	**(523,598)**	302,001
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 25% (2025 - 25%)	**(350,204)**	(523,598)
Effects of:		
Capital Allowances for year in excess of depreciation	**128,643**	183,029
Utilisation of tax losses	**(16,567)**	(17,314)
Under provision noted in previous years	**–**	141,421
Research & Development Expenditure Claim	**(575,150)**	(329,715)
Research & Development expenditure	**447,716**	549,525
Unrelieved tax losses carried forward	**279,150**	
Provisions tax adjustments	**76,344**	
Other tax effects	**10,068**	(3,348)
Total tax charge for the year	**–**	**–**

13. Tangible fixed assets

20,000 (2024 - 20,000) Ordinary shares of £1.00 each	**20,000**	20,000

19. Reserves

Profit and loss account

The profit and loss account represents the net accumulated profits and losses, after the deduction of dividends and adjustments.

20. Pension commitments

The Company operates a defined contributions pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. The pension cost charge represents contributions payable by the Company to the fund and amounted to £312,026 (2025 - £268,161). Contributions totaling £62,665 (2025- £38,613) were payable to the fund at the balance sheet date and are included in creditors.

21. Commitments under operating leases

At 31 March 2026 the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

	2026	2025
	£	£
Not later than 1 year	**280,000**	204,870
Later than 1 year and not later than 5 years	**102,667**	495,617
	382,667	700,487

22. Related party transactions

The company has taken advantage of the exemption available under paragraph 33.1A of the Financial Reporting Standard 102 not to disclose transactions with other wholly owned members of the Group.

23. Controlling party

The company's immediate parent undertaking is Mahindra Overseas Investment Company (Mauritius) Limited, a company incorporated in Mauritius. The ultimate parent undertaking is Mahindra & Mahindra Limited, a company incorporated in India.

The company's results are included in the consolidated financial statements of Mahindra & Mahindra Limited which are publicly available from Mahindra Towers, Dr. G. M. Bhosale Marg, Worli, Mumbai, 400 018, India.

INDEPENDENT AUDITORS' REPORT

To the Members of Mahindra Last Mile Mobility Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Last Mile Mobility Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related

disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on various dates in April taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(A)(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its financial statements - Refer Note 35 to the financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 40 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 40 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

f. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, we did not come across any instance of audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA LAST MILE MOBILITY LIMITED FOR THE YEAR ENDED 31 MARCH 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified once in three years. In accordance with this programme, no property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year.For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments in, or provided any guarantee or security on behalf of, or granted any loans or advances in the nature of loans, secured or unsecured to Companies, firms or limited liability partnership during the year. The Company has made investments in other parties (mutual funds) and has granted interest bearing unsecured loans to other parties (employees) in respect of which the requisite information is as below. The Company has not granted any secured loans or advances in the nature of loans, secured or unsecured, or provided any guarantee or security on behalf of other parties.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans to other parties as below:

Particulars	Loans (in lakhs)
Aggregate amount during the year	
Others	7.00
Balance outstanding as at balance sheet date	
Others	31.49

(b) According to the information and explanations given to us and based on the audit procedures conducted by us in our opinion the investments made, and the terms and conditions of the grant of unsecured loans, are not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of unsecured loans given to other parties (employees), in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.

(f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made, by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the year and shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has five CICs as part of the Group

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA LAST MILE MOBILITY LIMITED FOR THE YEAR ENDED 31 MARCH 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Last Mile Mobility Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Balance as at 31st March 2025	**(16,178)**	**–**	**27,070**	**(135)**	**10,757**

Nature and purpose of Reserves

(a) Capital Reserve
The Company, post its formation, had acquired a business, on a going concern basis, by entering into a Business Transfer Agreement (BTA) dated 1 September 2023 with its parent entity Mahindra and Mahindra Ltd. Pursuant to the said transaction, a Capital reserve arose which mainly represents the amount of consideration paid over and above the book value of net assets acquired under the BTA, which was accounted as a common control transaction in accordance with Ind AS 103 Business Combinations.

(b) Retained earnings
Retained earning comprises of accumulated balance of profits of the current year and prior years. The said reserve can be utilized or distributed by the Company in accordance with the provisions of the Companies Act, 2013.

(c) Securities Premium
Securities premium arises on account of conversion of compulsorily convertible preference shares into Equity shares during the year.

The accompanying notes 1 to 42 form an integral part of the Financial Statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

1. General Information

Mahindra Last Mile Mobility Limited ('the Company') is an unlisted public limited company domiciled in India and is incorporated under the provisions of Companies Act, 2013. The registered office of the Company is located at Mahindra Towers, Pandurang Budhkar Marg, Worli, Mumbai 400018, Maharashtra.

The Company is a subsidiary of Mahindra & Mahindra Limited (M&M). During the year ended 31st March 2026, the Company has converted compulsorily convertible preference shares into equity shares to International Finance Corporation and India-Japan Fund.

2. Material Accounting Policies

(a) Statement of compliance and basis of preparation and presentation

'These financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These financial statements were approved by the Company's Board of Directors and authorised for issue on 21st April 2026

(b) Basis of measurement

'The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values in accordance with Ind AS.

(c) Measurement of fair values

'A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities;

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly;

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

(d) Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the year in which the estimate is revised and future years affected.

Key sources of estimation, uncertainty, critical judgments and assumptions at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of the below:

(i) Useful lives of property, plant and equipment and intangible assets - refer note 2(e) & 2(f).

(ii) Provision for product warranties - refer note 2(p).

(iii) Fair value of financial assets, liabilities and investments - refer note 2(j).

(iv) Impairment of tangible and intangible assets including investments - refer note 2(g).

(v) Measurement of defined benefit obligations - refer note 2(m)

(e) Property, plant and equipment

Property, plant and equipment (Including Capital Work In Progress) are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any.

Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise dispose off, the cost and related accumulated depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Asset Class	Useful lives
i) Certain items of Plant and equipment	2 to 20 years
ii) Buildings	3 to 30 years
iii) Vehicles	2 to 5 years

(f) Intangible assets

Intangible assets under development

The Company expenses costs incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset.

Intangible assets

Intangible assets are initially recognised at cost.

Subsequent to initial recognition, intangible assets with definite useful lives are amortised on a straight line basis so as to reflect the pattern in which the asset's economic benefits are consumed and are reported at cost less accumulated amortisation and accumulated impairment losses, if any.

The intangible assets are amortised over the estimated year of benefit as below:

Asset Class	Useful lives
i) Development expenditure	3 to 5 years
ii) Brand and IP	3 to 30 years
iii) Computer software	3 to 4 years

The amortisation period for intangible assets are reviewed annually and changes in expected useful lives are treated as changes in estimates.

(g) Impairment of assets

At the end of the reporting year, the Company reviews the carrying amounts of its tangible assets and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier.

Intangible assets not yet available for use are tested for impairment annually or whenever there is an indication that the asset may be impaired.

(h) Inventories

Inventories are carried at cost or net realisable value whichever is lower. Cost is determined on the basis of the weighted average method and comprises of all cost of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

(i) Foreign exchange transactions and translation

Transactions in foreign currencies i.e. other than the Company's functional currency of Indian Rupees are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting year, monetary items denominated in foreign currencies are translated at the functional currency using exchange rates prevailing at that date. Non-monetary items measured at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the year in which they arise.

(j) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as measured at

- Amortised cost - debt instrument; or
- Fair Value through Other Comprehensive Income (FVTOCI) - debt instrument; or
- Fair Value through Other Comprehensive Income (FVTOCI) - equity instrument; or
- Fair Value through Profit or Loss (FVTPL)

The classification of debt instrument as amortised cost or FVTOCI is based on the business model and cash flow chartcteristics of such instrument.

Financial assets are not reclassified subsequent to their initial recognition, except if the Company changes its business model for managing financial assets.

'A financial asset not classified as measured at amortised cost or FVTOCI is measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment expenses are recognised in profit or loss. Any gain and loss on derecognition is also recognised in profit or loss.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows from financial asset in a manner that substantially all the risks and rewards of ownership of the asset are transferred to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Comapny recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised and the proceeds received are recognised as a collateralised borrowing.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Impairment of financial assets

The Company applies the Expected Credit Loss (ECL) model for recognising impairment loss on financial assets. With respect to trade receivables and loans, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the Balance Sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

(k) Revenue Recognition

Sale of goods or services

Revenue from sale of goods are recognised upon satisfaction of performance obligation which is at a point in time, generally on delivery of the goods, when control of the goods is transferred to customers. Revenue from services are recognised upon satisfaction of performance obligation towards rendering of such services.

The Company recognises revenue from sale of goods or services at the amount of transaction price (excluding variable consideration that is constrained), that is allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects it to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of third parties.

An amount of consideration can vary because of discounts, rebates, incentives etc. which are explicitly stated in the contract or are as per customary business practices. The consideration can also vary where the entitlement is contingent on occurrence or non-occurrence of a future

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

event. The Company includes variable consideration as part of transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved. Variable consideration is estimated using the expected value method or the most likely amount depending on which method the Company expects to better predict the amount of consideration to which it will be entitled and is applied consistently throughout the contract.

Payment terms agreed with a customer are as per business practice and the financing component, if significant, is separated from the transaction price and accounted as interest income.

Dividend and Interest income

Dividend from investments are recognised in profit or loss when the right to receive payment is established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

(l) Government Grants

The Company, directly or indirectly through a consortium of Mahindra Group companies, is entitled to various incentives from government authorities. Government grants are recognised when there is a reasonable assurance that the same will be received and all attached conditions will be complied with.

Government grants that are revenue in nature, are recognised in profit or loss on a systematic basis over the years in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

(m) Employee Benefits

ESIC and Labour Welfare Fund

The Company's contribution paid / payable during the year to ESIC and Labour Welfare Fund are recognised in profit or loss.

Provident Fund

Contributions to Provident Fund are made to Regional Provident Fund Commissioners and are charged to profit or loss as incurred.

Gratuity, long term compensated absences, post retirement medical benefit and post retirement housing allowance schemes

The liability towards gratuity, long term compensated absences, post retirement medical benefit and post retirement housing allowance schemes are determined by independent actuaries, using the projected unit credit method.

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in Balance Sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent year.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

Share based payments

Share-based payments to employees are the charged by the Holding Company over the vesting year in accordance with the ESOP scheme and is recognized as share based payment expenses under Employee Benefit Expenses

(n) Borrowing Costs

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial year of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale except for the year the construction activities are temporarily suspended. All other borrowing costs are recognised in profit or loss in the year in which they are incurred.

(o) Income Taxes

Current tax

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting year.

Current tax assets and current tax liabilities are offset, if the entity has a legally enforceable right to set off recognised amounts and intends to settle on net basis or to realise the current tax asset and settle the current tax liabilities simultaneously.

Deferred tax

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting year. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting year, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities, and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax assets including that on unused tax losses and unused tax credits are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

(p) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting year, taking into account the risks and uncertainties surrounding the obligation. When provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of these cash flows (when the effect of the time value of money is material).

Provisions for the expected cost of warranty obligations are recognised at the time of sale of the relevant products, at the best estimate of the expenditure required to settle the Company's obligation. The provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

(q) Leases

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. The lease liability is initially measured at amortised cost at the present value of the future lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

(r) Business Combinations

Business Combination under common control are accounted under "the pooling of interest method" i.e. in accordance with Appendix C in Ind AS 103 - Business combinations, at carrying amount of assets and liabilities acquired and any excess of consideration issued over the net assets acquired is recognised as capital reserve on common control business combination.

(s) Non-current assets held for sale

Non-current assets or disposal groups are classified as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

(t) Current/ Non-current classification

The Company has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet.

3. Recent Accounting Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

4. Property, Plant and Equipment

Property, plant and equipment comprise of owned and leased assets that do not meet the definition of Investment property.

Supplier Finance Arrangements

Some of our suppliers elect to factor some of their receivables from the Company with financial institutions. In such cases, we provide suppliers and/or banks with visibility of invoices approved for payment, which helps them receive cash from the bank before the invoice due date, if they choose to do so. Payment dates and terms for the Company do not vary based on whether the supplier chooses to factor their receivable.

(Rs. in lakhs)

Foreign Currency Forwards	Financial Liability	Financial instruments measured at FVTPL	–	497	Level 2	Discounted Cash Flow

Reconciliation of Level 3 fair value measurements of financial instruments measured at fair value :

Particulars	For the year ended 31st March 2026	For the year ended 31st March 2025
Opening Balance	**101,887**	52,172
Total gains or losses recognised:		
a) in profit/(loss)	**–**	(2,458)
b) in other comprehensive income.	**–**	–
c) transferred (to)/ from other current assets/ (liabilities)	**–**	2,173
c) Converted into Equity Shares	**101,887**	–
Issued during the year	**–**	50,000
Closing balance	**–**	101,887

31.01 Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There have been no transfers among Level 1, Level 2 and Level 3 during the year.

31.02 Financial Risk Management Objective And Policies

In the course of its business, the Company is exposed to a certain financial risks namely credit risk, liquidity risk, currency risk and interest risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the risk management policy which has been approved by Board of Directors of the Company.

31.03 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from the Company's trade receivables. Credit risk arises from cash held with banks and financial institutions as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company's trade and other receivables are actively monitored to review credit worthiness of the customers to whom credit terms are granted and also avoid significant concentrations of credit risks.

Reconciliation of loss allowance for Trade Receivables:

(Rs. in lakhs)

Particulars	For the year ended 31st March 2026	For the year ended 31st March 2025
Balance as at beginning of the year	**49**	4
Additions during the year	**(1)**	45
Balance as at end of the year	**48**	**49**

The Company continuously monitors receivables from customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls.

As at 31 March 2026, the maximum risk exposure under the arrangement entered by the Company to facilitate wider availability of financing to retail customers for the Company's products is contractually limited to not exceed one percent of the Company's revenue for the year ended on that date.

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counter-parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry section.

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

Information about major customers

During the year ended 31st March 2026, no revenues from transactions with a single external customer amount to 10% or more of the Company's revenues from external customers.

31.04 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment years. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

Total	**74,388**	**1,191**	**512**	**1,076**	**77,167**

31.05 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

- Currency risk

Foreign Currency Exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in Foreign Currency Exchange rates. The Company's exposure to currency risk relates primarily to the Company's operating activities including sales and purchases where the transactions are denominated in a currency other than the Company's functional currency.

The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company hedges its foreign currency risk mainly by way of forward covers.

The carrying amounts of the Company's foreign currency exposure at the end of the reporting year are as follows:-

(Rs. in lakhs)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

31. Financial Instruments (continued)

31.06 Capital Management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate

'The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate.

The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio of the Company.

'Net debt and Equity is given in the table below :

(Rs. in lakhs)

Particulars	For the year ended 31st March 2026	For the year ended 31st March 2025
Total Shareholders' Equity as reported in Balance Sheet	**221,333**	198,650
Less:		
Cash and cash equivalents	**(16,949)**	(2,622)
Bank balances other than cash and cash equivalents	**(84,710)**	(85,341)

	(140,290)	(88,964)
Total Capital deployed	**81,043**	109,686

32. Leases

As Lessee

The Company has taken on lease building and vehicles during the year for its operation. Leases of buildings have a lease term of 2 years while motor vehicles generally have lease terms between 3 and 5 years.

In accordance with the requirements under Ind AS 116, Leases, the Company has recognized the lease liability and ROU assets at the present value of the future lease payments discounted at the incremental borrowing rate prevailing during the year. Weighted average incremental borrowing rates of 5.51% - 6.70% (buildings) and 8.51%-10.51% (vehicles) have been applied to lease liabilities recognised in the balance sheet at the date of initial recognition.

The movement in carrying value of right of use assets during the year ended 31st March 2026 is provided in Note 4.

The following is the movement in lease liabilities:

(Rs. in lakhs)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

34. Employee Benefits

(a) Defined contribution plan

The Company's contribution to Provident Fund aggregating Rs. 714 lakhs has been recognised in Profit or Loss under the head Employee Benefits Expense.

Note: Where required by Ind AS 24 an entity discloses information about contributions to defined contribution plans for key management personnel. This is covered as a part of related party disclosures.

(b) Defined benefit plan:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Code on Social Security, 2020 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through the defined benefit plan the Company is exposed to the following risks:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plan holds a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

The Company has chosen a suitable plan with Insurance, which augurs well with the Company's long term strategy to manage the plan efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings.

Inflation risk

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. The post retirement medical benefit obligation is sensitive to medical inflation and accordingly, an increase in medical inflation rate would increase the plan's liability.

Life expectancy

Increase in life expectancy will result in an increase in the plan's liabilities, as the inflationary increases result in higher sensitivity to changes in life expectancy.

Note: An entity shall disclose description of any plan amendments, curtailments and settlements.

The Company has assessed the additional financial impact of four new labour codes notified by the Ministry of Labour & Employement in November 2025 and adjustments have been made in Profit & Loss of the current financial year amounting Rs. 198 Lakhs on account of the past services cost.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	**Actuarial Assumptions** For the year ended 31st March 2026	Actuarial Assumptions For the year ended 31st March 2025
Discount rate	**6.75%**	6.85%
Expected rate of salary increase	**9.00%**	9.00%
Attrition rate	**12.50%**	12.50%
Mortality Rates whilst in Service	**Indian Assured Lives Mortality (2012-14) Ultimate**	Indian Assured Lives Mortality (2012-14) Ultimate

Defined benefit plan – as per actuarial valuation

(Rs. in lakhs)

Particulars	**Unfunded Plan For the year ended 31st March 2026**	Unfunded Plan For the year ended 31st March 2025
Amounts recognised in Profit & loss:-		
Current service cost	**345**	237
Past service cost	**198**	–
Interest on net defined liability / (asset)	**137**	98
Components of defined benefit costs recognised in the Statement of Profit and Loss	**679**	335
Amounts recognised in comprehensive income:-		
Actuarial (gains) / loss arising from changes in financial assumptions	**16**	46
Actuarial (gains) / loss arising from demographic adjustments	**–**	(11)
Actuarial (gains) / loss arising from experience adjustments	**(66)**	36
Components of defined benefit costs recognised in other comprehensive income	**(50)**	71
	629	406

(Rs. in lakhs)

Particulars	**For the year ended 31st March 2026**	For the year ended 31st March 2025
I. Net Asset/(Liability) recognised in the Balance Sheet		
1. Present value of unfunded defined benefit obligation	**2,564**	2,036
2. Fair value of plan assets	**–**	–
3. Deficit	**2,564**	2,036
4. Current provision	**357**	259
5. Non-current provision	**2,207**	1,777
II. Change in the obligation during the year		
1. Present value of defined benefit obligation at the beginning of the year	**2,036**	1,458
- Current Service Cost	**345**	237
- Past Service Cost	**198**	–
- Interest Expense	**137**	98
2. Remeasurement on the net defined benefit liability:

Present value of defined benefit obligations at the end of the year	**2,564**	2,036

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

34. Employee Benefits (Continued)

III. The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Rs. in lakhs)

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligations: Increase in assumption	Impact on defined benefit obligations: Decrease in assumption
Discount rate	**2026**	**1.00%**	**(153)**	**171**
Salary growth rate	**2026**	**1.00%**	**153**	**(139)**

Principal assumption	Year	Changes in assumption	Impact on defined benefit obligations: Increase in assumption	Impact on defined benefit obligations: Decrease in assumption
Discount rate	2025	1.00%	(127)	142
Salary growth rate	2025	1.00%	138	(125)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

The method and types of assumptions used in preparing the sensitivity analyses did not change compared to the previous year.

IV. Maturity profile of defined benefit obligation:

(Rs. in lakhs)

Particulars	For the Year ended 31st March 2026	For the Year ended 31st March 2025
Expected benefits for Year 1	**357**	259
Expected benefits for Year 2	**398**	233
Expected benefits for Year 3	**259**	303
Expected benefits for Year 4	**310**	194
Expected benefits for Year 5	**296**	214
Expected benefits for Year 6	**227**	236
Expected benefits for Year 7	**250**	179
Expected benefits for Year 8	**204**	189
Expected benefits for Year 9	**217**	156
Expected benefits for Year 10 and above	**1,775**	1,549
Total	**4,293**	3,512

V. Experience adjustments :

(Rs. in lakhs)

Particulars	Gratuity For the Year ended 31st March 2026	Gratuity For the Year ended 31st March 2025
1. Defined benefit obligation	**(2,564)**	(2,036)
2. Fair value of plan assets	**–**	–
3. Deficit	**(2,564)**	(2,036)
4. Experience adjustment on Plan Liabilities Loss	**(66)**	36
5. Experience adjustment on Plan Assets Gain/(Loss)	**–**	–

35. Contingent Liabilities and Commitments

(A) Contingent Liabilities

(a) Claims against the Company not acknowledged as debts comprise of:
  (i) Taxation :- NIL
  (ii) Other matters :-
    a.) Company has recongnized incentive but department contention that Incentive not available if we discharge output tax liability by adjusting against ITC : Rs. 184 Lakhs

(b) In respect of above, it is not practicable for the Company to estimate the closure of these issues and the consequential timings of cash flows, if any.

(B) Commitments

The estimated amount of contracts remaining to be executed on capital account and not provided is Rs. 14,623 lakhs (PY 14,516 lakhs).

36. Related Party Disclosures

Names of related parties and related party relationship:

a) Related parties where control exists:

i) a.The remuneration to the KMP does not include the provisions made for gratuity and leave benefits, as they are determined on an actuarial basis for the Company as a whole. b. It includes stock options of the parent company Mahindra and Mahindra excersied by the KMP.

ii) Above shown Transaction Amounts are only Basic Amount Excluding Taxes if any.

iii) Company has entered into an arrangement with MMFSL for facilitating wider availability of financing to the retail customers of its products that could result in an obligation on occurrence of specified events in future. (refer Note 31.03)

iv)* Compulsorily Convertible Preference Shares (CCPS) was fair valued as on 31st March 2025. Accordingly, above mentioned values are including fair valuation of IFC and IJF.

Terms and conditions

All transactions with related parties are priced at arm's length basis and resulting outstanding balances are to be settled in cash within six months to one year of reporting date. None of the balances are secured.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

37. Research and Development Expenditure

(a) In recognised Research and Development units: Nil

(b) In other units:

(i) Expensed to Profit or Loss, including certain expenditure based on allocations made by the Company, aggregate Rs. 3,214 lakhs (PY 3,534 lakhs)

(ii) Development expenditure incurred during the year Rs 12,348 lakhs (PY 14,839 lakhs)

(iii) Capitalisation of assets of Rs. 2,702 lakhs (PY 1,349 lakhs)

38. The Company entered into a Asset Transfer Agreement (ATA) with Mahindra & Mahindra Limited (Holding Company) on 30th October 2025. Following are the details of assets and/ or liabilities transferred to the Company persuant to the said ATA :

(Rs. in lakhs)

Sl No	Particulars	Amount	Approach
1	Plant and Equipment	2,338	Cost Approach - Replacement Cost Method
2	Other Property, Plant and Equipment	634	Book Value
3	Capital work-in-progress	554	Book Value
	Purchase Consideration	**3,525**	

39. Disclosures related to micro, small and medium enterprises

The Company has amounts due to Micro and Small Enterprises under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act) as at 31st March 2026.

(Rs. in lakhs)

Particulars	For the year ended 31st March 2026	For the year ended 31st March 2025
(i) Dues remaining unpaid at the end of each accounting year for micro and small enterprises		
- Principal amount	**951**	4,696
- Interest on the above	**0**	13.28
(ii) Interest paid in terms of Section 16 of the MSMED Act along with the amount of payment made to the supplier beyond the appointed day during the year		
- Principal paid beyond the appointed date	**2,103**	
- Interest paid in terms of Section 16 of the MSMED Act	**5**	
(iii) Amount of interest due and payable for the year of delay on payments made beyond the appointed day during the year	**3**	
(iv) Further interest due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprises	**8**	
(v) Amount of interest accrued and remaining unpaid	**11**	13

The above disclosures are provided by the Company based on the information available with the Company in respect of the registration status of its vendors / suppliers.

40. Additional regulatory information pursuant to the requirement in Division II of Schedule III to the Companies Act 2013

a. Analytical Ratios

Ratio	Numerator	Denominator	For the year ended 31st March 2026	For the year ended 31st March 2025
a. Current ratio	Current Assets	Current Liabilities	**1.91**	2.27
b. Debt-equity ratio	Long term Borrowings + Short term Borrowings (including current maturities of long term borrowings)	Total equity	**–**	–
c. Debt service coverage ratio	Profit before interest, tax, depreciation, amortisation, impairments and exceptional items	Gross interest for the year + Principal repayments within a year	**–**	–
d. Return on equity ratio	Net profits after taxes	Average total equity	**12%**	29%
e. Inventory turnover ratio	Cost of materials consumed (1)	Average inventory	**11.16**	11.29
f. Trade receivables turnover ratio	Revenue from operations	Average trade receivables	**48.27**	32.31
g. Trade payables turnover ratio	Purchase of goods and services + Other Expenses	Average trade payables	**5.22**	5.58
h. Net capital turnover ratio	Revenue from operations	Average Working capital	**4.00**	4.09
i. Net profit ratio	Net profit after tax	Revenue from operations	**4%**	7%
j. Return on capital employed	Earning before interest and taxes	Capital employed (2)	**11%**	33%
k. Return on investment	Income earned on investments	Average Investment for the year (3)	**7%**	8%

(1) Cost of materials consumed for the purpose of Inventory turnover ratio includes Purchases of stock-in-trade and Changes in inventories of finished goods and stock-in-trade

(2) Capital Employed = Average Total Equity + Average Total Debt

(3) Investments includes current and non-current investments including Fixed deposits, Mutual funds.

Explanation for change in the ratios by more than 25%:

(i) Return on Equity (%) : Ratio has decreased on account of decrease in profit after tax in current year

(ii) Trade Receivable Turnover (Times) : Ratio has increased on account of increase in sales and better collection management in current year

(iii) Net Profit (%) : Ratio has decreased on account of decrease in profit for the year.

(iv) Return on Capital Employed (%) : Ratio has decreased on account of decrease in profit in current year

b. The Company does not have any transactions/ balances with companies struck off.

c. The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

d. The Company has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

40. Additional regulatory information pursuant to the requirement in Division II of Schedule III to the Companies Act 2013 (Continued)

(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

e. The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall :

(a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

f. The Company has not been declared as wilful defaulter by any bank or financial institution or government or any government authority.

g. The Company currently operates in a single reportable segment i.e., design and manufacture of last mile mobility 3-wheeler passenger & cargo and and 4-wheeler cargo vehicles. Consequently, the requirement for a separate disclosure under Ind AS 108 - "Operating Segments" is not applicable. For geographical disclosure of revenue refer note 22.

h. Corporate Social Responsibility (CSR) :-

As per section 135 of the Companies Act, 2013, the Company is required to spend 2% of its average net profit of the immediately three preceding financial years on CSR.

Particulars		For the year ended 31st March 2026	For the year ended 31st March 2025
a)	Gross amount required to be spent by the Company during the year based on 2% of average net profits*	**389**	185
b)	Amount spent during the year on:		–
	i) Construction / acquisition of assets held by the Company	**–**	–
	ii) On purposes other than above	**389**	185
c)	Unspent amount at the end of the year	**–**	

* As the company was incorporated in FY 24, average net profit of the immediately three preceding financial years is not available and hence considered based on FY 24 & FY 25 profits.

The Company continued to play a catalytic role in bringing about social, economic, and environmental change by investing in projects that empowered girls and women, and contributed to environmental conservation. This enabled the Company to achieve a higher social impact on the communities and the planet.

Amount recognised as expense in profit or loss is Rs. 389 lakhs. (PY - Rs. 185 Lakhs).

41. Conversion of Compulsorily Convertible Preference Shares into Equity Shares

Mahindra and Mahindra Limited (M&M), the Holding Company, executed a **Subscription Agreement** and **Shareholders' Agreement** with International Finance Corporation ('IFC'), whereby IFC has agreed to invest up to Rs. 60,000.00 lakhs in tranches subject to the terms and conditions as stipulated in the aforesaid agreement(s). Of this, IFC has fully invested Rs. 60,000.00 lakhs in Compulsorily Convertible Preference Shares ('CCPS'), by 31st March 2025. (30,000.00 lakhs in FY 2023-24 and 30,000.00 lakhs in FY 2024-25).

Mahindra and Mahindra Limited (M&M), the Holding Company, Mahindra Last Mile Mobility Limited (MLMML) and India Japan Fund (IJF), executed a tri-party **Subscription Agreement** and **Shareholders' Agreement**, whereby IJF has agreed to invest up to Rs. 40,000.00 lakhs in tranches subject to the terms and conditions as stipulated in the aforesaid agreement(s). Of this, IJF has fully invested Rs. 40,000.00 lakhs in Compulsorily Convertible Preference Shares ('CCPS'), by 31st March 2025. (20,000.00 lakhs in FY 2023-24 and 20,000.00 lakhs in FY 2024-25)

In pursuant to the provisions of the Companies Act, 2013,

- The Company converted Compulsorily Convertible Preference Shares ("CCPS") having fair value of 63,488 lakhs were allotted to the International Finance Corporation ('IFC') for an aggregate invested amount of 60,000 lakhs, into equity shares as per the agreement. The company has issued 15,73,46,332 equity shares at face value of Rs. 10 per share to International Finance Corporation ('IFC').
- The Company converted Compulsorily Convertible Preference Shares ("CCPS") having fair value of 38,399 lakhs were allotted to the India Japan Fund (IJF) for an aggregate invested amount of 40,000 lakhs, into equity shares as per the agreement. The company has issued 9,51,69,152 equity shares at face value of Rs. 10 per share to India Japan Fund (IJF).

42. The Ministry of Enviroment, Forest and Climate Change has notified the Enviroment Protection (End-of-Life Vehicles) Rules, 2025 ("ELV Rules"), which are effective from April 1, 2025. As per these rules, Extended Producer Responsibility (EPR) obligation are imposed on producers ("vehicle manufactures") for the scrapping of End-of-Life Vehicles and such obligations are to be fulfilled through the purchase of EPR certificates from registered Vehicle Scrapping Facilities via a Centralised Online Portal. The Implementation details and opertational proceedures of the ELV rules including the modalities of the pricing mechanism for the EPR certificates are yet to be developed.Consequently, the Company is currently unable to reliably estimate a range of possible outcomes and the potential impact of these rules. The Company will continue to assess the ability to measure its obligation pursuant to the ELC Rules, as and when the aforesaid details of implementation framework are available.

Between July 7, 2020 and March 31, 2024, the Company subscribed to additional shares and converted holdings in Peugeot Motocycles S.A.S., investing EUR 16,000,000 on July 7, 2020 (1,000,000 shares), EUR 21,000,000 on February 5, 2021 (1,312,500 shares), and EUR 12,000,000 on December 23, 2021 (750,000 shares), while recording valuation decreases of EUR 32,434,080 on September 30, 2021, EUR 61,565,920 on September 30, 2022, and EUR 6,396,000 on March 31, 2023, alongside a capital decrease of EUR 37,000,000 on February 11, 2021 (cancelling 2,312,500 shares) and a conversion of 312,085 ordinary shares into preferred shares on January 27, 2023, resulting in a final holding of 312,085 shares valued at EUR 604,000 as of March 31, 2024.

Further, on January 27, 2023, Mutares, a listed private equity holding company headquartered in Munich, which specialises in acquiring medium-sized companies in special situations for operational repositioning and stabilization, subscribed to preferred shares of category B by investing an aggregate amount of EUR 7,000,000 in Peugeot Motocycles. Following this investment, the total amount of Preferred A Shares held by MTWE became equal to 50% of the share capital of PMTC.

On December 31, 2024, the Company transferred 32,650,000.00 ORA bonds (gross book value of EUR 32,650,000.00) to Mutares for a total transfer price of EUR 1.00. Upon conversion of such ORA by Mutares ultimately into Preferred B shares, and a share capital decrease implemented by Peugeot Motocycles, MTWE's share in Peugeot Motocycles decreased from 50.00% to 15.01%.

On March 31, 2025, an internal valuation of Peugeot Motocycles was performed and a decrease in valuation of EUR 603,999.00 was decided.

b) Undertakings in which the Company holds interests in their share capital are as follows: (MTWE holds 15.01% equity and 19.99% voting rights).

(expressed in EUR)

On January 27, 2023 the Company issued convertible bonds redeemable into Preferred A Shares each of them having a nominal value of INR 1 to which Mahindra & Mahindra Limited subscribed for an amount of EUR 74,131,611.00 for which the maturity date is January 27, 2033.

The interest rate is determined at 7.91% p.a. No interest for the year due to decrease in valuation.

Each bondholder of the Company may decide, at any time between the issue date and the maturity date, the conversion of all or part of the convertible bonds.

The number of shares to be issued is determined by the sum of the amount of the nominal value of the Bonds and the amount of compound interest not yet compunded divided by the fair market value as at conversion date of one share.

On March 31, 2023, ORA bonds were fair valued and a decrease of EUR 67,735,611.00 was booked (Note 4). As a result of this decrease, Mahindra & Mahindra Limited further fair valued their receivables from the Company, but considered the fair value of the securities in the Company as well (Note 4), given the Convertible nature of the loan. The above valuation has been disclosed under the audited consolidated accounts of Mahindra & Mahindra Limited filed on the stock exchange of India as at March 31, 2023.

On March 31, 2025, shares and ORA bonds were fair valued and a decrease in value of EUR 603,999.00 and EUR 6,395,999.00 were booked (Note 3 and 4). The Company then booked a decrease in valuation of EUR 6,999,998.00 on convertible bonds issued. The above valuation has been disclosed under the audited consolidated accounts of Mahindra & Mahindra Limited filed on the stock exchange of India as at March 31, 2025.

During 2024, the redeemable convertible bonds issued to Mahindra and Mahindra Limited were revalued, resulting into a gain for the Company of EUR 6,999,998.00 (Note 7).

Note 12 - Staff

There were no staff employed during the year (31/03/2025: nil).

Note 13 - Taxation

The Company is subject to the general tax regulation applicable to all Luxembourg commercial companies. The Company is part of the Mahindra & Mahindra Ltd. (“The Group”). Pillar Two legislation has been enacted in certain jurisdictions in which the Group operates (including Luxembourg).The Group is in the scope of the enacted or substantively enacted legislation starting with fiscal periods beginning April 1, 2024. The Group is expected to clear the Transitional CbCR Safe Harbour for Luxembourg and continues to evaluate GLOBE tax exposure for each year.

Note 14 - Related party transactions

Related party transactions were disclosed in Notes 4 and 7.

Note 15 - Off balance sheet commitments and contingencies

The Company does not have any off balance sheet commitments or contingencies at the end of the financial year.

Note 16 - Subsequent events

No other matters or circumstances of importance have arisen since the end of the financial year which could have significantly affected or might significantly affect the operations of the Company, the results of those operations or the affairs of the Company.

INDEPENDENT AUDITORS' REPORT

To the members of
Classic Legends Private Limited

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Classic Legends Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its losses and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matter

We draw attention to Note 43 to the financial statements which describes management's assessment of non-impairment of the assets of the Company on the basis of business plans and projections including management actions to expand the business operations.

Our opinion is not qualified in respect of this matter.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

   (g) Based on the records examined by us and according to information and explanations given to us, the Company has not paid/provided for managerial remuneration. Hence, the provisions of Section 197 of the Act related to managerial remuneration are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements Refer Note 38(A) to the Standalone Financial Statements;

      (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

      (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes forming part the standalone financial

statements (refer note 17C), no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement.

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A to the Independent Auditors' Report

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Classic Legends Private Limited ("the Company") as of March 31, 2026, in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to the Independent Auditors' Report

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The property, plant and equipment and investment properties are physically verified by the Company once in three years. The physical verification of property, plant and equipment was conducted in the previous financial year and accordingly no physical verification is required to be carried out in the current year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment.

(c) According to the information and explanations given to us, the Company does not have any immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee).

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, the inventory comprising of raw materials, finished goods, traded goods, packing materials and stores and spare parts (retain only those as applicable) has been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, in respect of deposits accepted by the Company or amounts which are deemed to be deposits, the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules made thereunder, where applicable, have been complied with. According to the information and explanations given to us, there is no order passed by the Company Law Board or National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal during the year.

(vi) The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services Tax, Provident fund, Profession Tax, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Income Tax, Provident Fund, Profession Tax, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at 31 March 2026, which have not been deposited with the appropriate authorities on account of any dispute. According to the

information and explanations given to us and records of the Company examined by us, the particulars of dues of Goods and Services Tax, which have not been deposited as on March 31, 2026 on account of disputes are as under:

Nature of the Statute	Nature of the dues	Amount (Rs. in lakhs)*,#	Period to which the amount relates	Forum where dispute is pending
The Goods and Services Tax Act, 2017	Goods and Services Tax	41.82	Financial Year 2017-18,2019-2020, 2020-21,2022-23	Appellate Authority upto Commissioner Level

* Net of deposit paid under protest

Excludes interest over demand, refer note 38(A).

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long- term purposes as at the Balance Sheet date.

(e) According to the information and explanations given to us and on an overall examination of the Standalone Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Standalone Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company and subsidiary companies or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted

any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has five Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has incurred cash losses of Rs. 6,794.06 Lakhs in the current financial year and Rs. 13,255.22 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) The provisions of Section 135 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xx)(a) and (b) of the Order is not applicable to the Company.

Notes forming part of the Standalone Financial Statements

1. Corporate Information

Company details

Classic Legends Private Limited (CLPL) was incorporated on 17th June'2015. On 18th October 2016, it became subsidiary of Mahindra and Mahindra Limited (M&M). However, w.e.f 1st July'2017 M&M became joint venturer of the Company. CLPL is engaged in Design, Development, Sales, Marketing and related activities for Motorcycles & Two Wheeled Products.

2. Method of Accounting

These standalone or separate financial statements have been prepared in accordance with the Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the latest annual financial statements of the Company prepared under the Act.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

These financial statements were approved by the Board of Directors and authorised for issue on 28th April, 2026.

3. Material Accounting Policies

3.01 Basis of accounting preparation and presentation

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

3.02 Use of estimate

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of assets, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Leases

Ind AS 116 requires lessees to determine the lease term as the non cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Provisions for product warranties

The Company recognises provision for warranties in respect of the products that it sells. Provisions are discounted, where necessary, to its present value based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. Provisions are reviewed at each balance sheet date, adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

3.03 Revenue Recognition

Revenue on satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

Revenue is recognized upon transfer of control of promised products or services ("performance obligations") to customers in an amount that reflects the consideration the Company has received or expects to receive in exchange for these products or services ("transaction price"). When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract.

The Company's contracts may include variable consideration including rebates, volume discounts and penalties. The Company includes variable consideration as part of transaction price when there is a basis to reasonably estimate the amount of the variable consideration and when it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

3.04 Foreign Currency

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency risks.

3.05 Employee benefits

1. Defined Benefit Plan:

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest

is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

– service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
– net interest expense or income; and
– re-measurement.

(i) **Gratuity:** The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15/26 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company accounts for the liability for gratuity benefits payable in future based on an independent actuarial valuation.

(ii) **Compensated Absences:** The Company provides for the encashment of compensated absences with pay subject to certain rules. The employees are entitled to accumulate compensated absences subject to certain limits, for future encashment. Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit and the accumulated leave expected to be carried forward beyond twelve months is treated as long-term employee benefit which are provided based on the number of days of unutilised compensated absence on the basis of an independent actuarial valuation.

3.06 Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

3.07 Property Plant and Equipment

Property Plant and Equipment (PPE) are stated at cost of acquisition or construction less accumulated depreciation / amortisation and impairment loss, if any. All costs relating to the acquisition and installation of property plant and equipment are capitalised and include borrowing costs relating to funds attributable to construction or acquisition of qualifying assets, up to the date the asset / plant is ready for intended use. The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodies within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting derecognised. The cost for day-to-day servicing of property, plant and equipment are recognised in Statement of Profit and Loss as and when incurred.

Depreciation is calculated on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc:

i) Plant and machinery – 3 years, 5 years, 8 years, 15 years
ii) Laptops – 3 years
iii) Vehicles – 3 years, 5 years
iv) Office equipment – 2 years, 5 years
v) Furniture – 10 years
vi) Assets costing less than Rs 5000 each - 1 year

3.08 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Following summarises the nature of intangible and the estimated useful life:

(a) Software Costs – The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.
(b) Development expenditure – The expenditure incurred on technical services and other project/product related expenses is amortised over the period of benefit, not exceeding five years

Intangible asset with indefinite useful lives is reviewed annually to determine whether indefinite-life assessment continues to be supportable.

Intangible assets under development

The Company expenses cost incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible assets.

3.09 Impairment

(i) Financial assets (other than at fair value)

The Company assesses at end of each reporting period whether a financial asset or a group of financial assets is impaired.

Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine

whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit or loss.

3.10 Inventories

Inventories comprise all cost of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Finished goods purchased for sale, are carried at cost or net realisable value whichever is lower.

3.11 Financial instruments

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Classification and subsequent measurement

Financial assets

a. Non-derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(v) Investment in subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net off direct issue cost.

Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

3.12 Borrowing Costs:

Interest and other costs incurred in connection with the borrowing of the funds are charged to revenue on accrual basis except those borrowing costs which are directly attributable to the acquisition or construction of those Qualifying assets, which necessarily take a substantial period of time to get ready for their intended use. Such costs are capitalised with the Qualifying assets.

4. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at the date of authorisation of these financial statements, the Company has not applied the following new amendment to Ind AS that has been issued but is not yet effective:

Amendment to Ind AS 1 Presentation of Financial Statements

Where a covenant breach exists on or before the reporting date and, as a result, the liability becomes payable on demand on that date, the liability must be classified as current, even if the lender subsequently (i.e. after the reporting date but before approval of the financial statements) agrees not to demand payment.

The Company does not expect that the adoption of this amendment to have any impact on the financial statements of the Company in future periods.

(v) Share based payment

The Company has instituted the 'Classic Legends Employee Stock Option Plan, 2025' ("ESOP 2025" or "the Plan") for eligible employees of the Company. The Plan contemplates the creation, offer and grant of up to 3,77,00,000 (Three Crores Seventy-Seven Lakhs) employee stock options ("Options"), to be issued in one or more tranches, as approved by the shareholders at the Board Meeting held on July 28, 2025.

The Options granted under the Plan shall be exercisable after a minimum period of three years and within a maximum period of five years from the date of grant. Each Option entitles the holder to subscribe to one equity share of the Company at an exercise price determined at the time of grant. The exercise price for each grant is determined on the basis of valuation report of the management expert and approved by the Nomination and Remuneration Committee as on the date of grant of such Options.

(vi) Sweat equity

Pursuant to the provisions of Section 54 of the Companies Act, 2013, read with Rule 8 of the Companies (Share Capital and Debentures) Rules, 2014 and Clause 7.1, Part B of the Articles of Association of the Company, the Company has issued sweat equity shares to Mr. Boman Irani (Director) in recognition of his significant contributions towards the expansion of the Company's business, in lieu of monetary compensation.

The value of such contribution has been fair valued and mutually agreed at Rs 5,750 lakhs. Accordingly, the Company has decided to issue sweat equity shares carrying a lock-in period of three years at a price of Rs 13 per share (being at a discount to the fair value).

Out of the above, 50% has been settled during the year through the issuance of 2,21,15,385 equity shares of face value Rs 10 each. The balance 50% shall be settled in FY 2026–27, subject to the fulfilment of mutually agreed conditions. Probability for which is considered as certain.

In line with the applicable accounting requirements, the Company has recognised an expense of Rs. 5,750 Lakhs in the Statement of Profit and Loss for the year and disclosed it separately under the head Other Expenses. Refer Note 28.

Note - 30 Financial Instruments

Capital management

The company's capital management objectives are:

The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

At the end of the reporting period, there are no significant concentrations of credit risk for financial assests designed at fair value through profit & loss. The carrying amount reflected above represents the company's maximum exposure to credit risk to such financial assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are mutual funds and banks with high credit-ratings.

Trade receivables - The company applies the simplified approach to provide for expected credit loss prescribed by IND AS 109, which permits the use of life time expected loss provision for old trade receivable. The company has taken security deposit which are considered as collateral and these are considered in determination of expected credit losses, where applicable.

There is no change in estimation techniques or significant assumptions during the reporting period.

Movement in the expected credit loss allowance:

Additions during the year	**13.73**	37.34
Amounts recovered during the year	**–**	–
Balance at end of the year	**75.41**	61.68

LIQUIDITY RISK

(i) Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Other Financial liabilities	**1,707.97**	**1,205.50**	**–**	1,525.15	676.50	–
Trade payables	**37,165.77**	**–**	**–**	14,912.11	–	–
Total	**57,433.17**	**11,230.27**	**–**	33,018.02	795.70	–

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

a) Foreign Currency exchange rate risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies. The information on derivative instruments is as follows.

Foreign currency exposures that are not hedged by derivative instruments

		As at March 31, 2026		As at March 31, 2025	
Particulars	**Currency**	**Foreign Currency Amount**	**Rupees Lakhs**	Foreign Currency Amount	Rupees Lakhs
Trade payables	USD	247,840	233.45	–	–
Trade receivable	USD	635,133	598.26	–	–
Trade payables	EURO	117,000	126.43	–	–
Trade receivable	EURO	6,278	6.78	–	–
Trade payables	GBP	64,562	80.28	23,400	25.93
Trade receivable	GBP	7,036,855	8,750.43	2,477,058	2,745.16

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Rs. in Lakhs

Particulars	**Currency**	**Change in rate**	**Effect on profit / (loss) before tax**	Effect on pre-tax equity
31-Mar-26	USD	+10%	36.48	36.48
	USD	-10%	(36.48)	(36.48)
	EUR	+10%	(11.96)	(11.96)
	EUR	-10%	11.96	11.96
	GBP	+10%	867.02	867.02
	GBP	-10%	(867.02)	(867.02)
31-Mar-25	USD	+10%	–	–
	USD	-10%	–	–
	EUR	+10%	–	–
	EUR	-10%	–	–
	GBP	+10%	271.92	271.92
	GBP	-10%	(271.92)	(271.92)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Note - 32 Employee benefits

(a) Defined Contribution Plan

Amount recognised as an expense in the Statement of Profit and Loss in respect of Defined Contribution Plans is Rs. 194.67 Lakhs (March 31, 2025 Rs. 142.27 Lakhs)

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the amount calculated as per the Payment of Gratuity Act, 1972, Gratuity is a benefit to an employee based on 15 days last drawn salary for each completed year of service. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Changes in bond yields

A decrease in government bond yields will increase plan liabilities.

Inflation risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Life expectancy

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Defined benefit plans – as per actuarial valuation on 31st March, 2026

– Current Service Cost	**140.13**	47.73
– Transfer In/(Out)	**6.56**	26.23
– Interest Expense (Income)	**9.59**	8.11
4. Recognised in Other Comprehensive Income		
Remeasurement (gains) / losses arising from:		
i. Demographic Assumptions	**7.04**	(8.77)
ii. Financial Assumptions	**(3.61)**	3.40
iii. Experience Adjustments	**(20.78)**	(1.04)
5. Benefit payments	**(13.29)**	(49.66)
6. Present value of defined benefit obligation at the end of the year	**273.83**	148.19
III. Actuarial assumptions		
1. Discount rate (%)	**6.90**	6.60
2. Expected rate(s) of salary increase (%)	**10.00**	10.00
3. Attrition rate (%)	**20.00**	25.00

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. in Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
Discount rate				
	2026	1.00%	(11.37)	12.43
	2025	1.00%	(5.59)	6.03
Salary growth rate				
	2026	1.00%	9.56	(8.94)
	2025	1.00%	4.39	(4.16)
Attrition rate				
	2026	1.00%	(1.47)	1.60
	2025	1.00%	(0.68)	0.74

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the

sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

		Rs. in Lakhs
	2026	**2025**
Within 1 year	**21.78**	17.97
1 - 2 year	**23.76**	18.63
2 - 3 year	**30.44**	19.88
3 - 4 year	**47.26**	24.48
4 - 5 year	**57.00**	33.60
5 - 10 years	**395.88**	185.78

The weighted average duration of the defined benefit obligation as at March 31, 2026 is 8.45 years (March 31, 2025 is 6.91 years)

37 Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for as at March 31, 2026 is Rs.2,267.86 Lakhs (as at March 31, 2025 Rs. 2,218.95 lakhs).

38(A) Contingent Liabilities

(i) Demands against the Company not acknowledged as debts and not provided for, in respect of which the Company is in appeal and exclusive of the effect of similar matters in respect of assessments remaining to be completed:

- GST* : Rs.84.79 Lakhs (as at March 31,2025: Nil)

(* this includes Interest of Rs.39.68 lakhs over demand order)

(ii) In respect of (a) above, it is not practicable for the company to estimate the closure of these issues and consequential timings of cash flows, if any

(iii) As per Toll manufacturing agreement entered by company with Mahindra and Mahindra Limited ("M&M"), the company is liable to pay Rs.1,470 lakhs under clause 6 read with schedule 2 of agreement. However, the Company has requested the waiver to the M&M and matter is currently under discussion. Based on the communication from the M&M, the charge is kept on hold (not accrued as recoverable from the Company). Since the outcome of the matter is unascertainable as on reporting date, the same is considered as Contingent.

(B) Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. During the Financial year 2025-26, the Company had incurred the loss of Rs.13,817.94 lakhs and net current liabilities position (net of current assets) of Rs.15,455.76 lakhs. However, based on the future projections, expected financial position and future commitment of equity infusion of Rs.465.00 crores by Mahindra & Mahindra Ltd ("M&M") and other investors, the use of going concern assumption was considered appropriate by the Company while preparing the financial statements of 2025-26.

39 Segment reporting

The Company is engaged in design, development, sales, marketing and related activities for two wheeler vehicle, predominantly in India, which represents single reportable business segment. These, in context of IND-AS 108 "Operating Segments" are considered to constitute one segment.

Geographical information

The "Geographical Segments" comprises of domestic segment which includes sales to customers located in India and the overseas segment includes sales to customers located outside India.

Rs. in Lakhs

	Domestic	Overseas	Total
Revenue from operations			
For the year ended March 31, 2026	**92,623.10**	**11,977.99**	**104,601.09**
For the year ended March 31, 2025	62,409.65	2,227.47	64,637.12

41 Leases

The details of additions, carrying value and depreciation on right to use assets held by the Company is given in Note No. 5

Interest expenses on leases is Rs. 12.64 Lakhs for the year ended March 31, 2026 (Rs 14.21 Lakhs year ended March 31, 2025). Company incurred Rs. 157.94 Lakhs for the year ended March 31, 2026 (Rs. 128.78 Lakhs for year ended March 31, 2025) towards expenses relating to short-term lease and leases of low-value assets. Total cash outflow for leases is Rs. 100.77 Lakhs for the year ended March 31, 2026 (Rs. 88.94 Lakhs for the year ended Mar 31, 2025) including cash outflow for short term and low value leases.

42 Struck off companies

Transactions with struck off companies for the year ended March 31, 2026:

Rs. In Lakhs

Name of struck off company	Balance Outstanding				Nature of other outstanding balances	Relationship with the struck off Company, if any, to be disclosed
	Investments in securities	Receivable	Payable	Shares held by struck off company		
Travel Gear Private Limited	NIL	18.36	NIL	NIL	GST	N.A.

43 The Company has incurred a loss of Rs 13,817.94 lakhs during the year and has negative retained earnings of Rs. 84,315.94 lakhs as at the year-ended 31 March 2026. Based on the assessment by management, which includes reasonable estimates of future cash flows and actions to expand the business operations, the management is confident to generate sufficient future economic benefits to recover the carrying value of assets. Accordingly, no impairment of assets is considered necessary at the end of the reporting period.

44 Previous year's figures have been regrouped/reclassified wherever necessary.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BSA COMPANY LIMITED

Opinion

We have audited the financial statements of BSA Company Limited (the 'company') for the year ended 31 March 2026 which comprise the profit and loss account, the balance sheet, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 The *Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report. We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the directors' report and from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do So.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https:// www.frc.org.uk/ auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above and on the Financial Reporting Council's website, to detect material misstatements in respect of irregularities, including fraud.

We obtain and update our understanding of the entity, its activities, its control environment, and likely future developments, including in relation to the legal and regulatory framework applicable and how the entity is complying with that framework. Based on this understanding, we identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. This includes consideration of the risk of acts by the entity that were contrary to applicable laws and regulations, including fraud.

In response to the risk of irregularities and non-compliance with laws and regulations, including fraud, we designed procedures which included:

- Enquiry of management and those charged with governance around actual and potential litigation and claims as well as actual, suspected and alleged fraud;
- Reviewing minutes of meetings of those charged with governance;
- Assessing the extent of compliance with the laws and regulations considered to have a direct material effect on the financial statements or the operations of the company through enquiry and inspection;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Performing audit work over the risk of management bias and override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for indicators of potential bias.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non- compliance. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

1 Accounting Policies

Company information

BSA Company Limited is a private company limited by shares incorporated in England and Wales. The principal place of business is 70A North Street, Whitwick, Leicestershire, LE67 5HA.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared on the historical cost convention. The principal accounting policies adopted are set out below.

This company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The company has therefore taken advantage of exemptions from the following disclosure requirements:

- Section 7 'Statement of Cash Flows': Presentation of a statement of cash flow and related notes and disclosures;
- Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instrument Issues': Interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income;
- Section 33 'Related Party Disclosures': Compensation for key management personnel.

The financial statements of the company are consolidated in the financial statements of Classic Legends Private Limited. These consolidated financial statements are available from its registered office, Mahindra Towers, P.K. Kurne Chowk, Worli, Mumbai - 400018.

1.2 Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. In considering this assessment the directors have considered the improved results, the global expansion of the distribution network of the BSA branded motorcycles and the continued development of an electric motorcycle. They have also considered the support from its parent company for further Capital infusion and the expected continuation of the improvement in trading performance in 2027 and beyond. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Turnover

Revenue comprises sales of goods or services provided to customers net of value added tax and other sales taxes, less an appropriate deduction for actual and expected returns and discounts. Revenue is recognised when performance obligations are satisfied and the control of goods or services is transferred to the buyer. Where the performance obligation is satisfied over time, revenue is recognised in accordance with its progress towards complete satisfaction of that performance obligation.

1.4 Research and development expenditure

Research expenditure is written off against profits in the year in which it is incurred. Identifiable development expenditure is capitalised to the extent that the technical, commercial and financial feasibility can be demonstrated.

1.5 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Patents and licences	: Straight line over 15 years
Development Costs - Continuing	: Amortisation deferred

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Plant and Machinery	Straight Line between 3 and 9 years
Fixtures, fittings & equipment	Straight Line 10 years
Computer equipment	Straight Line 3 years
Motor Vehicles	Straight Line 3 years
Office equipment	Straight Line 4 years

1.7 Fixed asset investments

Interests in subsidiaries are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

1.8 Borrowing costs related to fixed assets

Borrowing cost directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.9 Impairment of fixed assets

Where a reasonable and consistent basis of allocation can be identified, assets are allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

1.10 Stock

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct material and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stock to their present location and condition.

Stocks held for distribution at no or nominal consideration are measured at lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stocks over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

1.11 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.12 Financial instruments

Financial instruments are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. The company considers all of its financial assets basic.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Basic financial Liabilities

Basic financial Liabilities, including creditors, and amounts owed to group undertaking are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liability if payments is due within one or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

1.13 Equity Instruments

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs.

1.14 Taxation

The Tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes item of Income or expense that are taxable or deductible in other years and it further excludes item that are never taxable or deductible. The compnay's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by reporting end date.

Deferred Tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor accounting profit.

1.15 Employee Benefits

The costs of short term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits

1.16 Retirement Benefits

Payment to defined contribution retirement benefit scheme are charged as an expense as they fall due.

1.17 Leases

As Lessee

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leases asset are consumed.

1.18 Government Grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income on an accrual basis when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability as deferred income.

Government grant income relating to the funding of fixed asset additions is released over the life of the asset in line with the amortisation or depreciation policy of the asset. Unreleased income is recognised as a liability as deferred income.

Grants that are received in respect of expenses already incurred by the entity are recognised in the profit and loss in the period when the grant becomes receivable.

1.19 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

3 Employees

b. The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

c. The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

d. These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 14th April' 2026

And signed on their behalf by:
Rajeev Goyal, Director

INDEPENDENT AUDITOR'S REPORT

To the Members of SML Mahindra Limited (formerly known as SML Isuzu Limited)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of SML Mahindra Limited (formerly known as SML Isuzu Limited) (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition	
See Note 23 to financial statements	
The key audit matter	**How the matter was addressed in our audit**
The Company recognises revenue from sale of products upon transfer of control over the goods to the customer, in accordance with the specific terms and conditions of the respective sale contracts. Revenue is a key performance indicator for the Company and its external stakeholders. Consequently, revenue recognition during the year and at the year end has been identified as a key audit matter as there could be an incentive or external pressure to meet expectations resulting in revenue being overstated or recognized before the goods are accepted by the customers.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: 1. Assessed whether the Company's revenue recognition policies are consistent with the applicable accounting standards. 2. Evaluated the design and implementation and tested the operating effectiveness of relevant key financial controls (including IT application controls) with respect to revenue recognition for sale of products. 3. Performed substantive testing on samples selected using statistical sampling, for revenue transactions recorded during the year by testing underlying documents such as contractual terms to assess performance obligation and basis for revenue recognition, customer order, invoices, gate outward report, third party shipping documents/customer acceptances, subsequent receipts in the bank statements (as applicable) to assess whether revenue is recognized in the relevant period in which control is transferred. 4. Tested, on a sample basis using statistical sampling, revenue transactions recorded in periods before and after the financial year-end to assess revenue was recognised in the appropriate financial year; 5. Compared monthly trend of revenue recognised over historical period to identify any unusual trends; 6. Tested journal entries posted to revenue ledger selected based on specified risk-based criteria to identify unusual items; 7. Assessed the adequacy of disclosures in the financial statements in accordance with the requirements of applicable accounting standards.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The financial statements of the Company for the year ended 31 March 2025 were audited by the predecessor auditor who had expressed an unmodified opinion on 30 May 2025.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 01 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

   f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

   g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its financial statements - Refer Note 31 to the financial statements.

   b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

   d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 51 (a) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

   (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 51 (b) to the financial

statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 43 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility.

The feature of recording audit trail (edit log) facility for the accounting software has operated throughout the year except for certain tables relating to financial reporting and masters where the same has been enabled in a phased manner during the year.

For the period where audit trail (edit log) facility was enabled and operated we did not come across any instance of the audit trail feature being tampered with. Additionally, except where the audit trail was not enabled in a prior year, the audit trail has been preserved by the Company as per statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid/ payable by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid/ payable to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF SML MAHINDRA LIMITED (FORMERLY KNOWN AS SML ISUZU LIMITED) FOR THE YEAR ENDED 31 MARCH 2026

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Discrepancies noticed on such verification were not material and have been appropriately adjusted in the financial statements.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments or provided any guarantee or given any security or advances in the nature of loans to companies, firms, limited liability partnership or any other parties and has not granted loans to companies, firms or limited liability partnership during the year. The Company has granted unsecured loans to other parties in respect of which the requisite information is as below.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans to employees as below:

Particulars	Interest bearing Loans (In ₹ lakhs)	Non-interest bearing Loans (In ₹ lakhs)
Aggregate amount during the year Others (employees of the Company)	2.50	29.03
Balance outstanding as at balance sheet date Others (employees of the Company)	1.66	0.06

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the terms and conditions of the grant of loans during the year are, prima facie, not prejudicial to the interest of the Company. Further, the Company has not made any investment or provided guarantee or given security or granted advances in the nature of loan during the year.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular except certain loans given to employees which are non-interest bearing as per approved policy of the Company. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.

(f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it and services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities, though there have been slight delays in a few cases of professional tax and labour welfare fund.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute except as mentioned below:

* Net of amounts paid under protest (where applicable)

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 5 CICs as part of the Group

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been resignation of the statutory auditors during the year and there were no issues, objections or concerns raised by the outgoing auditors.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of SML Mahindra Limited (formerly known as SML Isuzu Limited) for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of SML Mahindra Limited (formerly known as SML Isuzu Limited) ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Balance as at 31 March 2025	**7,452.88**	**10,202.51**	**19,163.00**	**36,818.39**

Description of the nature and purpose of Other Equity:

i. Securities premium represents premium received on equity shares issued, which can be utilised only in accordance with the provisions of the Companies Act, 2013 (the Act) for specified purposes.

ii. Profits from retained earnings are transferred to general reserve from time to time for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.

iii. Retained earnings represents the profits that the Company has earned till date less any transfer to general reserve, dividends distributed, or other distributions to shareholders. It also includes other comprehensive income / (loss), net of tax, comprising remeasurement of defined benefit plans.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

1. Reporting entity

SML Mahindra Limited (Formerly SML Isuzu Limited) ('the Company') is a public Company domiciled in India with its registered office situated at Village: Asron, Distt. Shahid Bhagat Singh Nagar (Nawanshahr), Punjab and its equity shares are listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE) in India. The Company is primarily engaged in the business of manufacture and sale of Commercial Vehicles and their parts. The Company has its operations primarily in India.

2. Material Accounting Policy information

(a) Basis of preparation

(i) Statement of compliance

These financial statements ("financial statements") have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and, other relevant provisions of the Act.

The financial statements have been prepared as per the requirements of Schedule III (Division II) of the Companies Act, 2013 on accrual and going concern basis.

The financial statements were authorized for issue by the Company's Board of Directors on 20 April 2026.

(ii) Functional and presentation currency

The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupees. All amounts have been rounded-off to the nearest lakhs, up to two places of decimal, unless otherwise indicated.

(iii) Basis of measurement

The financial statements have been prepared on the historical cost basis, except for the net defined benefit (asset) / liability, which is measured at the fair value of the plan assets less the present value of defined benefits obligations as explained in note 2(e).

(iv) Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Key sources of estimation uncertainty, critical judgments and assumptions at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of the below:

- Note 2 (b) and 3 – Assessment of useful life and residual value of Property, plant and equipment
- Note 2 (c) and 3 – Assessment of useful life of Intangible assets
- Note 2 (d) and 8 – Provision on inventory with respect to cost versus net realisable value
- Note 2 (f), 2 (g), 18 A, 18 B and 31 – Provision for warranties, provision for contingencies, and contingent liabilities
- Note 2 (e), 18 (A), 18 (B) and 37 – measurement of defined benefit obligations: key actuarial assumptions
- Note 2 (o) (ii) – Impairment test of non-financial assets: key assumptions underlying recoverable amounts
- Note 2 (o) (i) - Impairment of financial assets: measurement of expected credit losses
- Note 19 and 2 (1) - recognition of deferred tax asset on unabsorbed losses

(v) Measurement of fair values

A number of the Company's accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to measurement of fair values.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the changes have occurred.

Further information about the assumptions made while measuring fair values is included in note 38 – financial instruments.

(vi) Current / Non-Current classification

The operating cycle is the time between deployment of resources and the realization in cash or cash equivalents of the consideration for such services rendered, the Company's normal operating cycle is twelve months.

(b) Property, plant and equipment ('PPE')

(i) Recognition, measurement and derecognition

Property, plant and equipment (including capital work in progress) are measured at cost, which includes capitalised borrowing costs attributable to the construction or acquisition of qualifying tangible assets up to the date the assets are ready for use, less accumulated depreciation and/ or accumulated impairment losses, if any. The cost of an item of property, plant and equipment shall be recognized as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost includes purchase price, non-recoverable taxes and duties, labour cost and direct overheads for self-constructed assets and other direct costs incurred up to the date the asset is ready for its intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the asset can be measured reliably.

(iii) Depreciation

Depreciation is calculated on cost of items of PPE less their estimated residual values over their estimated useful lives using the straight-line method, and is recognised in the Statement of Profit and Loss. Freehold land is measured at historical cost and is not depreciated.

Depreciation on items of PPE is calculated on the basis estimated useful lives as specified below:

Particulars	Management estimate of useful life (Years)	Useful life as per Schedule II of the Companies Act, 2013 (Years)
Buildings	3-60	3-60
Office equipment	2-10	5
Furniture and fixtures	3-10	10
Vehicles	4-10	8-10
Plant and equipment	2-35	15-35
Computers	3-6	3-6

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

(c) Intangible assets

(i) Intangible assets acquired separately:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

(ii) Internally generated: Research and development

Expenditure on research activities is recognised in the Statement of Profit and Loss as incurred.

Development expenditure towards technical knowhow is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in the Statement of Profit and Loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and/ or any accumulated impairment losses.

(iii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates and the cost of the asset can be measured reliably. All other expenditure is recognised in the Statement of Profit and Loss as incurred.

(iv) Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in the Statement of Profit and Loss.

The estimated useful lives are as follows:

– Software 3-10 years

– Technical know-how 2.5-10 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

(v) Derecognition

Intangible assets are derecognised on disposal or when no future economic benefits are expected from their use and disposal.

(d) Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the moving weighted average method, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In the case of finished goods and work-in-progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. The comparison of cost and NRV is made on an item by item basis.

(e) Employee benefits

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., salaries and wages, short term compensated absences and bonus etc., if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Post-employment benefits

-Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions and will have no legal or constructive obligation to pay further amounts. The Company makes specified contributions towards these schemes such as Superannuation Fund, Provident Fund and Employee State Insurance. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the Statement of Profit and Loss in the periods during which the related services are rendered by employees.

-Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Gratuity is a defined benefit plan. The liability or asset recognised in the balance sheet in respect of gratuity plan is the present value of the defined benefits obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an actuary using the projected unit credit method.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

Remeasurement of the net defined benefit liability i.e. Gratuity, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in other comprehensive income. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefits that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Other long-term employee benefits

Compensated absences

The Company's net obligations in respect of long-term employee benefits other than post-employment benefits is the amount of future benefits that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. Obligations such as those related to compensated absences are measured on the basis of an annual independent actuarial valuation using the projected unit cost credit method. The employees can carry forward unutilized compensated absences and utilize them in future periods or receive cash in lieu thereof as per the Company's policy. Remeasurement gains or losses are recognised in the Statement of Profit and Loss in the period in which they arise. The obligations are presented as current liabilities in the balance sheet to the extent that the company does not have right to defer the settlement for at least twelve months after the reporting date.

(f) Provisions (other than for employee benefits)

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Expected future operating losses are not provided for.

Provision for warranties is recognised when the underlying products or services are sold. The provision is based on technical evaluation, historical warranty data and a weighing of all possible outcomes by their associated probabilities. The timing of outflows will vary as and when warranty claim will arise.

(g) Contingent liabilities

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are recognized when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

A contingent asset is disclosed where an inflow of economic benefits is probable.

(h) Commitments

Commitments include the amount of purchase order / contracts (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting date.

(i) Revenue

Sale of goods or services

Revenue from sale of goods is recognised upon satisfaction of the performance obligation which is at a point in time, generally on delivery of the goods, when control of the goods is transferred to customers. Consideration received for services not yet rendered and for which the Company has an obligation to perform is recognised as revenue received in advance and subsequently recognised as revenue in the Statement of Profit and Loss over the period of the contract.

The Company recognises revenue from sale of goods or services at the amount of transaction price (excluding variable consideration that is constrained), that is allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects it to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of third parties.

An amount of consideration can vary because of discounts, rebates, incentives etc. which are explicitly stated in the contract or are as per customary business practices. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The Company includes variable consideration as part of transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component.

Variable consideration is estimated using the expected value method or the most likely amount depending on which method the Company expects to better predict the amount of consideration to which it will be entitled and is applied consistently throughout the contract.

Royalty income

Revenue from royalty is recognised on accrual basis as per the terms of agreement entered into with the respective parties.

(j) Recognition of interest income or expense

Interest income or expense is recognised using the effective interest method.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

In calculating interest expense, the effective interest rate is applied to the amortised cost of the liability.

(k) Borrowing costs

Borrowing costs includes interest and other costs (including exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(l) Income-tax

Income tax comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of the assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax asset is recognised for the carryforward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. Therefore, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized.

Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefits will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset only if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authorities.

(m) Leases

As a lessee

The Company's lease asset classes primarily consist of leases for Buildings and Plant and equipment. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date. These are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of the Company. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

(n) Financial Instruments

i) Recognition and initial measurement

Trade receivables are initially recognised at their transaction price. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (except trade receivables) or financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

a. Amortised cost; or

b. Fair value through profit and loss ('FVTPL')

Financial assets are not reclassified subsequent to their initial recognition, except if the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on de-recognition is recognised in profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL, if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on de-recognition is also recognised in profit or loss.

iii) De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or if it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

iv) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(o) Impairment

i) Impairment of financial assets

The Company recognises loss allowances for expected credit loss (ECL) on financial assets measured at amortised cost. At each reporting date, the Company assesses whether the credit risk on such financial assets has increased significantly since initial recognition.

The Company measures loss allowances at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition; otherwise, it is measured at an amount equal to 12-month ECL.

With respect to trade receivables, the Company follows the 'simplified approach' and measures the loss allowance at an amount equal to lifetime ECL.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtors do not have assets or sources of income that could generate sufficient cash flows to repay the amount subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedure for recovery of amounts due.

ii) Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in statement of profit or loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis.

An impairment loss in respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(p) Operating segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

(q) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash in hand, demand deposits held with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(r) Statement of Cash flows

Cash flows are reported using the indirect method, whereby profit/(loss) for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(All amounts in Rs. Lakhs unless stated otherwise)

(s) Earnings per share

Basic earnings per share are calculated by dividing the net profit / (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year end, except where the results would be anti-dilutive.

(t) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 13 August 2025, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Second Amendment Rules, 2025, applicable from 1 April 2026, as below:

Ind AS 1 - Presentation of Financial Statements - If a covenant breach occurs on or before the reporting date and the liability becomes payable on demand, it must be classified as current, even if the lender subsequently agrees not to demand repayment. It is classified as current because, at the reporting date, the entity does not have the right to defer settlement for at least 12 months. However, if the lender has already provided—by the reporting date—a grace period extending at least 12 months beyond that date, during which the breach can be rectified and repayment cannot be demanded, the liability is classified as non-current. The Company has evaluated the amendment and does not expect this amendment to have any significant impact in its financial statements.

This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

2. Rights, preferences and restrictions attached to the equity shares :-

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts, if any, in proportion to the number of equity shares held.

net of reversal of unutilised provisions during the year for warranty Rs. 7.89 lakhs (previous year Rs. 6.50 lakhs), liquidated damages Rs.5.75 lakhs (previous year Rs.6.77 lakhs) and contingencies Rs. 32.62 lakhs (previous year Nil).

* The Company is liable towards warranty claims made by end users of its products. The year-end provision is based on its estimate of past experience regarding failure trends of products and costs of repair or replacement. It is estimated that the provision would be fully utilised over the warranty period, which range from two to five years.

** Represents provision for liquidated damages as per the contracts entered with the customers and expected to be utilised within one year from the reporting date.

*** Represents provision for contingencies pertaining to estimated outflow in respect of litigations and disputes. While the timing and amount of cash outflows is determinable only on occurrence of future uncertain events, the Company expects outflow within one year from the reporting date. It includes:

(i) contingencies pertaining to arbitration award received by the company amounting to Rs. 1,152.44 lakhs. In September 2010, the Company had initiated arbitration proceedings against the Delhi Metro Railway Corporation (DMRC) seeking compensation for losses due to cancellation of a contract. The Company had won an arbitral award in August 2014 allowing claims of Rs. 1,152.44 lakhs which was challenged by DMRC before Hon'ble High Court of Delhi ('High Court'). During the year ended 31 March 2024, the Company had filed an Execution Petition before High Court for enforcement of Arbitration Award and High Court directed the release of the said amount to the Company, subject to satisfaction of the Registrar General on submission of security. The amount of Rs. 1,152.44 lakhs was released to the Company on 30 March 2024, upon furnishing bank guarantee. The management is expecting a favorable outcome based on the evaluation of the case. As the case filed by DMRC is presently sub-judice and bank guarantee had been furnished, the management recorded a provision for contingencies of Rs. 1,152.44 lakhs in the financial statements during the year ended 31 March 2024.

(ii) contingencies pertaining to sales tax and consumer court case amounting to Rs. 91.88 lakhs (previous year Rs. 134.50 lakhs).

The above matters comprise of proceedings pending with various direct tax, indirect tax and other authorities.

(b) The Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Company's management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect on the Company's results of operations or financial condition.

Future cash outflows in respect of the above are determinable only on receipt of judgement / decisions pending with various forums / authorities.

Capital commitments

	As at 31 March 2026	As at 31 March 2025
Capital Commitments (net of advances) not provided for	**4,204.79**	2,078.96

Note 32 Leases

The Company (lessee) leases a number of buildings, plant and equipment used in its operations. Leases of buildings and plant and equipment generally have lease terms between 2 to 9 years. The Company assesses at lease commencement whether it is reasonably certain to exercise the extension or termination option as per respective lease agreements. The weighted average incremental borrowing rate applied to lease liabilities is 8% per annum (previous year 8% per annum).

(a) Lease liabilities presented in the Balance sheet are as follows:

	As at 31 March 2026	As at 31 March 2025
Current	**228.28**	278.25
Non-Current	**667.74**	249.09
	896.02	527.34

The maturity analysis of undiscounted lease liabilities amounting to Rs. 1,057.51 lakhs (previous year Rs. 635.19 lakhs) has been disclosed in Note 38 (A) (III) Financial risk management - liquidity risk.

The following is the movement in lease liabilities during the year:-

	Year ended 31 March 2026	Year ended 31 March 2025
Balance as at beginning of the year	**527.34**	561.29
Additions	**565.31**	162.65
Finance cost accrued during the year	**84.68**	50.27
Payment of lease liabilities	**(257.12)**	(245.40)
Lease modification	**(24.19)**	(1.47)
Balance as at end of the year	**896.02**	527.34

(b) The detail of Right of use assets recognised during the year has been disclosed separately in note 3.

(c) Expense recognised in Statement of profit or loss:

	Year ended 31 March 2026	Year ended 31 March 2025
Rent for short term leases	**117.06**	94.69

Diluted earnings per share (Rs.)	**110.39**	84.08
Face value per share (Rs.)	**10.00**	10.00
Note:		
Profit for the year attributable to equity shareholders	**15,975.04**	12,167.44
Weighted average number of equity shares outstanding during the year (in nos.)	**14,471,646**	14,471,646

Note 34 Segment information

The Company is primarily engaged in the business of manufacturing of commercial vehicles and related components which constitutes a single business segment and accordingly, the disclosures of Ind AS 108, "Operating Segments" are not required to be given. As defined in Ind AS 108, the Chief Operating Decision Maker (CODM), i.e. the Board of directors, evaluates the performance of the Company and allocates resources based on the analysis of the various performance indicators of the Company as a single unit.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(All amounts in Rs. Lakhs unless stated otherwise)

Geographical information

Particulars	Domestic	Overseas	Total
Revenue from operations			
2025-26	**2,70,518.86**	**13,272.88**	**2,83,791.74**
2024-25	2,30,386.28	9,513.00	2,39,899.28

Notes:

a. Overseas segment includes sales and services rendered to customers located outside India.

b. Domestic segment includes sales and services rendered to customers located in India.

c. The Company has its business operations primarily in India. There are no non-current assets outside India.

Major customer

No single customer accounted for more than 10% of the Company's revenue for the financial years 2025-26 and 2024-25.

Note 35

The Company has established a comprehensive system for maintenance of information and documents as required by the transfer pricing regulation under sections 92-92F of the Income-Tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company continuously updates its documentation for the international transactions entered into with the associated enterprises during the financial year and expects such records to be in existence latest by the due date as required under law. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of income tax expense and that of provision for taxation.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(All amounts in Rs. Lakhs unless stated otherwise)

(iii) Shareholders holding 10% or more share in the Company

Particulars	Year ended	Amount
Nature of transactions		
Dividend paid to Isuzu Motors Limited, Japan (ceased to be shareholder w.e.f. 1 August 2025)	**31 March 2026**	**390.73**
	31 March 2025	347.32
Dividend paid to Navodya Enterprises (Acquirer) along with Person Acting in Concert (PAC)	**31 March 2026**	**459.56**
	31 March 2025	456.50

Notes:

1. All related party transactions that were entered into during the financial year were at arm's length, in the ordinary course of business.
2. Reimbursements made to the parent company includes Rs. 140.73 lakhs towards deputation of personnel and Rs. 205.83 lakhs towards short-term employee benefits of key managerial personnel. The said amount is also disclosed separately in Note 36(C)(ii).
3. Outstanding balances at the year end are unsecured and interest free and settlement occurs in cash.
4. The charge for gratuity and compensated absences, where applicable, in respect of the key managerial personnel, is not separately determinable as the remuneration is primarily reimbursed to the parent company.
5. Dividend paid to Sumitomo Corporation, Japan and Isuzu Motors Limited, Japan during the year ended 31 March 2026 pertains to financial year 2024-25.
6. In addition to Ind AS 24, Company has disclosed RPTs as per Companies Act, 2013 and SEBI LODR Regulations.

Note 37 Employee benefits

(i) Net liabilities relating to employee benefits

	As at 31 March 2026	As at 31 March 2025
Non-current		
Liability for gratuity	**787.40**	752.46
Liability for compensated absences	**1,472.64**	3,209.62
	2,260.04	3,962.08
Current		
Liability for compensated absences	**912.84**	547.75
Liability for superannuation	**95.30**	84.46
	1,008.14	632.21
Total	**3,268.18**	4,594.29

For details about the related employee benefit expenses, refer to note 27.

(ii) Defined benefit plan - Gratuity

The Company operates a gratuity plan wherein every employee is entitled to the benefit equivalent to 15 days salary (includes dearness allowance) last drawn for each completed year of service. The same is payable on termination of service, or retirement, or death whichever is earlier. The benefits vest after five years of continuous service. Gratuity benefits valued are in accordance with the payment of Gratuity Act, 1972.

The above defined benefit plan exposes the Company to following risks:

Interest rate risk:

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary inflation risk:

Higher than expected increases in salary will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the processes used to manage its risks from previous periods. The funds are managed by specialised team of Life Insurance Corporation of India.

a) Funding

This is a funded benefit plan for all employees. The Company makes contributions to Life Insurance Corporation of India ("LIC of India"). The assets managed by the fund manager are highly liquid in nature and the Company does not expect any significant liquidity risks.

The Company expects to pay Rs. 400 lakhs (previous year Nil) in contribution to its defined benefit plans in 2026-27.

b) Reconciliation of present value of defined benefit obligation

Particulars	As at 31 March 2026	As at 31 March 2025
Balance at the beginning of the year	**6,426.35**	6,104.91
Benefits paid	**(649.87)**	(674.37)
Past service cost	**546.68**	–
Current service cost	**433.90**	415.86
Interest cost	**421.00**	417.01
Actuarial losses / (gains) recognised in other comprehensive income		
– changes in financial assumptions	**(401.23)**	143.69
– changes in demographic assumptions	**–**	–
– experience adjustment	**39.06**	19.25
Balance at the end of the year	**6,815.89**	6,426.35

c) Reconciliation of the present value of plan assets

Particulars	As at 31 March 2026	As at 31 March 2025
Balance at the beginning of the year	**5,673.89**	4,521.77
Contributions paid into the plan	**600.00**	1,500.00
Benefits paid	**(649.87)**	(674.37)
Expected return income on plan assets	**369.08**	356.77
Remeasurement (loss) / gain - return on plan assets recognised in other comprehensive income	**35.39**	(30.28)
Balance at the end of the year	**6,028.49**	5,673.89

d) Expense recognised in Statement of profit or loss

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Past service cost	**546.68**	–
Current service cost	**433.90**	415.86
Interest cost	**51.92**	60.24
	1,032.50	476.10

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(All amounts in Rs. Lakhs unless stated otherwise)

e) Remeasurements recognised in other comprehensive income

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Actuarial loss / (gain) on defined benefit obligation	**(362.17)**	162.94
Remeasurement loss / (gain) - return on plan assets	**(35.39)**	30.28
	(397.56)	193.22

f) Plan assets

The plan assets are maintained with Life Insurance Corporation of India Gratuity Scheme. The details of investments maintained by Life Insurance Corporation of India and asset-liability matching strategies are not available with the Company and have not been disclosed.

g) Actuarial assumptions

Particulars	As at 31 March 2026	As at 31 March 2025
Discount rate (per annum)	**7.74% p.a**	6.90% p.a
Future salary growth rate (per annum)	**9.00% p.a**	9.00% p.a
Attrition rate	**5.00% p.a**	5.00% p.a
Future Mortality	**IALM 2012-14 (Ultimate)**	IALM 2012-14 (Ultimate)

h) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would increase / (decrease) defined benefit obligation by the amounts shown below:-

	As at 31 March 2026		As at 31 March 2025	
	Increase	**Decrease**	Increase	Decrease
Discount rate (0.5% movement)	**(223.06)**	**236.99**	(215.44)	229.46
Future salary growth rate (1.0% movement)	**477.34**	**(431.44)**	459.94	(413.96)
Attrition rate (0.5% movement)	**(20.73)**	**21.92**	(28.07)	29.86

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same methods (present value of defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and assumptions used in preparing the sensitivity analysis did not change as compared to the previous year.

Maturity profile of defined benefit obligation:

Expected cash flows (valued on undiscounted basis):

Particulars	As at 31 March 2026	As at 31 March 2025
Within 1 year	**834.91**	767.05
2-5 years	**2,921.21**	2,592.41
6-10 years	**2,962.49**	2,632.08
After 10 years	**6,260.23**	5,580.78

The weighted average duration of the defined benefit obligation of gratuity fund at 31 March 2026 is 14.50 years (previous year 14.77 years).

(iii) Defined contribution plans

The Company makes contribution towards employees' provident fund, superannuation fund and employees' state insurance plan scheme. Under the schemes, the Company is required to contribute a specified percentage of payroll cost, as specified in the rules of the scheme, to these defined contribution schemes. The Company has recognised expense towards contribution to these plans as detailed below:

Particulars*	Year ended 31 March 2026	Year ended 31 March 2025
Provident fund	**1,174.09**	1,050.24
Superannuation fund	**389.69**	330.15
Employees' state insurance scheme	**2.52**	4.41
	1,566.30	1,384.80

* Included in contribution to provident and other funds in note 27

Note 38 Financial Instruments - Risk Management and Fair Values

(A) Financial risk management

During the course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational / financial performance. These include market risk (including foreign currency risk, interest rate risk), credit risk and liquidity risk.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and has constituted Risk Management Committee to monitor mitigating actions taken by Management, minimize potential adverse effects and achieve greater predictability to earnings.

The Company has exposure to the following risk arising from financial instruments:

- Market risk (refer (I))
- Credit risk (refer (II)) and
- Liquidity risk (refer (III))

(I) Market risk

Market risk is the risk of any loss in future earnings, realisable fair values or future cash flows that may result from fluctuations in the pricing of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates as future market changes cannot be normally predicted with reasonable accuracy.

i. Foreign currency risk management:

The Company is exposed to foreign currency risk to the extent that there is a mismatch between the currencies in which sales and purchases are denominated and functional currency of the Company, i.e. Indian Rupee (Rs.). The currencies in which these transactions are primarily denominated are US Dollar and Euro. The Company's policy is to ensure that its net exposure is kept to an acceptable level which will not have material effect on the profits of the Company if there is any fluctuation in the currency rates.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period, as reported to management, are as follows:

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(All amounts in Rs. Lakhs unless stated otherwise)

As on 31 March 2026:

	Liabilities			Assets			
Foreign Currency	**Gross Exposure (in Rs. lakhs)**	**Exposure hedged using derivatives (in Rs. lakhs)**	**Net liability exposure (in Rs. lakhs)**	**Gross Exposure (in Rs. lakhs)**	**Exposure hedged using derivatives (in Rs. lakhs)**	**Net asset exposure (in Rs. lakhs)**	**Net overall exposure-net assets / (net liabilities) (in Rs. lakhs)**
USD	**–**	**–**	**–**	**480.21**	**–**	**480.21**	**480.21**
EUR	**–**	**–**	**–**	**–**	**–**	**–**	**–**

As on 31 March 2025:

	Liabilities			Assets			
Foreign Currency	**Gross Exposure (in Rs. lakhs)**	**Exposure hedged using derivatives (in Rs. lakhs)**	**Net liability exposure (in Rs. lakhs)**	**Gross Exposure (in Rs. lakhs)**	**Exposure hedged using derivatives (in Rs. lakhs)**	**Net asset exposure (in Rs. lakhs)**	**Net overall exposure-net assets / (net liabilities) (in Rs. lakhs)**
USD	–	–	–	816.01	–	816.01	816.01
EUR	48.18	–	48.18	–	–	–	(48.18)

– Sensitivity analysis:

A reasonably possible strengthening (weakening) of the Indian Rupee by 1% against below currencies at 31 March 2026 and 31 March 2025 would have increased / decreased the exposure in relation to financial instruments denominated in foreign currency and increased / decreased profit before tax and equity by the amounts shown below. This analysis is performed on foreign currency denominated monetary financial assets and financial liabilities outstanding as at the year end. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Particulars	**31 March 2026**	31 March 2025
Impact on profit before tax and equity (pre-tax) for the year		
USD	**4.80**	8.16
EURO	**–**	0.48

ii. Interest rate risk management:

The Company is exposed to interest rate risk pertaining to funds borrowed at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings.

As at year end, financial liabilities (borrowings) of Rs. 27,794.77 lakhs (previous year Rs. 32,019.43 lakhs) were subject to variable interest rates.

– Sensitivity analysis:

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

A reasonably possible change of 1 % in interest rates at the reporting date would have increased / decreased the profit before tax and equity by the amounts shown below. This analysis assumes that all other variables remain constant.

Particulars	**31 March 2026**	31 March 2025
Impact on profit before tax and equity (pre-tax) for the year	**277.95**	320.19

The Company's certain long term loans taken from bank carries variable rate of interest, hence, it is subject to interest rate risk since carrying amount or the future cash flows will fluctuate because of a change in market interest rates.

(II) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses both the direct risk of default and the risk of deterioration of credit worthiness as well as concentration risks. None of the financial instruments of the Company result in material concentrations of credit risks.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets as at 31 March 2026 and 31 March 2025.

The Company primarily has exposure from following types of customers:
- Dealers
- Government institutions

To manage trade receivables, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts, aging of such receivables and the country in which customers operate.

The Company's exposure to credit risk for trade receivables by the type of customers is as follows:

	Carrying amount as at	
	31 March 2026	31 March 2025
Dealers	**17,149.23**	21,166.25
Government institutions	**9,871.75**	5,239.42
Others	**–**	119.64
	27,020.98	26,525.31

The loss allowance for trade receivables using expected credit loss for different ageing periods is as follows:

	Gross	**Allowance**	**Net**	**Average expected credit loss rate %**
As at 31 March 2026				
Not due	**20,426.09**	**–**	**20,426.09**	**–**
Due less than 6 months	**6,639.95**	**59.40**	**6,580.55**	**0.89%**
Due more than 6 months	**264.47**	**250.13**	**14.34**	**94.58%**
	27,330.51	**309.53**	**27,020.98**	**1.13%**
As at 31 March 2025				
Not due	20,518.48	–	20,518.48	–
Due less than 6 months	5,140.05	1.30	5,138.75	0.03%
Due more than 6 months	1,099.71	231.63	868.08	21.06%
	26,758.24	232.93	26,525.31	0.87%

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(All amounts in Rs. Lakhs unless stated otherwise)

The Company makes an allowance for doubtful trade receivables using the simplified approach for expected credit loss and by continuously monitoring the recoverability of receivable balances.

Movement in expected credit loss allowance

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Balance at the beginning of the year	**232.93**	211.80
Add: Incremental expected credit allowance	**77.09**	32.02
Less: Bad debts written off	**0.49**	9.22
Less: Reversal of provisions	**–**	1.67
Balance at the end of the year	**309.53**	232.93

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings.

Other financial assets measured at amortised cost: Other financial assets measured at amortized cost includes security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously and there were no indications that defaults in payment obligations would occur.

(III) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company has obtained working capital borrowing limits of Rs. 55,000 lakhs (previous year Rs. 80,783.56 lakhs) from various banks to meet it's liquidity needs, out of which Rs. 21,626.97 lakhs (previous year Rs. 22,504.43 lakhs) has been utilised as at 31 March 2026.

The table below summarises the maturity profile remaining contractual maturity period at the balance sheet date for its non derivative financial liabilities based on the undiscounted cash flows.

Particulars	Due in 1st year	Due in 2nd to 5th year	Due after 5th year	Total	Carrying Value
31 March 2026					
Trade payables	**40,554.55**	**–**	**–**	**40,554.55**	**40,554.55**
Lease liabilities	**280.14**	**738.65**	**38.72**	**1,057.51**	**896.02**
Other financial liabilities	**1,305.65**	**–**	**1,372.24**	**2,677.89**	**2,677.89**
Borrowings	**27,231.22**	**1,085.21**	**–**	**28,316.43**	**28,015.03**
	69,371.56	**1,823.86**	**1,410.96**	**72,606.38**	**72,143.49**
31 March 2025					
Trade payables	37,012.70	–	–	37,012.70	37,012.70
Lease liabilities	313.55	280.42	41.22	635.19	527.34
Other financial liabilities	2,515.82	–	1,232.99	3,748.81	3,748.81
Borrowings	26,560.13	6,556.76	–	33,116.89	32,177.97
	66,402.20	6,837.18	1,274.21	74,513.59	73,466.82

38. Financial Instruments - Risk Management and Fair Values

(B) Accounting classification and fair values

The following table shows the carrying amounts and fair value of financial assets and financial liablilities including their level in the fair value hierarchy:

Particulars	Level of hierarchy	As at 31 March 2026			As at 31 March 2025		
		FVTPL	FVOCI	Amortised cost	FVTPL	FVOCI	Amortised cost

Trade payables	–	–	**40,554.55**	–	–	37,012.70
Lease liabilities	–	–	**228.28**	–	–	278.25
Other financial liabilities	–	–	**1,305.65**	–	–	2,515.82
Total financial liabilities	–	–	**72,143.49**	–	–	73,466.82

Note:

(i) Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.

(ii) Fair value of non-current financial assets has not been disclosed as there are no material differences between carrying value and fair value.

(iii) The fair value of borrowings is based upon a discounted cash flow analysis that used the aggregate cash flows from principal and finance costs over the life of the debt and current market interest rates. Fair value has not been disclosed for borrowings since it approximates the carrying amount.

The Company determines the fair value of its financial instruments on the basis of the following hierarchy:

Level 1: The fair value of financial instruments that are quoted in active markets are determined on the basis of quoted price for identical assets or liabilities.
Level 2: The fair value of financial instruments that are not traded in an active market are determined using valuation techniques based on observable market data.
Level 3: The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs).
There are no transfers between Level 1, Level 2 and Level 3 during the year ended 31 March 2026 and 31 March 2025.

Note 39 Income Tax

(a) Income tax recognised in profit or loss

	Year ended 31 March 2026	Year ended 31 March 2025
Current tax		
In respect of current year	**5,251.10**	362.12
In respect of prior years	**–**	(31.11)
	5,251.10	331.01

Note 40

The Ministry of Corporate Affairs (MCA) has prescribed a requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

The Company uses certain accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility. The audit trail (edit log) feature has operated throughout the year, except for certain tables relating to financial reporting and master data, where the same was enabled in a phased manner during the year. For the period during which the audit trail (edit log) facility was enabled and operated, the Company did not come across any instance of the audit trail feature being tampered with. Further, except for the period during which the audit trail was not enabled in the prior year, the audit trail has been preserved by the Company in accordance with the statutory requirements for record retention.

Note 41 (a) Capital management

The Company manages its capital to ensure that the Company will be able to continue as a going concern, while maximising the return to stakeholders through efficient allocation of capital towards expansion of business, optimisation of working capital requirements and deployment of surplus funds. The Company uses the operational cash flows and equity to meet its working capital requirements. The funding requirements are met through equity, internal accruals and a combination of both long-term and short-term borrowings. The Company is not subject to any externally imposed capital requirements.

Management of the Company reviews the capital structure of the Company on a regular basis and uses debt equity ratio to monitor the same. As part of this review, management of the Company considers risks associated with the movement in the working capital and capex needs.

The following table summarises the capital structure of the Company:

Particulars	As at 31 March 2026	As at 31 March 2025
Borrowings (current and non-current)	**28,316.43**	33,116.89
Less: Cash and cash equivalents	**450.85**	310.10
Net debt (A)	**27,865.59**	32,806.79
Total Equity (B)	**51,933.91**	38,266.27
Net debt to total equity ratio (A/B)	**0.54**	0.86

(b) Reconciliation of movements of liabilities to cash flows arising from financing activities :-

Particulars	Borrowings (Current and non-current)	Lease liabilities (Current and non-current)	Interest accrued	Total
Balance as at 31 March 2024	**41,565.55**	**561.29**	**119.75**	**42,246.59**
Cash movements:				
Proceeds from borrowings	5,809.29	–	–	5,809.29
Repayment of borrowings	(15,196.87)	–	–	(15,196.87)
Payment of lease liabilities / interest	–	(195.13)	(2,927.75)	(3,122.88)
Non-cash movements:				
Additions in Lease liabilities / interest accrued	–	162.65	2,881.21	3,043.86
Lease modification	–	(1.47)	–	(1.47)
Balance as at 31 March 2025	**32,177.97**	**527.34**	**73.21**	**32,778.52**
Cash movements:				
Proceeds from borrowings	**2,544.19**	**–**	**–**	**2,544.19**
Repayment of borrowings	**(6,707.12)**	**–**	**–**	**(6,707.12)**
Payment of lease liabilities / interest	**–**	**(172.44)**	**(1,976.43)**	**(2,148.87)**
Non-cash movements:

Note: Non-cash investing activity includes acquisition of Right of use assets (refer note 3).

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2026

(All amounts in Rs. Lakhs unless stated otherwise)

Note 42 Research and development costs are as follows:

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Revenue expenditure recognised in statement of profit and loss under appropriate account heads	**2,041.03**	1,916.12
Capital expenditure *	**562.26**	337.22

* allowed as deduction under section 35(1)(iv) of Income tax act.,1961

Note 43 Final Dividend

The Board of Directors at their meeting held on 20 April 2026, has considered and recommended a final dividend of Rs. 23.50 per equity share (previous year Rs.18 per equity share) of Rs. 10 each fully paid up amounting to Rs. 3,400.84 lakhs (previous year Rs. 2,604.90 lakhs) for the year ended 31 March 2026, subject to approval by the shareholders at the ensuing Annual General Meeting, and it has not been recognised as liability in these financial statements.

During the year ended 31 March 2026, the Company has paid a final dividend of Rs. 18 per equity share of Rs. 10 each fully paid up amounting to Rs. 2,604.90 lakhs in respect of previous year ended 31 March 2025, which was considered and recommended by the Board of Directors at their meeting held on 30 May 2025 and was subsequently approved by the shareholders at the Annual General Meeting, held on 26 September 2025.

Note 44

On 26 April 2025, Sumitomo Corporation, Japan (Promoter shareholder) and Isuzu Motors Limited, Japan (Public shareholder) entered into Share Purchase Agreements with Mahindra & Mahindra Limited ("Acquirer"), whereby they agreed to sell 63,62,306 equity shares (representing 43.96% of the equity share capital of the Company) and 21,70,747 equity shares (representing 15.00% of the equity share capital of the Company) respectively, of face value of Rs.10/- each, at a price of Rs. 650/- per share.

Pursuant to the above, on 1 August 2025, Mahindra & Mahindra Limited acquired an aggregate of 58.96% of the equity share capital of the Company, in accordance with Regulation 22(2) of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulation, 2011. Accordingly, the Company has become a subsidiary of Mahindra & Mahindra Limited w.e.f. 1 August 2025.

Subsequent to the completion of the open offer, the shareholding of Mahindra & Mahindra Limited increased to 58.97% of the equity share capital of the Company.

Note 45

The name of the Company has been changed from 'SML Isuzu Limited' to 'SML Mahindra Limited' with effect from 8 October, 2025, on issuance of a fresh certificate of incorporation by the Registrar of Companies, following the exit of Isuzu Motors Limited, Japan as a shareholder and to reflect the change in ownership.

Note 46

During the previous year, the Company had received anonymous complaint alleging that some employees may have financial dealings with specific dealers. To investigate the matter, the Company, on the directions of Audit Committee, had appointed an external expert who submitted their report to the Audit Committee in the previous year. Thereafter, the Audit Committee appointed a sub-committee of two independent directors to look into all aspects and conclude the matter. Based on expert's findings and the sub-committee's review, there is no evidence of financial impropriety or fraud against the Company. Accordingly, management believes that the matter does not have any material impact on the accompanying financial statements and, consequently, no adjustment is required to be made to the financial statements for the year ended 31 March 2026.

Note 47

The Ministry of Environment, Forest and Climate Change has notified the Environment Protection (End-of-Life Vehicles) Rules, 2025 ("ELV Rules"), which are effective from 1 April 2025. As per these rules, Extended Producer Responsibility (EPR) obligations are imposed on producers ("vehicle manufacturers") for the scrapping of End-of-Life Vehicles and such obligations are to be fulfilled through the purchase of EPR certificates from registered Vehicle Scrapping Facilities via a Centralised Online Portal. The implementation details and operational procedures of the ELV rules including the modalities of the pricing mechanism for the EPR certificates are yet to be developed.

Consequently, the Company is currently unable to reliably estimate a range of possible outcomes and the potential impact of these rules. The Company will continue to assess the ability to measure its obligations pursuant to the ELV Rules, as and when the aforesaid details of implementation framework are available.

Note 48

On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 (collectively "new labour code") - consolidating 29 existing labour laws.

In accordance with the new Labour Codes, the Company has currently estimated the incremental impact on retiral benefits to be Rs. 546.68 lakhs. The Company continues to monitor developments on the Rules to be notified by regulatory authorities, including clarifications / additional guidance from authorities and will continue to assess the accounting implications, basis such developments/ guidance.

Note 49 Details of corporate social responsibility expenditure

Particulars			Year ended 31 March 2026	Year ended 31 March 2025

INDEPENDENT AUDITORS' REPORT

To
The Members of
GROMAX AGRI EQUIPMENT LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of GROMAX AGRI EQUIPMENT LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its loss and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 36 to the Financial Statements;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement;

(v) The Company has not declared/paid/declared and paid any dividend during the year; and

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

1. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

   (B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

   (b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management once in a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified property, plant and equipment during the current financial year and did not observe any material discrepancies.

   (c) According to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.

   (d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

   (e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) According to the information and explanations given to us, the inventory comprising of raw materials, work-in-progress, finished and semi-finished goods, stores and spares, loose tools and stock-in-trade has been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

   (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from Axis Bank Limited on the basis of security of fixed deposits held with the bank. According to information and explanation provided to us by the management, no statements were required to be filed for working capital limits availed against the fixed deposits. Therefore, reporting under clause 3 (ii) (b) is not applicable to the Company.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Profession tax, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

   According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year

for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2026, which have not been deposited with the appropriate authorities on account of any dispute. The statutory dues in respect of Income-tax as at March 31, 2026, which have not been deposited with the appropriate authorities on account of a dispute, are as under:

Name of Statute	Nature of dues	Amount (Rs. in lakhs)	Period to which amount relates	Forum where pending
The Income Tax Act, 1961	Income Tax	313.73	Assessment year 2014-2015	Commissioner of Income Tax (Appeals)

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that funds raised on short-term basis have not been utilised for long-term purposes as at the Balance Sheet date.

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle blower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14. (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group has five Core Investment Companies.

17. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses during the current financial year and had incurred cash losses amounting to Rs 94.98 lakhs during the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Gromax Agri Equipment Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

All amounts are in Rupees Lakhs unless otherwise stated

Note Nos. 1 and 2 : Summary of Material Accounting Policies

1. Corporate Information

Gujarat Tractor Corporation Limited (GTCL) a Public Limited Company domiciled in India and incorporated on 31st March, 1978 under the provisions of the Companies Act, 1956 (CIN : U34100GJ1978PLC003127) and a Government of Gujarat Undertaking. As a part of Disinvestment by Government of Gujarat, the Mahindra & Mahindra Limited. acquired 60% stake in Equity Shares of the Company in 1999-2000. The name of the Company changed to Mahindra Gujarat Tractor Limited (MGTL / the Company) in the year 2000. The name of company further changed to Gromax Agri Equipment Limited with effect from 24th August, 2017.

Currently Mahindra Group holds 60% and Government of Gujarat holds 40% Equity in the Company. The Company is mainly engaged in the Manufacture and Sale of Tractors under the brand name “Shaktimaan”, “Hindustan”, “Farm Plus”, “Trakstar” and spares of the same. The Company carries out its business activities in India and Nepal. The Factory and Registered Office of the Company is located at Vishwamitri, Vadodara, Gujarat and Sales and Distribution Offices and Yards in major States of India.”

2. Material Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared taking into consideration all material aspects with Indian Accounting Standards (Ind-AS) notified under section 133 of the Companies Act, 2013 (the “Act”) [Companies (Indian Accounting Standards) Rules, 2015, as amended] and the other relevant provisions of the Act.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the value paid for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

The financial statements have been prepared on historical convention except Defined benefit plans.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below:

2.3 Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. Upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Depending on the terms of the contract, which differs from contract to contract, the goods are sold on a reasonable credit term. The Revenue is excluding taxes and after deducting various Dealer Incentives and Discounts.

2.3.1. Sale of goods

1) Timing of recognition- Sales are recognized when control parameters as laid down in IND AS 115 are satisfied. Control means customer has accepted the product, legal title has been transferred, transfer of significant risk and rewards, right to receive the payment and transfer of physical possession. Sales are recognised at a point in time based on the revenue recognition standard.

2) Measurement of revenue:

   A) Revenue is measured based on the consideration specified in a contract with a customer (net of variable consideration) and excludes amounts collected on behalf of third parties. The Company recognises revenue when it transfers control of a product.

   B) Any change resulting in increase or decrease in estimated revenue or cost are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by Management.

   C) Transaction price is the amount of consideration expected to be entitled to in exchange for transferring of goods and services excluding the amount collected from third party.

   D) Revenue from sales is based on the price specified in the sales contracts (net of the variable consideration) and returns at the time of sale. Accumulated experience is used to estimate and provide for the discounts and returns. The volume discounts are assessed based on anticipated annual purchases

2.3.2 Royalties

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably). Royalties determined on a time basis are recognised on a straight-line basis over the period of the agreement. Royalty arrangements that are based on production, sales and other measures are recognised by reference to the underlying arrangement.

2.3.3 Dividend and interest income

Dividend income from investments is recognised when the shareholder’s right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

2.4 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.5 Employee benefits

2.5.1 Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

2.5.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.5.3 Contributions from employees or third parties to defined benefit plans

Discretionary contributions made by employees or third parties reduce service cost upon payment of these contributions to the plan.

When the formal terms of the plans specify that there will be contributions from employees or third parties, the accounting depends on whether the contributions are linked to service, as follows:

If the contributions are not linked to services (e.g. contributions are required to reduce a deficit arising from losses on plan assets or from actuarial losses), they are reflected in the remeasurement of the net defined benefit liability (asset).

If contributions are linked to services, they reduce service costs. For the amount of contribution that is dependent on the number of years of service, the Company reduces service cost by attributing the contributions to periods of service using the attribution method required by Ind AS 19.70 for the gross benefits. For the amount of contribution that is independent of the number of years of service, the Company reduces service cost in the period in which the related service is rendered / reduces service cost by attributing contributions to the employees' periods of service in accordance with Ind AS 19.70.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in

which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under lease are depreciated over the lease term of the ROU (Right of use).

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.7.1 Useful lives of tangible assets

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as prescribed in Part C of Schedule II of the Companies Act, 2013

Particulars	Life (Years)
Building - Non Factory	60
Building - Factory	30
Plant and Machineries, Jigs and Fixtures and Pattern and Moulds	15
Furniture and Fixtures, Electrical Installation	10
Motor Vehicles - Cars and Tractors	8
Computers - Servers and Network	6
Office Equipment	5
Computers - End-use devices (Desktop, Laptop, Printers, etc.)	3
Assets Value < Rs.5000	1

2.8 Intangible assets

2.8.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.8.2 Internally-generated intangible assets - research and development expenditure

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.8.3 Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Particulars	Life (Years)
Development Expenditure	5
Software	3

2.9 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.10 Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Costs of inventories are determined on a weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Cost of raw material and traded goods comprises of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of Inventories also include all other cost incurred in bringing the inventories to their present location and condition. Cost of purchase inventory are determined after deducting rebates and discounts.

2.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions are not recognised for future operating losses.

2.11.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.11.2 Warranties

Provisions for the expected cost of warranty obligations under local sale of goods legislation are recognised at the date of sale of the relevant products, at the directors' best estimate of the expenditure required to settle the Company's obligation.

2.11.3 Contingent liabilities acquired in a business combination

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.12 Financial instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.12.1 Cash and cash equivalents:-

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.13.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange

differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.13.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.13.3 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.14 Financial Liabilities

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Classification of financial liabilities

The company classifies all financial liabilities as subsequently measured at amortised cost.

2.14.2 Initial recognition of financial liabilities

Financial liabilities are carried at amortised cost using the effective interest method.

2.14.3 Subsequent measurement of financial liabilities

The measurement of financial liabilities depends on their classification (Refer Note 29)

2.15 Leases

2.15.1 Initial Recognition:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

2.15.2 Company as a lessee:

Leases, other than short term lease and low value assets, of property, plant and equipment are classified as finance leases. Finance leases are capitalized at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

2.16 EPS

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all years presented for any share splits and bonus shares issues including for changes effected prior to the authorization for issue of the financial statements by the Board of Directors.

2.17 Cash flow statement

The Cash Flow Statement is prepared by the indirect method set out in Ind AS 7 on Cash Flow Statements and presents cash flows by operating, investing and financing activities of the Company.

2.18 Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2.19 Current v/s Non-Current classification:-

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

a) Expected to be realized or intended to be sold or consumed in normal operating cycle

b) Held primarily for the purpose of trading

c) Expected to be realized within twelve months after the reporting period, or

d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

a) It is expected to be settled in normal operating cycle

b) It is held primarily for the purpose of trading

c) It is due to be settled within twelve months after the reporting period, or

d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

The Company has identified twelve months as its operating cycle for the purpose of current and non-current classification of assets and liabilities

2.20 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2.1 to 2.18, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

Detailed information about each of these estimates and judgements included in relevant notes together with information about the basis of calculation of each different line item in the financial statements.

Areas involving judgements and estimations:

1) Provision for warranty and service coupon
2) Provision for ECL
3) Provision for Employee Benefits

Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such Notification which is applicable from April 1, 2025.

Notes:

1. Trade Payables are payables in respect of the amount due on account of goods purchased or services received in the normal course of business.
2. There are some Micro and Small Enterprises, to whom the Company owes dues, which are outstanding for more than the stipulated period. The information regarding micro and small enterprises have been determined to the extent such parties have been identified on the basis of information available with the Company. The disclosures required to be made as per the Micro, Small and Medium Enterprises Development Act, 2006 are as follows:

	Particulars	As at 31st March, 2026	As at 31st March, 2025
I.	Dues remaining unpaid		
	- Principal	**464.68**	161.52
	- Interest	**2.42**	0.50
II.	Interest paid in terms of Section 16 of the Act	**–**	–
III.	Amount of interest due and payable for the period of delay on payments made beyond the appointed day during the year	**2.42**	0.50
IV.	Amount of interest accrued and remaining unpaid	**0.42**	0.50
V.	Amount of interest due and payable on previous year's outstanding amount	–	–

Note No. 17 - Other Financial Liabilities

	Total Other Non Current Financial Liabilities	**197.30**	222.98
(B)	**Current**		
1	Unpaid dividends (Preference dividend, considered as interest)	**1,098.95**	1,056.45
2	Trade and Security Deposits	**197.70**	244.05
3	Unpaid matured preference shares	**500.00**	500.00
4	Other liabilities		
	(a) Capital Creditors	**4.23**	34.24
	(b) Employee Payables	**26.14**	22.00
	(c) Expenses accruals	**710.93**	329.97
	(d) Others	**2.94**	3.30
	Total Other Current Financial Liabilities	**2,540.89**	**2,189.99**

Note:

5,000,000 8.5% Cumulative Redeemable Preference Shares of Rs. 10 each issued solely to Government of Gujarat (GOG) as fully paid up on 23rd May, 2000 consequent upon conversion of loan of Rs. 50,000,000.

These shares were redeemable at par at the end of four years from the date of allotment i.e. 22nd May, 2004 and the terms of the issue of the shares can be varied with the express consent of the Company and the holders of the shares at any time during the period the shares are outstanding.

The Preference Shares issued have right to receive dividend from year to year as decided by terms of issue i.e. 8.5% per annum from the date of allotment.

The preference share holders will not be entitled to any of the rights and privileges available to the members of the Company including right to receive notice of or to attend and vote at general meeting or to receive annual reports of the company. If, however any resolution affecting the rights attached to the share is placed before the member of the Company, such resolution will first be placed before the preference shareholders for their consideration.

Considering book losses, the Board of Directors had not declared dividend on preference shares since allotment. Thus, no provision was made for 8.5% dividend, amounting to Rs. 631.46 Lakhs on preference shares for the period from 23rd May, 2000 (being the date of allotment) to the year ended 31st March, 2015 and additional tax thereon as per the accounting treatment under IGAAP.

Under IND AS, accrued Dividend on Preference Shares is defined as Other Current Financial Liabilities under Unpaid Dividends and are currently excluding taxes.

Note No. 18 - Provisions

Particulars	As at 31st March, 2026		As at 31st March, 2025	
	Current	Non-Current	Current	Non-Current
1. Provision for employee benefits				
(a) Employee Benefits	**72.99**	**326.21**	64.45	201.05
2. Other Provisions				
(a) Provision for Warranty	**444.61**	**–**	246.76	–
(b) Provision for Service Coupon	**62.13**	**–**	57.63	–
Total Provisions	**579.73**	**326.21**	368.84	201.05

Note:

Movement of Warranty Provision

Provision for Warranties	Balance at the beginning of the year	Provision made during the year	Provision used during the year	Provision written back during the year	Balance at the end of the year
Financial Year 2025-2026	**246.76**	**253.06**	**55.22**	**–**	**444.60**
Financial Year 2024-2025	153.88	165.12	72.24	–	246.76

Provision for warranty has been recognised for expected warranty claims on products sold during the last two financial years. It is expected that the majority of this expenditure will be incurred in the next financial year.

	Particulars	Year Ended on 31st March, 2026	Year Ended on 31st March, 2025
1	Contribution to Employees State Insurance	**7.73**	6.35
2	Contribution to Labour Welfare Fund	**0.01**	0.01
3	Gratuity Provisions	**43.44**	44.92
4	Other Welfare Expenses	**74.10**	66.56
5	Defined Benefit Obligation Recognised as Other Comprehensive Income	**–**	1.26
Total		**125.28**	119.11

Note:

During the year, the Government of India implemented the Code on Social Security, 2020 which introduced a revised definition of 'wages' for the purpose of computing statutory employee benefits. The Company has evaluated the impact of the revised definition of wages on its gratuity in accordance with Ind AS 19. The change has been treated as a plan amendment and the resulting increase in the defined benefit obligation of Rs 82.73 lakhs has been recognised as past service cost in the Statement of Profit and Loss. Considering the one-time nature of this impact, the Company has presented the amount as an exceptional item in the Statement of Profit and Loss.

Note No. 25 - Finance Costs

Net cash inflows/outflows from financing activities	**(184.25)**	60.19
Net Cash inflows	**(0.00)**	(0.00)

Note No. 28 - Earnings/(loss) per Share

Particulars	Year Ended on 31st March, 2026	Year Ended on 31st March, 2025
Basic Earnings/(loss) per share		
From continuing operations (in Rupees)	**1.86**	(0.66)
Total basic earnings/(loss) per share	**1.86**	(0.66)
Diluted Earnings/(loss) per share		
From continuing operations (in Rupees)	**1.86**	(0.66)
Total diluted earnings/(loss) per share	**1.86**	(0.66)

Basic earnings/(loss) per share

The earnings/(loss) and weighted average number of ordinary shares used in the calculation of basic earnings/(loss) per share are as follows:

Particulars	Year Ended on 31st March, 2026	Year Ended on 31st March, 2025
Profit/(loss) for the year attributable to owners of the Company	**1,008.43**	(360.72)
Profit/(loss) used in the calculation of basic earnings/(loss) per share	**1,008.43**	(360.72)
Weighted average number of equity shares	**5,43,01,979**	5,43,01,979
Nominal value of Shares (in Rupees)	**10.00**	10.00
Earnings/(loss) per share from continuing operations - Basic (in Rupees)	**1.86**	(0.66)

Diluted earnings/(loss) per share

Particulars	Year Ended on 31st March, 2026	Year Ended on 31st March, 2025
Profit/(loss) for the year used in the calculation of basic earnings per share	**1,008.43**	(360.72)
Profit/(loss) used in the calculation of diluted earnings per share	**1,008.43**	(360.72)

The weighted average number of ordinary shares for the purpose of diluted earnings/(loss) per share reconciles to the weighted average number of ordinary shares used in the calculation of basic earnings/(loss) per share as follows:

Particulars	Year Ended on 31st March, 2026	Year Ended on 31st March, 2025
Weighted average number of equity shares used in the calculation of Basic EPS	**5,43,01,979**	5,43,01,979
Add:		
ESOPs	**–**	–
Convertible bonds	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**5,43,01,979**	5,43,01,979

Note:

The Company reports basic and diluted earnings/(loss) per share in accordance with Ind AS 33 on Earnings per share. Basic earnings/(loss) per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period. Diluted earnings/(loss) per share is computed by dividing the net profit or loss for the period by the weighted average number of equity shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all years presented for any share splits and bonus shares issues including for changes effected prior to the authorization for issue of the financial statements by the Board of Directors.

Note No. 29 - Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio is as follows:

Particulars	As at 31st March, 2026	As at 31st March, 2025
Debt (A)	**1,761.45**	1,879.83

Financial Risk Management Framework

The Company's activities expose it to credit risk. In order to manage the aforementioned risk, the Company operates a risk management policy and a program that performs close monitoring of and responding to risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral (As on 31 March 2026: Rs. 1214.00 Lakhs (31 March 2025: Rs. 171.00 Lakhs), where appropriate, as a means of mitigating the risk of financial loss from defaults. Credit exposure is controlled by counterparty limits that are reviewed and approved by the risk management committee periodically.

Trade receivables consist of a large number of customers, spread across diverse geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable. In case of Exports to Nepal credit guarantee insurance cover is purchased.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks provided by the Company. The Company's maximum exposure in this respect is the maximum amount the Company could have to pay if the guarantee is called on as at 31 March 2026, an amount of Rs. 43.78 Lakhs (31 March 2025: Rs. 51.00 Lakhs) has been recognised as contingent.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses. The Company has taken dealer deposit and bank guarantees of Dealer which is considered as collateral and these are considered in determination of expected credit losses, where applicable.

The financial instruments of the company mainly consist of trade receivables carried at amortised cost after providing for expected credit loss based on historical credit loss experience and adjusted for forward looking information.

In calculating expected credit loss, the Company has also considered other related credit information for its customers to estimate the probability of default in future.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

	As at 31st March 2026		
Particulars	Less than 6 months past due	More than 6 months past due	Total
Expected loss rate	**–**	**0.69**	**0.23**
Gross carrying amount (Unsecured)	**3,265.11**	**1,579.84**	**4,844.96**
Loss allowance provision	**–**	**1,093.58**	**1,093.58**

	As at 31st March 2025		
Particulars	Less than 6 months past due	More than 6 months past due	Total
Expected loss rate	–	0.77	0.32
Gross carrying amount (Unsecured)	3,001.74	2,193.10	5,194.83
Loss allowance provision	–	1,679.11	1,679.11

Reconciliation of loss allowance provision for Trade Receivables

Particulars	As at 31st March, 2026	As at 31st March, 2025
Balance as at beginning of the year	**1,679.11**	1,417.78
As per ECL in Opening Provisions	**–**	–
Impairment losses recognised in the year based on lifetime expected credit losses		
- On receivables originated in the year	**12.91**	486.78
Amounts written off during the year as uncollectible	**(598.44)**	(225.45)
Balance at end of the year	**1,093.58**	1,679.11

The loss allowance provision has changed during the period due to amounts written off as uncollectible.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
As at 31st March, 2026				
Non-interest bearing	**10,071.82**	–	–	–
Fixed interest rate instruments	**1,598.95**	–	–	–
Total	**11,670.77**	–	–	–
As at 31st March, 2025				
Non-interest bearing	8,357.93	–	–	–
Fixed interest rate instruments	1,556.45	–	–	–
Total	9,914.38	–	–	–

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	As at 31st March, 2026	As at 31st March, 2025
Secured Cash Credit facility		
- Expiring within one year	**2,000.00**	2,000.00

Particulars	As at 31st March, 2026	As at 31st March, 2025
Secured Letter of Credit facility		
- Expiring within one year	**–**	**–**
Secured Bank Guarantee facility		
- Expiring within one year	**–**	**–**
Working Capital Facilities with Bank	**2,000.00**	2,000.00
Commercial Card Facility		
Continuing Agreement till Termination	**–**	–
Credit Card Facility	**–**	–

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets				
As at 31st March, 2026				
Non-interest bearing	**3,606.27**	**–**	**–**	**–**
Total	**3,606.27**	**–**	**–**	**–**
As at 31st March, 2025				
Non-interest bearing	3,543.65	–	–	–
Total	3,543.65	–	–	–

(v) Unhedged Foreign Currency Exposure

Pursuant to the RBI guidelines on "Capital and Provisioning Requirements for Exposures to entities with Unhedged Foreign Currency Exposure" issued vide circular DBOD.No.BP.BC.85/21.06.200/2013-14 dated January 15, 2014, clarifications issued by RBI subsequently vide circular DBOD.No.BP.BC.116/21.06.200/2013-14 dated June 3, 2014 and RBI circular RBI/15-16/431 permitting writing of options dated June 23, 2016 The Company, as on March 31, 2026, does not have any Unhedged Foreign Currency Exposure (UFCE), as defined in the above mentioned RBI circulars.

Note No. 30 - Fair Value Measurement

Fair value of financial assets and financial liabilities that are not measured at fair value:

Particulars	As at 31st March, 2026 Carrying Amount	As at 31st March, 2026 Fair Value	As at 31st March, 2025 Carrying Amount	As at 31st March, 2025 Fair Value
Financial assets				
Financial assets carried at Amortised Cost:				
1) Trade and other receivables	**3,571.61**	**3,571.61**	3,515.72	3,515.72
2) Loans	**–**	**–**	–	–
3) Deposits and similar assets	**2,937.92**	**2,937.92**	2,807.65	2,807.65
Financial liabilities				
Financial liabilities held at amortised cost:				
1) Bank loans	**162.51**	**162.51**	323.39	323.39
2) Loans from Related Party	**–**	**–**	–	–

Note No. 31 - Segment information

Revenue from Major Geographic Location

Particulars	Year Ended on 31st March, 2026	Year Ended on 31st March, 2025
Revenue from India		
Revenue from External Customers	**27,446.70**	20,700.51
Revenue from Related Parties	**12,844.59**	8,787.74
	40,291.29	29,488.25
Outside India		
Nepal	**0.73**	–
Total revenue as per profit or loss	**40,292.02**	29,488.25

Revenue from major products

The following is an analysis of the Company's revenue from continuing operations from its major products:

Particulars	Year Ended on 31st March, 2026	Year Ended on 31st March, 2025
Manufactured Goods	**38,431.91**	28,369.69
Traded Goods	**1,341.18**	1,033.42
Total	**39,773.09**	29,403.11

Extent of the reliance on its major customers:

There is no Dealer whose revenue is more than 10% as against the total turnover of the company for the Financial Year 2025-2026.

Note No. 32 - Employee benefits

(A) Defined Contribution Plans:

Particulars	As at 31st March, 2026	As at 31st March, 2025
(a) Provident Fund	**94.25**	87.01
(b) National Pension Fund	**0.02**	0.34
(c) Employees' State Insurance (ESI)	**7.73**	6.35
(d) Gujarat Labour Welfare Fund	**0.01**	0.01
	102.00	93.71

(B) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However an increase in inflation will also increase the deficit to some degree.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
Particulars	**31-Mar-26**	31-Mar-25
Expected Rate of Return on Assets	**N.A.**	N.A.
Discount rate	**6.77%**	6.55%
Expected rate of salary increase - Officer	**8.00%**	6.00%
Expected rate of salary increase - Staff & Cell executive	**9.00%**	9.00%
Employee Turnover - Officer	**18.00%**	20.00%
Employee Turnover - Staff & Cell executive	**22.00%**	17.00%
Mortality Rate During Employment	**IALM (2012-14) Ultimate**	IALM (2012-14) Ultimate
Retirement Age	**60 Years**	60 Years
Average Longevity	**20**	20

Defined benefit plans – as per actuarial valuation on 31st March, 2026

	Unfunded Plan Gratuity	
Particulars	**2026**	2025
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Service Cost:		
Current Service Cost	**32.75**	34.71
Net interest expense	**10.70**	11.48
Past service Cost	**82.73**	–
Components of defined benefit costs recognised in profit or loss	**126.17**	46.19
Remeasurement on the net defined benefit liability:		
Actuarial gains and loss arising from changes in Demographic Assumptions	**(0.10)**	(6.02)
Actuarial gains and loss arising from changes in financial assumptions	**10.63**	14.85
Actuarial gains and loss arising from experience adjustments	**10.04**	(10.09)
Components of defined benefit costs recognised in other comprehensive income	**20.57**	(1.26)
Total	**146.74**	**44.92**
I. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March 2026		
1. Present value of defined benefit obligation as at 31st March 2026	**297.72**	173.55
2. Fair value of plan assets as at 31st March 2026	**–**	–
3. Surplus/(Deficit)	**297.72**	173.55
4. Current portion of the above	**52.80**	41.68
5. Non current portion of the above	**244.91**	131.88
II. Change in the obligation during the year ended 31st March 2026		
1. Present value of defined benefit obligation at the beginning of the year	**173.55**	159.88
2. *Expenses Recognised in Profit and Loss Account*		
– Current Service Cost	**32.75**	34.71
– Interest Expense (Income)	**10.70**	11.48
3. *Recognised in Other Comprehensive Income*		
Remeasurement gains/(losses)		
– Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**(0.10)**	(6.02)
ii. Financial Assumptions	**10.63**	14.85
iii. Experience Adjustments	**10.04**	(10.09)
4. Benefit payments	**(22.58)**	(31.25)
5. Past service Cost	**82.73**	–
6. Present value of defined benefit obligation at the end of the year	**297.72**	173.55
III. Actuarial assumptions		
1. Discount rate	**6.77%**	6.55%

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

			Impact on defined benefit obligation	
Principal assumption	**Year**	**Changes in assumption**	**Increase in assumption**	**Decrease in assumption**
Discount rate	**2026**	**1.00%**	**-4.10%**	**4.46%**
	2025	1.00%	-3.72%	4.06%
Salary growth rate	**2026**	**1.00%**	**4.11%**	**-4.07%**
	2025	1.00%	4.30%	-4.07%
Withdrawal Rate	**2026**	**1.00%**	**-0.41%**	**0.41%**
	2025	1.00%	-0.40%	0.41%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

Particulars	**2026**	2025
Within 1 year	**54.56**	43.02
1 - 2 year	**54.58**	30.00
2 - 3 year	**41.26**	30.06
3 - 4 year	**40.00**	19.18
4 - 5 year	**36.87**	18.28
5 - 10 years	**120.06**	58.53

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at 31 March 2026 is 5.94 years (2025: 5.46 years)

Experience Adjustments :

	Gratuity				
	Period Ended				
Particulars	**2026**	2025	2024	2023	2022
1. Defined Benefit Obligation	**297.72**	173.55	159.88	146.84	130.97
2. Fair value of plan assets	**–**	–	–	–	–
3. Surplus/(Deficit)	**297.72**	173.55	159.88	146.84	130.97
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**20.57**	(1.26)	9.80	14.82	3.20
5. Experience adjustment on plan assets [Gain/(Loss)]	**–**	–	–	–	–

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

(vii)	Deletion on account of demerger/sale of subsidiary	–
(viii)	Currency Translation adjustments	–
	Closing Balance	201.66

Note No. 35 - Leases

At inception of contract, the Company assesses whether the Contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

(i) **Right-of-use assets:** The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Area Office: "Put the life" On the basis of the tenure of the lease agreement

The Company presents right-of-use assets that do not meet the definition of investment property in 'Property, plant and equipment'.

(ii) **Lease Liabilities:** At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company generally uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. The carrying amount is remeasured when there is a change in future lease payments arising from a change in index or rate. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

The Company presents lease liabilities in 'Financial Liabilities' in the Balance Sheet.

(iii) **Short term leases and leases of low value of assets:** The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

(A) The Company has lease contracts for area office in its operations. Details of amount recognised in profit and loss:

Amounts recognised in profit and loss	As at 31st March, 2026	As at 31st March, 2025
Depreciation expense on right-of-use assets	**–**	3.08
Interest expense on lease liabilities	**–**	0.31
Expense relating to short-term leases	**–**	3.43
Total	**–**	6.83

(B) The following table set outs maturity analysis of lease liability to be paid after the reporting date:

Maturity Analysis	As at 31st March, 2026	As at 31st March, 2025
Not later than one year	**–**	–
Later than one year but not later than five years	**–**	–
Total	**–**	–

(C) The total cash outflow for leases amount to Rs. Nil during the year.

(D) Below are the carrying amount of lease liabilities and the movement during the year:

Particulars	As at 31st March, 2026	As at 31st March, 2025
Opening Lease Liability	**–**	8.17
Additions		–
Accretion of interest	**–**	–
Payments	**–**	(3.16)
Cancelation of Lease during the year	**–**	(5.01)
Closing Lease Liability	**–**	–

(E) Below is the breakup of Current and Non current lease liabilities:

Particulars	As at 31st March, 2026	As at 31st March, 2025
Current lease liabilities	–	–
Non current lease liabilities	–	–
Total	–	–

Note No. 36 - Contingent liabilities and commitments

Contingent liabilities (to the extent not provided for)

	Particulars	As at 31st March, 2026	As at 31st March, 2025
	Contingent liabilities		
1	Bank guarantees	**43.78**	51.00
2	Bills discounted but not matured	–	–
3	Claims against the company not acknowledged as debt	**54.62**	55.50
4	Outstanding Demand of Income Tax Against the Company		
(i)	Assessment Year 2014-2015 Note: Appeal filed with Income Tax Appellate Tribunal on 18th January, 2023 as appeal filed to CIT Appeals has been dismissed on 21st November, 2022 for further assessment being aggrieved with the disallowance of right bad debts claimed in the year.	**313.73**	265.88

Note No. 40 -Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at the date of authorisation of these financial statements, the Company has not applied the following new amendment to Ind AS that has been issued but is not yet effective:

Amendment to Ind AS 1 Presentation of Financial Statements

In case of any covenant breach exists on or before the reporting date and, as a result, the liability becomes payable on demand on that date, the liability must be classified as current, even if the lender subsequently (i.e. after the reporting date but before approval of the financial statements) agrees not to demand payment. The Company does not expect that the adoption of this amendment to have any impact on the financial statements of the Company in future periods

INDEPENDENT AUDITORS' REPORT
TO THE SHAREHOLDERS OF MAHINDRA SOUTH EAST ASIA LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra South East Asia Limited (the Company), which comprise the statement of financial position as at March 31, 2026, the statement of income and statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026, and its financial performance for the year then ended in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities.

Basis for Opinion

We conducted our audit in accordance with Thai Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and we have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements

or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 2026

1 GENERAL INFORMATION

Company status

Mahindra South East Asia Co., Ltd. "The Company" was incorporated as a limited company under Thai Civil and Commercial Code on October 8, 2024, registration no. 0105567208056

Place of company

1840 Sukhumvit Hill office no. 81901, 940 8-9 floor, Sukkumvit Road, Prakanong tai Subdistrict, Prakanong District Bangkok Thailand

Business and operation

The objective of the Company are distribution of tractors and farm implements including their spares parts

2 BASIC OF FINANCIAL STATEMENT PREPARATION

The financial statements have been prepared in accordance with Thai Accounting Standards and Thai Financial Reporting Standards for Non-Publicly Accountable Entities enunciated on Notification of Federation of Accounting Professions (FAP) no. 48 (B.E.2565) under the Accounting Profession Act B.E.2547 which is effective on the financial statements for fiscal year beginning on or after 1 January 2023.

The presentation of the financial statements has been made in compliance with the Notification of the Department of Business Development; Define Financial statement abstract B.E.2566 dated 27 October 2566, issued under the Accounting Act B.E.2543 which is effective on the financial statements for fiscal year beginning on or after 1 January 2024.

The financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

3 SUMMARIZED SIGNIFICANT ACCOUNTING POLICIES

3.1 Revenue and expenses recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods net of output tax, rebates and discounts. Revenue from sales of goods is recognised when significant risks and rewards of ownership of the goods are transferred to the buyer.

Interest income is recognised on time basis, based on principal outstanding and the applicable interest rate.

Other income recognised on an accrual basis.

3.2 Cash and cash equivalents

Cash and cash equivalents are consist of cash on hand, deposit at banks and high liquid short - term investment which is very safe investments and can be easily converted into cash within 3 months. Bank overdrafts that are repayable on demand.

3.3 Trade and other current receivables

Trade accounts receivable are stated at the net realise value. Allowance for doubtful accounts is provided for the estimated losses that may be incrured in collection of recerivables. The allowance is generally based on collection eapriences and analysis of debt aging.

3.4 Inventories

Inventories are stated at the lower of cost or net realisable value. Cost is determined by the following method

1. Tractor and Implements: Moving average method

2. Sparepart and others: Moving average method

The cost of purchase comprises both the purchase price and costs directly attributable to the acquisition of the inventory, such as import duties and transportation charges, less all attributable discounts. Net realisable value is the estimate of the selling price in the ordinary course of business, less the costs of completion and selling expenses. The amount of any write down of inventories to net realisable value is recognised as an expense in the period the write down occurs.

3.5 Equipment

Equipment are stated at cost less accumulated depreciation and allowance for diminution in value of equipment if there is permanent impairment indicator on that assets. The Company reconsider on useful life, depreciation method and scrap value constantly. Depreciation is calculated by a straight-line method over their estimated useful life as follows:

	Year life	
Computer	3	Years
Office Equipment	5	Years
Plant and Machinery (small Tollings)	2-5	Years

3.6 Effects of changes in Foreign exchange rate

Accounts in foreign currency are converted to Thai Baht using the exchange rate prevailing on the transaction date. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into Thai Baht using the exchange rate as of the statement of financial position date.

Non-monetary assets and liabilities arising from transactions in foreign currencies recorded on a historical cost basis are translated into Thai Baht using the exchange rates prevailing on the transaction dates.

Exchange differences arising from translation are recognized as profit or loss for that period.

3.7 Employee benefits

Short-term employee benefits

The Company recognizes salaries, wages, bonuses and contributions to the Social Security Fund as expenses when incurred.

Retirement benefits

Contribution Program

The Company and its employees have jointly established a provident fund. This comprises the monthly contributions by employees and the Company's monthly contributions. The assets of the provident fund are separated from the assets of the Company. The Company's contributions to the provident fund are recognized as expenses in the year in which they are incurred.

Post-employment benefit plans

The Company recognizes the employee benefit obligations in the statement of financial position under the terms of the Act. Labor Protection Act B.E. 2541, which is calculated according to the debt burden at the end of the period. Estimated gain or loss under a defined benefit plan is recognized immediately in the income statement.

3.8 Provisions and contigent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made.

3.9 Income tax

The Company records income tax on the basis of net taxable profits in accordance with tax laws.

9 EMPLOYEE RETIREMENT BENEFIT OBLIGATION

The Company calculates employee benefit liabilities at the statutory severance pay rates under the Labor Protection Act. and the length of time employees have worked for the company.

The changes in employee retirement benefit obligation as at March 31, 2026 and 2025 are summarized as followed:

Currency : Baht

	2026	2025
Beginning balance of Employee retirement benefit obligation	628,558.98	–
Employee retirement benefit paid during the year	–	–
Current service cost	1,212,698.60	628,558.98
Ending balance of Employee retirement benefit obligation	1,841,257.58	628,558.98

10 INCREASE CAPITAL

The Extraordinary General Meeting of Shareholders No. 1/2024 held on December 17, 2024 passed a resolution to increase the registered share capital for Baht 99,900,000 (9,990,000 ordinary shares with a par value of Baht 10 each). The company registered the capital increase to the Ministry of Commerce on January 2, 2025. Therefore, The company's capital is definded at 100,000,000 baht, divided into 10,000,000 shares with a par value of 10 baht per share.

11 COMMITMENT AND CONTINGENT LIABILITIES

11.1 Operating leases

As of March 31, 2026 and 2025, the Company has commitments from operating lease agreements as follows:

	Period	The rent to be paid for the remaining lease term	
		2026	2025
Office Services	within 1 year	1,793,418.00	584,932.00
	More than 1 year but not more than 5 years	201,954.00	–
Vehicle	within 1 year	1,919,544.00	–
	More than 1 year but not more than 5 years	2,488,237.00	–

12 APPROVAL OF FINANCIAL STATEMENT

These financial statement were authorized for issue by company's authorized director on April 10, 2026

INDEPENDENT AUDITOR'S REPORT

To the Stockholder and the Board of Directors,
Mahindra USA, Inc.

OPINION

We have audited the financial statements of Mahindra USA, Inc. (the "Company"), which comprise the balance sheets as of March 31, 2026, and March 31, 2025, and the related statements of operations, changes in stockholder's (deficit) equity, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2026, and March 31, 2025, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

NOTE A - NATURE OF OPERATIONS

Mahindra USA, Inc. (the "Company") ("MAgNA") was incorporated on June 8, 1994, in the State of Texas and commenced business on March 15, 1995. The Company is owned by Mahindra and Mahindra Ltd. ("Parent Company" or "M&M"). M&M is a publicly traded corporation, headquartered in Mumbai, India, which, among other activities, manufactures farming equipment and automobiles. The Company sells tractors, parts, attachments, accessories and off-road vehicles in North America under wholesale distribution agreements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. Basis of preparation

a. The accompanying financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America ('US GAAP').

b. All amounts are stated in United States Dollars (USD), except as otherwise specified.

c. The financial statements are presented for the years ended March 31, 2026, and March 31, 2025.

d. The figures of the previous year have been regrouped or reclassified wherever necessary to conform to current year's classification. These changes had no impact on previously reported net loss and accumulated deficit.

2. Going concern

During the years ended March 31, 2026, and March 31, 2025, the Company incurred net losses of $25,047,090, and $18,665,137, respectively. Further, as of March 31, 2026, and March 31, 2025, the Company has an accumulated deficit of $233,839,583, and $208,792,493, and has negative working capital of $41,305,443, and $15,693,518, respectively.

The Company has uncommitted line of credit available of $110,000,000 as of March 31, 2026, of which $75,000,000 uncommitted credit line is available until June 30, 2026, and remaining until January 2027. The Company is also in the process of securing additional equity from Parent Company of approximately $50,000,000. The Company believes that infusion of additional equity from parent, cash flows to be generated from operations and ability to avail borrowings from uncommitted line of credit from banks will be sufficient to meet the Company's current anticipated cash needs including working capital needs and various contractual obligations, for at least the next twelve months from the date the financial statements are available for issue. Accordingly, the financial statements have been prepared on a going concern basis.

3. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management's estimates for determination of useful lives for property, plant & equipment, and long-lived assets for impairment, allowance for incentives and warranties, legal and tax contingencies, allowance for expected credit losses, discount rate for lease liabilities and provision for inventory at the balance sheet date represent certain of these particularly sensitive estimates. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates prospectively in the current and future periods.

4. Cash

The Company's cash comprises of balances with bank. The carrying value of cash approximates fair value because of the short maturities of those financial instruments. Cash balances in US bank accounts are insured by the Federal Deposit Insurance Corporation up to an aggregate of $250,000. The Company believes it is not exposed to any significant risk on cash.

5. Revenue recognition

Revenue from sale of tractors, parts, attachments, accessories, and off-road vehicle products is recognized when each of the following criteria is met:

1. The Company and an independent dealer approve a contract with commercial substance.

2. The sales price is determinable, and collectability of the payment is probable based on the terms outlined in the contract.

3. Control of the goods is transferred to the dealer when the ordered goods are invoiced to the dealer and when the ordered items are shipped.

Transfer of control, and therefore revenue recognition is recorded at a point in time on the date when the tractors, parts, attachments, accessories, and off-road vehicle products are shipped to the dealers.

The Company participates in various retail sales incentives with its dealers. The Company records the estimated retail sales incentive programs offered to dealers as a reduction to revenue at the time of sale to the dealer. The estimate is based on historical data, announced incentive programs, field inventory levels, and retail sales volumes.

Revenue from sale of off-road vehicle products

The Company entered into a distribution agreement with Mahindra Automotive North America Inc. ("MANA"), its related party, for sale of off-road vehicle and its parts and accessories manufactured by MANA, in North America. The Company has an arrangement with MANA for supply of off-road vehicles whereby the Company has recorded sales of these vehicles on a gross basis, as it is acting as a principal in such sales.

Product warranties

The Company establishes reserves for product warranties at the time the related sale is recognized. The Company issues product warranties under which the performance of products delivered is generally guaranteed for a certain term. The accrual for product warranties includes the expected costs of warranty obligations imposed by law or contract, as well as the expected costs for policy coverage.

6. Accounts receivable and allowance for expected credit losses

Accounts receivables are stated at the amount billed to customers. Accounts receivable are recorded at the invoiced amount, net of allowance for credit losses. The Company regularly reviews the adequacy of the allowance for credit losses based on a combination of factors. In establishing any required allowance, management considers historical losses adjusted for current market conditions, the current receivables aging, current payment terms and expectations of forward-looking loss estimates.

Further, the Company has applied scope exception as per Accounting Standard Codification ("ASC") 326-20-15-3, for the accounts receivables balance from entities under common control. Therefore, the Company has not recorded any allowance for credit losses on receivables balance from entities under common control.

7. Inventories

Inventories are stated at moving average price or net realizable value whichever is lower. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price less applicable selling expenses. The Company writes down obsolete or otherwise unmarketable inventory to its estimated realizable value.

8. Property, plant and equipment, net

Property, plant and equipment are stated at cost less accumulated depreciation and impairment. Cost of items of property, plant and equipment comprise the cost of purchase, improvements and other costs necessarily incurred to bring it to the condition and location necessary for its intended use. Depreciation is provided over the useful lives of the related assets using the straight-line method for financial reporting and the modified accelerated cost recovery method for tax purposes. Leasehold improvements are amortized over the shorter of the lease term or their respective estimated useful lives.

The estimated useful life used to determine depreciation is:

Buildings and building improvements	7-10 Years
Furniture and fixtures	3-10 Years
Plant & machinery	3-7 Years
Computer and software	3-5 Years
Vehicles	3-5 Years

Deposits paid towards the acquisition of property, plant and equipment outstanding as of each balance sheet date and the cost of property, plant and equipment not ready for use before such date are disclosed under capital work-in-progress. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts, and the resulting gain or loss is a part of net operating loss.

Development costs related to internally generated software are capitalized once a project has progressed beyond a conceptual, preliminary stage to that of the application development stage. Costs of significant improvements on existing software for internal use, both internally developed and purchased, are also capitalized. Costs related to the preliminary project stage, data conversion and post-implementation/operation stage of an internal use software development project are expensed as incurred.

9. Leases

The Company's leases are classified as operating leases, which are included in operating lease right-of-use assets and operating lease liabilities in the Company's balance sheet. Lease arrangements, which effectively transfer control of the underlying leased item, are capitalized, and recognized as finance leases.

Right-of-use ("ROU") assets and lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at the commencement date for leases exceeding 12 months. Minimum lease payments include only the fixed lease component of the agreement, as well as any variable rate payments that depend on an index, initially measured using the index at the lease commencement date. Lease terms may include options to renew when it is reasonably certain that the Company will exercise that option.

The Company estimates its incremental borrowing rate for each lease based on the respective weighted average term of the agreements. This estimation considers the market rates of the Company's outstanding collateralized borrowings and interpolations of rates outside of the terms of the outstanding borrowings, including comparisons to comparable borrowings of similarly rated companies with longer term borrowings.

Operating lease expense is recognized on a straight-line basis over the lease term and is included in selling, general and administrative expense in the statements of operations. Leases with a lease term of 12 months or less from the commencement date that do not contain a purchase option are recognized as an expense on a straight-line basis over the lease term.

10. Income taxes

Income taxes are accounted for using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The deferred tax asset is reduced by a valuation allowance if it is more likely than not that some portion or all of the assets will not be realized.

11. Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency at the rates of exchange prevailing at the date of the transaction. Monetary items denominated in foreign currency remaining unsettled at the end of the year are translated at the closing rates as at the last day of the year. Gains or losses, if any, on account of exchange differences either on settlement or translation are recognized in statements of operations, except those relating to acquisition of fixed assets which are adjusted to the cost of the asset.

12. Fair value measurements and financial instruments

The fair value hierarchy requires the use of observable market data when available. In instances where the inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular item to the fair value measurement in its entirety requires judgment, including the consideration of inputs specific to the asset or liability. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices include in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Unobservable inputs that are supported by little or no market activity. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

The Company's financial instruments consist of cash, accounts receivable, accounts payable and related party dues. The estimated fair value of cash, accounts receivable, accounts payable and related party dues approximate their carrying amounts due to the short-term nature of these instruments. None of these instruments are held for trading purposes.

13. Advertising and marketing expenses

The Company subsidizes product advertising carried out by dealers within each dealer's local market and conducts dealer conferences. The Company also advertises in trade magazines, at trade shows and uses various other means of promotion, including product brochures and digital media to increase brand awareness and sale of products in the market. Expenditures incurred without extended advertising value are charged to statements of operations in the year accrued. The amount of advertising and marketing costs incurred by the Company for the year ended March 31, 2026, amounted to $9,934,864 (March 31, 2025: $8,587,550). Advertising and marketing expenses are grouped under selling, general and administrative expenses in the statements of operations.

14. Shipping and handling cost

The Company generally classifies freight billed to dealers as sales revenue. Shipping and handling activities are considered to be separate performance obligations.

15. Commitments and contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred, and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

Accounts receivable, net, include the following:

	As at	
	March 31, 2026	March 31, 2025
Accounts receivable	**3,021,871**	2,539,820
Less: Allowance for expected credit loss	**(874,348)**	(851,291)
Accounts receivable, net	**2,147,523**	1,688,529

The changes in allowance for expected credit loss are as follows:

	For the year ended	
	March 31, 2026	March 31, 2025
Balance at the start of the year	**851,291**	796,909
Add: Addition during the year	**75,993**	93,252
Less: Provision reversed/written off	**(52,936)**	(38,870)
Balance at the end of the year	**874,348**	851,291

NOTE E – INVENTORIES, NET

Major classes of inventories include the following:

	As at	
	March 31, 2026	March 31, 2025
Finished goods	**66,068,567**	68,927,843
Raw materials	**48,013,196**	57,827,270
Total	**114,081,763**	126,755,113

NOTE F – PROPERTY, PLANT AND EQUIPMENT, NET

Property, plant and equipment, net include the following:

	As at	
	March 31, 2026	March 31, 2025
Building and building improvements	**6,359,778**	5,955,173
Vehicles	**506,888**	65,519
Furniture and fixtures	**1,349,980**	1,218,981
Plant & machinery	**4,951,285**	2,678,345
Computers and software	**13,173,211**	12,374,704
Less: Accumulated depreciation and amortization	**(19,928,831)**	(17,494,680)
Property, plant and equipment, net	**6,412,311**	4,798,042
Capital work-in-progress	**82,970**	1,236,899
Property, plant and equipment, net	**6,495,281**	6,034,941

Depreciation and amortization expense for the year ended March 31, 2026, is $2,467,291 (March 31, 2025: $1,625,273).

During the year ended March 31, 2026, the Company sold property, plant and equipment having a net book value of $37,024 (March 31, 2025: $88,328) for consideration of $52,628 (March 31, 2025: $109,162).

During the years ended March 31, 2026, and March 31, 2025, capital work-in-progress of $3,128,934 and $1,095,257 respectively, were completed and capitalized to computer and software, building and building improvements, furniture and plant & machinery.

NOTE G – OTHER CURRENT ASSETS

Other current assets comprise of:

	As at	
	March 31, 2026	March 31, 2025
Right to return assets*	**10,011,973**	8,628,137
Advance to vendor	**2,084,666**	622,339
Security deposits	**223,383**	223,383
Prepaid expenses	**367,840**	351,491
Total	**12,687,862**	9,825,350

* The Company records a liability for sales returns and a corresponding asset for its right to recover products from customers. Accordingly, the Company had recognized assets of $10,011,973 and $8,628,137 as of March 31, 2026, and March 31, 2025, respectively.

NOTE H – ACCOUNTS PAYABLE

	As at	
	March 31, 2026	March 31, 2025
Trade payables	**7,819,824**	7,115,178
Total	**7,819,824**	7,115,178

NOTE I – OTHER CURRENT LIABILITIES

Other current liabilities comprise of:

	As at	
	March 31, 2026	March 31, 2025
Accrued payables	**93,661,984**	93,951,620
Total	**93,661,984**	93,951,620

Expenses accrued as of March 31, 2026, and March 31, 2025, include advertising, marketing program costs, retail rate buy-downs, cash discounts, state franchise taxes, payroll and payroll taxes, employee bonuses, salesmen and customer bonuses, legal fees and provision for claims, property taxes, insurance deductibles, other expenses and warranty reserves. The Company participates in various retail incentives with its dealers and has accrued for the costs of these programs in effect as of the date of these financial statements.

NOTE J – REVENUE FROM CONTRACT WITH CUSTOMERS

The following table presents revenue disaggregated by the timing of recognition:

	For the year ended	
	March 31, 2026	March 31, 2025
At a point in time	**283,113,453**	265,666,094
Total	**283,113,453**	265,666,094

The Company's revenue concentration from sale of tractors and parts for the year ended March 31, 2026, was approximately 91.60% (March 31, 2025: 92.70%) and sale of vehicles and parts was approximately 5.40% (March 31, 2025: 7.30%).

During the years ended March 31, 2026, and March 31, 2025, the Company's revenue concentration from United States of America was approximately 93% and 95%, respectively.

Contract balances

The Company's contracts with customers typically consist of sale of tractors, vehicles and parts representing performance obligations that are satisfied upon transfer of control of the product to the customer at a point in time. Contract balances include accounts receivable, net which have been disclosed in Note D to the financial statements.

NOTE K – LEASES

General description of the lease

The Company has entered into non-cancelable operating lease agreements related to facility, office equipment, and vehicles with varying terms and has recognized right of use assets (ROU) and lease liabilities as per below.

Non-lease components: Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangements.

The Company used the following policies and/or assumptions in evaluating the lease population:

Lease determination: The Company considers a contract to be or to contain a lease if the contract conveys the right to control the use of identified property, plant, or equipment (an identified asset) for a period of time in exchange for consideration. The Company has not applied the recognition and measurement requirements of ASC 842 to certain assets on lease where the management believes it to be immaterial.

Discount rate: When the lease contracts do not provide a readily determinable implicit rate, the Company uses the estimated incremental borrowing rate based on information available at the inception of the lease. The discount rate is determined by asset class.

Variable payments: The Company includes payments that are based on an index or rate within the calculation of right of use assets and lease liabilities, initially measured at the lease commencement date. There are variable payments in the nature of origination fees for office equipment, machinery and equipment and therefore are not treated as a part of lease payments.

Purchase options: Certain leases include options to purchase the office equipment. The depreciable lives of assets are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise.

Renewal options: Most leases include one or more options to renew, with renewal terms that can extend the lease term from one or more years. The exercise of lease renewal options is at the Company's sole discretion.

Residual value guarantees, restrictions, or covenants: The lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Short-term leases: Leases with an initial term of 12 months or less are not recorded on the balance sheet; the Company recognizes lease expense for these leases on a straight-line basis over the lease term and expense the associated operating lease costs to selling, general and administrative expenses on the statements of operations.

The table below presents the classification of lease related expenses as reported in the statements of operations.

	For the year ended	
Particulars	**March 31, 2026**	March 31, 2025
Depreciation of right of use asset on finance lease (a)	**408,547**	–
Interest on finance lease liability (b)	**85,520**	–
Operating lease expense (c)	**4,664,180**	4,825,980
Total lease expense	**5,158,247**	4,825,980

(a) Amortization of ROU asset relating to finance lease is included in 'depreciation expenses' in the statements of operations.

(b) Interest on finance lease liability is included in 'selling, general and administrative expenses' in the statements of operations.

(c) Operating lease expenses are included in 'selling, general and administrative expenses' in the statements of operations. Operating lease expenses include short-term leases, variable lease costs and leases which did not meet the capitalization requirements of the Company.

Future minimum lease payments as of March 31, 2026, for operating leases and finance leases having an initial or remaining non-cancelable lease term in excess of one year are as follows.

Year ended March 31,	**Operating lease**	**Operating lease**
2027	4,388,523	508,767
2028	4,500,518	498,155
2029	4,616,620	233,340
2030	4,736,980	38,490
2031 onwards	2,805,057	–
Total minimum lease payments	**21,047,698**	**1,278,752**
Less: Interest	2,376,135	110,552
Total lease liabilities	**18,671,563**	**1,168,200**
Current portion	3,510,106	442,573
Non-current portion	15,161,457	725,627

The following table presents the weighted-average remaining lease term and discount rates for operating leases as of:

	March 31, 2026	**March 31, 2025**
Weighted-average remaining lease term for operating leases	**4.59 years**	4.98 years
Weighted-average remaining lease term for finance leases	**3.17 years**	–
Weighted-average discount rate for operating leases	**5.14%**	5.29%
Weighted-average discount rate for finance leases	**6.85%**	–

The following table presents supplemental information for operating leases.

	For the year ended	
	March 31, 2026	**March 31, 2025**
Supplemental cash flow information		
Operating cash flows from operating leases	**4,664,180**	4,421,549
Operating cash flows from financing leases	**85,520**	–
Financing cash flows from financing leases	**384,433**	–
Total cash flows from leases	**5,134,133**	4,421,549

NOTE L – INCOME TAXES

The Company files state tax returns and federal tax returns. The components of the provision for income tax expense are as follows:

	For the year ended	
	March 31, 2026	March 31, 2025
Current taxes expense (benefit)		
Federal	**(1,930)**	(55,008)
State	**666,930**	(76,403)
Total	**665,000**	**(131,411)**

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

As of March 31, 2026, the Company has net deferred tax assets of $63,677,248 before valuation allowance. This is mainly attributable to three components, deferred tax on accrued dealer incentive of $14,778,361, accrued expenses of $6,879,697 and net operating losses $38,205,435. Other components refer to deferred taxes on various other expenses, including slow moving inventory, warranty reserves and allowance for uncollectible accounts receivable. Out of total deferred tax assets, the Company has recognized deferred tax assets of $30,390,015 and created valuation allowance on the remaining balance of $33,287,233.

As of March 31, 2025, the Company has net deferred tax assets of $58,663,190 before valuation allowance. This is mainly attributable to three components, deferred tax on accrued dealer incentive of $13,465,810, accrued expenses of $7,201,594 and on net operating losses $34,253,373. Other components refer to deferred taxes on various other expenses, including slow moving inventory, warranty reserves and allowance for uncollectible accounts receivable. Out of total deferred tax assets, the Company has recognized deferred tax assets of $30,390,015 and created valuation allowance on the remaining balance of $28,273,175.

Realization of net deferred tax assets is dependent upon generation of sufficient taxable income in future years, benefit from the reversal of taxable temporary differences and tax planning strategies. Management assesses the available positive and negative evidence to estimate whether sufficient future taxable income will be generated to permit use of the existing deferred tax assets. The amount of net deferred tax assets considered realizable is subject to adjustment in future periods if estimates of future taxable income change.

Based on the evaluation of positive and negative evidence, the Company has determined that the entire amount of deferred tax assets may not be realizable in the near future and accordingly created a valuation allowance of $33,287,233 and $28,273,175 as of March 31, 2026, and March 31, 2025, respectively.

The Company has federal net operating losses of $153,065,506, and $130,228,603 as of March 31, 2026, and March 31, 2025, respectively. These net operating losses generated will be carried forward indefinitely. The Company has state net operating loss carry forwards of $101,078,259 and $95,257,433 as at March 31, 2026, and March 31, 2025, which if unutilized will expire based on the statutes of various states.

Accounting for uncertain tax position

The Company recognizes the benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. The Company has no unrecognized tax positions as at March 31, 2026, and March 31, 2025.

The tax years 2022 to 2024 remain subject to examination by the taxing authorities.

NOTE M - UNCOMMITTED LINE OF CREDIT ("LOC")

(i) The Company has access to an uncommitted LOC of $35,000,000 with a bank. As of March 31, 2026, the facility is discretionary and non-binding, and the bank is not obligated to provide any loans or letters of credit. The facility is available through January 22, 2027, subject to early termination from bank. Borrowing under this facility bear interest at SOFR + a margin, which will be determined at the time of disbursement.

(ii) The Company has access to an additional uncommitted LOC of $75,000,000 with another bank. The uncommitted LOC does not constitute a commitment by the lender to make advances. The facility is available until June 30, 2026. Borrowing under this facility bear interest rate of SOFR + a margin, which will be determined at the time of disbursement.

During the years ended March 31, 2026, and March 31, 2025, the Company did not utilize or withdraw funds from LOCs available and accordingly, no finance cost has been recorded for both the years.

NOTE N – EMPLOYEE BENEFIT PLANS

The Company adopted a 401(k)-retirement plan effective April 1, 1998. The total expense for employee retirement contribution plans for the year ended March 31, 2026, is $403,247 (March 31, 2025 – $393,860) and is grouped under selling, general and administrative expenses in the statements of operations.

Total	**6,074,298**	8,165,925

The Company has entered into various transactions with its related parties in the normal course of business as detailed above. Details of the significant transactions are set out below:

(i) The Company's purchases of tractors and parts from Mahindra & Mahindra Ltd. and Mitsubishi Mahindra Agricultural Machinery Co. Ltd. for the years ended March 31, 2026, and March 31, 2025, were $131,332,785 and $128,496,395, respectively.

(ii) The dealers of Mahindra USA, Inc. utilize a financing facility from Mahindra Finance USA, LLC, under which the Company bears the wholesale financing cost. Such costs incurred by the Company for the years ended March 31, 2026, and March 31, 2025, amount to $13,169,553 and $14,422,719, respectively. Additionally, the Company reimburses Mahindra Finance USA, LLC retail interest costs associated with customer promotional sales programs offered in the U.S. market. Such costs incurred by the Company for the years ended March 31, 2026, and March 31, 2025, amount to $47,284,169 and $57,563,228, respectively.

(iii) The Company's purchases of Roxor vehicles and parts from Mahindra Automotive North America Inc. for the years ended March 31, 2026, and March 31, 2025, were $17,668,078 and $21,484,417, respectively.

NOTE P – FINANCIAL INSTRUMENTS AND CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to significant credit risk consist principally of cash and accounts receivable. Risks associated with cash are mitigated by banking with financial institutions that management believes to be of high credit quality. Risks associated with accounts receivable are mitigated as the Company performs ongoing credit evaluations of its dealers and maintains reserves for potential credit losses. To date, such losses have been within management's expectations.

NOTE Q – RISK AND UNCERTAINTIES

The Company's future results of operations involve several risks and uncertainties.

Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; levy of import duties; the Company's ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes; the ability to attract and retain qualified employees and the Company's ability to execute on its business plan.

NOTE R – STOCKHOLDER'S EQUITY

Authorized common stock

The authorized Class A common stock is 460,000,000 shares with a par value of $ 0.25 and the authorized Class B common stock is 693,750,000 shares with a par value of $0.16 as of March 31, 2026, and as of March 31, 2025.

Common stock issued

As of March 31, 2026, and March 31, 2025, Class A common stock issued and outstanding is 456,000,000 shares at $ 0.25 par value each and Class B common stock issued and outstanding is 672,500,000 shares at $0.16 par value each.

Voting

Each holder of common stock is entitled to one vote in respect of each share held by him in the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holders of common stock shall be entitled to receive all of the remaining assets of the Company, after distribution of all preferential amounts, if any. Such amounts will be in proportion to the number of equity shares held by the shareholders.

NOTE S – CLAIMS AND COMMITMENTS

The Company is involved in various legal proceedings which are considered ordinary litigation incidents to its business. In the management's opinion, adequate provisions have been made for the contingencies and none of the current litigation will have a materially adverse effect on the Company's financial position.

Management has evaluated the nature of the litigations and, with the assistance of internal and external legal counsel, has assessed the likely outcomes based on current developments and available evidence. Management believes that it has a reasonable basis for estimating the potential financial exposure and has recognized a provision of $330,000 and $2,055,000, as of March 31, 2026, and March 31, 2025, respectively, under 'other current liabilities' in the balance sheets. The provision reflects the current best estimate of the liability as of the reporting date.

As of March 31, 2026, and March 31, 2025, the Company did not have any capital commitment outstanding.

NOTE T - SUBSEQUENT EVENTS

The Company evaluated all events and transactions that occurred after March 31, 2026, through the date at which financial statements were available for issue. There were no subsequent events or transactions identified which require disclosure or adjustments to the financial statements.

INDEPENDENT AUDITOR'S REPORT

Board of Directors

Mahindra Automotive North America, Inc.

Qualified opinion

We have audited the separate parent company financial statements of Mahindra Automotive North America, Inc. ("the Company") which comprise the balance sheets as of March 31, 2026, and March 31, 2025, the related statements of loss, stockholder's equity and cash flows for the years then ended, and the related notes to the separate parent company financial statements.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying separate parent company financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2026, and March 31, 2025 and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of qualified opinion

As discussed in Note B. 1 a. to the separate parent company financial statements, the Company reports investment in its wholly owned subsidiary Mahindra Vehicle Sales and Service, Inc., on cost basis. Accounting principles generally accepted in the United States of America require that all majority owned subsidiaries be accounted for as consolidated subsidiaries. If the financial statements of the subsidiary had been consolidated with those of the Company, total assets would have decreased by USD 90,155,124 (INR 8,492,161,905) and USD 90,082,581 (INR 8,485,328,717) as on March 31, 2026, and March 31, 2025, respectively; total liabilities would have increased by USD 1,191,714 (INR 112,253,500) and USD 1,263,709 (INR 119,035,069) as on March 31, 2026, and March 31, 2025, respectively; stockholder's equity would have decreased by USD 91,346,838 (INR 8,604,415,405) and USD 91,346,290 (INR 8,604,363,787) as of March 31, 2026, and March 31, 2025, respectively and net loss would have been reported as USD 476,509 (INR 44,884,765) and USD 2,781,661 (INR 262,018,558) for the years ended March 31, 2026, and March 31, 2025 respectively.

The Company has not performed an impairment assessment of its investment in Mahindra Vehicle Sales and Services, Inc as of March 31, 2026, and March 31, 2025. We were not able to obtain sufficient and appropriate evidence regarding the recoverable amount of said investment as of March 31, 2026, and March 31, 2025. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the separate parent company financial statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of matter

As discussed in Note W to the separate parent company financial statements, the Company has incurred net loss and has generated negative cash flows from operations for the years ended March 31, 2026, and March 31, 2025. The Company also has an accumulated deficit as at March 31, 2026, and March 31, 2025. Management's evaluation of the events and conditions and management's plans to mitigate these matters are also described in Note W.

Our opinion is not qualified with respect to this matter.

Responsibilities of Management for the Separate Parent Company Financial Statements

Management is responsible for the preparation and fair presentation of these separate parent company financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of separate parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the separate parent company financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a period of twelve months from the date the separate parent company financial statements are issued.

Auditor's Responsibilities for the audit of the Separate Parent Company Financial Statements

Our objectives are to obtain reasonable assurance about whether the separate parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the separate parent company financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the separate parent company financial statements,

whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the separate parent company financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the separate parent company financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other information

Management is responsible for the other information. The other information comprises amounts presented in INR parenthetically alongside the USD amounts in the separate parent company financial statements. Such presentation is not required by accounting principles generally accepted in the United States of America.

Our opinion on the separate parent company financial statements does not cover the other information, and we do not express an opinion or any form of assurance on it. In connection with our audit of the separate parent company financial statements, our responsibility is to read the other information and consider whether it is materially inconsistent with the separate parent company financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work performed, we conclude that there is an uncorrected material misstatement of the other information, we are required to describe it in our report.

Restriction on use and distribution

Our report is intended solely for the information and use by the Company's Ultimate Parent – Mahindra and Mahindra Limited for regulatory filling or use and is not intended to be and should not be used by anyone other than the specified party.

NOTES TO SEPARATE PARENT COMPANY FINANCIAL STATEMENTS

NOTE A - ORGANIZATION AND NATURE OF OPERATIONS

Mahindra Automotive North America, Inc. (the "Company") was incorporated in the state of Delaware on March 27, 2017 and is a wholly owned subsidiary of Mahindra Overseas Investment Company Mauritius, Limited ("MOICML" or "parent company"). Both, the Company and MOICML are subsidiaries of Mahindra and Mahindra Limited ("M&M" or "ultimate parent company"). The Company engineers, designs, develops, assembles and delivers parts and vehicles to the global automotive market for off-road use, as an Original Equipment Manufacturer ("OEM") headquartered in Auburn Hills, MI.

The Company owns 100 % of Mahindra Vehicle Sales and Services, Inc. ("MVSS") which was previously engaged in the sales of off road recreational vehicles. Mahindra North American Technical Centre ("MNATC"), an entity under common control, was merged with the Company effective April 1, 2024, and its operations have been included in the financial statements for all periods presented.

MVSS was formed on May 13, 2017 to function as the sales and distribution business unit for ROXOR. MVSS used to purchase the ROXORs manufactured by MNATC and wholesale them to MVSS's dealerships. Effective September 01, 2021, ROXOR vehicles and its parts and accessories are distributed through Mahindra USA, Inc ("MAgNA").

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. Basis of preparation

a. The accompanying separate parent company financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America ('US GAAP') to reflect the financial position, results of operations and cash flows of the Company except that the Company reports. The Company reports investment in its wholly owned subsidiary, Mahindra Vehicle Sales and Service, Inc., on cost basis for the reporting requirements of its ultimate parent company, Mahindra and Mahindra Limited. Accounting principles generally accepted in the United States of America require that all majority owned subsidiaries be accounted for as consolidated subsidiaries. If the financial statements of these subsidiary had been consolidated with those of the Company, total assets would have decreased by USD 90,155,124 (INR 8,492,161,905) and USD 90,082,581 (INR 8,485,328,717) as on March 31, 2026 and March 31, 2025, respectively; total liabilities would have increased by USD 1,191,714 (INR 112,253,500) and USD 1,263,709 (INR 119,035,069) as on March 31, 2026 and March 31, 2025, respectively; stockholder's equity would have decreased by USD 91,346,838 (INR 8,604,415,405) and USD 91,346,290 (INR 8,604,363,787) as on March 31, 2026 and March 31, 2025, respectively and net loss would have been reported as USD 476,509 (INR 44,884,765) and USD 2,781,661 (INR 262,018,558) for the years ended March 31, 2026 and March 31, 2025 respectively.

b. The separate parent company financial statements are for the years ended March 31, 2026, and March 31, 2025.

c. Financial information is reported in US dollars ("USD") and in Indian rupees ("INR"). For March 31, 2026, and March 31, 2025, USD amounts are translated for convenience into INR at an exchange rate of 94.195 INR per USD. Within the notes to the separate parent financial statements, INR amounts are shown parenthetically alongside the USD amounts.

2. Use of estimates

The preparation of separate parent company financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the separate parent company financial statements. Significant items subject to such estimates and assumptions include the useful lives of property, plant and equipment, valuation allowance for deferred tax assets, expected credit losses, determination of incremental borrowing rates used for lease liabilities, inventory valuation, product liabilities/warranties, and other contingencies. Management believes that the estimates used in the preparation of the separate parent company financial statements are reasonable. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any changes in estimates are adjusted prospectively in the separate parent company financial statements.

3. Revision

The Company has reversed erroneously recognized accrued federal and state income tax liabilities amounting to USD 110,114 (INR 10,372,188) pertaining to prior years, by recording an adjustment to retained earnings. This correction is not material to the Company's previously issued separate parent company financial statements.

(All amounts are stated in United States Dollars)

Revised balance sheet prepared (Extract)	As of March 31, 2025 Original	Adjustment	Revised
LIABILITIES AND STOCKHOLDER'S EQUITY			
Current liabilities

Accumulated deficit	(8,923,631,240)	10,372,188	(8,913,259,051)
Total stockholder's equity	**(8,923,631,240)**	**10,372,188**	**(8,913,259,051)**

4. Revenue recognition

Revenue is recognized upon transfer of control of products or services promised to customers in an amount that reflects the consideration the Company expects to receive in exchange for these products or services. Refer Note T - "Revenue from contracts with customers" for further information on the Company's revenue.

Revenue is recognized when obligations under the terms of a contract with a customer are satisfied; generally, this occurs with the transfer of control of the Company's products or services. Revenue is measured as the amount of consideration the Company expects to receive in exchange for transferring goods or providing services. A performance obligation is a promise in a contract to transfer a distinct good or service to the customer and is the unit of account in the contract. A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied.

Sale of service

a. Management service fees

The Company earns revenue from its ultimate parent and affiliate companies for providing management services. The Company's service fee is determined based on specified monthly expenses incurred by the Company plus an agreed upon mark- up percentage. The Company satisfies its performance obligations over a period of time by performing required services.

b. Tractor assembly service

The Company entered into an agreement with MAgNA, wherein the Company is engaged to render tractor assembly and distribution services. The Company typically satisfy performance obligations for tractor assembly and distribution services over time, as services are performed.

Sale of goods

Revenues related to sale of products is recognized at a point in time when control of the asset is transferred to the customer based on an overall assessment of the existence of a right to payment, the allocation of ownership rights, the transfer of physical possession, the transfer of control, and acceptance by the customer. However, in case of product sales undertaken by the Company, sales are recognized when control of the products has transferred to the affiliate when the ordered items are shipped and the Company has right to payment and has transferred legal title to a customer. Transfer of control, and therefore revenue recognition is recorded at a point in time on the date when the off-road vehicle, accessory and service parts are shipped to the end customers.

5. Cash

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash for the separate parent financial statements purpose. Cash balances on deposits with banks in the United States of America are insured by the Federal Deposit Insurance Corporation up to an aggregate of USD 250,000 (INR 23,548,750) per account per depositor.

6. Inventories, net

Raw materials, work in progress and finished goods inventories are stated at the lower of cost and net realizable value, with cost being determined on a weighted average basis. A provision is made for obsolete and slow-moving raw materials, finished goods, spare parts and other supplies based on their expected future use and realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs for sale and distribution.

7. Product warranty

The Company provides a limited warranty for ROXOR for a period of two years or 12,000 miles. The warranty reserve is established at the time of sale to the distributorship based on management's best estimate using historical rates and trends. These amounts are recorded as a liability in the balance sheets until they are ultimately paid.

8. Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation. Cost of items of property, plant and equipment comprises cost of purchase and other costs necessarily incurred to bring it to the condition and location necessary for its intended use.

The Company depreciates property, plant and equipment over the estimated useful life using the straight-line method. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts and the resulting gain or loss is credited or charged to statements of loss.

The estimated useful life used to determine depreciation is

Category	Useful life
Buildings	39-40 years
Leasehold improvements	7 years or the remaining lease period
Furniture	5-7 years
Computer equipment	3-5 years
Machinery and equipment	3-5 years
Vehicles	5-10 years
Tooling	3-5 years

Expenditures for maintenance and repairs are charged to statements of loss. Property, plant and equipment is reviewed for impairment whenever events or changes in circumstances indicate the carrying value of the asset may not be recoverable.

The cost of property, plant and equipment not ready for use before such date are disclosed under capital work-in-progress.

9. Intangible assets and amortization

Intangible assets comprise of computer software which has been recognized at cost and amortized over a period of estimated useful life. Subsequent expenditures are capitalized only when it increases the future economic benefit from the specific assets to which it relates.

Category	Useful life
Software	3 years

10. Intangible under development

Intangible assets under development represent costs incurred for the development or acquisition of identifiable intangible assets, primarily internal-use software, that are not yet ready for their intended use. The Company capitalizes direct costs incurred during the application development stage, including third-party vendor fees and other costs directly attributable to system configuration, customization, and implementation, while costs incurred in the planning and post-implementation stages of software development, or other maintenance and development expenses that do not meet the qualification for capitalization are expensed as incurred. Once the application development stage has been reached, internal and external costs, if direct and incremental, are capitalized until the software is substantially complete and ready for its intended use. The Company evaluates the useful lives of these assets on an annual basis and test for impairment whenever events or changes in circumstances occur that could impact the recoverability of these assets.

11. Income taxes

Income taxes are accounted for using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the separate parent company financial statements carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on a change in tax rates on deferred tax assets and liabilities is recognized in statements of loss in the period that includes the enactment date. The deferred tax asset is reduced by a valuation allowance if it is more likely than not that some portion or all of the assets will not be realized.

The Company has determined whether any tax positions have met the recognition threshold and has measured the Company's exposure to those tax provisions. Management believes that the Company has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state taxing authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties from federal and state taxing authorities were recorded in the accompanying separate parent company financial statements.

12. Investment, others

Investments are carried at fair value and change in the fair value is recognized through consolidated statements of loss. Acquisition related expenditure if any, is expensed in the year of incurring the same.

13. Leases

The Company's leases are classified as finance lease and operating leases, which are included in finance lease and operating lease right-of-use assets and finance lease and operating lease liabilities in the Company's balance sheet.

At the inception of a contract, the Company assesses whether the contract is, or contains, a lease. The Company's assessment is based on whether (1) the contract involves the use of a distinct identified asset, (2) the Company obtains the right to substantially all the economic benefit from the use of the asset throughout the term of the contract, and (3) the Company has the right to direct the use of the asset.

Leases are classified as either finance leases or operating leases. A lease is classified as a finance lease if any one of the following criteria are met (1) the lease transfers ownership of the asset by the end of the lease term, (2) the lease contains an option to purchase the asset that is reasonably certain to be exercised, (3) the lease term is for a major part of the remaining useful life of the asset or (4) the present value of the lease payments equals or exceeds substantially all of the fair value of the asset, 5) the leased asset is so specialized that the asset will have little to no value at the end of the lease term. A lease is classified as an operating lease if it does not meet any one of the above criteria.

Right-of-use assets and lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term at the commencement date for leases exceeding 12 months. Minimum lease payments include only the fixed lease component of the agreement, as well as any variable rate payments that depend on an index, initially measured using the index at the lease commencement date. Lease terms may include options to renew when it is reasonably certain that the Company will exercise that option.

Certain leases include options to purchase the office equipment. The depreciable life of assets are limited by the expected lease term, unless there is a transfer of title or purchase option reasonably certain of exercise.

The Company has entered into noncancelable operating lease agreements related to facility, office equipment, machinery and equipment and vehicles with varying terms.

Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangements.

The Company estimates its incremental borrowing rate for each lease based on the respective weighted average term of the agreements. This estimation considers the market rates of the Company's outstanding collateralized borrowings and interpolations of rates outside of the terms of the outstanding borrowings, including comparisons to comparable borrowings of similarly rated companies with longer term borrowings.

Operating lease expense is recognized on a straight-line basis over the lease term and is included in cost of revenue or selling, general and administrative expense. Amortization expense for finance leases is recognized on a straight-line basis over the lease term and is included in depreciation and amortization expense under the statements of loss. Interest expense for finance leases is recognized using the effective interest method over the lease term. Leases with a lease term of 12 months or less from the commencement date that do not contain a purchase option are recognized as an expense on a straight-line basis over the lease term.

14. Commitments and contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the separate parent company financial statements.

15. Fair value measurements and financial instruments

Assets and liabilities recorded at fair value in the separate parent company financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

Some of Company's financial instruments, including cash, accounts receivable, accounts payable and due from/due to related parties balances are not measured at fair value on a recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature.

16. Accounts receivable and expected credit losses

Accounts receivable are recorded at the invoiced amount, net of discount and others and provision for expected credit losses. The Company regularly reviews the adequacy of the provision for expected credit losses based on a combination of factors. In establishing any required allowance, management considers historical losses adjusted for current market conditions, the current receivables aging, current payment terms and expectations of forward-looking loss estimates.

17. Cost of revenue

The Company recognizes cost of revenue as the total of direct and systematically allocated indirect costs incurred in the manufacturing process. Cost of revenue includes cost related to the acquisition of raw materials, direct production labor, and manufacturing overhead, all of which are capitalized into inventory and recognized as cost upon sale.

18. Government incentives

The Company receives incentives from the Michigan Economic Development Corporation in the form of business development grants. These grants are recognized at their fair values in the statements of loss where there is a reasonable assurance that all grant conditions have been complied with and the grant will be received.

19. Advertising and marketing expenses

Advertisement and marketing expenses are presented as part of "Selling, general and administrative expenses" in the statements of loss and are expensed as incurred. The amount of advertisement and marketing expenses incurred by the Company for the year ended March 31, 2026, is USD 4,023 (INR 378,946) and March 31, 2025, is USD 639,241 (INR 60,213,306).

20. Interest income

The Company records the interest income on bank balances under the other income.

NOTE C - CASH

The cash of the Company comprise of:

	USD		INR

Operating lease liabilities	**3,596,262**	4,811,669	**338,749,899**	453,235,161
Finance lease liabilities	**174,304**	220,024	**16,418,565**	20,725,161
Total lease liabilities	**5,031,694**	6,237,059	**473,960,416**	587,499,772

The table below presents the classification of lease related expenses as reported in the statements of loss.

	USD		INR	
	Year ended March 31,		Year ended March 31,	
Particulars	**2026**	**2025**	**2026**	**2025**
Operating leases expenses*	**2,158,193**	2,323,105	**203,290,990**	218,824,875
Finance lease cost:**				
Amortization of right-of-use asset	**49,085**	4,091	**4,623,561**	385,352
Interest on lease obligation	**17,705**	1,615	**1,667,722**	152,125
Total lease expense	**2,224,983**	2,328,811	**209,582,273**	219,362,352

* The operating lease expenses are classified under the “Cost of revenue” and “Selling, general and administrative expenses” in the statements of loss. Operating lease expenses include short-term leases, variable lease costs and leases which did not meet the capitalization requirement of the Company.

**Amortization of finance lease right-of-use asset is recognized in the statements of loss under the head “Depreciation and amortization.” Interest expense on the finance lease is recognized in the statements of loss under the head “Interest expense”.

Cash flows arising from lease transactions were as follows:	**USD**	**INR**
Supplemental information	**Year ended March 31, 2026**	**Year ended March 31, 2026**
Cash paid for amounts included in the measurement of lease liabilities		
Operating cash flows from operating leases	1,550,788	146,076,476
Operating cash flows from financing leases	17,705	1,667,722
Financing cash flows from financing leases	42,456	3,999,143

The following table presents the weighted-average remaining lease term and discount rates as of March 31, 2026

	Year ended March 31, 2026	**Year ended March 31, 2025**
Weighted average remaining lease term operating leases	**3.64**	4.60
Weighted average remaining lease term finance lease	**4.25**	5.25
Weighted average discount rate operating leases	**7.32%**	7.27%
Weighted average discount rate finance lease	**7.43%**	7.43%

Future minimum lease payments as of March 31, 2026, for operating leases and finance lease having an initial or remaining non-cancellable lease term in excess of one year are as follows.

	Operating leases		Finance lease	
Year ended March 31, 2026	**Amount (USD)**	**Amount (INR)**	**Amount (USD)**	**Amount (INR)**
2027	**1,518,745**	143,058,185	**60,160**	5,666,771
2028	**1,514,754**	142,682,253	**60,160**	5,666,771
2029	**1,456,084**	137,155,832	**60,160**	5,666,771
2030	**980,324**	92,341,619	**60,160**	5,666,771
2031	**–**	–	**15,043**	1,416,975
Total minimum lease payments	**5,469,907**	515,237,889	**255,683**	24,084,059
Less: Interest	**658,237**	62,002,633	**35,659**	3,358,899
Present value of lease payments	**4,811,670**	453,235,256	**220,024**	20,725,160

During the year ended March 31 2026, the Company entered into a lease agreement for a period of 1 year starting from November 01, 2025. The income is recognized on a straight-line basis over the lease term.

Future minimum lease payments to be received under the non-cancellable operating lease, as of March 31, 2026, are as follows:

Year ended March 31	Amount (USD)	Amount (INR)
2027	1,018,080	95,898,046

NOTE O - INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company is subject to taxation in the United States of America and the state of Michigan. The income tax expense is as follows:

	USD		INR	
	Year ended March 31,		Year ended March 31,	
	2026	**2025**	**2026**	**2025**
Current tax expense	**1,600**	800	**150,712**	75,356
Income tax expense	**1,600**	800	**150,712**	75,356

The tax effects of significant temporary differences that resulted in deferred tax assets and liabilities and a description of the items that create such differences is as follows:

	USD		INR	
	As at March 31,		As at March 31,	
	2026	**2025**	**2026**	**2025**
Deferred tax asset (liability)				
Net operating loss	**20,728,986**	20,201,456	**1,952,566,836**	1,902,876,148
Accrued expenses	**451,704**	514,340	**42,548,258**	48,448,256
Research and development credits	**499,422**	499,422	**47,043,056**	47,043,055
Provision for slow moving, damaged goods and obsolescence	**579,989**	582,197	**54,632,063**	54,840,047
Investment, others	**(51,480)**	-	**(4,849,159)**	-
Interest expense limitation	**707,101**	588,300	**66,605,379**	55,414,919
Lease assets	**44,860**	45,445	**4,225,588**	4,280,692
Prepaid expenses and other current assets	**(245,796)**	(122,493)	**(23,152,754)**	(11,538,228)
Property, plant and equipment	**(63,196)**	(216,742)	**(5,952,747)**	(20,416,014)
Less: Valuation allowance	**(22,651,590)**	(22,091,925)	**(2,133,666,520)**	(2,080,948,875)
Total	**–**	–	**–**	–

In assessing the realization of deferred tax assets, the likelihood of whether it is more likely than not that some portion or all the deferred tax assets will not be realized must be considered. The ultimate realization of deferred tax assets is dependent on the generation of future taxable income during the periods in which temporary difference becomes deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment. The management believes that it is more likely than not that the deferred tax assets may not be realized and accordingly, a valuation allowance of USD 22,651,590 (INR 2,133,666,520) is recognized as at March 31, 2026 [March 31, 2025: USD 22,091,925 (INR 2,080,948,875)].

The Company has federal Net Operating Losses ("NOLs") carryforwards of USD 91,459,701 (INR 8,615,046,536) and USD 89,623,885 (INR 8,442,121,848) as at March 31, 2026 and March 31, 2025, respectively. Out of the total NOLs of USD 91,459,701 (INR 8,615,046,536), if unutilized, NOLs of USD 9,076,313 (INR 854,943,303) will begin to expire from the year 2036, whereas the remaining NOLs will be carried forward indefinitely

The Company has state NOLs of USD 32,115,903 (INR 3,025,157,483) and USD 30,178,343 (INR 2,843,649,019) as at March 31, 2026 and March 31, 2025, respectively which if unutilized will begin to expire from the year 2026.

The Company recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination.

The tax years 2022, 2023 and 2024 remain subject to examination by the taxing authorities.

NOTE R - STOCKHOLDER'S EQUITY

Common stock

The authorized share capital of the Company as of March 31, 2026 and March 31, 2025 was 8,000,000 shares and 8,000,000 shares, respectively, of USD 25 each. As at March 31, 2026, and March 31, 2025 total shares issued and outstanding was 7,989,737 and 7,773,737 shares, respectively.

Voting

Each holder of common stock is entitled to one vote in respect of each share held by him in the records of the Company for all matters submitted to a vote.

Liquidation

In the event of liquidation of the Company, the holder of common stock shall be entitled to receive all the remaining assets of the Company.

NOTE S - RISKS AND UNCERTAINITIES

The Company's future results of operations involve several risks and uncertainties.

Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; the Company's ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes; the ability to attract and retain qualified employees and the Company's ability to execute on its business plan.

Total contract balances	**2,208,512**	68,179	**208,030,788**	6,422,121

NOTE U - EMPLOYEE BENEFIT PLANS

The Company has voluntary 401(k) retirement plans. The Company may make annual contributions to the plans equal to a uniform percentage of participant compensation. The cost of the Company's contributions charged to expense related to 401(k) contributions was USD 107,807 (INR 10,154,880) and USD 104,823 (INR 9,873,802) for the years ended March 31, 2026, and March 31, 2025, respectively.

NOTE V - GOVERNMENT INCENTIVE AND CREDITS

Michigan Economic Development Incentive (MEDC)

The Company, during the year ended March 31, 2019, had recorded government grant incentive income received from MEDC amounting to USD 531,250 (INR 50,041,094). The Company had received this incentive on account of creation of 50 qualified jobs in State of Michigan. During the year 2022, the Company had additionally received USD 318,750 (INR 30,024,656). However, due to the onset of COVID and cease-and-desist order, the Company had furloughed approximately 86 employees and even terminated few employees during the year ended March 31, 2021. The Company terminated and furloughed few other employees in the current year as well on account of its plan of rightsizing and restructuring. Due to these uncertain circumstances, the management believes that it could have potentially violated the conditions stipulated based on which the Company had received the grant in FY 2018-19 and FY 2021-22. The Company is currently evaluating its exposure and is in continuous discussions with the MEDC authorities. Accordingly, the Company recognized a liability for MEDC incentives amounting to USD 804,788 (INR 75,807,006) and USD 753,009 (INR 70,929,683) as at March 31, 2026, and March 31, 2025.

NOTE W - GOING CONCERN

The Company incurred losses amounting to USD 475,956 (INR 44,832,674) and USD 2,652,447 (INR 249,847,246) for the years ended March 31, 2026 and March 31, 2025, respectively. The Company reported negative operating cashflows amounting to USD 7,419,239 (INR 698,855,216) and USD 1,799,690 (INR 169,521,800) for the years ended March 31, 2026, and March 31, 2025, respectively. The Company also has an accumulated deficit of USD 95,101,563 (INR 8,958,091,725 and USD 94,625,607 (INR 8,913,259,051) as at March 31, 2026, and March 31, 2025, respectively. These conditions indicate that the Company has experienced liquidity challenges arising from its operating activities. During the year ended March 31, 2026, the Company received an equity contribution of USD 5,399,995 (INR 508,652,529) from its parent company. Management believes that due to issuance of capital during the year ended March 31, 2026, together with existing cash balances and expected cash flows from operations, will provide sufficient liquidity to meet the Company's obligations as they become due for a period of at least twelve months from the date the separate parent company financial statements are available for issue. The management's assessment was also substantiated by financial forecasts for next 12 months. Based on above, management concluded that the substantial doubt has been alleviated by the plans. Accordingly, the separate parent company financial statements have been prepared on a going concern basis.

NOTE X - SUBSEQUENT EVENTS

The Company evaluated all events and transactions that occurred after March 31, 2026, up to the date the separate parent company financial statements were issued. Based on this evaluation, the Company is not aware of any events or transactions that require recognition or disclosure in the separate parent company financial statements.

INDEPENDENT AUDITOR'S REPORT

Board of Directors

Mahindra Vehicle Sales and Services, Inc.

OPINION

We have audited the financial statements of Mahindra Vehicle Sales and Services, Inc. ('the Company') which comprise the balance sheets as of March 31, 2026, and March 31, 2025, and the related statements of loss, statement of changes in stockholder's deficit, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2026, and March 31, 2025, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

EMPHASIS OF MATTER

As discussed in Note B to the financial statements, the Company has incurred net loss and has generated negative cash flows from operations for the years ended March 31, 2026, and March 31, 2025. The Company also has a stockholder's deficit as at March 31, 2026, and March 31, 2025. Management's evaluation of the events and conditions and management's plans to mitigate these matters are also described in Note B.

Our opinion is not qualified with respect to this matter.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a period of twelve months from the date the financial statements are issued.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

OTHER INFORMATION

Management is responsible for the other information. The other information comprises amounts presented in INR parenthetically alongside the USD amounts in the financial statements. Such presentation is not required by accounting principles generally accepted in the United States of America.

Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance on it. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether it is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work performed, we conclude that there is an uncorrected material misstatement of the other information, we are required to describe it in our report.

(The accompanying notes are an integral part of these financial statements)

NOTES TO FINANCIAL STATEMENTS

NOTE A - ORGANIZATION AND NATURE OF OPERATIONS

Mahindra Vehicle Sales and Services, Inc. (hereinafter referred to as the "Company") was incorporated in the state of Delaware on April 19, 2017 and is a wholly owned subsidiary of Mahindra Automotive North America, Inc. ("MANA" or "the parent company").

The Company previously engaged in the sale and distribution of off-road vehicles and related parts to independent distributors and dealers (collectively, "dealerships") in North America, with its operations focused solely on the ROXOR off-road side-by-side vehicle. During the year ended March 31, 2022, the parent company decided to sale the redesigned ROXOR through its affiliate, Mahindra USA LLC, instead of the Company. Consequently, the Company's activities are now limited to the sale of accessories and service parts under the warranty arrangements for ROXOR vehicles previously sold.

NOTE B - GOING CONCERN

The Company incurred losses amounting to USD 553 (INR 52,090) and USD 129,214 (INR 12,171,312) and has negative operating cash flows of USD 71,548 (INR 6,739,464) for the year ended March 31, 2026, and USD 56,668 (INR 5,337,842) for the years ended March 31, 2026 and March 31, 2025 respectively. Additionally, the Company has a stockholder's deficit of USD 1,141,068 (INR 107,482,901) as at March 31, 2026, and USD 1,210,520 (INR 114,024,932) as at March 31, 2025. Although, these events and condition cast significant doubt on the Company's ability to continue as a going concern, in view of the continued support from the parent company, the management considers that it is appropriate to prepare these financial statements on a going concern basis, which assumes that the Company will continue to be in operational existence for the foreseeable future. The Company has received funding from its Parent Company amounting to USD 70,005 (INR 6,594,121) during the year ended March 31, 2026, and USD 50,000 (INR 4,709,750) during the year ended March 31, 2025 in the form of capital contribution.

Though the parent company has commenced the sale of the redesigned ROXOR through its affiliate, Mahindra USA LLC, the Company will continue its operations to fulfill dealership obligations related to vehicles previously sold. Based on these factors, the financial statements have been prepared on a going concern basis, and no adjustments have been made to the carrying values of assets and liabilities.

NOTE C - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are detailed below:

1. *Basis of preparation*

   a. The accompanying financial statements are prepared on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States of America ("US GAAP") to reflect the financial position, results of operation and cash flows of the Company.

   b. The financial statements are for the fiscal years ended March 31, 2026, and March 31, 2025.

   c. Financial information is reported in US dollars ("USD") and in Indian rupees ("INR"). For March 31, 2026, and March 31, 2025, USD amounts are translated for convenience into Indian rupees at an exchange rate of 94.195 INR per USD. Within the notes to the financial statements, INR amounts are shown parenthetically alongside the USD amounts.

2. *Use of estimates*

   The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Significant items subject to such estimates and assumptions include the significant items subject to such estimates and assumptions include the warranties, valuation allowance for deferred tax assets and other contingencies. Management believes that the estimates used in the preparation of the financial statements are reasonable. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any changes in estimates are adjusted prospectively in the financial statements.

3. *Revenue recognition*

   Revenue is recognized upon transfer of control of products or services promised to customers in an amount that reflects the consideration the Company expects to receive in exchange for these products or services.

   Revenue from sale of service parts and accessories of previously sold ROXORs is recognized when each of the following criteria is met:

   a. The Company approve a contract with commercial substance.

   b. The sales price is determinable, and collectability of the payment is probable based on the terms outlined in the contract.

   c. Control of the goods is transferred to the affiliate when the ordered items are shipped.

   Transfer of control, and therefore revenue recognition is recorded at a point in time on the date when the service parts and accessories of previously sold ROXORs are shipped to the customer.

4. *Cash*

   The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash for the financial statements purpose. Cash balances on deposits with banks in the United States of America are insured by the Federal Deposit Insurance Corporation up to an aggregate of USD 250,000 (INR 23,548,750) per account per depositor.

5. *Property, equipment and depreciation*

   Property and equipment are stated at cost less accumulated depreciation. Cost of items of property and equipment comprises cost of purchase and other costs necessarily incurred to bring it to the condition and location necessary for its intended use.

   The Company depreciates property and equipment over the estimated useful life using the straight-line method. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts and the resulting gain or loss is credited or charged to operations.

   The estimated useful life used to determine depreciation is:

Computers	3 years
Vehicles	5 - 10 years

   Expenditures for maintenance and repairs are charged to expense. Property and equipment is reviewed for impairment whenever events or changes in circumstances indicate the carrying value of the asset may not be recoverable.

6. *Accounts receivable and expected credit loss*

   Accounts receivable are recorded at the invoiced amount, net of discount and others and provision for credit loss. The Company regularly reviews the adequacy of the provision for credit loss based on a combination of factors. In establishing any required allowance, management considers historical losses adjusted for current market conditions, the current receivables aging, current payment terms and expectations of forward-looking loss estimates.

7. *Income taxes*

   Income taxes are accounted for using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

NOTES TO FINANCIAL STATEMENTS

The Company has determined whether any tax positions have met the recognition threshold and has measured the Company's exposure to those tax provisions. Management believes that the Company has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state taxing authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties from federal and state taxing authorities were recorded in the accompanying financial statements.

8. *Fair value measurements and financial instruments*

Assets and liabilities recorded at fair value in the financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.

Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

Some of Company's financial instruments, including cash, accounts receivable and accounts payable are not measured at fair value on a recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature.

9. *Commitments and contingencies*

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

10. *Interest income:*

The Company records the interest income on bank balances under the other income.

11. *Advertising and marketing expenses*

Advertisement and marketing expenses are presented as part of "Selling, general and administrative expenses" in the statements of loss and are expensed as incurred. The amount of advertisement and marketing expenses incurred by the Company for the year ended March 31, 2026, is USD 1,176 (INR 110,773) and March 31, 2025, is USD 1,198 (INR 112,846).

NOTE D - CASH

	65,686	1,237	**6,187,293**	116,519

NOTE J - INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company is subject to taxation in the United States of America and the State of Michigan. The Company is a member of the federal consolidated tax group of its parent company.

The provision for income tax expense for the year ended March 31, 2026 and March 31, 2025 is USD 800 (INR: 75,356) and USD Nil (INR: Nil), respectively.

The tax effects of significant temporary differences that resulted in deferred tax assets and liabilities and a description of the items that create such differences is as follows:

	USD		INR	
	As at March 31,		As at March 31,	
Particulars	**2026**	**2025**	**2026**	**2025**
Deferred tax asset				
Net operating loss - Federal	**18,189,926**	18,171,747	**1,713,400,080**	1,711,687,709
Net operating loss - State	**1,074,555**	1,067,558	**101,217,708**	100,558,626
Interest expense limitation	**808,640**	672,670	**76,169,845**	63,362,151
Unclaimed property accrual	**–**	2,677	**–**	252,160
Provision for expected credit loss	**–**	11,074	**–**	1,043,115
Dealership closure liability	**302,236**	256,083	**28,469,120**	24,121,738
Valuation allowance	**(20,375,357)**	(20,181,809)	**(1,919,256,753)**	(1,901,025,499)
Total	**–**	–	**–**	–

In assessing the realization of deferred tax assets, the likelihood of whether it is more likely than not that some portion or all the deferred tax assets will not be realized must be considered. The ultimate realization of deferred tax assets is dependent on the generation of future taxable income during the periods in which temporary difference becomes deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment. The management believes that it is more likely than not that the deferred tax assets may not be realized and accordingly, a valuation allowance of USD 20,375,357 (INR: 1,919,256,753) is recognized as at March 31, 2026 and USD 20,181,809 (INR: 1,901,025,499) as at March 31, 2025.

The Company has federal net operation loss ("NOLs") carry forwards of USD 86,618,697 (INR: 8,159,048,164) as at March 31, 2026 (March 31, 2025: USD 86,532,128 (INR: 8,150,893,797), which will be carried forward indefinitely.

The Company has state net operating losses carry forwards of USD 22,669,938 (INR: 2,135,394,810) as at March 31, 2026 (March 31, 2025: USD 22,584,369 (INR: 2,127,334,638), which if unutilized will begin to expire from the year 2027.

The Company recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination.

The tax years 2022, 2023 and 2024 remain subject to examination by the taxing authorities.

Dois Irmãos - RS

Opinion

We have examined the financial statements of **Mahindra do Brasil Industrial Ltda.,** which comprise the balance sheet as of March 31, 2026, and the related statements of income, changes in members' equity and cash flows for the year then ended, including material accounting policies and other explanatory information.

In our opinion, the financial statements referred to above present fairly in all material aspects the financial position of **Mahindra do Brasil Industrial Ltda.** as of March 31, 2026, the performance of its operations, and its cash flows for the year ended on that date, in accordance with the accounting practices adopted in Brazil.

Foundation for Opinion

Our audit was conducted in accordance with Brazilian and international auditing standards. Our responsibilities, in accordance with such standards, are described in the following section titled "Auditor's responsibility for the financial statements audit." We are independent in regard to the Company in accordance with the relevant ethical principles set out in the Code of Ethics for Professional Accountants and professional standards laid down by the Federal Accounting Council and we comply with all the other ethical responsibilities in accordance with these standards.

We believe the audit evidence we achieved is sufficient and appropriate to substantiate our opinion.

Governance and Management Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles in Brazil and the internal controls deemed necessary by Management for the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company ability to continue operating, disclosing, when applicable, matters related to its operational continuity and the use of this accounting basis in the preparation of the financial statements, unless Management intends to liquidate the Company or cease its operations, or has no realistic alternative to avoid closing its operations.

Those responsible for the Company governance are those responsible for supervising the preparation process of the financial statements.

Auditors' Responsibility for the Audit of the Financial Statements

Our goals are to obtain reasonable assurance that the financial statements are jointly free from material misstatement, whether caused by fraud or error, and to issue an audit report containing our opinion. Reasonable assurance is a high level of assurance, but not a guarantee that an audit conducted in accordance with Brazilian and international auditing standards will always detect any material misstatements. Such misstatements may occur due to fraud or error and are considered material when, individually or jointly, they can influence, from a reasonable perspective, the economic decisions of the users based on the referred financial statements.

As part of the audit conducted in accordance with Brazilian and international auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. In addition:

- We identify and assess the risks of material misstatement in the financial statements, whether caused by fraud or error, plan and perform audit procedures in response to such risks, and obtain appropriate and sufficient audit evidence to substantiate our opinion. The risk of not detecting a material misstatement resulting from fraud is greater than that of error, as fraud may involve circumvention of internal controls, collusion, counterfeiting, omission, or willful misrepresentation.
- We obtain understandings of internal controls relevant to auditing in order to plan appropriate audit procedures in given circumstances, but not for the purpose of expressing opinion on the effectiveness of the Company's internal controls.
- We assess the adequacy of the accounting policies used and the reasonableness of the accounting estimates and respective disclosures made by Management.
- We conclude on the adequacy of the Executive Board's use of the accounting basis for operational continuity and, based on the audit evidence obtained, whether there is a relevant uncertainty in regard to events or conditions that may cause significant doubt concerning the capacity for operational continuity of the Company. If we conclude there is material uncertainty when preparing our audit report, we will highlight the relevant disclosures in the financial statements or include modification in our opinion in the event the disclosures were inadequate. Our conclusions are based on audit evidence obtained up to the date of our report. However, future events or conditions may cause the Company to no longer be in operational continuity.
- We assess the overall submission, structure, and content of financial statements, including disclosures, and whether the financial statements represent the related transactions and events in a manner consistent with the appropriate submission goal.

We communicate with governance, among other aspects, on the planned scope, timing of the audit and significant audit findings, including any significant deficiencies in the internal controls identified during our work.

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2026 AND 2025

IN THOUSANDS OF REAIS

1. Operational Context

Mahindra do Brasil Industrial Ltda. is a company headquartered in Dois Irmãos-RS, at Rua 10 de Setembro, 1097, in Bairro Centro. The company was incorporated on January 14, 2016.

The company's main objective is the Manufacture of Agricultural Tractors, Parts, and Accessories, as well as the wholesale trade of new and used cars, vans, and utility vehicles; retail sale of new cars, vans, and SUVs; retail trade of used parts and accessories for motor vehicles; wholesale trade of machinery, apparatus, and equipment for agricultural use; parts and pieces; maintenance and mechanical repair services for motor vehicles; installation of industrial machines; manufacture of other equipment and devices not previously specified; wholesale trade of new parts and accessories for motor vehicles; other private-equity firms, except holding companies; other service activities provided primarily to companies not previously specified; body shop or bodywork and painting services for motor vehicles.

2. Summary of the Main Accounting Policies

The main accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently in all the fiscal years presented, unless otherwise specified.

The financial statements were approved by the Management as of April 24, 2026.

2.1 Basis for Preparation

The preparation of the financial statements requires the use of certain critical accounting estimates, as well as the exercise of judgment by the Company's management in the application of the accounting policies. The areas that require a higher level of judgment and are more complex, as well as those with assumptions and estimates that are significant for the financial statements, are disclosed in Note 2.15.

(a) Financial Statements

The financial statements were prepared in accordance with accounting practices adopted in Brazil, including the pronouncements, guidelines, and interpretations issued by NBC TG in accordance with Laws no. 6404/1976 and 11638/2007.

2.2 Foreign Currency Conversion

Functional and Presentation Currency

The items included in the Company's financial statements are measured using the currency of the main economic environment in which the Company operates ("functional currency"). The financial statements are presented in reais (BRL), which is the Company's functional currency.

Foreign Currency Transactions

Transactions in foreign currency are converted into reais at exchange rates on the dates of the transactions. Monetary assets and liabilities denominated and calculated in foreign currencies on the reporting date are translated into the functional currency at the exchange rate calculated on that date. The foreign exchange gain or loss on monetary items is the difference between the amortized cost in the functional currency at the beginning of the period, adjusted for interest and payments effective during the period, and the amortized cost in a foreign currency at the exchange rate at the end of the reporting period. Foreign currency differences resulting from the conversion are recognized in the income.

2.3 Determination of results

The results of operations are determined in accordance with the accrual basis of accounting.

2.4 Cash and Cash Equivalents

They are comprised of financial resources held in cash, bank accounts, and financial investments. Financial investments are valued at cost, plus income earned through the balance sheet date. These financial instruments are intended for trading and are recorded at realizable values (Note 3).

2.5 Financial Instruments

Recognition and Measurement

The Company classifies its financial assets under the following categories: loans and receivables are measured at fair value through income. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets in the initial recognition.

Loans and Receivables

This category includes receivables that are non-derivative financial assets with fixed or determinable payments, not quoted in an active market. They are included in current assets, except for those maturing more than 12 months after the balance sheet date (these are classified in noncurrent assets). The Company's receivables comprise trade accounts receivable, other trade receivables, and cash and cash equivalents, except for short-term investments. Receivables are recorded at amortized cost using the effective interest method.

Financial Assets Measured at Fair Value Through Income

Financial assets measured at fair value through income are financial assets held for active and frequent trading. Assets in this category are classified in current assets. Gains or losses arising from changes in the fair value of financial assets measured at fair value through income are presented in the statement of income under "financial statement" in the period in which they occur. They basically refer to short-term financial investments.

2.6 Non-derivative Financial Liabilities

The Company determines the classification of its financial liabilities at the time of their initial recognition. The Company's financial liabilities include trade payables, tax liabilities, and labor obligations.

The Company recognizes debt securities issued and subordinated liabilities initially on the date they are originated. All other financial liabilities are initially recognized on the trade date, on which the Company becomes a party to the contractual provisions of the instrument. The Company writes off a financial liability when its contractual obligations are discharged, canceled, or expired.

Financial assets and liabilities are offset, and the net amount submitted in the balance sheet only when the Company currently has a legal right to offset the amounts and intends to liquidate them on a net basis or to realize the asset and settle the liability simultaneously. The Company has the following non-derivative financial liabilities: loans with related parties, suppliers, loans, and other accounts payable.

Such liabilities are initially recognized at fair value plus any attributable transaction costs. After initial recognition, such financial liabilities are measured at amortized cost using the effective interest method.

2.7 Inventories

Inventories are stated at the lower of cost or net realizable value. The cost of inventories is determined based on the weighted average method and includes costs incurred in the acquisition of inventories, production and conversion costs, and other costs incurred to bring them to their present location and condition.

The net realizable amount is the estimated sales price in the normal course of business, deducted from the estimated costs for completion and sales expenses.

2.8 Property, Plant, and Equipment

(a) Recognition and Measurement

The Company chose to revalue property, plant, and equipment at deemed cost on October 31, 2016. The effects of deemed cost decreased property, plant, and equipment against members' equity, net of tax effects (Note 8).

After the transition of the NBC TG's, property, plant, and

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2026 AND 2025

IN THOUSANDS OF REAIS

equipment items are now measured at the historical cost of acquisition or construction, less accumulated depreciation and accumulated impairment losses.

Cost includes expenses that are directly attributable to the purchase of an asset. Software purchased to enable the functionality of a device is capitalized as part of such equipment.

Gains and losses on the disposal of property, plant, and equipment are determined by comparing the proceeds arising from the disposal with the book value of the fixed asset, and are recognized as net within other revenues in the income.

(b) Subsequent Costs

The replacement cost of property, plant, and equipment is recognized in the carrying amount of the asset in the event it is probable that the economic benefits incorporated into the asset will flow to the Company and provided that their cost can be reliably measured. The carrying amount of the asset that has been replaced by another asset is written off. Recurring maintenance of property, plant, and equipment are recognized in the income as incurred.

(c) Depreciation

Depreciation is recognized in the income based on the straight-line method in relation to the estimated useful life of each part of property, plant, and equipment, since this is the method that most closely reflects the consumption pattern of future economic benefits incorporated into the asset.

2.9 Impairment

The Company analyzes the existence of evidence that the carrying amount of an asset will not be recovered. If such evidence is identified, the Company estimates the recoverable amount of the asset. The recoverable amount of an asset is the highest value between: (a) its fair value less costs that would be incurred to sell it and (b) its value in use. The value in use is equivalent to the discounted cash flows (before taxes) derived from the continued use of the asset until the end of its useful life.

When the residual book value of the asset exceeds its recoverable value, the Company recognizes a reduction in the book balance of this asset (impairment or deterioration). For assets recorded at cost, the impairment is recorded in the income for the period. If the recoverable amount of an individual asset is not determined, an analysis of the recoverable amount of the cash-generating unit to which the asset belongs is performed.

2.10 Provisions

Allowance is recognized due to a past event and if the Company has a legal or constructive obligation that can be reliably estimated, and it is probable that an economic resource will be required to settle the obligation. Provisions are calculated by discounting expected future cash flows at a pre-tax rate that reflects current market assessments of the value of money at that time and specific risks for the liability.

2.11 Capital

The membership interests are all paid in and classified as members' equity. Mandatory minimum dividends, if any, as defined in the articles of association, are recognized as a liability.

2.12 Operating Revenue

Operating revenue from the sale of goods in the ordinary course of business is measured at the fair value of the compensation received or receivable. Operating income is recognized when there is convincing evidence that: i) the most significant risks and benefits inherent in the ownership of the goods have been transferred to the buyer, which in the Company's case is when the products are delivered to its customers, ii) that it is probable that the economic and financial benefits will flow to the Company, iii) that the associated costs and the possible return of goods can be estimated reliably, iv) that there is no ongoing involvement with the goods sold, and v) that the value of operating revenue can be measured reliably. If it is probable that discounts will be granted and the amount can be reliably measured, then the discount is recognized as a reduction in operating revenue as sales are recognized.

2.13 Financial Revenue and Expenses

Financial income basically comprises interest income, discounts, income from financial investments and gains from exchange variation. Financial expenses include interest expenses, financial expenses, and loans and financing, as well as the respective passive exchange variations.

2.14 Income Tax and Social Contribution

Current and deferred income tax and social contribution are calculated based on the rates of 15%, plus an additional 10% on taxable income exceeding BRL 240,000 for income tax and 9% on taxable income for social contribution, and consider the offset of tax losses and negative basis of social contribution, limited to 30% of real profit.

Deferred income tax and social contribution are recognized about tax losses, negative base of social contribution and about temporarily differences and are disclosure on noncurrent assets according to it essentially and realization expectation. The carrying amount of deferred income tax and social contribution assets is assessed annually, and a valuation allowance is recognized when the carrying amount cannot be recovered through present or future taxable profits or through other legally permitted means of realization. Management maintains the recorded tax credits related to Income Tax and Social Contribution arising from temporary differences based on the expectation of generating future taxable profits.

2.15 Critical Accounting Estimates and Judgments

Estimates and accounting judgments are continuously evaluated and are based on historical experience and other factors, including expectations of future events, which are considered reasonable for the circumstances.

Based on assumptions, the Company makes estimates regarding future events. By definition, the resulting accounting estimates will rarely equal the related actual outcomes. The estimates and assumptions that involve a significant risk of resulting in material adjustments to the carrying amounts of assets and liabilities in the next financial year include the determination of the useful lives of property, plant and equipment, the impairment of financial assets, deferred income tax and social contribution, and provisions for contingencies and warranties.

2.16 Warranties

Provisions for the expected cost of warranty obligations related to tractors and implements are recognized at the date of sale of the respective products, based on Management's best estimate of the expenditure required to settle the Company's obligation.

2.17 Brazilian Tax Reform

(a) Consumption Tax Reform – IBS and CBS

As a result of the Consumption Tax Reform introduced by Constitutional Amendment No. 132/2023 and regulated, among other acts, by Supplementary Law No. 214/2025, relevant changes were established in the taxation of consumption, with implementation beginning in 2026. These changes include the gradual replacement of currently existing taxes by new taxes, notably the Goods and Services Tax (IBS) and the Contribution on Goods and Services (CBS).

The legislation provides for the initial implementation phase of the new regime in 2026, with the application of transitional provisions and compliance with the applicable legal and regulatory schedule. Considering that the operationalization of the new system depends on additional regulations and further definitions regarding its practical application, Management is monitoring developments on the matter and assessing its

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2026 AND 2025

IN THOUSANDS OF REAIS

potential effects on the Company's tax burden, cash flows, pricing, operational processes, and information systems, as well as conducting preparatory actions aimed at considering such effects and mitigating potential impacts arising from the implementation of the new tax system.

(b) Dividend Taxation – Law No. 15,270/2025

In 2025, Law No. 15,270/2025 was enacted, introducing changes to tax legislation, including rules with potential effects on the taxation applicable to the distribution of profits and dividends, effective as of 2026. The impacts of these changes must be evaluated in light of the applicable conditions, limits, exceptions, and regulations.

The effects resulting from the application of these new rules will depend, among other factors, on the profit distribution policy, the form and timing of the decision and allocation of profits, as well as on complementary regulations and interpretations issued by the tax authorities. Management will assess such impacts in subsequent fiscal years in accordance with the effective enforcement and application of the legislation.

3. Cash and Cash Equivalents

	Mar. 31, 2026	Mar. 31, 2025
Cash	**2**	3
Cash in bank account	**12,466**	18,478
Investments	**15,113**	25,975
	27,581	44,456

The Company makes financial investments in large financial institutions with the purpose of generating financial income while not using the resources. Investments in reais are made in CDBs and Investment Funds issued by the bank and repo (repurchase) operations, the repo (repurchase) is an investment in bank leasing debentures with daily liquidity and guarantee of repurchase by the bank.

4. Trade Receivables

	Mar. 31, 2026	Mar. 31, 2025
Brazilian clients	**53,566**	58,068
(-) Allowance for expected losses	**(1,346)**	(1,346)
	52,220	56,722

The Company sells its products directly to its dealers through its commercial department. The provision for expected losses is considered sufficient by management, considering the company's history of losses.

	Mar. 31, 2026	Mar. 31, 2025
Current	**40,200**	44,360
1 - 15 days past due	**5,172**	9,535
16 - 90 days past due	**7,096**	2,377
91 - 120 days past due	**184**	1,382
121 - 180 days past due	**–**	–
Over 180 days past due	**914**	414
	53,566	58,068

5. Inventories

	Mar. 31, 2026	Mar. 31, 2025
Raw material	**10,810**	8,490
Inventory in transit	**36,253**	47,141
Finished products	**30,305**	12,737
Goods for resale	**5,758**	5,093
Inventory of tractors - demonstration	**4,187**	4,800
(-) Provision Slow-Moving Inventory Allowance	**(4,848)**	(2,647)
Third party tractor inventory - general warehouse	**16,112**	16,299
Products in possession of third parties	**23,381**	38,172
	121,958	130,085

6. Taxes Recoverable

	Mar. 31, 2026	Mar. 31, 2025
ICMS recoverable	**986**	506
PIS recoverable	**1,568**	1,445
COFINS recoverable	**4,640**	4,566
Other taxes	**120**	437
	7,314	6,954

7. Other Credits

	Mar. 31, 2026	Mar. 31, 2025
Other trade receivables	**293**	1,017
Amounts to be appropriated	**1,264**	1,215
Advance of labor funds	**526**	87
Advances to forwarding agents and suppliers	**4,113**	1,547
M&M expense reimbursements	**7,000**	–
	13,196	3,866

"Other accounts receivable" refer to reimbursements from the parent company, as well as consortium quotas awaiting allocation. "Advances to customs brokers and suppliers" refer to import processes in transit, as well as trade show expenses to be allocated, respectively.

The amount receivable from Mahindra & Mahindra refers to the reimbursement of rework expenses for transmissions and engines damaged in the May 2024 flooding, as well as slow-moving inventory held by the Company.

The Company entered into an Administrative Agreement for the Concession of a Real Right to Use Public Property, with a Purchase Option, with the Municipality of Dois Irmãos, for the acquisition of the land on which its new production plant will be built. The Agreement requires the commencement of industrial activities within three years from the signing date, which occurred on August 18, 2026. This obligation to the Municipality will be settled through the incremental ICMS generated from the fiscal year following the start of industrial operations. Accordingly, the amount of R$ 5,930, corresponding to the fair value of the land, was recognized against the liability classified as ‘Government grant’.

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2026 AND 2025

IN THOUSANDS OF REAIS

9. Intangible Assets

		Mar. 31, 2025		**Mar. 31, 2026**	
	Amortization rate	**Net**	**Cost**	**Accumulated amortization**	**Net**
IT - Software and Licenses	20% per year	116	–	**(40)**	**76**
Software in progress		–	1,617	**–**	**1,617**
		116	1,617	**(40)**	**1,693**

Software in progress refers to the expenses related to the implementation of the SAP S/4HANA ERP system, for which the go-live is scheduled for August 2026.

10. Suppliers

The Company has suppliers abroad of inputs that are related parties: Mahindra & Mahindra and Erkunt.

	Mar. 31, 2026	Mar. 31, 2025
National suppliers	**3,821**	5,941
International suppliers	**58,565**	88,182
	62,386	94,123

The obligations with the controller refer to the purchase of inputs and finished products without foreign exchange exposure, whose payment term is 180 days from the date of shipment.

11. Taxes Payable and Installments

	Mar. 31, 2026	Mar. 31, 2025
IRRF	**115**	77
CSRF	**26**	7
ICMS	**1,525**	1,083
IRPJ/CSLL	**124**	4,092
Other	**35**	40
Total current	**1,825**	5,299

12. Provisions

a) Provision for warranties

	Mar. 31, 2026	Mar. 31, 2025
Provision for warranties	**19,407**	16,490
Adjustment to present value	**(4,023)**	–
Total	**15,384**	16,490
Current	**6,933**	8,426
Due in 2 years	**4,123**	3,111
Due in 3 years	**2,362**	2,472
Due in 4 years	**1,368**	1,619
Due in 5 years	**598**	862
Non-Current	**8,451**	8,064

The Company recognizes a provision for warranties estimated for tractors and implements sold that remain under warranty at the end of the fiscal year. These amounts are expected to be settled within a period of up to 5 years, the maximum warranty period granted. Management estimates the provision based on historical information.

Except for the adoption of the adjustment to present value to reflect the financial cost of the provisioned amounts, the assumptions for the current period are consistent with those of the previous year. Factors that may impact the estimated information include the success of quality initiatives, as well as parts and labor costs. The net present value adjustment was recorded against expenses in the profit or loss for the year.

b) Other Provisions

	Mar. 31, 2026	Mar. 31, 2025
Stock Finance	**1,221**	1,390
Retail Finance	**1,468**	170
Contingencies (Note 14)	**792**	670
Loss fund	**8,196**	–
Other	**583**	1,365
Total	**12,260**	3,595

The Stock Finance provision refers to the dealer inventory financing program with the captive bank and aims to cover financial costs over the next 90 days.

The Retail Finance provision refers to the financial cost subsidized by the Company for financing lines offered by the captive bank to the end customer.

The Allowance for losses (or *Loss Fund provision*) refers to the Company's share in losses incurred from financing provided by the captive bank to the end customer, related to the 2024 and 2025 calendar years.

13. Right-of-use asset/ Lease Liability

Recognized	**Mar. 31, 2026**	Mar. 31, 2025
Right-of-use asset - current	**424**	685
Right-of-use asset - noncurrent	**362**	218
	786	903

14. Contingencies

The Company is a party to labor and civil lawsuits. For those actions where the loss was considered probable, the respective provision for losses was fully recorded in the amount of R$ 792 (R$ 670 in 2025), as mentioned in explanatory note 12 b).

Civil actions primarily refer to cases involving representatives, while labor lawsuits substantially relate to various labor proceedings from former employees of the Company.

As of March 31, 2026, the Company has the amount of R$ 6,722 (R$ 4,964 in 2025) in labor and civil lawsuits involving a possible risk of loss, as

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2026 AND 2025

IN THOUSANDS OF REAIS

Finance modalities.

21. Income tax and social contribution

a) Deferred taxes

These amounts represent tax credits arising from temporary differences related to provisions recognized, based on the expectation of generating taxable profits in the future.

Basis	**Mar, 31, 2026**	Mar, 31, 2025
Provision for compensation	**792**	670
Interest provision – Stock Finance	**1,221**	1,390
Interest provision – Retail Finance	**1,468**	170
Other provisions	**580**	1,365
Provision for expected losses (note 4)	**1.346**	1,346
Provision for slow turnover (note 5)	**3.836**	2,647
Provision for warranty	**19,408**	16,490
PV Adjustment - Provision for warranties	**(4,023)**	–
Provision bonuses	**1,315**	1,305
Provision for inventory losses (note 5)	**1,012**	–
Allowance for loss fund	**8,196**	**–**
Provision for M&M reimbursements	**(7,000)**	–
Calculation basis	**28,151**	25,383
Income tax 25%	**7,038**	6,346
Social Contribution 9%	**2,534**	2,285
Total deferred taxes recognized	**9,571**	8,630

Management annually assesses the expectation of future taxable profits and, consequently, makes the necessary adjustments to reflect the probable realizable value of the recognized tax credits within a three-year period.

The projections of future results are prepared based on internal assumptions and economic scenarios, which may be subject to change. Deductible temporary differences do not expire under the current tax legislation.

22. Insurances

The Management of the Companies adopts the policy of taking out insurance for the headquarters of the Companies, whose coverage is considered sufficient by the Management and insurance agents to cover the occurrence of claims, and the management is responsible for defining the risk assumptions adopted.

23. Financial Risk Management

(a) Overview

The Company is exposed to the following risks arising from the use of financial instruments:

- Credit risks
- Liquidity risks
- Market risks
- Currency risks
- Operational risks

We present information on the Company's exposure to each of the aforementioned risks, the Company's objectives, policies, and processes for risk measurement and management, and the Company's capital management, Additional quantitative disclosures are included throughout these financial statements.

(b) Risk Management Structure

Management has overall responsibility for establishing and overseeing the Company's risk management framework, Risk management policies are established to identify and analyze the risks faced by the Company, to define appropriate risk limits and controls, and to monitor risks and adherence to limits, Risk management policies and systems are frequently revised to reflect changes in market conditions and the Company's activities, Through its training and management policies and procedures, the Company aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

(c) Credit Risks

Credit risk is the Company's risk of financial loss if a customer or the other party in a financial instrument fails to meet its contractual obligations, arising mainly from trade receivables and investment securities.

Trade Receivables and Other Credits

The Company's exposure to credit risk is influenced primarily by the individual characteristics of each customer, However, management also considers the demographics of the customer base, including the credit risk of the region where customers operate, as these factors can influence credit risk.

Management has established a credit policy in which all new customers have their creditworthiness analyzed individually before the Company's payment and delivery terms and conditions are offered, The analysis includes external assessments, when available, including a prior analysis of the bank records carried out by the financial institutions themselves, Purchase limits are established for each customer, guaranteed by financial institutions, which represent the maximum amount outstanding without requiring prior approval, Such limits are periodically revised, Customers who fail to meet the established credit limit may only operate with the Company on an advance payment basis, Once the transaction is approved by the financial institution, the sale is carried out and the risk becomes entirely with the financial institution.

In monitoring customers' credit risk, they are grouped according to their credit characteristics, including geographic location, maturity, and existence of previous financial difficulties.

(d) Liquidity Risks

Liquidity risk is the risk in which the Company will find it difficult to meet the obligations associated with its financial liabilities that are settled with cash payments or with another financial asset, The Company's approach in liquidity management is to ensure, as much as possible, that it always has sufficient liquidity to meet its obligations as they fall due, under normal and stress conditions, without causing unacceptable losses or risking damage to the Company's reputation.

Based on the calculation of the Liquidity ratios, the current liquidity ratio corresponds to 2.56 on March 31, 2026 (2.13 on March 31, 2025), a result that demonstrates balance in a possible settlement of short-term obligations.

(e) Market Risks

Market risk is the risk that changes in market prices, such as exchange rates, interest rates, and share prices, may have on the Company's earnings or the value of its holdings in financial instruments, The objective of market risk management is to manage and control exposures to market risks, within acceptable parameters while optimizing the return.

The Company complies with financial obligations to manage market risks, All these operations are conducted within the guidelines established by Management.

(f) Currency Risks

The Company is subject to currency risk in purchases, loans, and financing denominated in a currency other than its functional currency,

EXPLANATORY NOTES TO THE FINANCIAL STATEMENTS

FOR THE FISCAL YEARS ENDED AS OF MARCH 31, 2026 AND 2025

IN THOUSANDS OF REAIS

the real (BRL), The currency in which these transactions are primarily denominated is the US dollar.

With respect to other monetary assets and liabilities denominated in foreign currency, the Company ensures that its net exposure is maintained at an acceptable level to address short-term instabilities.

(g) Operational Risks

Operating risks are the risks of direct or indirect losses arising from a variety of causes associated with the Company's processes, personnel, technology, and infrastructure and from external factors, except credit, market, and liquidity risks, such as those arising from legal and regulatory requirements and generally accepted standards of business behavior, Operating risks arise from all of the Company's operations.

The Company's objective is to manage operational risks to avoid the occurrence of financial losses and damage to its reputation, as well as to seek cost effectiveness and to avoid control procedures that restrict initiative and creativity.

Primary responsibility for the development and implementation of controls to address operational risks is assigned to senior management. Accountability is supported by the development of the Company's general standards for the management of operational risks in the following areas:

- Requirements for proper segregation of duties, including independent authorization of operations;
- Requirements for reconciliation and monitoring of operations;
- Compliance with regulatory and legal requirements;
- Documentation of controls and procedures;
- Requirements for the periodic assessment of operational risks faced and the adequacy of controls and procedures to address the identified risks;
- Requirements to report operating losses and proposed corrective actions;
- Development of contingency plans;
- Training and professional development;
- Ethical and business standards;
- Risk mitigation, including insurance where effective

(h) Capital Management

The Executive Board has been monitoring the loss generated by the operation, in order to mitigate its causes and generate returns on capital, which the Company defines as income of operating activities divided by total members' equity.

Shareholders provide advances for future capital increases when necessary and/or contributions to maintain cash flow and support investments, whichever is more profitable for the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE GENERAL ASSEMBLY OF ERKUNT TRAKTÖR SANAYI ANONIM ŞIRKETI

A) Audit of the Financial Statements

1) Our Opinion

We have audited the accompanying financial statements of Erkunt Traktör Sanayii Anonim Şirketi (the "Company"), which comprise the statement of financial position as at 31 December 2025, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended and notes to the financial statements comprising a summary of significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of 31 December 2025, and its financial performance and its cash flows for the year then ended in accordance with Turkish Financial Reporting Standards ("TFRS").

2) Basis for Opinion

Our audit was conducted in accordance with the Standards on Independent Auditing (the "ISA") that are part of Turkish Standards on Auditing adopted within issued by the Public Oversight Accounting and Auditing Standards Authority (the "POA"). Our responsibilities under these standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We hereby declare that we are independent of the Company in accordance with the Ethical Rules for Independent Auditors (including Independence Standards) (the "Ethical Rules") the ethical requirements regarding independent audit in regulations issued by the POA; and other relevant legislation are relevant to our audit of the financial statements. We have also fulfilled our other ethical responsibilities in accordance with the Ethical Rules and regulations. We believe that the audit evidence we have obtained during the independent audit provides a sufficient and appropriate basis for our opinion.

3) Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. Key audit matters were addressed in the context of our independent audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	
Revenue Recognition	**How the key audit matter was addressed in the audit**
The company's revenue consists of amounts generated from the sale of tractors and spare parts both domestically and internationally. In 2025, the company's net revenue from these activities amounted to 4,208,106,691 TRY. We have focused on this issue during our audit procedures for the following reasons: • It being one of the most important performance measurement criteria for evaluating the strategies implemented and the results achieved during the year. The information regarding the company's accounting policies is disclosed in Note 2.	The audit procedures we applied regarding the revenue recognition are summarized below: • It was assessed whether the accounting policies applied by the company for revenue recognition follow TFRS 15, "Revenue from Contracts with Customers" standard. • The processes implemented by the company for revenue recognition were understood. • For auditing revenue, invoice tests were conducted using a sampling method, and the accuracy of these invoices was cross-checked with delivery notes and payments received from customers. • A reconciliation was sent to the company's customers using a sampling method. As a result of the work done on revenue recognition, we did not identify any significant findings.
Application of TAS 29 – "Financial Reporting in Hyperinflationary Economies"	**How the key audit matter was addressed in the audit**
As disclosed in Note 2.1, the Company applied TAS 29 "Financial reporting in hyperinflationary economies ("TAS 29") in its financial statements as of and for the year ended 31 December 2025. TAS 29 requires financial statements to be restated into the current purchasing power at the end of the reporting period. Therefore, transactions in 2025 and non- monetary balances at the end of the period were restated to reflect a price index that is current at the balance sheet date as of 31 December 2025.	We performed the following audit procedures in relation to the application of TAS 29: • Understanding and evaluating the process and controls related to application of TAS 29 designed and implemented by management, • Obtaining detailed lists of non-monetary items and testing original entry dates and amounts on a sample basis,

The implementation of TAS 29 leads to a change in several of the Company's control activities pervasively related to financial reporting. Applying TAS 29 results in significant changes to financial statement items included in the Company's financial statements as of and for the year ending 31 December 2025, including statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flow. In addition, considering the additional effort required to perform the audit of the application of TAS 29, we identified the application of TAS 29 as a key audit matter.	• Verifying whether management's determination of monetary and non-monetary items follows TAS 29, • Verifying the general price index rates used in calculations correspond with the coefficients in the "Consumer Price Index in Turkey" published by the Turkish Statistical Institute, • Testing the mathematical accuracy of non-monetary items, statement of profit or loss, and cash flow statement adjusted for inflation effects, Evaluating the adequacy of disclosures related to the application of TAS 29 in the notes to the financial statements in accordance with TFRS.

4) Responsibilities of Management and those Charged with Governance for the Financial Statements

The Company management is responsible for the preparation and fair presentation of the financial statements in accordance with TFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

5) Auditor's Responsibilities for the Audit of the Financial Statements

The responsibilities of independent auditors in an independent audit are as follows:

Our aim is to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance expressed as a result of an independent audit conducted in accordance with ISA is a high level of assurance but does not guarantee that a material mistake will always be detected. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

As part of an independent audit conducted in accordance with ISA, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement in the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material mistake resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Assess the internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence. We also communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the benefits of public interest such communication.

B) Other Responsibilities Arising from Regulatory Requirements

No matter has come to our attention that is significant according to subparagraph 4 of Article 402 of Turkish Commercial Code ("TCC") No. 6102 and that causes us to believe that the Company's bookkeeping activities concerning the period from 1 January to 31 December 2025 period are not in compliance with the TCC and provisions of the Company's articles of association related to financial reporting.

In accordance with subparagraph 4 of Article 402 of the TCC, the Board of Directors submitted the necessary explanations to us and provided the documents required within the context of our audit.

The responsible auditor who conducted and concluded this independent audit is Beşir Acar.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2025

(All amounts are expressed in Turkish Lira ("TRY") unless otherwise stated.)
(The information provided only for comparison purposes is expressed in purchasing power as of 31 December 2025.)

NOTE 1 – COMPANY'S ORGANISATION AND NATURE OF OPERATIONS

Erkunt Traktör Sanayii A.Ş. (Company) was established on September 12, 2003 and operates in Organize Sanayi Bölgesi Batıhun Caddesi No: 2-4 Sincan/Ankara.

The main activity of the Company is the manufacture, sale, maintenance and repair of agricultural machinery, engine and transmission units, machinery and equipment.

As of December 31, 2025, the company's capital is TRY 1,740,000,000, divided into 1,740,000 shares, each with a value of TRY 1,000. (As of December 31, 2024, the company's capital is TRY440,000,000.)

The capital structure of the Company as of December 31, 2025 and 2024 is as follows:

	31 December 2025		31 December 2024	
Shareholders	**Amount**	**Ratio (%)**	Amount	Ratio (%)
Mahindra Overseas Investment Company	**1,740,000,000**	**100**	440,000,000	100

The Company has 424 employees as of December 31, 2025 (December 31, 2024: 416 people)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.1 Basis of presentation

Financial reporting standards

The Company operating in Türkiye keep and prepare their legal books and financial statements in accordance with the accounting principles set out in the Turkish Commercial Code (TCC) No. 6102 and the tax legislation.

Companies that are subject to independent audits in Türkiye prepare their financial statements in accordance with the TCC and the Turkish Accounting Standards ("TAS") put into effect by the Public Oversight Accounting and Auditing Standards Authority ("POA").

The financial statements are presented in accordance with "Communique regarding with TAS Taxonomy" which was published on July 3, 2024 by POA.

Financial reporting in hyperinflationary economy

With the communiques made by the Public Oversight Accounting and Auditing Standards Authority (POA) on November 23, 2023, entities applying TFRSs have started to apply inflation accounting in accordance with TAS 29 Financial Reporting in Hyperinflation Economies as of financial statements for the annual reporting period ending on or after December 31, 2023.

TAS 29 is applied to the financial statements, including the financial statements, of any entity whose functional currency is the currency of a hyperinflationary economy.

According to the standard, financial statements prepared in the currency of a hyperinflationary economy are presented in terms of the purchasing power of that currency at the balance sheet date. Prior period financial statements are also presented in the current measurement unit at the end of the reporting period for comparative purposes. The Company has therefore presented its financial statements as of December 31, 2024, on the purchasing power basis as of December 31, 2025.

The adjustments made in accordance with IAS 29 were made using the adjustment coefficient obtained from the Consumer Price Index (CPI) of Türkiye published by the Turkish Statistical Institute (TSI). As of December 31, 2025, the indices and adjustment coefficients used in the adjustment of the financial statements are as follows:

Date	Index	Conversion factor	Three year inflation rate
31 December 2025	3,513.87	1.00000	211%
31 December 2024	2,684.55	1.30892	291%
31 December 2023	1,859.38	1.88981	268%

The main components of Company restatement for the purpose of financial reporting in hyperinflationary economies are as follows:

- The financial statements for the current period presented in TRY are expressed in terms of the purchasing power at the balance sheet date and the amounts for the previous reporting periods are restated in accordance with the purchasing power at the end of the reporting period.
- Monetary assets and liabilities are not restated as they are currently expressed in terms of the purchasing power at the balance sheet date.
- Non-monetary assets, liabilities and equity items that are not expressed in the current purchasing power at the balance sheet date are restated by applying the relevant conversion factors.
- All items in the statement of comprehensive income, except for the effects of non-monetary items in the balance sheet on the statement of comprehensive income, have been restated by applying the multipliers calculated over the periods in which the income and expense accounts were initially recognized in the financial statements.
- The effect of inflation on the Company's net monetary asset position in the current period is recognized in the income statement in the net monetary position loss account.

New and amended standards and interpretations

The accounting policies adopted in preparation of the financial statements as of December 31, 2025 are consistent with those of the previous financial year, except for the adoption of new and amended TFRS and International Financial Reporting Interpretatiins Committee (IFRIC) effective as of January 1, 2025 and thereafter.

a) The new standards, amendments and interpretations which are effective as of January 1, 2025 are as follows:

Amendments to TAS 21 - Lack of exchangeability

In May 2024, POA issued amendments to TAS 21. The amendments specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. When an entity estimates a spot exchange rate because a currency is not exchangeable into another currency, it discloses information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. When applying the amendments, an entity cannot restate comparative information.

The amendments did not have a significant impact on the financial position or performance of the Company.

b) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the financial statements are as follows. The Company will make the necessary changes if not indicated otherwise, which will be affecting the financial statements and disclosures, when the new standards and interpretations become effective.

Amendments to TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

In December 2017, POA postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted.

The mentioned standard is not applicable to the Company.

TFRS 17 - The new Standard for insurance contracts

POA issued TFRS 17 in February 2019, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. TFRS 17 model combines a current balance sheet measurement of insurance contract liabilities

with the recognition of profit over the period that services are provided. Certain changes in the estimates of future cash flows and the risk adjustment are also recognised over the period that services are provided. Entities will have an option to present the effect of changes in discount rates either in profit and loss or in OCI. The standard includes specific guidance on measurement and presentation for insurance contracts with participation features. In accordance with amendments issued by POA in December 2021, entities have transition option for a "classification overlay" to avoid possible accounting mismatches between financial assets and insurance contract liabilities in the comparative information presented on initial application of TFRS 17.

The mandatory effective date of the Standard for the following entities has been postponed to accounting periods beginning on or after January 1, 2026 with the announcement made by the POA:

- Insurance, reinsurance and pension companies.
- Banks that have ownership/investments in insurance, reinsurance and pension companies and
- Other entities that have ownership/investments in insurance, reinsurance and pension companies.

POA issued TFRS 17 in February 2019, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. TFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. The mandatory effective date of the Standard postponed to accounting periods beginning on or after January 1, 2026 with the announcement made by the POA.

The standard is not applicable for the Company and will not have an impact on the financial position or performance of the Company.

Amendments to TFRS 9 and TFRS 7 – Classification and measurement of financial instruments

In August 2025, POA issued amendments to the classification and measurement of financial instruments (amendments to TFRS 9 and TFRS 7). The amendment clarifies that a financial liability is derecognised on the 'settlement date'. It also introduces an accounting policy option to derecognise financial liabilities that are settled through an electronic payment system before settlement date if certain conditions are met. The amendment also clarified how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance (ESG)-linked features and other similar contingent features as well as the treatment of non-recourse assets and contractually linked instruments. Additional disclosures in TFRS 7 for financial assets and liabilities with contractual terms that reference a contingent event (including those that are ESG-linked), and equity instruments classified at fair value through other comprehensive income are added with the amendment. The amendment will be effective for annual periods beginning on or after 1 January 2026. Entities can early adopt the amendments that relate to the classification of financial assets plus the related disclosures and apply the other amendments later. The new requirements will be applied retrospectively with an adjustment to opening retained earnings.

The amendments are not applicable for the Company and will not have an impact on the financial position or performance of the Company.

Annual Improvements to TFRS – Volume 11

In September 2025, POA issued Annual Improvements to TFRSs – Volume 11, amending the followings:

– TFRS 1 First-time Adoption of International Financial Reporting Standards – Hedge Accounting by a First-time Adopter: These amendments are intended to address potential confusion arising from an inconsistency between the wording in TFRS 1 and the requirements for hedge accounting in TFRS 9.

- TFRS 7 Financial Instruments: Disclosures – Gain or Loss on Derecognition: The amendments update the language on unobservable inputs in the Standard and include a cross reference to TFRS 13.
- TFRS 9 Financial Instruments – Lessee Derecognition of Lease Liabilities and Transaction Price: TFRS 9 has been amended to clarify that, when a lessee has determined that a lease liability has been extinguished in accordance with TFRS 9, the lessee is required to apply derecognition requirement of TFRS 9 and recognise any resulting gain or loss in profit or loss. TFRS 9 has been also amended to remove the reference to 'transaction price".
- TFRS 10 Consolidated Financial Statements – Determination of a 'De Facto Agent': The amendments are intended to remove the inconsistencies between TFRS 10 paragraphs.
- TAS 7 Statement of Cash Flows – Cost Method: The amendments remove the term of "cost method" following the prior deletion of the definition of 'cost method'.

Improvements are effective for annual reporting periods beginning on or after 1 January 2026. Earlier application is permitted for all.

The amendments are not applicable for the Company and will not have an impact on the financial position or performance of the Company.

Amendments to TFRS 9 and TFRS 7 - Contracts Referencing Nature-dependent Electricity

In August 2025, POA issued Contracts Referencing Nature-dependent Electricity (Amendments to TFRS 9 and TFRS 7). The amendment clarifies the application of the "own use" requirements and permits hedge accounting if these contracts are used as hedging instruments. The amendment also adds new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows. The amendment will be effective for annual periods beginning on or after 1 January 2026. Early adoption is permitted but will need to be disclosed. The clarifications regarding the 'own use' requirements must be applied retrospectively, but the guidance permitting hedge accounting have to be applied prospectively to new hedging relationships designated on or after the date of initial application.

The amendments are not applicable for the Company and will not have an impact on the financial position or performance of the Company.

TFRS 18 – The new Standard for Presentation and Disclosure in Financial Statements

In May 2025, POA issued TFRS 18 which replaces TAS 1. TFRS 18 introduces new requirements on presentation within the statement of profit or loss, including specified totals and subtotals. TFRS 18 requires an entity to classify all income and expenses within its statement of profit or loss into one of five categories: operating; investing; financing; income taxes; and discontinued operations. It also requires disclosure of management-defined performance measures and includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements and the notes. In addition, there are consequential amendments to other accounting standards, such as TAS 7, TAS 8 and TAS 34. TFRS 18 and the related amendments are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted. TFRS 18 will be applied retrospectively.

The Company is in the process of assessing the impact of the standard on financial position or performance of the Company.

TFRS 19 – The new Standard for Subsidiaries without Public Accountability: Disclosures

In August 2025, POA issued TFRS 19, which allows eligible entities to elect to apply reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other TFRS accounting standards. Unless otherwise specified, eligible entities that elect to apply TFRS 19 will not need to apply

the disclosure requirements in other TFRS accounting standards. An entity that is a subsidiary, does not have public accountability and has a parent (either ultimate or intermediate) which prepares consolidated financial statements, available for public use, which comply with TFRS accounting standards may elect to apply TFRS 19. TFRS 19 is effective for reporting periods beginning on or after 1 January 2027 and earlier adoption is permitted. If an eligible entity chooses to apply the standard earlier, it is required to disclose that fact. An entity is required, during the first period (annual and interim) in which it applies the standard, to align the disclosures in the comparative period with the disclosures included in the current period under TFRS 19.

The Company is in the process of assessing the impact of the standard on financial position or performance of the Company.

c) The new amendments that are issued by the International Accounting Standards Board (IASB) but not issued by Public Oversight Authority (POA)

The following amendments to IAS 21 are issued by IASB but not yet adapted/issued by POA. Therefore, they do not constitute part of TFRS. The Company will make the necessary changes to its financial statements after the amendments are issued and become effective under TFRS.

Amendments to IAS 21 - Translation to a Hyperinflationary Presentation

The amendments issued by the Board in November 2025 require translation from a non-hyperinflationary functional currency into a hyperinflationary presentation currency at the closing rate. Accordingly, if an entity's functional currency is the currency of a non-hyperinflationary economy, but its presentation currency is the currency of a hyperinflationary economy, its results and financial position are translated into the presentation currency by translating all amounts (i.e., assets, liabilities, equity items, income and expenses) and all comparatives at the closing rate at the end of the current reporting period. Furthermore, an entity whose functional currency and presentation currency are the currency of a hyperinflationary economy, restates the comparative amounts of a foreign operation, whose functional currency is that of a non-hyperinflationary economy, by applying the general price index, in accordance with IAS 29, to the foreign operation's comparative figures. The amendments also introduce certain additional disclosure requirements.

The Company is in the process of assessing the impact of the amendments on financial position or performance of the Company.

Functional and presentation currency

Items included in the financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in TRY, which is the functional currency of Erkunt Traktör and the presentation currency of the Company.

Going concern

The financial statements have been prepared on a going concern basis, assuming that the Company will derive benefits from its assets and fulfill its obligations within the next year and in the normal course of its operations.

Offsetting

Financial assets and liabilities are offset and reported in the net amount when there is a legally enforceable right or when there is an intention to settle the assets and liabilities on a net basis or realize the assets and settle the liabilities simultaneously.

Comparatives and restatement of prior periods' financial statements

The financial statements of the Company include comparative financial information to enable the determination of the trends in the financial position and performance. Comparative figures are reclassified, where necessary, to conform to changes in presentation in the current period financial statements and the significant changes are explained.

Company has applied consistent accounting policies in the preparation of financial statements presented the Company does not have any other significant changes in accounting policy and accounting estimates in the current period.

2.2 Restatement and errors in the accounting policies and estimates

Any change in the accounting policies resulted from the first-time adoption of a new standard is made either retrospectively or prospectively in accordance with the transition requirements. Changes without any transition requirement, material changes in accounting policies or material errors are corrected, retrospectively by restating the prior period consolidated financial statements. If changes in accounting estimates are related to only one period, they are recognised in the period when changes are applied; if changes in estimates are related to future periods, they are recognized both in the period where the change is applied and future periods prospectively.

2.3 Summary of significant accounting policies

Significant accounting policies applied in the preparation of these financial statements are summarized below:

Related parties

For the purpose of these financial statements, shareholders, key management personnel and Board members, in each case together with their families and companies controlled by/or affiliated with them, associated companies are considered and referred to as related parties (Note 5).

Trade receivables

Trade receivables that are created by the Company by way of providing goods or services directly to a debtor are carried at amortized cost. Receivables with short-term maturities which have no predefined interest rate are measured at the original invoice amount unless the effect of imputed interest is significant (Note 6).

Company has applied simplified approach and used impairment matrix for the calculation of impairment on its receivables carried at amortized cost. In accordance with this method, if any provision provided to the trade receivables as a result of a specific events, Company measures expected credit loss from these receivables by the life-time expected credit loss. The calculation of expected credit loss is performed based on the past experience of the Company and its expectations for the future indications.

Inventories

Inventories are valued at the lower of cost or net realizable value. The cost of inventories is determined on the weighted average basis for each purchase. Cost elements included in inventories are materials, labour and factory overheads. The cost of borrowings is not included in the costs of inventories. Net realizable value is the estimated selling price in the ordinary course of business, less the costs of completion and estimated costs to make the sale (Note 9).

Financial Assets

Classification and measurement

Company classified its financial assets in three categories; financial assets carried at amortized cost, financial assets carried at fair value though profit of loss, financial assets carried at fair value though other comprehensive income. Classification is performed in accordance with the business model determined based on the purpose of benefits from financial assets and expected cash flows. Management performs the classification of financial assets at the acquisition date.

(a) Financial assets carried at amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, whose payments are fixed or predetermined, which are not actively traded and which are not derivative instruments are measured at amortized cost. They are included in current assets, except for maturities more than 12

months after the balance sheet date. Those with maturities more than 12 months are classified as non-current assets. The Company's financial assets carried at amortized cost comprise "trade receivables" and "cash and cash equivalents" in the statement of financial position. In addition, with recourse factoring receivables classified in trade receivables are classified as financial assets carried at amortized cost since collection risk for those receivables are not transferred to counterparty.

Impairment

The Company evaluates its inventories for impairment under TAS 2, trade receivables under TFRS 9, and property, plant, and equipment under TAS 36; and recognizes provisions in the financial statements when deemed necessary.

(b) Financial assets carried at fair value

Assets that are held by the management for collection of contractual cash flows and for selling the financial assets are measured at their fair value. If the management do not plan to dispose these assets in 12 months after the balance sheet date, they are classified as non-current assets. Company make a choice for the equity instruments during the initial recognition and elect profit or loss or other comprehensive income for the presentation of fair value gain and loss:

i) Financial assets carried at fair value through profit or loss

Financial assets that are measured at fair value through profit or loss, excluding those subjects to fair value hedge accounting, are included in the "derivative instruments" line item in the statement of financial position. Derivative instruments are recognized as asset when the fair value of the instrument is positive, as liability when the fair value of the instrument is negative. Company's financial instruments at fair value through profit or loss consist of forward contracts, currency swaps and cross currency fixed interest rate swap.

ii) Financial assets carried at fair value through other comprehensive income

Financial assets carried at fair value through other comprehensive income comprise of "financial assets" in the statement of financial position. Gains or losses arising from financial assets, other than impairment and exchange rate income or expenses, are recognized in other comprehensive income. When the financial assets carried at fair value through other comprehensive income are sold, fair value gain or loss classified in other comprehensive income is classified to retained earnings.

Financial liabilities

Borrowings are recognized initially at the proceeds received, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost using the effective yield method; any difference between proceeds, net of transaction costs, and the redemption value is recognized in the statement of profit or loss over the period. Borrowing costs are charged to the statement of profit or loss when they are incurred (Note 4). Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Trade payables

Trade payables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

Recognition and de-recognition of financial instruments

All purchases and sales of financial assets are recognized on the trade date i.e. the date that the Company commits to purchase or to sell the asset. These purchases or sales are purchases or sales generally require delivery of assets within the time frame generally established by regulation or convention in the market place.

A financial asset (or, where applicable a part of a financial asset or part of a Company of similar financial assets) is derecognized where:

- the rights to receive cash flows from the asset have expired,
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the assets.

Where the Company has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the financial statements.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less (Note 3). For the purpose of statements of cash flows, cash and cash equivalents includes cash and cash equivalents with original maturities less than three months, excluding the interest accruals. If any provision provided to the cash and cash equivalents as a result of a specific events, Company measures expected credit loss from these cash and cash equivalents by the life-time expected credit loss. The calculation of expected credit loss is performed based on the past experience of the Company and its expectations for the future indications.

Property, plant and equipment and related depreciation

Property, plant and equipment are carried at cost less accumulated depreciation. Depreciation is provided on restated amounts of property, plant and equipment using the straight-line or unit of production methods based on the estimated useful lives of the assets, except for land due to their indefinite useful life. The depreciation periods for property and equipment, which approximate the economic useful lives of assets concerned, are as follows:

Land improvements	5 – 25 years
Buildings	10 – 50 years
Machinery, equipment and moulds	3 – 25 years
Motor vehicles	2 – 14 years
Furniture and fixtures	2 – 50 years
Leasehold improvements	2 – 10 years

Property, plant and equipment are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of the property, plant and equipment is the higher of future net cash flows from the utilization of this property, plant and equipment or fair value less cost to sell.

Gains or losses on disposals of property, plant and equipment are included in income/expense from investment activities.

Subsequent costs, such as repairs and maintenance or part replacement of tangible assets, are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits with the item will flow to the company (Note 12). All other costs are charged to the statements of profit or loss during the financial year in which they are incurred.

Intangible assets

Intangible assets are comprised of acquired brands, trademarks, patents, developments costs and computer software (Note 13).

a) *Computer software and rights*

Computer software and rights are recognized at their acquisition cost. They are amortized on a straightline basis over their estimated useful lives and carried at cost less accumulated amortization. Their estimated useful lives are between 4 -15 years

b) *Development costs*

Costs incurred on development projects relating to the design and testing of new or improved products are recognized as intangible assets when it is probable that the project will be a success considering its commercial and technological feasibility, and only if the cost can be measured reliably. Other research and development expenditures are recognized as an expense as incurred. Development expenditures previously recognized as an expense cannot be recognized as an asset in a subsequent period. Development costs that have been capitalized are amortized from the commencement of the commercial production of the product on a straight-line basis from 2 to 10 years.

Leases

The Company - as a lessee

At inception of a contract, the Company assesses whether a contract is, or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset. The Company assess whether:

a) The contract involved the use of an identified asset - this may be specified explicitly or implicitly.

b) The asset should be physically distinct or represent substantially all of the capacity of a physically distinct asset, If the supplier has a substantive substitution right, the asset is not identified.

c) The Company has the right to obtain substantially all of the economic benefits from the use of an asset throughout the period of use; and

d) The Company has the right to direct use of the asset, The Company concludes to have the right of use, when it is predetermined how and for what purpose the Company will use the asset. The Company has the right to direct use of asset if either:

   i. The Company has the right to operate (or to have the right to direct others to operate) the asset over its useful life and the lessor does not have the rights to change the terms to operate or;

   ii. The Company designed the asset (or the specific features) in a way that predetermines how and for what purpose it is used

The Company reflects a right-of-use asset and a lease liability in its financial statements at the actual commencement date of the lease.

Right of use asset

The right of use asset is initially recognized at cost comprising of:

a) Amount of the initial measurement of the lease liability;

b) Any lease payments made at or before the commencement date, less any lease incentives received;

c) Any initial direct costs incurred by the Company; and

d) An estimate of costs to be incurred by the lessee for restoring the underlying asset to the condition required by the terms and conditions of the lease (unless those costs are incurred to produce inventories).

The Company re-measure the right of use asset by applying cost method:

a) After netting-off accumulated depreciation and impairment losses from right of use asset.

b) Adjusted for certain re-measurements of the lease liability recognized at the present value.

The Company applies TFRS 16, “Property, Plant and Equipment” to amortize the right of use asset and to asses for any impairment.

Lease Liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date. Lease liabilities are discounted to present value by using the interest rate implicit in the lease if readily determined or with the Company’s incremental borrowing rate. The alternative borrowing rate has been determined based on the borrowing rates of the Company companies at the contract dates.

Lease payments included in the measurement of the lease liability comprise the following:

a) Fixed payments, including in-substance fixed payments;

b) Variable lease payments that depend on an index or a rate, initially measured using the index or rate as the commencement date.

c) The exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewable period if the Company is reasonably certain to exercise an extension option. and penalties for early termination of a lease unless the Company is reasonably certain to terminate early.

After initial recognition, the lease liability is measured:

a) Increasing the carrying amount to reflect interest on lease liability,

b) Reducing the carrying amount to reflect the lease payments made and

c) Remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The duration of the contract that make up the Company’s lease laibilities varies between 1 and 10 years.

Extension and termination options

In determining the lease liability, the Company considers the extension and termination options. The majority of extension and termination options held are exercisable both by the Company and by the respective lessor. Extension options are included in the lease term if the lease is reasonably certain to be extended. The Company remeasures the lease term, if a significant event or a significant change in circumstances occurs which affects the initial assessment. The Company do not have significant lease contracts with extension and termination options that are not included in the lease liability since they are not reasonably certain.

The Company remeasures the lease term, if a significant event or a significant change in circumstances occurs which affects the initial assessment. As result of the evaluations performed in the current period, there is no lease obligation or right of use assets arising from the inclusion of extension and early termination options in the lease period.

Variable lease payments

Company’s lease contracts also include variable lease payments which are not in the scope of TFRS 16. Variable lease payments are recognised in profit or loss in the related period.

Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset which requires substantial period of time to get ready for its intended use or sale shall be capitalized over the cost of the asset (Note 4). Other borrowing costs shall be recognized as an expense in the period it incurs.

Current and deferred income tax

The tax expense for the year comprises current and deferred tax. Tax is recognized in the statement of profit or loss, except to the extent that it relates to items recognized directly in equity. In such case, the tax is also recognized in shareholders’ equity.

The current income tax charge is calculated in accordance with the tax laws enacted or substantively enacted at the balance sheet date in the countries where the subsidiaries of the Company operate.

Deferred income tax is provided in full, using the liability method, on all temporary differences arising between the tax bases of assets and liabilities and their carrying values in the financial statements. Currently enacted tax rates are used to determine deferred income tax at the balance sheet date (Note 28).

Deferred tax liabilities are recognized for all taxable temporary differences, where deferred tax assets resulting from deductible temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities, and deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognized directly in equity is recognized in equity.

The Company recognizes deferred tax asset for all deductible temporary differences arising from investments in subsidiaries, to the extent that, and only to the extent that, it is probable that:

- the temporary difference will reverse in the foreseeable future;
- taxable profit will be available against which the temporary difference can be utilized.

The Company recognizes deferred tax liability for all taxable temporary differences associated with investments in subsidiaries except to the extent that both of the following conditions are satisfied:

- the parent can control the timing of the reversal of the temporary difference;
- it is probable that the temporary difference will not reverse in the foreseeable future.

Government grants allowing reduced corporate tax payment are evaluated within the scope of TAS 12 Income Taxes standard and are recognised as deferred tax asset by the qualified tax advantage amount, to the extent it is highly probable that future taxable profits will be available against which the unused investment tax credits can be utilised.

Employment termination benefits

Employment termination benefits, as required by the Turkish Labour Law and the laws applicable in the countries where the subsidiaries operate, represent the estimated present value of the total reserve of the future probable obligation of the Company arising in case of the retirement of the employees, termination of employment without due cause, call for military service, be retired or death upon the completion of a minimum one-year service. Actuarial gains and losses are recognized as other comprehensive income or loss in shareholders' equity in the period in which they arise (Note 17).

Retirement Benefit Obligation Provision

The accounting for retirement benefit obligations involves estimating the costs of future benefits and spreading these costs over the employee's expected service life. Determining the obligation and expense related to these costs requires the use of specific assumptions. These key assumptions include the discount rate, the expected long-term return rate on plan assets, life expectancy, and healthcare cost inflation rates. These assumptions may vary based on interest rates in high-quality bonds and equities, as well as medical cost inflation. In the event that actual outcomes differ from these assumptions, the differences accumulate and are amortized over future periods, which generally affects the expense recorded in those periods and the accrued obligation.

While it is believed that the assumptions are appropriate considering current economic conditions and actual experience, significant discrepancies in results or significant changes in assumptions could materially impact retirement and other post-retirement benefit obligations and related future expenses. (Note 17).

The retirement benefit obligation as of December 31, 2025, and the pre-retirement benefit costs for 2025, have been prepared using the assumptions determined as of December 31, 2025.

Foreign currency transactions

Transactions in foreign currencies during the period have been translated at the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies have been translated into TRY at the exchange rates prevailing at the balance sheet dates. Exchange gain or losses arising from the settlement and translation of foreign currency items have been included under financial income/ expenses and other operating income/ expenses in the statements of profit or loss, except for the effective portion of the foreign currency hedge of net investments in foreign operations.

Revenue recognition

Company recognizes revenue when the goods or services is transferred to the customer and when performance obligation is fulfilled. Goods is counted to be transferred when the control belongs to the customer.

Company recognizes revenue based on the following main principles:

(a) Identification of customer contracts,
(b) Identification of performance obligations,
(c) Determination of transaction price in the contract,
(d) Allocation of price to performance obligations,
(e) Recognition of revenue when the performance obligations are fulfilled

Company recognized revenue from its customers only when all of the following criteria are met:

(a) The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations,
(b) Company can identify each party's rights regarding the goods or services to be transferred,
(c) Company can identify the payment terms for the goods or services to be transferred;
(d) The contract has commercial substance,
(e) It is probable that Company will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due.

The Company assess the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. For each performance obligation identified, the entity determine at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at a point in time. If the Company transfers control of a good or service over time and therefore satisfies a performance obligation and recognises revenue over time. The Company recognise revenue when the entity satisfies a performance obligation by transferring a promised good or service to the customer. An asset is transferred when the customer obtains control of that asset or service.

The Company does not adjust the promised amount of consideration for the effects of a significant financing component since the Company expects, at contract inception, that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less. If the financing component is significant in revenue, future collections are discounted by the interest rate in financing component. The difference is recognised as income from operating activities in current period.

Incentives for investments, research, and development activities

Gains arising from incentives for investment and research and development activities together with government grants are recognized when there is a reasonable assurance for the necessary conditions to be fulfilled and

incentive to be acquired by the Company. Vested government grants related with expense or capitalization realized in previous accounting periods, are recognized in statements of profit or loss when collectible and grants relating to capital assets are accounted for as deferred income in the balance sheet and are credited to income statement on a straight-line basis over the expected lives of related assets.

Paid-in capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. No provision is recognized for operating losses expected in later periods.

Warranty expenses

Warranty expenses includes repair and maintenance expenses for products sold and labor and material costs of authorized services' for products under the scope of the warranty terms without any charge to the customers. Based on estimations using past statistical information warranty services and returns of products, warranty expenses are recognized for the products sold in the period for possible utilizations of warranties in the following future periods (Note 16).

Contingent assets and liabilities

Possible assets or obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company are not included in the financial statements and are disclosed as contingent assets or liabilities.

Contingent liabilities are disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote. If an outflow of resources has become probable, contingent liabilities are recognised in the financial statements. Contingent assets are not recognised in financial statements but disclosed in the notes to the financial statements where an inflow of economic benefits is probable.

Earnings per share

Earnings per share presented in the statements of profit or loss are determined by dividing net income attributable to that class of shares by the weighted average number of such shares outstanding during the year concerned.

In Türkiye, companies can increase their share capital by making a pro-rata distribution of shares ("bonus shares") to existing shareholders from retained earnings or inflation adjustments. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of bonus shares issued without a corresponding change in resources by giving them retroactive effect for the year in which they were issued and for each earlier period. Treasury shares are also included in calculation per share.

Reporting of cash flows

In the statements of cash flows, cash flows are classified and reported according to their operating, investing and financing activities.

2.4 Critical accounting estimates, judgments, and assumptions

The preparation of financial statements requires estimates and assumptions to be made regarding the amounts for the assets and liabilities at the balance sheet date, and explanations for the contingent assets and liabilities as well as the amounts of income and expenses realized in the reporting period. The Company makes estimates and assumptions concerning the future. The accounting estimates and assumptions, by definition, may not be equal the related to actual results. The estimates and assumptions that may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:

Provision for employee termination benefits

To calculate the employee benefit provision actuarial assumptions relating to turnover ratio, discount rate and salary increase are used. Calculation details are given in Employee benefits disclosure (Note 17).

Useful lives

The Company capitalizes the tangible and intangible assets in accordance with TAS 16 and TAS 38. The Company defines useful life of its assets in terms of the assets expected utility to the Company. Economic useful lives accepted by the Company is disclosed in Note 2.3.

Warranty expenses

The Company recognizes warranty provisions for products under the scope of the warranty terms based the estimations using past statistical information (Note 16).

NOTE 3 – CASH AND CASH EQUIVALENTS

As of 31 December 2025 and 2024, cash and cash equivalents comprised the following:

Account Name	**31 December 2025**	31 December 2024
Cash on hand	**28,470**	39,430
Banks	**20,922,106**	51,456,604
– *Current deposit*	**20,922,106**	38,579,154
– *Term deposits with a maturity of less than three months*	**–**	12,877,450
Other liquid assets (*)	**29,687,919**	92,026,657
Total	**50,638,495**	143,522,691

As of December 31, 2025, there is no blocked deposit amount. (31 December 2024: TRY 22,399,163).

(*) Other liquid assets consist of liquid funds.

As of December 31, 2025 and 31 December 2024, demand deposits comprised the following currencies;

	31 December 2025		**31 December 2024**	
	Original currency amount	TRY Equivalent	**Original currency amount**	TRY Equivalent
TRY	**20,301,416**	20,301,416	**36,412,001**	36,412,001
USD	**1,085**	46,500	**50,430**	2,159,179
EUR	**11,419**	574,190	**159**	7,974
Total	**–**	20,922,106	**–**	38,579,154

As of December 31, 2025, the Company has no time deposits. As of December 31, 2024, the details are as follows:

31 December 2024

Currency	**Interest rate**	Maturity	**Original Balance**	TRY Balance
TRY	**41%**	2 days	**12,877,450**	12,877,450

NOTE 4 – FINANCIAL LIABILITIES

As of 31 December 2025 and 31 December 2024, financial borrowings comprised the following:

	31 December 2025	31 December 2024

Compensation paid (-)	**(18,354,677)**	(13,026,526)
Monetary loss	**(6,046,442)**	(15,341,081)
As of December, 31	**11,368,549**	25,619,076

Under the Turkish Legislations, the Company is required to pay termination benefits to each employee who has completed one year of service and whose employment is terminated without due cause, is called up for military service, dies or who retires after completing 25 years of service and reaches the retirement age (58 for women and 60 for men).

The amount payable consists of one month's salary limited to a maximum of full TRY 64,948.77 as of December 31, 2025 (December 31, 2024: full TRY 41,828.42) for each period of service.

In accordance with Turkish Labor Code, employment termination benefit is the present value of the total estimated provision for the liabilities of the personnel who may retire in the future, the provision made for present value of determined social relief is calculated by the prescribed liability method. All actuarial gains and losses are accounted in equity as other comprehensive income or loss.

TFRS require actuarial valuation methods to be developed to estimate the enterprise's obligation under defined benefit plans, The Company makes a calculation for the employment termination benefit by applying the prescribed liability method, by the experiences and by considering the personnel who become eligible for pension, this provision is calculated by expecting the present value of the future liability which will be paid for the retired personnel.

The principal assumption is that the maximum liability for each year of service will increase in line with inflation, Thus, the discount rate applied represents the expected real rate after adjusting for the anticipated effects of future inflation, As the maximum liability is revised semi-annually, the maximum amount of full TRY 53,920.00 (January 1, 2024: full TRY 46,655.43) which is effective from January 1, 2025 has been taken into consideration in calculating the reserve for employment termination benefits of the Company.

NOTE 18 – PAYABLES RELATED TO EMPLOYEE BENEFITS

As of 31 December 2025 and 2024 payables related to employee benefits comprised the followings:

	31 December 2025	31 December 2024

Derivative instrument loss	**–**	(5,966,142)
Other expenses	**(3,387,432)**	(1,847,053)
Total	**(271,475,598)**	(443,114,319)

NOTE 28 – TAX ASSETS AND LIABILITIES

Turkish tax legislation does not permit a parent company and its subsidiaries to file a consolidated tax return. Therefore, tax liabilities, as reflected in these consolidated financial statements, have been calculated on a separate-entity basis. The corporation tax rate is 25% in Türkiye (December 31, 2024: 25%). Corporation tax rate is applied to net income of the companies after adjusting for certain disallowable expenses, exempt income and allowances.

Income tax expense for the years ended December 31 is as follows:

	1 January – 31 December 2025	1 January – 31 December 2024
Deferred tax (expense)/income	**66,240,474**	(83,510,290)
Tax expense	**66,240,474**	(83,510,290)

The Company recognizes deferred tax assets and liabilities based upon temporary differences arising between their statement of financial position accounts prepared in accordance with TAS/TFRS promulgated by POA Financial Reporting Standards and their statutory financial statements. These temporary differences usually result from the recognition of revenue and expenses in different reporting periods for TAS/TFRS and Tax Laws.

The breakdown of cumulative temporary differences and the resulting deferred tax assets/liabilities provided using principal tax rates is as follows:

	31 December 2025 (Assets)/Liabilities	31 December 2024 (Assets)/Liabilities
Inventories	**(33,651,642)**	(84,857,266)
Tangible and intangible fixed assets	**(56,176,204)**	(8,909,760)
Credit effective interest provision	**(1,690,951)**	3,227,809
Doubtful receivable provision	**556,234**	753,367
Warranty expense provision	**35,194,071**	(1,154,884)
Litigation provision	**5,992,415**	3,691,051
Leave provision	**5,742,542**	6,698,410
Gratuity provision	**2,842,137**	4,596,280
Right of use assets	**(33,192,864)**	(28,639,397)
Leasing liabilities	**17,431,120**	14,519,302
Receivable and payable rediscounts	**(7,264,004)**	(15,825,441)
Deferred income	**7,862,378**	–
Trade receivables and payables	**50,696,565**	–
Advances from customers	**(115,218,982)**	–
Cash and cash equivalents	**76,896,962**	–
Other	**5,460,387**	441,205
Deferred tax (assets)/liabilities, net	**(38,519,836)**	(105,459,324)

For the years 31 December, the deferred tax asset/liability movement is as follows:

	31 December 2025	31 December 2024
As of January, 1	**(105,459,324)**	(24,056,173)
Deferred tax income recognized directly in the equity	**699,014**	2,107,139
Deferred tax income recognized in statement of profit or loss	**66,240,474**	(83,510,290)
As of December, 31	**(38,519,836)**	(105,459,324)

NOTE 29 – EXPLANATIONS REGARDING NET MONETARY POSITION GAINS/(LOSES)

NOTE 30 – EARNINGS/(LOSS) PER SHARE

Earnings per share disclosed in the consolidated statements of income are determined by dividing the net income per share by the weighted average number of shares that have been outstanding during the year.

The Companies can increase their share capital by making a pro-rata distribution of shares ("bonus shares") to existing shareholders from retained earnings. In earnings per share calculation, this bonus share issuance is accepted as shares issued. Hence, weighted average stock share, which is used in the calculation of earnings per share, is acquired by retrospective application of bonus share issue.

Earnings per share are as follows:

	31 December 2025	31 December 2024
Average number of shares outstanding during the period (full value)	**1,740,000**	12,000
Net profit attributable to parent company shareholders	**(2,026,954,769)**	(480,870,466)
Earnings per share	**(1,165)**	(40,073)

NOTE 31 – FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

Financial risk management

The Company has exposure to the following risks from its operations:

- Credit risk
- Liquidity risk
- Market risk
- Operational risk

Financial risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and

procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Company audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities. The carrying amounts of financial assets and contract assets represents the maximum credit exposure. Financial instruments that could cause the Company to considerably increase credit risk are mainly cash and commercial receivables. The Company has cash and cash equivalents in various financial institutions. The Company manages this risk by limiting transactions with financial institutions and by constantly evaluating the reliability of such institutions. Credit risk that may arise from trade receivables is limited by the fact that the Company management limits the amount of credit applied to customers. Trade receivables are assessed by considering their past experiences and current economic situation in the Company management and are presented as net in the balance sheet after the provision for doubtful receivables is settled (Note 6).

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

As of 31 December 2025, the monetary liabilities of the Company according to their remaining maturities are as follows:

31 December 2025	Book value	Contractual cash outflows	Less than 3 months	3 - 12 months	1 - 5 years	More than 5 years

Operational risk

Operational risk is the direct or indirect loss arising from a wide variety of factors related to the Company's processes, employees, technology and infrastructure, and external factors such as legal and regulatory requirements outside the credit risk, market risk and liquidity risk, and generally accepted standards for legal entity Risk, Operational risks arise from all Company activities.

The Company's objective is to manage operational risk so as to balance the avoidance of financial losses. In this context, the following company procedures and internal control issues have been identified:

- requirements for appropriate segregation of duties, including the independent authorization of transactions
- requirements for the reconciliation and monitoring of transactions compliance with regulatory and other legal requirements
- documentation of controls and procedures
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified
- requirements for the reporting of operational losses and proposed remedial action
- development of contingency plans
- training and professional development
- ethical and business standards
- risk mitigation, including insurance where this is effective.

Capital risk management

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing its profit and market value through the optimization of the debt and equity balance.

	31 December 2025	31 December 2024
Borrowings	**254,147,537**	828,582,089

Share capital	**2,800,587,746**	4,470,629,073
Net liabilities/Share capital	**0.10**	0.17

Market risk

Market risk is the risk that changes in market prices, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The Company is subject to the risk of interest rate fluctuations to the extent that interest-earning assets and interest-bearing liabilities mature or reprise at different times or in differing amounts.

Currency risk

Transactions in foreign currency cause the risk of exchange. The exchange rate risk is managed by forward foreign exchange purchase/sale contracts based on approved policies.

Assets and liabilities in foreign currencies of the Company as of 31 December 2025 and 31 December 2024 are as follows:

The Company's explanation regarding the fees for the services received from the independent audit firms, calculated based on purchasing power parity as of December 31, 2025, which is based on the letter of POA dated August 19, 2021, the preparation principles of which are based on the Board Decision published in the Official Gazette on March 30, 2021, are as follows:

	31 December 2025	31 December 2024
Audit and assurance fee	1,770,000	654,462
Total	1,770,000	654,462

NOTE 33 – EVENTS AFTER BALANCE SHEET DATE

None.

INDEPENDENT AUDITOR'S REPORT

TO THE GENERAL ASSEMBLY OF
ERKUNT SANAYI ANONIM ŞIRKETI,

A) Audit of the Financial Statements

1) Our Opinion

We have audited the accompanying financial statements of Erkunt Sanayii Anonim Şirketi (the "Company"), which comprise the statement of financial position as at 31 December 2025, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended and notes to the financial statements comprising a summary of significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of 31 December 2025, and its financial performance and its cash flows for the year then ended in accordance with Turkish Financial Reporting Standards ("TFRS").

2) Basis for Opinion

Our audit was conducted in accordance with the Standards on Independent Auditing (the "ISA") that are part of Turkish Standards on Auditing adopted within issued by the Public Oversight Accounting and Auditing Standards Authority (the "POA"). Our responsibilities under these standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We hereby declare that we are independent of the Company in accordance with the Ethical Rules for Independent Auditors (including Independence Standards) (the "Ethical Rules") the ethical requirements regarding independent audit in regulations issued by the POA; and other relevant legislation are relevant to our audit of the financial statements. We have also fulfilled our other ethical responsibilities in accordance with the Ethical Rules and regulations. We believe that the audit evidence we have obtained during the independent audit provides a sufficient and appropriate basis for our opinion.

3) Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. Key audit matters were addressed in the context of our independent audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	
Revenue Recognition	**How the key audit matter was addressed in the audit**
The company's revenue consists of amounts generated from the sale of casting and machining of gray and nodular parts mainly for tractor and construction vehicles both domestically and internationally. In 2025, the company's net revenue from these activities amounted to 3,980,719,053 TRY. We have focused on this issue during our audit procedures for the following reasons: • It being one of the most important performance measurement criteria for evaluating the strategies implemented and the results achieved during the year. The information regarding the company's accounting policies is disclosed in Note 2.	The audit procedures we applied regarding the revenue recognition are summarized below: • It was assessed whether the accounting policies applied by the company for revenue recognition follow TFRS 15, "Revenue from Contracts with Customers" standard. • The processes implemented by the company for revenue recognition were understood. • For auditing revenue, invoice tests were conducted using a sampling method, and the accuracy of these invoices was cross-checked with delivery notes and payments received from customers. • A reconciliation was sent to the company's customers using a sampling method. As a result of the work done on revenue recognition, we did not identify any significant findings.

Key audit matters	
Application of TAS 29 – "Financial Reporting in Hyperinflationary Economies"	**How the key audit matter was addressed in the audit**
As disclosed in Note 2.5, the Company applied TAS 29 "Financial reporting in hyperinflationary economies ("TAS 29") in its financial statements as of and for the year ended 31 December 2025. TAS 29 requires financial statements to be restated into the current purchasing power at the end of the reporting period. Therefore, transactions in 2025 and non- monetary balances at the end of the period were restated to reflect a price index that is current at the balance sheet date as of 31 December 2025. The implementation of TAS 29 leads to a change in several of the Company's control activities pervasively related to financial reporting. Applying TAS 29 results in significant changes to financial statement items included in the Company's financial statements as of and for the year ending 31 December 2025, including statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flow. In addition, considering the additional effort required to perform the audit of the application of TAS 29, we identified the application of TAS 29 as a key audit matter.	We performed the following audit procedures in relation to the application of TAS 29: • Understanding and evaluating the process and controls related to application of TAS 29 designed and implemented by management, • Obtaining detailed lists of non-monetary items and testing original entry dates and amounts on a sample basis, • Verifying whether management's determination of monetary and non-monetary items follows TAS 29, • Verifying the general price index rates used in calculations correspond with the coefficients in the "Consumer Price Index in Turkey" published by the Turkish Statistical Institute, • Testing the mathematical accuracy of non-monetary items, statement of profit or loss, and cash flow statement adjusted for inflation effects, Evaluating the adequacy of disclosures related to the application of TAS 29 in the notes to the financial statements in accordance with TFRS.

4) Responsibilities of Management and those Charged with Governance for the Financial Statements

The Company management is responsible for the preparation and fair presentation of the financial statements in accordance with TFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

5) Auditor's Responsibilities for the Audit of the Financial Statements

The responsibilities of independent auditors in an independent audit are as follows:

Our aim is to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance expressed as a result of an independent audit conducted in accordance with SIA is a high level of assurance but does not guarantee that a material mistake will always be detected. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

As part of an independent audit conducted in accordance with ISA, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement in the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material mistake resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Assess the internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence. We also communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the benefits of public interest such communication.

6) Other Responsibilities Arising from Regulatory Requirements

No matter has come to our attention that is significant according to subparagraph 4 of Article 402 of Turkish Commercial Code ("TCC") No. 6102 and that causes us to believe that the Company's bookkeeping activities concerning the period from 1 January to 31 December 2025 period are not in compliance with the TCC and provisions of the Company's articles of association related to financial reporting.

In accordance with subparagraph 4 of Article 402 of the TCC, the Board of Directors submitted the necessary explanations to us and provided the documents required within the context of our audit.

The responsible auditor who conducted and concluded this independent audit is Beşir Acar.

Ankara, 14 May 2026

NOTES TO THE FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2025

(All amounts are expressed in Turkish Lira ("TL") unless otherwise stated.)
(The information provided only for comparison purposes is expressed in purchasing power as of 31 December 2025.)

1. ORGANIZATION AND OPERATION OF COMPANY

Erkunt Sanayi A.Ş. ("Company") was established in 1961 and its main business involves the production and trade of all kinds of parts, processed parts, and main products based on casting technology for automotive, tractor, and construction machinery.

The company has its headquarters in Etimesgut, Ankara, and owns two facilities: Foundry-1 and Machining-1. In addition, the company has Foundry-2, which was established in 1996, and Machining-2, which began operation in 2008, both located in the Sincan Ankara ASO Organized Industrial Zone.

As of December 31, 2024, the company's capital is 15.120.000 TRY, consisting of 1.512.000.000 bearer shares, each with a value of 0.01 TRY. A capital increase was made in 2025 and, as of December 31, 2025, the company's capital is 1.585.800.000 TRY, consisting of 158.580.000.000 bearer shares, each with a value of 0.01 TRY.

The company's capital structure as of December 31, 2025, and 2024 is as follows:

Shareholder	**Amount**	Share (%)	Amount	Share (%)
Mahindra Overseas Investment Company	**1.189.645.940**	75.02%	9.633.788	64.72%
Erkunt Traktör Sanayi Anonim Şirketi	**381.006.899**	24.03%	5.288.795	34.98%
Diğer	**15.147.161**	0.96%	197.417	1.31%
Total	**1.585.800.000**	100	15.120.000	100

As of December 31, 2025, the company has 1,159 employees. (December 31, 2024: 1,132 employees)

The financial statements for the period from January 1 to December 31, 2025, were approved at the Board of Directors meeting on April 30, 2026. The financial statements will become final once they are approved at the General Assembly

2. BASIS FOR PRESENTATION OF FINANCIAL STATEMENTS

2.1 Basis of presentation

Financial reporting standards applied and declaration of conformity

The Company operating in Türkiye keep and prepare their legal books and financial statements in accordance with the accounting principles set out in the Turkish Commercial Code (TCC) No. 6102 and the tax legislation.

Companies that are subject to independent audits in Türkiye prepare their financial statements in accordance with the TCC and the Turkish Accounting Standards ("TAS") put into effect by the Public Oversight Accounting and Auditing Standards Authority ("POA").

The financial statements are presented in accordance with "Announcement regarding with TAS Taxonomy" which was published on July 3, 2024, by POA.

Functional and presentation currency

Items included in the financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates (the functional currency'). The financial statements are presented in TRY, which is the functional currency of Erkunt Sanayi and the presentation currency of the Company.

Going concern

The Company prepared financial statements in accordance with the going concern assumption.

As of December 31, 2025, the Company's short-term liabilities exceed its current assets by TRY (364,440,323). The Company continues its operations. It is expected that cash inflows will increase in the upcoming periods and that liquidity will be generated to meet its short-term liabilities.

Offsetting

Financial assets and liabilities are offset and reported in the net amount when there is a legally enforceable right or when there is an intention to settle the assets and liabilities on a net basis or realize the assets and settle the liabilities simultaneously.

Comparatives

The financial statements of the Company include comparative financial information to enable the determination of the trends in the financial position and performance. Comparative figures are reclassified, where necessary, to conform to changes in presentation in the current period financial statements and the significant changes are explained.

2.2 Restatement and errors in the accounting policies and estimates

Any change in the accounting policies resulting from the first-time adoption of a new standard is made either retrospectively or prospectively in accordance with the transition requirements. Changes without any transition requirement, material changes in accounting policies or material errors are corrected, retrospectively by restating the prior period financial statements. If changes in accounting estimates are related to only one period, they are recognized in the period when changes are applied; if changes in estimates are related to future periods, they are recognized both in the period where the change is applied and prospectively.

2.3 Summary of significant accounting policies

Significant accounting policies applied in the preparation of these financial statements are summarized below:

Related parties

For the purpose of these financial statements, shareholders, key management personnel and Board members, in each case together with their families and companies controlled by/or affiliated with them, associated companies are considered and referred to as related parties (Note 5).

Trade receivables

Trade receivables that are created by the Company by way of providing goods directly to a debtor are carried at amortized cost. Receivables with short-term maturities which have no predefined interest rate are measured at the original invoice amount unless the effect of imputed interest is significant (Note 6).

The company has applied a simplified approach and used the impairment matrix for the calculation of impairment on its receivables carried at amortized cost. In accordance with this method, if any provision provided to the trade receivables as a result of a specific event, the Company measures expected credit loss from these receivables by the lifetime expected credit loss. The calculation of expected credit loss is performed based on the past experience of the Company and its expectations for future indications.

Inventories

Inventories are valued at the lower cost or net realizable value. The cost of inventories is determined on the average weighted basis for each purchase. The cost elements included in inventories are materials, labor, and factory overheads. The cost of borrowings is not included in the costs of inventories. The net realizable value is the estimated selling price in the ordinary course of business, less the costs of completion and estimated costs to make the sale. The Company uses the average weighted cost method. (Note 8).

Financial Instruments

Recognition and de-recognition of financial instruments

All purchases and sales of financial assets are recognized on the trade date i.e., the date that the Company commits to purchase or to sell the assets. These purchases or sales are purchases or sales generally require delivery of assets within the time frame established by regulation or convention in the marketplace.

(a) Financial assets carried at amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, whose payments are fixed or predetermined, which are not actively traded, and which are not derivative instruments are measured at amortized cost. They are included in current assets, except for maturities more than 12 months after the balance sheet date. Those with maturities more than 12 months are classified as non-current assets. The Company's financial assets carried at amortized cost comprise "trade receivables" and "cash and cash equivalents" in the statement of financial position. In addition, with recourse factoring receivables classified in trade receivables are classified as financial assets carried at amortized cost since collection risk for those receivables are not transferred to counterparty.

Impairment

The Company evaluates its inventories for impairment under TAS 2, trade receivables under TFRS 9, and property, plant, and equipment under TAS 36; and recognizes provisions in the financial statements when deemed necessary.

(b) Financial assets carried out at fair value

Assets that are held by the management for collection of contractual cash flows and for selling the financial assets are measured at their fair value. If the management do not plan to dispose of these assets in 12 months after the balance sheet date, they are classified as non-current assets. Company makes a choice for the equity instruments during the initial recognition and elect profit or loss or other comprehensive income for the presentation of fair value gain and loss:

i) Financial assets carried at fair value through profit or loss

Financial assets that are measured at fair value through profit or loss, excluding those subjects to fair value hedge accounting, are included in the "derivative instruments" line item in the statement of financial position. Derivative instruments are recognized as assets when the fair value of the instrument is positive, as liability when the fair value of the instrument is negative. The company's financial instruments are at fair value through profit or loss consisting of forward contracts, currency swaps and cross-currency fixed interest rate swaps.

ii) Financial assets carried at fair value through other comprehensive income

Financial assets carried at fair value through other comprehensive income comprise of "financial assets" in the statement of financial position. Gains or losses arising from financial assets, other than impairment and exchange rate income or expenses, are recognized in other comprehensive income. When the financial assets carried at fair value through other comprehensive income are sold, fair value gain or loss classified in other comprehensive income is classified to retained earnings.

Classification and measurement

The company classified its financial assets into three categories; financial assets carried at amortized cost, financial assets carried at fair value though profit of loss, financial assets carried at fair value though other comprehensive income. Classification is performed in accordance with the business model determined based on the purpose of benefiting financial assets and expected cash flows. Management performs the classification of financial assets at the acquisition date.

Financial liabilities

Borrowings are recognized initially at the proceeds received; net of transaction costs are incurred. Borrowings are subsequently stated at amortized cost using the effective yield method; any difference between proceeds, net of transaction costs, and the redemption value is recognized in the statement of profit or loss over the period. Borrowing costs are charged to the statement of profit or loss when they are incurred (Note 4). Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Trade payables

Trade payables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

A financial asset (or, where applicable a part of a financial asset or part of a Company of similar financial assets) is derecognized where:

- the rights to receive cash flows from the asset have expired,
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the assets.

  Where the Company has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the financial statements.

  Financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less (Note 3). For the purpose of statements of cash flows, cash and cash equivalents includes cash and cash equivalents with original maturities less than three months, excluding the interest accruals. If any provision provided to the cash and cash equivalents because of a specific event, Company measures expected credit loss from these cash and cash equivalents by the life-time expected credit loss. The calculation of expected credit loss is performed based on the experience of the Company and its expectations for future indications.

Property, plant, equipment, and depreciation

Recognition and measurement

Property, plant and equipment are measured at cost, including borrowing costs, less accumulated depreciation and any impairment losses.

If revaluation management is selected for property, plant and equipment and measured at fair value:

Property, plant and equipment are measured at fair value, less accumulated depreciation and any impairment losses. Increases arising on revaluation

are recognized in the revaluation reserve under equity. Decreases resulting from the revaluation of the carrying amounts of such land and buildings are recognized as an expense to the extent of the excess, if any, of the revaluation reserve over the amount of the previous revaluation.

Depreciation is provided on restated amounts of property, plant and equipment using the straight-line or unit of production methods based on the estimated useful lives of the assets, except for land due to their indefinite useful life. The depreciation periods for property and equipment, which approximate the economic useful lives of assets concerned, are as follows:

Land improvements	4 – 50
Buildings	10 – 50
Machinery and equipment	2 – 33
Motor vehicles	4 – 5
Furniture and fixtures	2 – 50
Leasehold improvements	10 - 25

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate components (significant parts) of property, plant and equipment.

Gains or losses on the disposal of an item of property, plant and equipment are recognized in profit or loss.

Subsequent costs

Subsequent expenditures are capitalized only to the extent that it is probable that future economic benefits associated with the expenditure will flow to the Company.

Property, plant, and equipment are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of the property, plant and equipment is the higher of future net cash flows from the utilization of this property, plant and equipment or fair value less cost to sell.

Gains or losses on disposals of property, plant and equipment are included in income/expense from investment activities.

Subsequent costs, such as repairs and maintenance or part replacement of tangible assets, are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits with the item will flow to the company (Note 12). All other costs are charged to the statements of profit or loss during the financial year in which they are incurred.

Recognition and reclassification to investment property

When a land or building is owner-occupied and its intended use is changed to investment property, it is remeasured at fair value and classified as investment property. Gains arising on remeasurement of fair value are recognized in profit or loss up to the amount of any pre-existing impairment loss on a particular property, with the remainder recognized in other comprehensive income and presented as a revaluation surplus in equity. Losses are recognized directly in profit or loss.

Investment property is initially recognized at cost and subsequently measured at fair value, with the related changes recognized in profit or loss in the period in which they occur.

Any gain or loss arising on the sale of an investment property (calculated as the difference between the net proceeds from the sale and the carrying amount of the item) is recognized in profit or loss. When investment properties previously classified as property, plant and equipment are sold, the related amounts in the revaluation reserve (Note 16), if any, are transferred to retained earnings.

Other intangible assets

Other intangible assets are comprised of acquired brands, trademarks, patents, developments costs and computer software (Note 14).

Recognition and measurement

Research and development Expenditure on research activities is recognized in profit or loss as incurred.

Development expenditures are capitalized only if the costs can be measured reliably, the development of the product or process is technically and commercially feasible, future economic benefits are probable, and the Company has the intention and resources to complete the development with a view to selling or using the asset. Otherwise, they are recognized in profit or loss as incurred. Subsequent to initial recognition, development costs are measured at cost less accumulated amortization and any accumulated impairment losses. Development costs that have been capitalized are amortized from the commencement of the commercial production of the product on a straight-line basis from 2 to 10 years.

Other intangible assets

Other intangible assets acquired by the Company that have a finite useful life are measured at cost less accumulated amortization and any accumulated impairment losses.

Subsequent costs

Subsequent costs are capitalized only if they have the effect of increasing the future economic benefits of the intangible assets to which they relate. All other expenditure, including internally generated goodwill and trademarks, is recognized in profit or loss as incurred.

Computer software and rights

Computer software and rights are recognized at their acquisition cost. They are amortized on a straight line basis over their estimated useful lives and carried at a cost less accumulated amortization. Their estimated useful lives are between 3 -25 years.

Leases

The Company - as a lessee

At inception of a contract, the Company assesses whether a contract is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset. The Company assesses whether:

a) The contract involved the use of an identified asset - this may be specified explicitly or implicitly.

b) The asset should be physically distinct or represent all the capacity of a physically distinct asset, If the supplier has a substantive substitution right, the asset is not identified.

c) The Company has the right to obtain all the economic benefits from the use of an asset throughout the period of use; and

d) The Company has the right to direct use of the asset, The Company concludes to have the right of use, when it is predetermined how and for what purpose the Company will use the asset. The Company has the right to direct use of assets if either:

   i. The Company has the right to operate (or to have the right to direct others to operate) the asset over its useful life and the lessor does not have the right to change the terms to operate or.

   ii. The Company designed the asset (or the specific features) in a way that predetermines how and for what purpose it is used.

The Company reflects a right-of-use asset and a lease liability in its financial statements at the actual commencement date of the lease.

Right of use asset

The right to use assets is initially recognized at cost comprising of:

e) Amount of the initial measurement of the lease liability.

f) Any lease payments made at or before the commencement date, less any lease incentives received.

g) Any initial direct costs incurred by the Company; and

h) An estimate of costs to be incurred by the lessee for restoring the underlying asset to the condition required by the terms and conditions of the lease (unless those costs are incurred to produce inventories).

The Company re-measure the right of use asset by applying cost method:

a) After netting-off accumulated depreciation and impairment losses from right of use asset.

b) Adjusted for certain re-measurements of the lease liability recognized at the present value.

The Company applies TFRS 16, "Property, Plant and Equipment" to amortize the right of use asset and to assess for any impairment.

Lease Liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date. Lease liabilities are discounted to present value by using the interest rate implicit in the lease if readily determined or with the Company's incremental borrowing rate. The alternative borrowing rate has been determined based on the borrowing rates of the Company companies at the contract dates.

Lease payments included in the measurement of the lease liability comprise the following:

a) Fixed payments, including in-substance fixed payments.

b) Variable lease payments that depend on an index or a rate, initially measured using the index or rate as the commencement date.

c) The exercise price under a purchase option that the Company is certain to exercise, lease payments in an optional renewable period if the Company is certain to exercise an extension option. and penalties for early termination of a lease unless the Company is certain to terminate early.

After initial recognition, the lease liability is measured:

a) Increasing the carrying amount to reflect interest on lease liability,

b) Reducing the carrying amount to reflect the lease payments made and

c) Remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The duration of the contract that covers the Company's lease liabilities varies between 1 and 5 years.

Extension and termination options

In determining the lease liability, the Company considers the extension and termination options. The majority of extension and termination options held are exercisable both by the Company and by the respective lessor. Extension options are included in the lease term if the lease is certain to be extended. The Company remeasures the lease term if a significant event or a significant change in circumstances occurs which affects the initial assessment. The Company do not have significant lease contracts with extension and termination options that are not included in the lease liability since they are not certain.

The Company remeasures the lease term if a significant event or a significant change in circumstances occurs which affects the initial assessment. As result of the evaluations performed in the current period, there is no lease obligation or right of use assets arising from the inclusion of extension and early termination options in the lease period.

Variable lease payments

The company's lease contracts also include variable lease payments which are not in the scope of TFRS 16. Variable lease payments are recognized in profit or loss in the related period.

Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset which requires a substantial period of time to get ready for its intended use or sale shall be capitalized over the cost of the asset (Note 4). Other borrowing costs shall be recognized as an expense in the period it incurs (Note 4).

Current and deferred income tax

The tax expense for the year comprises current and deferred tax. Tax is recognized in the statement of profit or loss, except to the extent that it relates to items recognized directly in equity. In such cases, the tax is also recognized in shareholders' equity.

The current income tax charge is calculated in accordance with the tax laws enacted or substantively enacted at the balance sheet date in the countries where the subsidiaries of the Company operate.

Deferred income tax is provided in full, using the liability method, on all temporary differences arising between the tax bases of assets and liabilities and their carrying values in the financial statements. Currently enacted tax rates are used to determine deferred income tax at the balance sheet date (Note 31).

Deferred tax liabilities are recognized for all taxable temporary differences, where deferred tax assets resulting from deductible temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities, and deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognized directly in equity is recognized in equity.

The Company recognizes deferred tax assets for all deductible temporary differences arising from investments in subsidiaries, to the extent that, and only to the extent that, it is probable that:

- the temporary difference will reverse in the foreseeable future.
- taxable profit will be available against which the temporary difference can be utilized.

The Company recognizes deferred tax liability for all taxable temporary differences associated with investments in subsidiaries except to the extent that both of the following conditions are satisfied:

- the parent can control the timing of the reversal of the temporary difference.
- it is probable that the temporary difference will not reverse in the foreseeable future.

Government grants allowing reduced corporate tax payment are evaluated within the scope of TAS 12 Income Taxes standard and are recognized as deferred tax assets by the qualified tax advantage amount, to the extent it is highly probable that future taxable profits will be available against which the unused investment tax credits can be utilized.

Employment termination benefits

Employment termination benefits, as required by the Turkish Labor Law and the laws applicable in the countries where the subsidiaries operate, represent the estimated present value of the total reserve of the future probable obligation of the Company arising in case of the retirement of the employees, termination of employment without due cause, call for military service, be retired or death upon the completion of a minimum one-year service. Actuarial gains and losses are recognized as other comprehensive income or loss in shareholders' equity in the period in which they arise (Note 18).

Retirement Benefit Obligation Provision

The accounting for retirement benefit obligations involves estimating the costs of future benefits and spreading these costs over the employee's expected service life. Determining the obligation and expense related to these costs requires the use of specific assumptions. These key assumptions include the discount rate, the expected long-term return rate on plan assets, life expectancy, and healthcare cost inflation rates. These assumptions may vary based on interest rates in high-quality bonds and equities, as well as medical cost inflation. If actual outcomes differ from these assumptions, the differences accumulate and are amortized over future periods, which affects the expense recorded in those periods and the accrued obligation.

While it is believed that the assumptions are appropriate considering current economic conditions and actual experience, significant discrepancies in results or significant changes in assumptions could materially impact retirement and other post-retirement benefit obligations and related future expenses. (Note 18).

The retirement benefit obligation as of December 31, 2024, and the pre-retirement benefit costs for 2024, have been prepared using the assumptions determined as of January 1, 2025.

Foreign currency transactions

Transactions in foreign currencies during the period have been translated at the exchange rates prevailing on the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies have been translated

into TRY at the exchange rates prevailing at the balance sheet dates. Exchange gain or losses arising from the settlement and translation of foreign currency items have been included under financial income/ expenses and other operating income/ expenses in the statements of profit or loss, except for the effective portion of the foreign currency hedge of net investments in foreign operations.

Revenue recognition

Company recognizes revenue when the goods or services is transferred to the customer and when performance obligation is fulfilled. Goods are counted to be transferred when the control belongs to the customer.

Company recognizes revenue based on the following main principles:

(a) Identification of customer contracts,

(b) Identification of performance obligations,

(c) Determination of transaction price in the contract,

(d) Allocation of price to performance obligations,

(e) Recognition of revenue when the performance obligations are fulfilled

The company recognized revenue from its customers only when all the following criteria are met:

(a) The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to performing their respective obligations,

(b) Company can identify each party's rights regarding the goods or services to be transferred,

(c) Company can identify the payment terms for the goods or services to be transferred.

(d) The contract has commercial substance,

(e) It is probable that the Company will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether the collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due.

The Company assess the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. For each performance obligation identified, the entity determines at contract inception whether it satisfies the performance obligation over time or satisfies the performance obligation at a point in time. If the Company transfers control of a good or service over time and therefore satisfies a performance obligation and recognizes revenue over time. The Company recognize revenue when the entity satisfies a performance obligation by transferring a promised good or service to the customer. An asset is transferred when the customer obtains control of that asset or service.

The Company does not adjust the promised amount of consideration for the effects of a significant financing component since the Company expects, at contract inception, that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less. If the financing component is significant in revenue, future collections are discounted by the interest rate in financing component. The difference is recognized as income from operating activities in the current period.

Incentives for investments, research, and development activities

Gains arising from incentives for investment and research and development activities together with government grants are recognized when there is a reasonable assurance for the necessary conditions to be fulfilled and incentive to be acquired by the Company. Vested government grants related with expense or capitalization realized in previous accounting periods, are recognized in statements of profit or loss when collectible and grants relating to capital assets are accounted for as deferred income in the balance sheet and are credited to income statement on a straight-line basis over the expected lives of related assets.

Paid-in capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Provisions

Provisions are recognized when the Company has a present legal or constructive obligation because of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. No provision is recognized for operating losses expected in later periods.

Warranty expenses

Warranty expenses include repair and maintenance expenses for products sold and labor and material costs of authorized services for products under the scope of the warranty terms without any charge to the customers. Based on estimations using past statistical information warranty services and returns of products, warranty expenses are recognized for the products sold in the period for utilizations of warranties in the following future periods (Note 2).

Contingent assets and liabilities

Possible assets or obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company are not included in the financial statements and are disclosed as contingent assets or liabilities (Note 11).

Contingent liabilities are disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote. If an outflow of resources has become probable, contingent liabilities are recognized in the financial statements. Contingent assets are not recognized in financial statements but disclosed in the notes to the financial statements where an inflow of economic benefits is probable.

Earnings per share

Earnings per share presented in the statements of profit or loss are determined by dividing net income attributable to that class of shares by the weighted average number of such shares outstanding during the year concerned.

In Türkiye, companies can increase their share capital by making a pro-rata distribution of shares ("bonus shares") to existing shareholders from retained earnings or inflation adjustments. For the purpose of earnings per share computations, the weighted average number of shares outstanding during the year has been adjusted in respect of bonus shares issued without a corresponding change in resources by giving them a retroactive effect for the year in which they were issued and for each earlier period. Treasury shares are also included in calculation per share. (Note 32)

Capital and dividends

Ordinary shares

Transaction costs arising from equity transactions are recognized as a deduction from the related equity item. Income taxes relating to distributions to holders of equity instruments and transaction costs arising from equity transactions are accounted for in accordance with IAS 12 Income Taxes.

Preference shares

The Company's redeemable preference shares are classified as financial liabilities. These are non-mandatory dividends and are paid in cash by the holders. Discretionary dividends are recognized as interest expense in profit or loss as they accrue.

Non-refundable shares are classified as equity because they are non-mandatory dividend payments, involve no obligation to provide cash or other financial assets and do not have to be discounted to the floating portion of the Company's equity instruments. These non-mandatory dividends are accounted for as equity distributions after approval by the Company's shareholders.

Repurchased and reissued shares (treasury shares)

When shares previously recognized as share capital are repurchased, the purchase price, including any costs attributable to the repurchase, net of tax, is recognized as a reduction of equity. Repurchased shares are recognized as repurchased own shares of the Company under equity. When the shares are sold or reissued, the consideration received increases equity, and the resulting gain or loss is transferred to share premium.

Reporting of cash flows

In the statements of cash flows, cash flows are classified and reported according to their operating, investing, and financing activities.

Provisions

Provisions are determined by discounting estimated future cash flows to their present value using a pre-tax discount rate that reflects the time value of money and the risks specific to the liability. The discount amount is recognized as finance cost.

New and amended standards and interpretations

The accounting policies adopted in preparation of the financial statements as of December 31, 2024, are consistent with those of the previous financial year, except for the adoption of new and amended TFRS and TFRS interpretations effective as of January 1, 2024 and thereafter.

a) The new standards, amendments and interpretations which are effective as of January 1, 2024, are as follows:

– Amendments to TAS 1- Classification of Liabilities as Current and Non-Current Liabilities

– Amendments to TFRS 16 - Lease Liability in Sale and Leaseback

– Amendments to TAS 7 and TFRS 7 - Disclosures: Supplier Finance Arrangements.

The amendments did not have a significant impact on the financial position or performance of the Company.

b) Standards issued but not yet effective and not early adopted

Standards, interpretations, and amendments to existing standards that are issued but not yet effective up to the date of issuance of the financial statements are as follows. The Company will make the necessary changes if not indicated otherwise, which will be affecting the financial statements and disclosures when the new standards and interpretations become effective.

– Amendments to TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture.

– Amendments to TAS 21 - Lack of exchangeability

The Company will assess the effects of these changes after the mentioned standards have been finalized.

– TFRS 17 - The new Standard for insurance contracts The mentioned standard is not applicable to the Company.

c) The amendments which are effective immediately upon issuance

Amendments to TAS 12 - International Tax Reform – Pillar Two Model Rules

The amendments do not have a significant impact on the financial position or performance of the Company.

d) The new amendments that are issued by the International Accounting Standards Board (IASB) but not issued by Public Oversight Authority (POA)

The following amendments to TFRS 9 and TFRS 7 as well as TFRS 18 and TFRS 19 are issued by IASB but not yet adapted/issued by POA. Therefore, they do not constitute part of TFRS. The Company will make the necessary changes to its financial statements after the amendments and new Standard are issued and become effective under TFRS.

– Amendments to TFRS 9 and TFRS 7 – Classification and measurement of financial instruments

– Amendments to TFRS 9 and TFRS 7 – Contracts Concerning Electricity Generated from Natural Resources

– IFRS 18 – The new Standard for Presentation and Disclosure in Financial Statements

The Company is in the process of assessing the impact of the amendments on the financial position or performance of the Company.

– TFRS 19 – Subsidiaries without Public Accountability: Disclosures The mentioned standard is not applicable to the Company.

2.4 Critical accounting estimates, judgments, and assumptions

The preparation of financial statements require estimates and assumptions to be made regarding the amounts for the assets and liabilities at the balance sheet date, and explanations for the contingent assets and liabilities as well as the amounts of income and expenses realized in the reporting period. The Company makes estimates and assumptions concerning the future. The accounting estimates and assumptions, by definition, may not be equal the related to actual results. The estimates and assumptions that may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:

Provision for employee termination benefits

To calculate the employee benefit provision actuarial assumptions relating to turnover ratio, discount rate and salary increase are used. Calculation details are given in the Employee benefits disclosure (Note 18).

Useful lives

The Company capitalizes tangible and intangible assets in accordance with TAS 16 and TAS 38. The Company defines useful life of its assets in terms of the assets expected utility to the Company. Economic useful lives accepted by the Company is disclosed in Note 2.3.

Investment accounted for using the equity method

The Company has significant influence over an investment accounted for using the equity method.

Leases

The Company has an arrangement containing a lease.

2.5 Financial reporting on hyperinflationary economy

With the announcements made by the Public Oversight Accounting and Auditing Standards Authority (POA) on November 23, 2023, entities applying TFRSs have started to apply inflation accounting in accordance with TAS 29 Financial Reporting in Hyperinflation Economies as of financial statements for the annual reporting period ending on or after December 31, 2023.

TAS 29 is applied to the financial statements, including the financial statements, of any entity whose functional currency is the currency of a hyperinflationary economy.

According to the standard, financial statements prepared in the currency of a hyperinflationary economy are presented in terms of the purchasing power of that currency at the balance sheet date. Prior period financial statements are also presented in the current measurement unit at the end of the reporting period for comparative purposes. The Company has therefore presented its financial statements as of December 31, 2024, on the purchasing power basis as of December 31, 2025.

The adjustments made in accordance with IAS 29 were made using the adjustment coefficient obtained from the Consumer Price Index (CPI) of Türkiye published by the Turkish Statistical Institute (TSI). As of December 31, 2024, the indices and adjustment coefficients used in the adjustment of the financial statements are as follows:

Date	Index	Conversion factor	Three year inflation rate
December 31, 2025	3.513,87	1.30892	212%
December 31, 2024	2,684.55	1.25429	291%
December 31, 2023	1,859.38	1.44379	268%

The main components of Company restatement for the purpose of financial reporting in hyperinflationary economies are as follows:

- The financial statements for the current period presented in TRY are expressed in terms of the purchasing power at the balance sheet date and the amounts for the previous reporting period are restated in accordance with the purchasing power at the end of the reporting period.
- Monetary assets and liabilities are not restated as they are currently expressed in terms of the purchasing power at the balance sheet date.
- Non-monetary assets, liabilities and equity items that are not expressed in the current purchasing power at the balance sheet date are restated by applying the relevant conversion factors.
- All items in the statement of comprehensive income, except for the effects of non-monetary items in the balance sheet on the statement of comprehensive income, have been restated by applying the multipliers calculated over the periods in which the income and expense accounts were initially recognized in the financial statements.
- The effect of inflation on the Company's net monetary asset position in the current period is recognized in the income statement in the net monetary position loss account.

3. CASH AND CASH EQUIVALENTS

As of December 31, 2025 and 2024, cash and cash equivalents comprised the following:

	December 31, 2025	December 31, 2024
Cash on hand	**11.004**	10.394
Banks	**30.240.710**	117.021.785
- Demand Deposits	**30.240.710**	113.618.584
- Time Deposits	**–**	3.403.201
Other current assets	**–**	1.771
Total	**30.251.714**	117.033.950

As of December 31, 2025, there are no blocked deposits in the company. (December 31, 2024: None.)

As of December 31, 2025 and 2024, time and demand deposits comprised the following currencies;

	December 31, 2025	
Currency	**Original currency**	**TRY Equivalent**
TRY	**17.959.390**	**17.959.390**
USD	**3**	**123**
GBP	**18**	**1.016**
EUR	**244.207**	**12.280.181**
Total		**30.240.710**

	December 31, 2024	
Currency	Original currency	TRY Equivalent
TRY	27.135.194	35.517.887
USD	29.003	1.337.155
GBP	1.381.285	79.996.220
EUR	3.546	170.523
Total		117.021.785

On December 31, 2025, there is no time deposits.

4. FINANCIAL LIABILITIES

As of December 31, 2025, and December 31, 2024, financial borrowings comprised the following:

	December 31, 2025	December 31, 2024
Short term borrowings	**657.000.000**	463.358.842
Short-term portions of long-term loans	**62.091.056**	17.771.236
Other financial liabilities	**3.147.644**	7.092.106
Lease liabilities	**109.839.338**	90.234.140
Short-term financial borrowings	**832.078.038**	578.456.324
Lease liabilities	**91.336.538**	86.133.147
Long term financial borrowings	**91.336.538**	86.133.147
Total financial borrowings	**923.414.576**	664.589.471

Company has no pledges or mortgages on its financial liabilities (December 31, 2024: None).

As of December 31, 2025, the details of financial liabilities and lease liabilities are as follows:

	December 31, 2025	December 31, 2024
Less than one year	**832.078.038**	578.456.324
Between one and two years	**91.336.538**	86.133.147
Total	**923.414.576**	664.589.471

As of December 31, 2025, the details of financial liabilities are as follows:

	December 31, 2025		
	Currency	**TRY Amount**	**Int. Rate %**
Lease liabilities (Short-term and long-term)	**TL**	**201.175.876**	**28.0**
Short term borrowings	**TL**	**719.091.056**	**43.0**
Other financial liabilities	**TL**	**3.147.644**	
Total		**923.414.576**	

As of December 31, 2024, the details of financial liabilities are as follows:

	December 31, 2024		
	Currency	TRY Amount	Int. Rate %
Lease liabilities (Short-term and long-term)	TL	176.367.287	28.0
Short term borrowings	TL	481.130.078	27.2
Other financial liabilities	TL	7.092.106	
Total		**664,589,471**	

As at December 31, 2025 and December 31, 2024, cash flows from financial operations comprised the followings:

Movement of Financial Liabilities	**1 January - December 31, 2025**	1 January - December 31, 2024
January 1, beginning of the period	**664.589.471**	345.540.533
Payment	**(923.174.411)**	(238.301.208)
Interest accruals	**86.290.013**	17.771.236
Addition	**1.252.561.446**	664.174.206
Exchange rate difference	**–**	1.304.481
Monetary gain / (loss), net	**(156.851.944)**	(125.899.777)
End of the period	**923.414.576**	664.589.471

5. RELATED PARTIES

For the purpose of this report, shareholders, important management personnel and members of the board of directors, their families and companies controlled by or affiliated with them, as well as associates and jointly controlled partnerships are considered as related parties. Various transactions were made with related parties during the normal operation of the enterprise. A significant part of the transactions with related parties have been eliminated and the remaining transactions with related parties after elimination are not material for the Company. These transactions were generally carried out during the normal operation of the business in accordance with market conditions.

As of December 31, 2025, there are no guarantees received/given from related parties.

Monetary gain/loss	**(49.308.480)**	(167.139.466)
Balance as at 31 December	**165.840.250**	208.922.474

According to the legislation in Turkey, employees who completed one working year in Company, are dismissed without any meaningful reason, quit due to the military service, pass away, completed 25 working years for male, 20 working years for female and are at retirement date (58 years old for female, 60 years old for male) should be paid for termination benefit, Due to the amendment of the legislation on 8 September 1999, there are certain transitional liabilities regarding duration of service depending on retirement.

As of 1 January 2025, these payments calculate 30 days salary according to at the most TRY 64,948.77 (2024: TRY 61,446.13) at the rate of retirement or resignation day per year worked, Provision of termination benefit is calculated on the current period and reflected on financial tables. The provision is calculated by estimating the present value of the possible liability in the future caused by the retirements of employees of the Company, This calculation is made according to the ceiling announced by the government.

The provision has been calculated by estimating the present value of the future probable obligation of the Company arising from the retirement of the employees. TRFS require actuarial valuation methods to be developed to entities' obligation under defined benefit plans. Accordingly, the following actuarial assumptions were used in the calculation of the total liability.

The principal assumption is that the maximum liability for each year of service will increase parallel with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the anticipated effects of future inflation. Consequently, in the accompanying financial statements as at December 31, 2025, the provision has been calculated by estimating the present value of the future probable obligation of Company arising from the retirement of the employees. The provisions at the respective reporting period dates have been calculated based on the table below.

	December 31, 2025	December 31, 2024
Inflation rate	**23.14%**	23.75%
Interest rate	**27.10%**	29.32%
Discount rate	**3.22%**	4.50%
Average probability	**91.54%**	92.17%

19. PAYABLES RELATED TO EMPLOYEE BENEFITS

As of December 31, 2025 and 2024 payables related to employee benefits comprised the following:

	December 31, 2025	December 31, 2024
Payables to personnel	**54.825.670**	45.198.312
Social security premiums payable	**30.856.026**	25.150.469
Total	**85.681.696**	70.348.781

20. OTHER ASSETS AND LIABILITIES

(a) Other current assets

As at December 31, 2025 and 2024 other current assets comprised the followings:

	December 31, 2025	December 31, 2024
Deferred Value Added Taxes ("VAT")	**138.975.493**	90.153.395
Total	**138.975.493**	90.153.395

(b) Other current liabilities

As of December 31, 2025 and 2024, other current liabilities are as follows:

	December 31, 2025	December 31, 2024

Ali İslam Kaleli	**1.175.195**	0.07%	**16.313**	0.11%
Ahmet Nalbur	**1.585.800**	0.10%	**15.120**	0.10%
Rezzan Oral	**10.604**	0.00%	**147**	0.00%
Bearer shares	**1.368.696**	0.09%	**13.050**	0.09%
Total	**1.585.800.000**	**100%**	**15.120.000**	100%
Capital adjustment differences	**932.702.052**		**438.153.197**	
Total	**2.518.502.052**		**453.273.197**	

As of December 31, 2025, the Company's issued and paid-in share capital consists of 158,580,000,000 shares and all with a par value of TRY 0.01 each. These shares are bearer shares.

(b) Capital adjustment differences

As of December 31, 2025, capital adjustment differences amounting to TRY 932,702,052 consist of capital adjustment differences arising from the adjustment of Company's paid-in capital amount according to inflation and not offset against previous year's losses or added to the capital (December 31, 2024: 438,153,197).

(c) Defined benefit plans for re-measurement losses

Consists of actuarial gains and losses recognized as other comprehensive income because of the adoption of TAS 19, December 31, 2025: TRY (259,566,975), December 31, 2024: TRY (243,466,658).

(d) Restricted reserves

The legal reserves consist of the first and second reserves in accordance with the Turkish Commercial Code. The first legal reserve is appropriated out of the statutory profit at the rate of 5% until the total reserve reaches a maximum of 20% of the Company's paid-in capital. The second legal reserve is appropriated at the rate of 10% of all distributions more than 5% of Company's share capital. The first and second legal reserves are not available for distribution unless they exceed 50% of the share capital, however they can be used to offset losses if there are no retained earnings. In 2025 reserve amount is 305,338,745 (2024:318,161,424).

(e) Accumulated gains/(losses)

Retained earnings indicated by the Company on its financial statements issued as follows.

	December 31, 2025	December 31, 2024

31. INCOME TAX

Corporate tax

The "Law Regarding the Imposition of Additional Motor Vehicle Tax for the Compensation of Economic Losses Caused by the Earthquakes Occurred on 6/2/2024, and Amendments in Some Laws and Decree Laws, Including the Law Published in the Official Gazette with Number 32249 on July 14, 2024," according to Article 21, stipulates changes in Article 32 of the Corporate Tax Law numbered 5520. These changes regulate the corporate tax rate, increasing the general rate from 20% to 25%, and for banks and financial institutions, the rate rises from 25% to 30%. This amendment is effective from October 1, 2025, starting with the declarations to be submitted, and it is applied to the gains of corporations in the tax years of 2025 and subsequent periods (2024: 25%). The corporate tax rate is applied to the net corporate income, calculated by adding back non-deductible expenses according to tax laws and deducting exemptions and discounts specified in tax laws from the commercial income of corporations.

There is no practice in Turkey regarding reaching an agreement with the tax authorities on the taxes to be paid, Corporate tax returns must be submitted to the tax office to which the company is affiliated by the 25th day of the fourth month following the month in which the accounting period is closed.

The authorities with the power to conduct tax inspections can examine accounting records within a five-year period, and if erroneous transactions are identified, the tax amounts may change due to tax assessments. According to Turkish tax legislation, declared financial losses shown on the tax return can be deducted from the annual corporate income, if they do not exceed five years. However, financial losses cannot be offset against profits from previous years.

On December 30, 2023, the "GENERAL COMMUNIQUÉ ON TAX PROCEDURE LAW" was published in the Official Gazette, stating that, as of December 31, 2023, the balance sheet prepared in accordance with the Tax Procedure Law should be subjected to inflation adjustments, and the effects should be accounted for as of the same date.

Deferred Taxes

The existence of deferred tax liabilities or assets is determined by calculating the tax effects according to the balance sheet method of the temporary differences between the values of assets and liabilities as shown in the financial statements and the amounts considered in the legal tax base. Deferred tax liabilities or assets are reflected in the accompanying financial statements, considering the anticipated tax rates that will be applicable in future periods when these temporary differences are expected to be reversed.

In reflecting the deferred tax asset in the financial statements. Company considers factors such as developments in the sector in which it operates, estimated taxable profits in future periods, the general economic and political situation of Turkey, and/or international economic and political conditions that may affect Company. The company anticipates that it will generate enough taxable profit in future periods. As of December 31, 2025, the deferred tax assets and liabilities in the financial statements have been calculated at a rate of 25% for the portion of temporary differences that will create a tax impact in 2025 and subsequent periods.

Current tax assets and liabilities

Total income tax benefit/expense) recognized in profit or loss for the year ended December 31, 2025 and 2024 are as follows:

	December 31, 2025	December 31, 2024

34. FINANCIAL INSTRUMENTS

Financial risk management

The company has exposure to the following risks from its operations:

- Credit risk
- Liquidity risk
- Market risk
- Operational risk

This note informs us about, Company's exposures towards risks mentioned above. Company's goals, policies and processes for measuring and managing risks and capital management policy of Company. Detailed descriptions and analysis mentioned in Notes 34 and 35.

Financial risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring Company's risk management policies. The committee reports regularly to the board of directors on its activities.

Company's risk management policies are established to identify and analyze the risks faced by Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and Company's activities. The company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

Company audit committee oversees how management monitors compliance with Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by Company. The company audit committee assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers and investments in debt securities. The carrying amounts of financial assets and contract assets represent the maximum credit exposure. Financial instruments that could cause the Company to considerably increase credit risk are mainly cash and commercial receivables, Companies have cash and cash equivalents in various financial institutions. The company manages this risk by limiting transactions with financial institutions and by constantly evaluating the reliability of such institutions. The credit risk that may arise from trade receivables is limited by the fact that Company management limits the amount of credit applied to customers. Trade receivables are assessed by considering their past experiences and current economic situation in Company management and are presented as net in the balance sheet after the provision for doubtful receivables is settled (Note 6).

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to Company's reputation.

Market risk

Market risk is the risk that changes in market prices, interest rates and equity prices will affect Company's income or the value of its holdings of financial instruments. The company is subject to the risk of interest rate fluctuations to the extent that interest-earning assets and interest-bearing liabilities mature or reprise at different times or in differing amounts.

Currency risk

The company is exposed to currency risk due to its sales, import transactions and borrowings in foreign currency. These transactions are held in USD and Euro.

Interest rate risk

Company is exposed to interest rate risk through the impact of rate changes on interest bearing liabilities and assets.

Operational risk

Operational risk is the direct or indirect loss arising from a wide variety of factors related to Company's processes, employees, technology and infrastructure, and external factors such as legal and regulatory requirements outside the credit risk, market risk and liquidity risk, and generally accepted standards for legal entity Risk. Operational risks arise from all Company activities.

The company's objective is to manage operational risk to balance the avoidance of financial losses, In this context, the following company procedures and internal control issues have been identified:

- requirements for appropriate segregation of duties, including the independent authorization of transactions
- requirements for the reconciliation and monitoring of transactions compliance with regulatory and other legal requirements
- documentation of controls and procedures
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified
- requirements for the reporting of operational losses and proposed remedial action
- development of contingency plans
- training and professional development
- ethical and business standards
- risk mitigation, including insurance where this is effective,

Capital risk management

The company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing its profit and market value through the optimization of the debt and equity balance,

The majority of the Company's customers are Turkey's largest retail companies and therefore the Company's losses from its receivables have not been very high. While the Company monitors the credit risks of its customers, customers are Companies according to their credit characteristics and customer types. The majority of commercial receivables are receivables from large retail companies.

The Company receives bank guarantee letters and real estate mortgages from its customers against collection risk or ensures that they are included in the DBS system.

Credit risk is distributed due to the large number of institutions that constitute the customer base.

Interest rate risk

The Company is exposed to interest rate risk through the impact of rate changes on interest bearing assets and liabilities. The Company manages this risk through natural hedges that arise from offsetting interest rate sensitive assets and liabilities. In order to minimize this interest rate risk, the Company seeks to borrow funds at the most favorable rates.

As of 31 December, the interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows:

Fixed rate instruments	**December 31, 2025**	December 31, 2024
Financial asset	–	3.403.201
Financial liabilities	–	639.726.129

Fees for Services Received from Independent Auditor/Independent Audit Firms

Company's explanation regarding the fees for the services received from the independent audit firms, which is based on letter of POA dated August 19, 2024, preparation principles of which are based on the Board Decision published in the Official Gazette on March 30, 2024, are as follows:

INDEPENDENT AUDITORS' REPORT

To the Members of
Swaraj Engines Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Swaraj Engines Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report:

KAM on Related Party Transactions	
Key Audit Matter	As a part of the business activity, the Company deals with entities which are related parties and significant revenue sources are from related parties only. The Arm's length pricing of the transactions with Related Parties, risks of material misstatement associated with related party relationships and transactions may have a significant impact on the interest of the Company, and true and fair presentation of related party relationships and transactions in the financial statements of the Company.

KAM on Related Party Transactions	
Principal Audit Procedures	We performed the following audit procedures relating to related party relationships and transactions. • Obtained the list of related parties from management and reconciled the same with prior period disclosures to identify completeness and changes during the year. • Evaluated the nature of the relationships and transactions by reviewing supporting documentation to understand the purpose and business rationale. • Obtained direct balance confirmations from related parties for outstanding balances and transactions during the year. • Performed substantive audit procedures on sampled related party transactions, including testing of underlying documents and approvals. • Ensured that all related party transactions were placed before the Audit Committee for approval. • Reviewed the company's related party transactions policy approved by the Board and checked compliance with the said policy. • Obtained independent consultant report on arm's length analysis of revenue transactions. Reviewed the key assumptions of the study, with support from our internal expert.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report, and the related annexures, but does not include the financial statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of

the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.

(g) In our opinion, the managerial remuneration for the year ended March 31, 2026 has been paid/provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations as at March 31, 2026 on its financial position in its Financial Statements – Refer Note 2.31 to the Financial Statements;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

(iii) There was no delay in transferring the amounts to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement; and

(v) The final dividend proposed in the previous year, declared, and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.

The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A to the Independent Auditors' Report

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Swaraj Engines Limited** ("the Company") as of March 31, 2026 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to the Independent Auditors' Report

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

(i) (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant, and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme of physical verification of its property, plant and equipment and investment property by which the property, plant and equipment (including asset in custody of vendors), and investment property are verified by the management according to a phased programme designed to cover all the items over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment property. In accordance with the programme, the Company has physically verified property, plant and equipment, and investment property during the year and no material discrepancies were noticed on such verification. In respect of Property, Plant and Equipment lying at the premises of third-party vendors, physical verification was carried out by the management through confirmation from such vendors.

(c) According to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment and investment property or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations, and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) According to the information and explanations given to us, the inventory comprising of finished goods, raw materials, stores & spares, components, and work-in-progress has been physically verified at reasonable intervals by the management during the year. Stock-in-transit as on March 31, 2026 has been verified by the management on subsequent receipt of the goods. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records. We have relied on confirmations and representations from third parties in case of inventory lying in their locations, wherever applicable.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

(iii) According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under sub-section (1) of Section 148 of the Act for the products of the Company. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, specified by the Central Government under sub-section (1) of Section 148 of the Act and are of the opinion that prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service Tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of outstanding statutory dues in respect of Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on

the last day of the financial year for a period of more than six months from the date they became payable.

(b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2026 on account of disputes are given below:

Statute	Nature	Forum where dispute is pending	Period to which the Amount relates	Amount involved (In Lakhs)
Central Excise Act, 1944	Excise Duty	Appellate Authority - Tribunal Level	F.Y. 2004-05 to FY 2005-06	87.47
		Appellate Authority - Tribunal Level	F.Y. 2015-16 to FY 2017-18	107.25

(viii) According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

(ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not obtained any loans or other borrowings. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution, or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not obtained term loan during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that no short-term loan is obtained by the Company during the year. Accordingly, the reporting under Clause 3(ix)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us and on an overall examination of the Financial Statements of the Company, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(e) of the Order is not applicable to the Company.

(f) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has no subsidiaries, associates or joint ventures. Accordingly, the reporting under Clause 3(ix)(f) of the Order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the management, no whistle-blower complaints were received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

(xiv) (a) In our opinion and according to the information and explanations given to us and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the Internal Audit reports of the Company issued till date for the period under audit.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted

any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) and 3(xvi)(d) of the Order is not applicable to the Company.

(d) Based on the information and explanations given to us, we report that the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) has five Core Investment Companies.

(xvii) In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) According to the information and explanations given to us, in respect of other than ongoing projects, the Company has no unspent amount that needs to be transferred to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.

(b) According to the information and explanations given to us, in respect of ongoing projects, the Company has no unspent amount which needs to be transferred to a special account in compliance with sub-section (6) of Section 135 of the Act.

S.A.S. Nagar (Mohali), 13th April, 2026

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

1. COMPANY'S OVERVIEW AND MATERIAL ACCOUNTING POLICIES

1.1 Company's Overview

Swaraj Engines Limited (SEL) is a public limited company incorporated and domiciled in India. SEL has its works / principal place of business at Plot No. 2, Phase-IX, Industrial Area, S.A.S. Nagar (Mohali), Punjab, India and registered office at Phase-IV, Industrial Area, S.A.S. Nagar (Mohali), Punjab, India.

SEL is in the business of manufacturing diesel engines and hi-tech engine components. Diesel Engines are specifically designed for tractor application.

The Shares of the Company are listed on both BSE Limited and National Stock Exchange of India Limited.

1.2 Basis of Preparation and Presentation

These financial statements are prepared in accordance with Indian Accounting Standards ('Ind AS') under the historical cost convention on the accrual basis except for certain financial instruments, which are measured at fair values. The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013 as amended.

The financial statements are approved by the Company's Board of Directors and authorised for issue on 13th April, 2026.

1.3 Current and Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

i) expected to be realised or intended to be sold or consumed in normal operating cycle,

ii) held primarily for the purpose of trading,

iii) expected to be realised within twelve months after the reporting period,

iv) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period, or

v) carrying current portion of non-current financial assets.

All other assets are classified as non-current.

A liability is current when:

i) it is expected to be settled in normal operating cycle,

ii) it is held primarily for the purpose of trading,

iii) it is due to be settled within twelve months after the reporting period,

iv) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period, or

v) it includes current portion of non-current financial liabilities.

All other liabilities are classified as non-current

1.4 Property, Plant and Equipment

i) Property, plant and equipment are stated at cost of construction or acquisition, less accumulated depreciation and impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

ii) When an asset is scrapped, or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit (including capital profit) or loss, if any, is reflected in Profit and Loss Account.

iii) Depreciation on Tangible Assets (except Land) is provided on Straight Line Method, pro-rata monthly rests, as per the life prescribed in Schedule II of the Companies Act, 2013 except for fixed assets mentioned in para (iv) below, based on the Company's expected usage Pattern supported by technical assessment

Nature of Assets	Life adopted in Accounts
a. Patterns, Blocks and Dies	8 Years
b. Vehicles	4 Years

iv) The assets' residual value, useful lives and methods of depreciation are reviewed at each financial year end, and adjustment if any, is made prospectively.

1.5 Investment Properties

Investment Properties are properties held to earn rentals and/or for capital appreciation. Investment properties are measured at cost and the same is derecognized upon disposal or when it is permanently withdrawn from use with no future economic benefits are expected from the disposal.

Depreciation is provided on Straight Line Method, pro-rata monthly rests, as per the life prescribed for Building in Schedule II of the Companies Act, 2013.

1.6 Inventories

Inventories are valued at cost or net realizable value, whichever is lower. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads and is ascertained on weighted

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

average basis, net of recoverable taxes incurred in bringing them to their respective present location and condition. Cost of raw materials and stores and spares are determined on weighted average basis.

1.7 Foreign Currency Transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of transaction. Monetary foreign currency assets and liabilities outstanding at the close of the financial year are revalued at the exchange rates prevailing on the balance sheet date. Exchange differences arising on account of fluctuation in the rate of exchange is recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.8 Employee Benefit

Company's contributions paid/payable during the year to Employee's State Insurance Corporation and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

Company contributes to the appropriate authorities its share of the Members Provident Fund Account as per the Employees' Provident Fund Act, 1952.

Company contributes to a trust, which has taken Master Policy with the Life Insurance Corporation of India to cover its liability towards employees' gratuity. Provisions in respect of liabilities of gratuity and leave encashment are made based on actuarial valuation made by an independent actuary as at the balance sheet date. Gains and Losses through re-measurements of the net defined benefit liability are recognized in other comprehensive income. The actual return of the plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income.

In respect of Employee Stock Option Scheme:

The compensation cost of stock options granted to employees is measured by the Fair Value Method. The fair value, determined at the grant date of the underlying equity shares, is recognized and amortised on straight line basis over the vesting period.

1.9 Revenue Recognition

The Company's revenue recognition policy is aligned to the principles enunciated in Ind AS 115. The company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring a promised good or service to a customer. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price allocated to the performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract, if any.

Transaction price is the amount of a consideration to which the Company expects to be entitled in exchange for transferring good or service to a customer. Payment terms agreed with a customer are as per business practice and there is no financing component involved in the transaction price.

Sale of goods

Revenue from sale of goods is recognised when the control of the same is transferred to the customer and it is probable that the Company will collect the consideration to which it is entitled in exchange of goods.

Rendering of services

Revenue from rendering services is recognised when performance obligation is satisfied and customer obtains the control of the transferred services. Following criteria is required to be met for transfer of control of services:

i) the customer simultaneously receives and consumes the benefits from the services transferred.

ii) the Company has an enforceable right to payment for services transferred.

Other Operational Revenue

Other operational revenue represents income earned from the activities incidental to the business and is recognized when the right to receive the income is established as per the terms of the contract.

Other Income

Dividend income from investments is recognised when the right to receive payment has been established.

Interest income is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the deposits and at the interest rate settled with the Banks/ Financial Institutions.

1.10 Intangible Assets

Intangible assets are carried at cost and amortized on Straight line method, so as to reflect the pattern in which the assets economic benefits are consumed.

Intangible Asset under Development

The expenses incurred on development phase are initially recognized as Intangible assets under development until the development phase is complete, upon which the amount is capitalized as intangible asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

Other Intangible Assets

i) Development expenditure:

Development expenditure incurred on technical services and other project/product related expenses are amortized over the estimated period of benefit, not exceeding five years. Amortization commences as and when the asset is available for use.

ii) Software Expenditure:

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

1.11 Taxes on Income

Current tax is determined as the amount of tax payable in respect of the taxable income for the year.

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

1.12 Financial Instruments

Financial Assets

Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent measurement

Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. For financial assets maturing within one year from the balance sheet date, the carrying amounts are approximate to fair value due to the short maturity of these instruments. Trade receivables that do not contain a significant financing component are measured at transaction price.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized at fair value.

Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1.13 Impairment of Assets

The carrying value of assets at each balance sheet date are reviewed for Impairment. If any indication exists, the recoverable amount of such assets is estimated and impairment is recognized if the carrying amount of these assets exceeds their recoverable amount.

1.14 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

In respect of warranty on sale of engines, the estimated cost of warranty is accrued at the time of sale. The estimate for accounting of warranty is periodically reviewed and revisions are made as and when required.

1.15 Use of estimates and judgments

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Depreciation / amortisation and useful lives of property plant and equipment/ intangible assets:

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

Fair value measurement of financial instruments

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Provision for product warranty

The Company recognizes provision for product warranties in respect of its products that it sells. Provisions are discounted, where necessary to its present value based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjust to reflect the current best estimates.

1.16 Earnings per share

Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year.

1.17 Cash and cash equivalents

Cash and cash equivalents includes cash in hand and deposits with any qualifying financial institution repayable on demand or maturing within three months from the date of acquisition and which are subject to an insignificant risk of change in value.

1.18 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS116. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate which is generally based on the interest rate specific to the lease being evaluated or if that cannot be easily determined the incremental borrowing rate for similar term is used.

The Company recognises the lease payments associated with these leases as per expense on a straight-line basis over the lease term.

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made at or before the commencement date, plus any initial direct costs incurred and restoration cost, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments.

1.19 Accounting Policies not specifically referred above are consistent with generally accepted Accounting practices.

Supplier Finance Arrangement

Some of our suppliers elect to factor some of their receivables from the company with financial institutions. In such cases, we provide suppliers and/or banks with visibility of invoices approved for payment, which helps them receive cash from the bank/ financial institutions before the invoice due date, if they choose to do so. Payment dates and terms for the company do not vary based on whether the supplier chooses to factor their receivable.

Financial Risk Management Framework

Company's activities expose it to financial risks viz credit risk and liquidity risk.

Credit Risk

Majority of Company's receivables pertain to Mahindra & Mahindra Limited, a holding company. Based on the overall credit worthiness of Receivables, coupled with their past track record, Company expect No / Minimum Risk with regard to its outstanding receivables. Also, there is mechanism in place to periodically track the outstanding amount and assess the same with regard to its realisation. Company expect all the debtors to be realised in full, accordingly no provision has been made in the books of account.

Credit risk on cash and cash equivalents is limited as Company generally invest in deposits with banks, high rating financial institutions & debt based Mutual Funds. Ratings are monitored periodically for re-adjustment of Portfolio, if any required. Investment as on date of financial statement are as per latest available ratings.

Liquidity Risk

(i) Liquidity Risk Management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast & actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of Financial Liabilities

The following tables specifies the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amounts disclosed in the tables have been drawn up based on the earliest date on which the Company can be required to pay. Financial Liabilities includes Trade Payables, Capital Purchases, Unpaid/Unclaimed Dividend etc. which are in the normal course of business having maturity plan of less than 1 year and lease liabilities having maturity more than 1 year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

As at 31st March, 2026, the Company had a working capital of Rs. 29509.04 lakhs including cash and bank balance & bank deposits of Rs. 12055.82 lakhs and investment of Rs. 1926.00 lakhs and other corporate deposits of Rs. 3000.00 Lakhs.

As at 31st March, 2025, the Company had a working capital of Rs. 23416.08 lakhs including cash and bank balance & bank deposits of Rs. 17290.59 lakhs and investment of Rs. 1919.40 lakhs and other corporate deposits of Rs. Nil.

Accordingly, company do not perceive any liquidity risk.

(iii) Financing arrangements

The Company had access to the following borrowing facilities at the end of the reporting period:

Rs. in Lakhs

Particulars	**2026**	2025
Secured Non-Fund Based Letter of Credit facility		
- Expiring within one year	**3,900.00**	3,900.00
- Expiring beyond one year	**–**	–

2.28 Fair Value Measurement

The fair values of the Financial Assets and Liabilities are included in the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique

Level 1 - Quoted (unadjusted prices) in active markets for identical assets or liabilities.

Level 2 - Other Techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 - Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Fair Valuation Techniques and Inputs used - recurring Items

(Net Profit after Taxes) / (Revenue from operations)			
10. Return on capital employed (%)	**54.53%**	53.69%	0.84%
(Profit before tax and finance costs) / (Capital employed = Tangible Net worth + Lease liabilities + Deferred tax liabilities)			
11. Return on Investments (%) - Quoted Investments	**5.64%**	6.83%	(1.19%)
(Income generated from Investments) / (Time Weighted Average Investments)			

There is no significant change of 25% in the above ratios over previous year.

2.37 Dividends

The Board of Directors, in their meeting held on 16th April, 2025, proposed a total dividend of Rs. 104.50/- per equity share and the same was approved by the shareholders at the Annual General Meeting held on 15th July, 2025, this has resulted in a cash outflow of Rs. 12694.10 lakhs during 2025-26.

The Board of Directors, in their meeting held on 13th April, 2026, proposed a total dividend of Rs. 110/- per equity share for the financial year ended on 31st March 2026, subject to the approval of shareholders at the Annual General Meeting and if approved, would result in a cash outflow of approximately Rs. 13364.85 lakhs.

2.38 Recent Accounting Pronouncements

Standard issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at the date of authorisation of these financial statements, the Company has not applied the following new amendment to Ind AS that has been issued but is not yet effective:

Amendment to Ind AS 1 Presentation of Financial Statements

Where a covenant breach exists on or before the reporting date and, as a result, the liability becomes payable on demand on that date, the liability must be classified as current, even if the lender subsequently (i.e. after the reporting date but before approval of the financial statements) agrees not to demand payment.

The Company does not expect that the adoption of this amendment to have any impact on the financial statements of the Company in future periods.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026

2.39 New Labour Codes Laws

On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 (collectively "new Labour Codes") - consolidating 29 existing labour laws.

In accordance with the new Labour Codes, the Company has currently estimated the incremental impact on retiral benefits to be Rs. 340.51 lakhs. This has been presented under "Exceptional Items" in the financial statement.

The Company continues to monitor developments on the Rules to be notified by regulatory authorities, including clarifications/ additional guidance from authorities and will continue to assess the accounting implications, basis such developments / guidance.

INDEPENDENT AUDITORS' REPORT

To The Board of Directors

Carnot Technologies Private Limited

Report on the Standalone Financial Statements

We have audited the accompanying Standalone Financial statements of **Carnot Technologies Private Limited,** which comprise the Balance Sheet **as at March 31, 2026**, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended, and a summary of the significant accounting policies and other explanatory information **(hereinafter referred to as "the standalone financial statements").**

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the IND AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and presentation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the standalone financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March 2026, its Profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Report on other Legal and Regulation requirements

1. As required by the companies (Auditor's Report) Order, 2016, as amended, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
3. The Balance sheet, the Statement of Profit and Loss, and the Cash Flow Statement deal with by this report are in agreement with the books of account.
4. In our opinion, the aforesaid IND AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.
5. On the basis of the written representations received from the directors as on March 31, 2026, taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026, from being appointed as a director in terms of Section 164(2) of the Act.
6. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
7. With respect to the other matters to be included in the Auditor's Reporting accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
   I. The Company does not have pending litigation which would impact its financial position.
   II. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
   III. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company
8. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1st April 2023. The Company has used Tally prime accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and company has enabled the feature and the same has been operated throughout the year for all relevant transactions recorded in the respective software.

"ANNEXURE A" TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CARNOT TECHNOLOGIES PVT LTD ON THE ACCOUNTS OF THE COMPANY FOR THE YEAR ENDED 31ST MARCH, 2025.

(i) a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property Plant and equipment;

b) Company is maintaining proper records showing full particulars of intangible assets.

c) The Property plant and equipment have been physically verified by the management at regular intervals; as informed to us and no material discrepancies between the books records and the physical Property plant and equipment have been noticed.

d) There are no immovable properties in the name of the company during the year under report.

e) Company has not revalued its property, plant and equipment and intangible assets during the year.

f) No proceedings have been initiated or are pending against the company for holding any Benami property under the Benami Transactions (Prohibitions) Act, 1988.

(ii) a) During the year, the Inventories have been physically verified by the management. In our opinion, the frequency of verification is reasonable. Also, there are no discrepancies of 10% or more in the aggregate of each class of inventory.

b) The Company has not been sanctioned working capital limits in excess of₹ 5 crores, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.

(iii) The Company has not made any investments in, granted any loans, secured or unsecured guarantees to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (f) of the Order are not applicable.

(iv) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

(vi) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

(vii) a) According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company has been generally regular subject to certain delay in depositing undisputed statutory dues, including Income-Tax, Service Tax, Goods & Service Tax, CESS and other material statutory dues, as applicable, with the appropriate authorities.

b) According to the information and explanations given to us and on the basis of our examination of the records of the company, there is no statutory dues of Income-Tax, Service Tax, Goods & Service Tax and CESS which have not been deposited on account of any dispute.

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.

b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.

f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.

(x) a) According to the information and explanations given to us, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans.

b) During the year, the Company has not made any preferential allotment of preference shares.

(xi) a) On the basis of the written representations received by us No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

c) We have taken into consideration and noted that there were no whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv) In our opinion and based on our examination and explanation provided to us depending on the size and nature of the company's business, company is not required to have an internal audit system as per the provisions of section 138 of the Companies Act, 2013 hence provisions of clause 3 (xiv) (a) and (xiv) (b) are not applicable to the company during the year under review. Accordingly, reporting under this clause is not required.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected

with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred any cash losses in the current and immediately preceding financial year.

(xviii) There has been no resignation of statutory auditor during the year. The provisions of this clause are hence not applicable.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The provisions of CSR are not applicable to the company. Hence provisions of clause 3 (XX) (a) and (b) are not applicable.

(xxi) The provisions of consolidated financials and consolidated CARO report are not applicable to the company and hence the aforementioned clause is not applicable.

"ANNEXURE B" TO INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of **Carnot technologies Private Limited** as at the year 31st March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over Financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future years are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31-March-2026, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH 2026

1 OVERVIEW

1.1 Company overview

CARNOT Technologies Private Limited was incorporated in India as private limited company under the Companies Act, 2013 on 24th August, 2015. The company is engaged in the business of the following:

I. Service Sector- Technology enabled applications in different fields including automobiles products both in India & Overseas.

II. Trading Sector- Retail in information technology products and applications

1.2 Basis of Preparation of financial statement

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act.

The financial statements up to and for the year ended March 31, 2017 were prepared in accordance with accounting standards notified under Companies (Accounting Standards) Rules, 2006, as amended and the relevant provisions of the Act (Previous GAAP).

These are the first Ind AS financial statements of the Company prepared in accordance with Ind AS. Ind AS 101, First-time Adoption of Indian Accounting Standards has been applied for the purpose of transition to Ind AS from previous GAAP.

These financial statements have been prepared on a historical cost and accrual basis.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current non- current classification of assets and liabilities.

1.3 Use of Estimates

The preparation of the financial statements in conformity with IndAS requires the management to make estimates, judgments and assumptions. The estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in the financial statements have been disclosed in Note no.1.4. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.4 Material accounting policies

a. Property plant and equipment (including Capital Work-in-Progress)

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost are stated at cost of acquisition inclusive of all attributable cost of bringing the assets to their working condition, accumulated depreciation and accumulated impairment losses, if any.

Subsequent expenditure related to an item of property plant and equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

The Company provides depreciation on all assets on written down value basis over its useful life of asset which is in line with Schedule II of Companies Act, 2013.

Gains or losses arising from the retirement or disposal of property plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the property plant and equipment and recognised as income or expense in the Statement of Profit and Loss.

Assets not yet ready for use are recognised as capital work in progress.

On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

b. Intangible Assets

Intangible assets are accounted at actual cost incurred less accumulated amortisation and impairment, if any.

Intangible assets i.e. software are amortised on a straight line basis over their estimated useful life of approximately five years, so as to effectively depreciate the assets over the specified useful life.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

On transition to Ind AS, the company has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets

c. Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal /external factors. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognised in the statement of profit and loss.

After impairment, depreciation / amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation / amortisation if there were no impairment.

d. Investments and financial assets

Classification

The company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The company reclassifies debt investments when and only when its business model for managing those assets changes.

e. Inventories

The stock of raw materials and components, goods in process, finished goods and stores, spares, property under development etc. are stated at lower of cost or net realisable value (NRV).

In determining the cost of the raw materials and components FIFO method is used. Cost of goods in process and manufactured finished products includes the cost of materials, labour and other manufacturing overhead. Average cost method is used to determine cost of work in progress and finished goods.

Obsolete slow moving and defective inventories are identified at the time of physical verification of inventories and where necessary, provision is made for such inventories. (a) Traded goods, raw materials and packing materials: At cost or net realisable value, whichever is lower. (b) Process stock: At cost or estimated realisable value, whichever is lower. (c) Finished goods: At cost or net realisable value, whichever is lower and are inclusive of input tax credit thereon.

f. Revenue Recognition

Revenue is recognised based on fair value of consideration receive or receivable and to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Turnover, which represents invoiced value of goods sold is recognized net of goods and service tax, trade and volume discounts or rebates, etc. The following specific recognition criteria must also be met before revenue is recognised:

Supply contracts - Sale of products

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped. Revenue from rendering of services is recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period. Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional. An amount of consideration can vary because of discounts, rebates, incentives etc. which are explicitly stated in the contract or are as per customary business practices.

Contract Balances

- Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional.

- Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration or is due from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Interest Income

Interest Income is accounted on accrual basis.

Dividend Income

Dividend is recognized when the right to receive the payment is established.

g. Employee Benefits

i. Short term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the services. These benefits include compensated absences such as paid annual leave, bonuses and performance incentives.

ii. Long term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation determined actuarially by using Projected Unit Credit Method at the Balance Sheet date.

iii. Post-employment benefit plan

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/ superannuation. Company's liability towards gratuity are determined by independent actuaries, using project unit credit method. Past services are recognised at the earlier of the plan amendment/curtailment and the recognition of related restructuring costs/termination benefits.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

The Company's contribution to the Provident Fund is remitted to provident fund authorities and are based on a fixed percentage of the eligible employee's salary and debited to Statement of Profit and Loss.

h. Leases

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and restoration cost, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. When a lease liability is remeasured, the corresponding adjustment of the lease liability is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

i. Current and Deferred Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

j. Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rates prevailing on the date of such transactions. Monetary assets and liabilities as at the Balance Sheet date are translated at the rates of exchange prevailing at the date of the Balance Sheet. Gains and losses arising on account of differences in foreign exchange rates on settlement/ translation of monetary assets and liabilities are recognised in the Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

k. Provisions and Contingent Liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

l. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

m. Cash flow statement

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

n. Critical estimates and judgements

The preparation of Financial Statements in conformity with Ind AS which requires management to make estimates, assumptions and exercise judgement in applying the accounting policies that affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the date of financial statements and the reported amounts of income and expenses during the year.

The Management believes that these estimates are prudent and reasonable and are based upon the Management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognised in the periods in which the results are known or materialised.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

b). Terms/rights attached to equity shares / Preference Shares

1) The Company has only one class of equity shares having a par value of Rs 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees. The dividend, if proposed by the Board of Directors, is subject to the approval of the shareholders in the ensuing Annual General Meeting, except interim dividend.

   In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts, if any. The distribution will be in proportion to the number of equity shares held by the shareholders.

2) 4,480 Compulsary Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 6,581.51/- each in FY 2016-2017 & 6,663 Compulsary Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 8131.81- each during the financial year 2017-2018.

   Each Seed CCCPS may be converted into Equity Shares at any time at the option of the holder of that Seed CCCPS. Subject to compliance with applicable Laws, each Seed CCCPS shall automatically be converted into Equity Shares upon the earlier of (i) one day prior to the expiry of 20 years from the First Closing Date; or (ii) in connection with a IPO (or any subsequent IPO), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.

3) 2,298 Compulsory Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 12,954.42/- IN FY 2020-21.

   Each Seed CCCPS may be converted into Equity Shares at any time at the option of the holder of that Seed CCCPS. Subject to compliance with applicable Laws, each Seed CCCPS shall automatically be converted into Equity Shares upon the earlier of (i) one day prior to the expiry of 20 years from the First Closing Date; or (ii) in connection with a IPO (or any subsequent IPO), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.

4) 1613 Compulsary Convertible Participating Preference shares having par value of Rs 100/- each issued at a premium of Rs. 15,391.65/- IN FY 2021-22.

   Each Seed CCCPS may be converted into Equity Shares at any time at the option of the holder of that Seed CCCPS. Subject to compliance with applicable Laws, each Seed CCCPS shall automatically be converted into Equity Shares upon the earlier of (i) one day prior to the expiry of 20 years from the First Closing Date; or (ii) in connection with a IPO (or any subsequent IPO), prior to the filing of a prospectus (or equivalent document, by whatever name called) by the Company with the competent authority or such later date as may be permitted under applicable Laws.

34 Details of Post Employment Benefit Plans

Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity on retirement/termination is payable to the employees on his last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised funds in India.

Details of defined benefit plans as per actuarial valuation is given below:

Figures in INR Lakhs

Particulars	31st March 2026	31st March 2025

Actuarial Assumptions and Sensitivity

Figures in INR Lakhs

Particulars	31st March 2026	31st March 2025
Discount Rate	7.35% p.a	6.95% p.a
Salary Growth Rate	7.00% p.a	7.00% p.a
Withdrawal Rates	Age 25 & Below : 10 % p.a 25 to 35 : 8 % p.a. 35 to 45 : 6 % p.a. 45 to 55 : 4 % p.a. 55 & above : 2 % p.a.	Age 25 & Below : 10 % p.a 25 to 35 : 8 % p.a. 35 to 45 : 6 % p.a. 45 to 55 : 4 % p.a. 55 & above : 2 % p.a.

Figures in INR Lakhs

Quantitative sensitivity analysis for impact of significant assumptions on defined benefit obligation are as below:	31st March 2026	31st March 2025
Increase by 0.5% in Discount Rate	**62.87**	50.28
Decrease by 0.5% in Discount Rate	**68.25**	55.01
Increase by 0.5% in Salary Growth Rate	**66.44**	53.47
Decrease by 0.5% in Salary Growth Rate	**64.40**	51.75
Increase by 10% in Withdrawal Rates	**67.48**	54.00
Decrease by 10% in Withdrawal Rates	**63.22**	50.92

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any

Effect of the plan on the entity's future cash flows

The Company do not have any funding arrangement. They settle the Gratuity on Pay-N-Go basis.

The Gratuity Benefits Scheme is managed on unfunded basis so Expected Contribution is shown as Nil.

35 Capital Management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or convertible and/or combination of short term/long term debt as may be appropriate. No change were made in the objective, policies or process during the financial year ended 31st March 2026 and 31st March 2025.

The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio of the Company. The company does not have gearing as it does not have any borrowings for the reporting period.

Net Debt and Equity is given in the table below :

Figures in INR Lakhs

Particular	31st March 2026	31st March 2025
Loans and borrowings	**–**	–
Less : cash and bank balances	**340.93**	298.56
Net Debts.....	**–**	–
Total Equity (Equity Share Capital plus Other Equity)	**599.67**	478.23
Capital gearing ratio	**–**	–

36 Financial Risk Management

Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk. The Board of Directors of the Company oversees the management of these risks. The focus of Risk Management is to assess risks, monitor, evaluate and deploy mitigation measures to manage these risks within risk appetite.

36.1 Market Risk

Market risk is the risk that the fair value of future cash flows of financial instruments will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial Instrument affected by market risk includes loans and borrowings, deposits and derivative financial instruments.

i) Foreign Currency Risk

The Company is not exposed to foreign exchange risk through its sales and services or purchases from overseas suppliers in any foreign currency.

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's fixed rate long term borrowings carry fixed interest rate throughout the tenor of the borrowings. Hence the company is not exposed to interest rate risk.

36.2 Credit Risk

Credit risk refers to the risk of default of obligations by the counterparty resulting in a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information such as :

(i) Actual or expected significant adverse changes in business,

(ii) Actual or expected significant changes in the operating results of the counterparty,

(iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,

(iv) Significant increases in credit risk on other financial instruments of the same borrower

(v) Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements

36.3 Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times, maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies operating cash flows and short term borrowings in the form of buyers credit to meet its needs for funds. The Company has access to a sufficient variety of sources of funding as per requirement. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

A For the year ended 31st March 2026

Figures in INR Lakhs

Particular	Less than 1 Year	More than 1 Year	Carrying Value
Borrowings (including current maturities)	–	–	–
Other Financial Liabilities	53.06	–	53.06
Trade Payables	56.44	–	56.44

B For the year ended on 31st March 2025

Figures in INR Lakhs

Borrowings (including current maturities)	–	–	–
Other Financial Liabilities	63.74	–	63.74
Trade Payables	35.24	2.28	37.52

36.4 Offsetting of balances: The Company has not offset financial assets and financial liabilities

37 Financial Instruments

A) The financial instruments are categorised into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs based on unobservable market data.

Figures in INR Lakhs

Particulars	As at 31st March 2026				As at 31st March 2025			
		Level of input used in				Level of input used in		
	Carrying Amount	Level 1	Level 2	Level 3	Carrying Amount	Level 1	Level 2	Level 3

Total	**133.02**	**-**	**-**	**133.02**	108.89	-	-	108.89

B. Measurement of fair value

The Company maintains procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of trade receivable, cash and cash equivalents, other bank balances, trade payables, deposits and other financial assets and liabilities are approximate at their carrying amounts largely due to the short-term maturities of these instruments.
2. The fair values of fixed deposit is approximate at its carrying amount due to interest bearing feature of the instrument.
3. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

38 Segment Information

The Company operates in 2 operating segment i.e. Product and Services. The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Further, inter-segment revenue is accounted for based on the transaction price agreed between segments which is primarily market based. Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment.

	31st March 2026	31st March 2025
Revenue from Sale of Product	**356**	776
Revenue from Sale of Services	**1,624**	1,531
Total	**1,980**	2,308

39 Ratio

Ratio	Numerator	Denominator	2025-26 Ratio	2024-25 Ratio	% Variance	Reason for Variance
(a) Current Ratio	Current Assets	Current Liabilities	2.47	2.27	9%	Variation due to increase in mutual fund investment and bank balances and decrease in current liabilities in current year as compare to previous year
(b) Debt–Equity Ratio	Debt (Total Borrowings)	Total Equity	–	–	NA	NA

Ratio	Numerator	Denominator	2025-26 Ratio	2024-25 Ratio	% Variance	Reason for Variance

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF M.I.T.R.A. AGRO EQUIPMENTS PRIVATE LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Financial Statements of M.I.T.R.A. Agro Equipments Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2026 the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure 8. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) The Company has not paid/provided any remuneration to managerial personnel as defined in the Act. Accordingly, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable to the Company.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The Company does not have any pending litigations which will impact its financial positions;

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement; and

(v) The Company has not declared/paid/declared and any dividend during the year.

(vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 1 under 'Report on other legal and Regulatory Requirements' section of our report of even date]

i. (a) (A) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) According to the information and explanations given to us, the Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme for physical verification of its property, plant and equipment, under which such assets are verified by the management in a phased manner designed to cover all items once in every three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the aforesaid programme, the Company has carried out physical verification of its property, plant and equipment during the current financial year 2025-26.

(c) According to the information and explanations given to us and based on the examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us, the Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) Based on the audit procedures performed by us and according to the information, explanations and representations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2. (a) According to the information and explanations given to us, the inventory comprising of raw materials, work-in-progress, finished goods, stores and spares and stock-in-trade has been physically verified at reasonable intervals by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification between the physical inventory and the book records.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year.

3. According to the information and explanations given to us, the Company has not made investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the reporting under Clauses 3(iii)(a) to 3(iii)(f) of the Order is not applicable to the Company.

4. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5. According to the information and explanations given to us, the Company has not accepted deposits under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6. The Central Government has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services Tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods

and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other material statutory dues as at March 31, 2026, which have not been deposited with the appropriate authorities on account of any dispute.

8. According to the information and explanations given to us, there are no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9. (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any loans or other borrowings during the year. Accordingly, the reporting under Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or any other lender till the date of our audit report.

(c) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not availed any term loans during the year. Accordingly, the reporting under Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) In our opinion and according to the information and explanations given to us, the Company has not raised any funds on a short-term basis during the year. Accordingly, the reporting under clause 3(ix)(d) of the Order is not applicable to the Company.

(e) The Company does not have any subsidiaries, joint ventures or associates. Accordingly, the reporting under Clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company.

10. (a) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under Clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

11. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company noticed or reported during the year, nor have we been informed of any such case by the management.

(b) There has been no report filed by us under sub-section (12) of Section 143 of the Act in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the reporting under Clause 3(xiXb) of the order is not applicable to the Company.

(c) As represented to us by the management, no whistleblower complaints were received by the Company during the year.

12. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the reporting under Clause 3(xiii) of the Order is not applicable to the Company.

14. In our opinion and based on our examination, the Company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.

15. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence, the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the order is not applicable to the Company.

16. (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) In our opinion and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

(c) In our opinion and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC} as defined in the regulations

made by the Reserve Bank of India. Accordingly, the reporting under Clauses 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanation given to us and the audit procedures performed by us, we report that the group has five core investment companies.

17. In our opinion and according to the information and explanations given to us, the Company has not incurred cash losses in the current financial year as well as in the immediately preceding financial year. Accordingly, the reporting under Clause 3(xvii) of the Order is not applicable to the Company.

18. There has been no resignation of the statutory auditors during the year. Accordingly, the reporting under Clause 3(xviii) of the Order is not applicable to the Company.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

20. According to the information and explanations given to us, the provisions of Section 135 of the Act relating to expenditure on corporate social responsibility are not applicable to the Company for the current financial year. Accordingly, the reporting under Clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of M.I.T.R.A. Agro Equipments Private Limited ("the Company") as of March 31 2026 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

1 Material accounting policies

The financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015.

(a) Basis of preparation, presentation and measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

(b) Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. In addition, for the financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included with in Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(c) Use of estimates & judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates on assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, obligations relating to employee defined benefits etc. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/ materialize.

(d) Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

(e) Property Plant & Equipment

Property Plant & Equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any for use.

Depreciation is provided on straight line basis for property, plant and equipments so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013.

(f) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Software Expenditure:

The expenditure incurred is amortized over five financial years equally commencing from the year in which the expenditure is incurred.

Internally-generated intangible assets – Development expenditure:

Expenditure on research activities is recognized as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognized if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognized for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally generated intangible asset can be recognized, development expenditure is recognized in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

(g) Derecognition of Intangible Assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in profit or loss when the asset is derecognized.

Impairment

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment based on internal/external factors. Impairment loss is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

(h) Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw Material and bought out components are valued at the lower of cost and net realizable value after providing for obsolescence and

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

other losses, where considered necessary. In determining the cost of purchased materials, First-in-first-out is used.

Cost of manufactured finished goods and work-in-progress are valued on absorption costing basis and includes appropriate proportion of overheads.

Obsolete and slow moving items are valued at cost or estimated net realisable value, whichever is lower.

(i) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition).

(j) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments.

(k) Financial Instruments

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

(l) Financial Assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Financial assets at Fair value through profit or loss are measured at fair value at the end of each reporting period, with any gains or losses arising on re measurement recognized in profit or loss, The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in Other Income.

(m) Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(n) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for rebates and other similar allowances.

Sale of goods

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

a) The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;

b) The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

c) The amount of revenue can be measured reliably;

d) It is probable that the economic benefits associated with the transaction will flow to the company; and

e) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

Sale of services are recognised on rendering of such services.

(o) Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

(p) GST

Goods & Service Tax payable on finished goods is accounted for upon transfer of goods to the customers. GST recovered is excluded from the sale of products and services. Purchases and Expenses are accounted net of GST when GST is recoverable.

(q) Custom Duty

Custom duty payable on imported goods is accounted for when the goods enter the Indian shores.

(r) Foreign exchange transactions

Transactions in foreign currencies (Other than company's functional currency) are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of Monetary items at the end of the year, is recognized as income or expense, as the case maybe.

(s) Employee Benefits

Providend Fund, ESIC and Labour Welfare Fund

The Group's contribution paid / payable during the year to Superannuation Fund, ESIC and Labour Welfare Fund are recognised in profit or loss.

Other Benefits

The undiscounted amount of short-term employee benefit expected to be paid in exchange for the services rendered by employees is recognized during the period when the employee renders the service.

Gratuity

Company's liability towards gratuity are determined by independent actuaries, using the projected unit credit method.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period.

Employee Stock Option

The Company accounts for compensation expense under the Employee Stock Option Plan as per the Indian Accounting Standards and as permitted by the Guidance Note on "Accounting for Employee Share-based Payments" issued by The Institute of Chartered Accountants of India. The difference between the fair value and the exercise price of option as at the date of the grant is treated as compensation expenses and charged over the vesting period.

(t) Taxes on Income

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Financial statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

(u) Warranty

Provision for warranty represents present value of management's best estimate of the future outflow of economic benefits that will be required in respect of sale of certain products, the estimated cost of which is accrued at the time of sale. Management estimates the related provision for future warranty claims based on historical warranty claim information and is adjusted regularly to reflect new information.

(v) Segment Reporting

The Company's business activity falls within a primary business segment namely manufacturing of different kinds of agricultural machines and related components.

(w) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

(x) Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessee

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

(y) Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at the date of authorisation of these financial statements, the Company has not applied the following new amendment to Ind AS that has been issued but is not yet effective:

Amendment to Ind AS 1 Presentation of Financial Statements

In case of any covenant breach exists on or before the reporting date and, as a result, the liability becomes payable on demand on that date, the liability must be classified as current, even if the lender subsequently (i.e. after the reporting date but before approval of the financial statements) agrees not to demand payment. The Company does not expect that the adoption of this amendment to have any impact on the financial statements of the Company in future periods.

24 Capital Management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate Return to shareholders by pricing products which commensurates the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Particulars	As at 31st March 2026	As at 31st March 2025
Equity	**5,11,250**	3,54,641
Less: Cash and cash equivalents	**25,668**	25,099
	4,85,582	3,29,543

25 Financial Risk Management Framework

In the course of its business, the Company is exposed to a certain financial risks namely interest risk, currency risk & liquidity risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(a) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximising the return.

(b) Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follow

Particulars	Currency	As at 31st March 2026	As at 31st March 2025
Trade Payable	**USD**	**–**	0.89
	INR	**–**	76
	EUR	**624**	169
	INR	**67,439**	15,643

the above foreign currency exposures are not hedged by a derivative.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign currency fluctuation in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities is as under.

Rs. In thousands

Particulars	Currency	Change in Rate	Effect on profit/(loss) before tax
As at March 31, 2026	**EUR**	**14.25%**	9,612
	USD	**0%**	-
As at March 31, 2025	**EUR**	**0.37%**	58
	USD	**2%**	1

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

(c) Interest rate risk

Interest rate sensitivity

Considering the fact that the interest component is insignificant, the company do not consider the interest rate as risk at all.

(d) Credit Risk Management

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure are continuously monitored.

Rs. In thousands

Particulars	Not due	Less than 6 months past due	More than 6 months past due	Total
As at March 31, 2026				
Expected loss rate	**0%**	**0%**	**0%**	
Gross carrying amount	**35,936**	**6,317**	**4,425**	**46,678**
Loss allowance provision				**(4,491)**
As at March 31, 2025				
Expected loss rate	0%	0%	0%	
Gross carrying amount	71,809	4,678	1,126	77,613
Loss allowance provision	–	(3,220)	–	(3,220)

Compared to the size, the credit risk is insignificant and that no significant loss has arisen during these years.

(e) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and longterm funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company / Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Rs. In thousands

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

26. Employee Benefits

a) Defined Contribution Plan:

The Company makes Provident Fund contributions to defined contribution plans for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company's contribution to Provident fund aggregating Rs.5,517 thousands (FY 24-25: 6,082 thousands) has been recognised in profit or loss under 'Employee benefits expense'.

b) Defined Benefit Plans:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

c) Liability Risks

a. Asset-Liability Mismatch Risk:

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuations wings caused by interest rate movements. Hence companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk:

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk:

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

Details of defined benefit plans as per Actuarial Valuation are as below.

Rs. In thousands

		As at March 31, 2026	As at March 31, 2025	% change
(a)	Current Ratio, = Current Assets / Current Liabilities	**1.81**	2.12	(15%)
(b)	Debt-Equity Ratio, = (Short Term Debt + Long Term Debt + Other Fixed Payments)/ Share holders Equity	**0%**	0%	0%
(c)	Debt Service Coverage Ratio, = EBITDA / Total Debt Outstanding	**–**	–	0%
(d)	Return on Equity Ratio, * = Net Income / Share holders Equity	**36%**	6.04%	501%
(e)	Inventory turnover ratio, = Cost of Goods Sold / Average Inventory	**3.83**	2.79	37%
(f)	Trade Receivables turnover ratio, = Net Credit Sales / Average Accounts Receivable	**18.88**	8.65	118%
(g)	Trade payables turnover ratio, = Credit Purchases / Average Accounts Payable	**6.40**	5.79	11%
(h)	Net capital turnover ratio, = Net Sales / Average Total Assets	**4.61**	3.89	19%
(i)	Net profit ratio, = Net Profit / Net Sales	**14%**	3%	323%
(j)	Return on Capital employed, = Earning before Interest & Tax / (Total Assets - Current Liabilities)	**46%**	9%	397%
(k)	Return on investment = Net Profit / Cost of Investment	**36%**	6%	484%

Explanation for change in the ratios by more than 25%:

1 Return on equity ratio: The increase is primarily due to significant growth in profitability during the year. Cost-optimization initiatives implemented during the year contributed to enhanced margins and higher returns.

2 Inventory turnover ratio: The improvement is attributable to higher sales volumes and better inventory management practices during the year

3 Trade receivables turnover ratio: The increase resulted from improved debtor follow-up and efficient collection mechanisms, leading to faster realization of receivables.

4 Net Profit Ratio: The increase is mainly due to higher revenue levels coupled with cost-reduction and operational efficiency measures implemented during the year.

5 Return on capital employeed: The rise is driven by substantial improvement in operating profits due to increased turnover and effective cost control during the year.

6 Return on investment: The increase is primarily due to significant growth in profitability during the year. Cost-optimization initiatives implemented during the year contributed to enhanced margins and higher returns.

34 Events Occuring after the date of balance sheet : No material events have occurred after the balance sheet date and up to the approval of the financial statements.

35 The financial statements were approved for issue by the Board of Directors on4th April, 2026

36 Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

37 Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at the date of authorisation of these financial statements, the Company has not applied the following new amendment to Ind AS that has been issued but is not yet effective:

Amendment to Ind AS 1 Presentation of Financial Statements

In case of any covenant breach exists on or before the reporting date and, as a result, the liability becomes payable on demand on that date, the liability must be classified as current, even if the lender subsequently (i.e. after the reporting date but before approval of the financial statements) agrees not to demand payment. The Company does not expect that the adoption of this amendment to have any impact on the financial statements of the Company in future periods.

38 Other Statutory Information

a) The Company does not have any benami property, where any proceeding has been initiated or pending against the Company for holding any benami property.

b) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

c) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (intermediaries) with the understanding that the intermediary shall:

i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (ultimate beneficiaries) or

ii) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

d) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (funding party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party (ultimate beneficiaries) or

ii) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.

e) The Company does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

f) The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with the Companies (Restriction on number of Layers) Rules, 2017.

g) The Company has not declared wilful defaulter by any bank or financial institution or lender during the year.

h) The Company has used the borrowings from banks and financial institutions for the specific purpose for which it was obtained.

i) The Company does not have transactions with any struck off entity.

j) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies.

39 Previous year's figures have been reclassified/regrouped wherever required.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA SOLARIZE PRIVATE LIMITED

Report on the Audit of Ind AS Financial Statements

1. Opinion

We have audited the accompanying Ind AS financial statements of **Mahindra Solarize Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of material accounting policies and other explanatory information (hereinafter referred to as 'Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended of the state of affairs of the Company as at March 31, 2026, its profits, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing, as prescribed under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 ("the Act") and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Ind AS financial statements.

3. Information other than the Ind AS financial statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Annual Report but does not include the Ind AS financial statements and our auditor's report thereon. The Other information is expected to be made available to us after the date of our auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

4. Responsibilities of Management and those charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with Standards on auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i. Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion

on whether the Company has adequate internal financial controls with reference to Ind AS financial statements in place and the operating effectiveness of such controls.

iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v. Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Report on Other Legal and Regulatory Requirements

i) As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ii) As required by section 143 (3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the Ind AS financial statements.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, Statement of Profit and Loss including Other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid Ind AS financial statements comply with section 133 of the Act read with Rule 3 of Companies (Indian Accounting Standards) Rules 2015.

e) On the basis of written representations received from the directors as on March 31, 2026, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026, from being appointed as a director in terms of section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the provisions of said section are not applicable to the Company for the year ended March 31, 2026;

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would have an impact on its financial position;

ii. The Company does not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the Note No. 38 to the financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to

our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. No dividend has been declared or paid during the year by the company in compliance with section 123 of the Companies Act, 2013.

vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software.

Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was enabled and operating. Additionally, the audit trail been preserved by the Company as per the statutory requirements for the record retention.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA SOLARIZE PRIVATE LIMITED ON THE MATTERS SPECIFIED IN PARAGRAPHS 3 AND 4 OF THE COMPANIES (AUDITOR'S REPORT) ORDER, 2020.

Referred to in paragraph [6(i)] under Report on Other Legal and Regulatory Requirements of our report of even date

According to the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) (a) (A) The company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of Right-of-use Assets;

(B) According to the information and explanations given to us and the records of the Company examined by us, the Company does not have any Intangible assets and accordingly, reporting under this Clause is not applicable.

(b) According to information and explanations given to us, Property, Plant and Equipment of the Company are being physically verified in every two years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its fixed assets. As informed, during the year no material discrepancies to the extent reconciled with the records available in this respect were noticed on such verifications.

(c) According to information and explanations given to us, the Company does not have any immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable.

(d) The company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) during the year.

(e) No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) As per the information and explanations given to us, the inventory has been physically verified by the management at reasonable intervals. According to the information and explanation provided to us coverage and procedure of physical verification of inventories by the management is appropriate. As informed to us, the discrepancies noticed on verification to the extent reconciled with the records available in this respect between the physical stocks and the book records were not material and have been appropriately dealt with.

(b) The Company has been sanctioned working capital limits in excess of five crore rupees during the year, from banks on the basis of security of current assets. The quarterly statements submitted to Bank are in agreement with the books of accounts.

(iii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans secured and unsecured, to companies, firms, limited liability partnership or any other parties during the year. Accordingly reporting under clause iii(a) (A and B) of the order are not appliable to the Company.

(b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, investment made are not prejudicial to the company's interest.

(c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c), 3(iii)(d), 3(iii)(e) and 3(iii)(f) of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanations provided to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, with respect to unsecured loans granted and Investments made.

(v) As informed, the Company has not accepted any deposits during the year from public within the meaning of the directives issued by Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and rules framed thereunder and thus the provisions of Clause 3(v) of the Order are not applicable.

(vi) According to information and explanations given to us, the Central Government has not prescribed maintenance of cost records under sub-section (1) of Section 148 of the Act to the Company.

(vii) a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Employees' State Insurance, Provident Fund, Income Tax, Goods and Service Tax, Cess. There were no undisputed amounts of statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Cess which were due for more than six months from the date they become payable as at the year end.

b) According to the records examined by us and as per the information and explanations given to us, there are no statutory dues outstanding as at March 31, 2026 which have not been deposited on account of disputes.

(viii) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there are no transactions which are not recorded

in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not defaulted in repayment of dues of loans or other borrowings or in the payment of interest thereon to any lender.

b) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not been declared wilful defaulter by any bank or financial institution or other lender.

c) The Company has not taken any term loan during the year. Hence reporting under this clause is not applicable.

d) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not utilised funds raised on short term basis for long term purposes.

(e) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligation of its subsidiary, associates or joint ventures, hence reporting under clause ix (e) of the order is not applicable to the Company.

(f) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies, hence reporting under clause ix (f) of the order is not applicable to the Company.

(x) (a) According to the information and explanations given to us, and on the basis of our verification of records of the Company, the Company has not raised any money by way of initial public offer, further public offer (including debt instruments) during the year, hence reporting under clause (x) (a) of order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based upon the audit procedure performed for the purpose of reporting the true and fair view of the Ind AS financial statements and according to the information and explanation given by the management, we report that no fraud by the company and no material fraud on the company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this report.

(c) According to the information and explanations given to us, and on the basis of our verification of records of the Company, there were no whistle blower complaints received by the company during the year and up to the date of this report.

(xii) In our opinion and according to the information and explanation given to us, the Company is not a nidhi Company. Accordingly, provision of clause 3 (xii) (a) to (c) of the order is not applicable.

(xiii) According to the information and explanation given to us and based on our verification of the records of the Company and on the basis of review and approvals by the Board of Directors, the transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details have been disclosed in the Ind AS financial statements as required by applicable accounting standard.

(xiv) (a) According to the information and explanations given to us and based on our verification of the records of the Company, the Company is required to conduct Internal audit for the year ended 31 March 2026. We have been informed that the Company has set up the internal audit process and it is being strengthened in accordance with the size of the Company.

(b) We have considered the internal audit reports for the period under audit issued to the Company during the year.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or person connected with them. Accordingly, paragraph 3 (xv) of the Order is not applicable.

(xvi) a) According to the information and explanations given to us and based on our examination of the records of the Company, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934. Accordingly, provisions of Clause 3 (xvi) (a) and (b) of the Order are not applicable to the Company.

b) The company has not conducted any Non- Banking Financial or Housing Finance activities and hence reporting under clause 3 (xvi)(b) is not applicable to the Company.

c) In Our opinion and according to the information and explanation given to us, the Company is not Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi) (c) of the Order is not applicable to the Company.

d) According to the information and explanation given to us by the management, the Group has five CIC as part of the group.

(xvii) According to the information and explanations given to us and based on our examination of the records of the Company, the company has not incurred any cash losses during the current financial year and in the previous financial year.

(xviii) There has been no resignation of the Statutory Auditors of the Company during the year.

(xix) According to the information and explanation given to us and on the basis of financial the ratios, aging and expected dates of realisation of financial assets and payment to financial liabilities, other information accompanying the Ind AS financial statements, our knowledge of the board of directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention which causes us to believe that any material uncertainty exists as on the date of the audit report that the company is not capable of meeting its liabilities existing as at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx) The Provision of Section 135 of the Companies Act, 2013 are applicable to the Company as explained in note no. 38.12 of the Ind AS financial statements. However, according to the information and explanations given to us and based on our examination of the records of the Company, there are no unspent amounts towards Corporate Social Responsibilities which are required to be transferred to Fund specified in Schedule VII to the Companies Act or to special account in compliance with the provision of sub-section (6) of section 135 of the Companies Act 2013.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA SOLARIZE PRIVATE LIMITED

Referred to in paragraph [6(ii)(f)] under Report on Other Legal and Regulatory Requirements of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls with reference to Ind AS Financial Statements of Mahindra Solarize Private Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to Ind AS Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by "The Institute of Chartered Accountants of India" (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Ind AS Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Ind AS Financial Statements was established and maintained and if such controls operated effectively in all material respects.

   Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Ind AS Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Ind AS Financial Statements included obtaining an understanding of internal financial controls with reference to Ind AS Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

   We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Ind AS Financial Statements.

Meaning of Internal Financial Controls with reference to Ind AS Financial Statements

4. A company's internal financial control with reference to Ind AS Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Ind AS Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to Ind AS Financial Statements

5. Because of the inherent limitations of internal financial controls with reference to Ind AS Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Ind AS Financial Statements to future periods are subject to the risk that the internal financial control with reference to Ind AS Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

6. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Ind AS Financial Statements and such internal financial controls with reference to Ind AS Financial Statements were operating effectively as at March 31, 2026, based on the internal control with reference to Ind AS Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to Ind AS Financial Statements issued by the Institute of Chartered Accountants of India.
